

*Source: Jack Gillis' The Car Book 2005; 2005 model †See dealer for LIMITED WARRANTY details.

What's the sign of a truly great SUV? Some might say it's the rugged capability to go anywhere. Others might say it's all about style and comfort. Luckily, the 2006 Hyundai Santa Fe has both, as well as the performance and safety ratings that earned it a "Best Bet" honor by Jack Gillis in The Car Book 2005*. All that, plus America's Best Warranty†—a warranty that's so impressive, it's unsurpassed by any other car company. Now how can anyone pass that up?

- V6 POWERTRAINS
- 4-WHEEL INDEPENDENT SUSPENSION
- TRACTION CONTROL SYSTEM
- ANTI-LOCK BRAKING SYSTEM
- 4-WHEEL DISC BRAKES

Automatic Transmission

The 3.5-liter V6 engine is matched with an electronically controlled, 5-speed automatic transmission with SHIFTRONIC[®], so you can enjoy smooth, clutchless manual sport-shifting through the gear range.

3.5-Liter V6 Engine

More power to you. This brawny 3.5-liter, 24-valve, double overhead cam V6 engine pumps out 200 horsepower and 219 pound-feet of torque on both the GLS 3.5L and the new Santa Fe Limited model.

LIMITED IN BEIGE LEATHER

Heated Seats

Heated driver and front passenger seats make the Santa Fe Limited especially welcoming when the temperature drops. Push the button, and let that chilly feeling melt away.

Automatic Temperature Control

No matter how harsh the elements, you'll stay comfortable with Limited's automatic temperature control, which maintains optimal comfort and includes an outside temperature display.

HomeLink®

Standard on the GLS 3.5L and Limited models, an electrochromic auto-dimming rearview mirror features a built-in HomeLink transceiver, which allows you to control your garage door, home security systems and more.

MONSOON® Audio System

The Limited's premium MONSOON 218-watt audio system, with an in-dash 6-disc CD changer, external amplifier and six speakers, treats you to high fidelity and top-quality sound.

Because we believe that ruggedness and refinement are not mutually exclusive, you'll find the Santa Fe has a remarkably spacious, well-appointed interior. Its smart, ergonomic design puts everything at your fingertips, from power windows with driver's auto-down and a leather-wrapped steering wheel and shift knob to the premium audio system. So stretch out. Enjoy the ride. And arrive invigorated.

LIMITED IN BEIGE LEATHER

- ROOMY INTERIOR SEATS FIVE ADULTS COMFORTABLY
- 77 CUBIC FEET OF CARGO SPACE
- 60/40 SPLIT FOLD-DOWN REAR SEATBACK
- LEATHER-TRIMMED INTERIOR ON LIMITED
- FRONT CENTER CONSOLE WITH PADDED ARMREST AND TWO-TIER STORAGE

TRACTION CONTROL, AIRBAGS AND A NUMBER OF OTHER REASONS TO REST ASSURED.

LIMITED IN BEIGE LEATHER

¹ Traction Control System (TCS) will not compensate for careless driving techniques, and is not a substitute for proper driving procedures.

² The Supplemental Restraint (airbag) System (SRS) is designed to work with the 3-point seatbelt system. The SRS deploys in certain frontal and/or side-impact conditions where significant injury is likely. The SRS is not a substitute for seatbelts, which should be worn at all times. Children under the age of 13 should be restrained securely in the rear seat. NEVER place a rear-facing child seat in the front seat of a vehicle that has a passenger-side airbag.

Traction Control System (TCS)

The Santa Fe's standard TCS works together with the Anti-lock Braking System by adjusting the throttle and brakes for controlled acceleration, letting you drive with even greater confidence on wet or slippery roads.

Structural Integrity

The Santa Fe's robust body structure is intelligently engineered to absorb collision energy. Its high-tensile steel unibody construction is further enhanced by steel roof rails, side-impact door beams and front and rear crumple zones for all-around protection.

Anti-lock Braking System

For stopping power, the Santa Fe comes standard with power-assisted front and rear disc brakes. They feature 4-sensor, 4 channel ABS, which helps the driver maintain steering control in adverse conditions.

True, the Santa Fe is built for adventure—but it's also built for your safety. ABS and Traction Control¹ are standard, as well as advanced dual front and front seat-mounted side-impact airbags², a rear LATCH child-seat attachment system and a range of other important safety features.

GLS 3.5L IN PEWTER

- REAR WINDOW WIPER/WASHER
- FULL-SIZE SPARE WHEEL AND TIRE
- THREE 12-VOLT POWER OUTLETS

Heated Side Mirrors

A must for frosty weather and everyday driving convenience, power heated side mirrors give you improved visibility and are standard on all Santa Fe models.

Remote Keyless Entry

Want easy access to your vehicle? No problem. The handy remote keyless entry unlocks doors and also activates the alarm system for added security and convenience.

Fog Lights

Another great standard feature—the front projection fog lights aid your journey in inclement weather, while their stylish design increases your visibility in more ways than one.

- 16-INCH, 5-SPOKE ALUMINUM-ALLOY WHEELS
- LOWER BODY CLADDING AND BUMPER ACCENTS
- CHROME DOOR HANDLES ON LIMITED
- ROOF SIDE RAILS

LIMITED IN MOCHA FROST

No matter what sights you may encounter on the road, your Santa Fe will be an attraction in and of itself. Its bold road presence comes from its broad-shouldered stance and wide track, which also does wonders for room, comfort and ride. Its cargo-area windows provide generous visibility. And its strong sense of style fits in equally well in the big city, out in the wild or in the many places in between.
