

360° VIEWS This is a car that's built for every twist, turn and exciting curve the road of life can throw at you. Super-adaptable and customizable, FIAT® 500L goes far beyond easy categorization — just like its drivers. With the airy feeling of high ceilings, panoramic views and a wide-open, unique interior, 500L is like lucking into a hot new listing — that's rent-control, too.

CONCEPTION FIAT® 500L was born from the desire to offer 2 more doors, increased functionality and a few extra cubic feet — all in a car that maintains city-friendly proportions. The result? A massively appealing vehicle that manages to combine the best of everything FIAT has to offer. Simple changes of features, color schemes and trim levels transform 500L into distinct personalities: Pop, Easy, Trekking and Lounge models each incorporate many of the extensive 500L options available.

LOOKS The benefits of the FIAT® brand design philosophy are readily apparent with 500L. Combining contemporary Italian design and innovation with iconic 500 cues (including the iconic “whiskers and logo” face), this vehicle expands 500 style, utility and personalization options. But no worries — it still maintains a city-friendly profile.

FIAT® 500L Lounge shown in Bianco with Nero roof.

Four doors and innovative framed glass A- and D-pillars provide easy access and endless views. The spacious loft-like interior comfortably accommodates five.

Segment-exclusive* framed glass A- and D-pillars provide nearly 360° views

Open the available FIAT® 500L sunroof for a decidedly airy perspective.

*A note about this brochure: All disclaimers and disclosures can be found on page 22.

FIAT® 500L Lounge is designed for those who demand that their ride be as stylish and innovative as their destination. Premium leather seating surfaces, dual sun visors with illuminated vanity mirrors and dual-zone automatic climate control are just a few of the discerning touches that say you've arrived. Of course the advanced technology of the Uconnect® 6.5 system with GPS navigation and 6.5-inch touchscreen will tell you where you're going.

INSIDE STORY Working with high ceilings and open spaces takes an expert eye. The FIAT® 500L interior succeeds with a unique mix of materials and options that say “you,” no matter who you are. Thoughtfully placed, tactile and readable controls put everything within reach. And, of course, the place is wired. Uconnect® Integrated Voice Command with Bluetooth® and remote entry are just a couple of its conveniences. And the available Beats Audio™ Premium Sound System will turn the 500L into your preferred venue to listen to your favorite tunes, the way the artist intended.

STASH IT

Clutter is a designer's greatest enemy, so it's no surprise that our designers provide ample space to store your stuff — preserving the clean lines of the superbly turned-out FIAT® 500L interior. 500L stores passengers just as efficiently, too. Seating configurations include an adjustable second row that allows you to instantly flip, fold and slide for extra leg and cargo room.

ENLIGHTENED TRAVEL

Uconnect® for FIAT® 500L informs and entertains while you keep your hands on the wheel and eyes on the road.

THE ALL-NEW UCONNECT 5.0 SYSTEM DOES WONDERS to bring you up to speed while you're en route. A 5-inch touchscreen acts as a hub to technology that is, ironically enough, very hands-off. Radio controls and compatible smartphones can be accessed via voice command.

TAKE AN EVEN WIDER VIEW WITH THE AVAILABLE UCONNECT 6.5 WITH A 6.5-INCH TOUCHSCREEN DISPLAY. With it, the available SiriusXM® Satellite Radio² is accessible via voice command — along with AM/FM radio and the included GPS navigation with intuitive map graphics. You can count on hands-free calling with your Bluetooth® enabled phone, audio streaming and voice text reply, along with easy access to personalization settings and a premium media hub with SD card capability.

DEMAND A BETTER SONG OR A DIFFERENT STATION WITH NO ARGUMENT. Uconnect offers voice command for AM/FM radio and on the available SiriusXM Satellite Radio². Additionally, music can be streamed wirelessly from a Bluetooth smartphone or audio player thanks to the media hub equipped with an auxiliary jack and a USB port that also enable recharging. Plus an integrated CD player covers your media bases quite nicely. With Uconnect, music is always a pleasure — guilty or not.

EXPERIENCE MUSIC A NEW WAY. Available for 500L, the Beats Audio™ Premium Sound System reproduces studio-quality sound the way the artist intended via six premium speakers and a serial digital amplifier with Beats Audio DSP algorithm.

TAKE YOUR SMARTPHONE'S IQ UP A NOTCH with the Uconnect 5.0 system feature that lets you stay in touch via text messages while staying fully engaged with your driving duties. With the help of Bluetooth and Message Access Profile (MAP) on your smartphone, the system announces receipt of the message, identifies the sender and then reads the message aloud.

HINDSIGHT IS MORE THAN JUST 20/20 — it's live video with the optional ParkView® Rear Back-Up Camera³ available on both Uconnect 5.0 and 6.5 systems. It's like having an extra set of eyes when you're checking all around.

HISTORY LESSON. Uconnect 5.0 includes the eco:Drive® app that records and tracks driver performance data. Plugged into a computer with eco:Drive installed, the data helps teach the driver how to modify driving habits to be more energy-efficient. It's good for the environment and the budget. Visit fiat.com/ecodrive/us/default.htm to download the eco:Drive app.

SIRIUSXM OFFERS THE BEST PROGRAMMING, IN ALL THE PLACES LIFE TAKES YOU.

1. In your new vehicle with the Premier lineup, you'll hear every channel available on your satellite radio, including every premium channel.
2. On the go, with a SiriusXM Internet Radio² subscription included you'll also get SiriusXM on your computer, smartphone or tablet.

EXTRA ROOM. EXTRA OOMPH.

Be assured that the space you gain from FIAT® 500L is accounted for with more than ample power under the hood. The award-winning and innovative 1.4-liter MultiAir® Turbocharged engine delivers 160 horsepower and 184 lb-ft of torque. In fact, it leads its class with the highest standard horsepower per liter (117 hp/liter)*. Additionally, the Euro Twin Clutch 6-speed transmission is standard on Lounge and available on Easy and Trekking models. Euro Twin Clutch makes for precise shifts, quick acceleration and impressive top speeds while delivering greater fuel efficiency than conventional automatic transmissions. Other powertrain improvements include a redesigned air box for improved airflow, an upgraded electrical system and a low-restriction exhaust system. The long and short of it? This thing really moves.

*Based on 2013 ratings for domestically sold B-segment MPVs.

THE HALO OF SECURITY

While the FIAT® 500L canopy is designed to afford driver and passengers a more expansive and informed view, its structure and innovative design also build in security features that envelop its precious cargo with a reassuring degree of protection. They say there's safety in numbers, and 500L can count over 40 available safety and security features. Seven standard air bags,⁴ reactive head restraints,⁵ Electronic Stability Control⁶ (ESC), ParkView® Rear Back-Up Camera,³ ABS brakes, Tire Pressure Monitoring (TPM), ParkSense® Rear Park Assist,³ bi-halogen projector headlamps, crumple zones, remote keyless entry, side-guard door beams, Hill Start Assist (HSA), BeltAlert, child seat anchor system (LATCH), daytime running lamps — the list goes on and (reassuringly) on.

AUTHENTIC FIAT ACCESSORIES

Check out a full line of the latest Mopar parts and accessories for 500L at your FIAT Studio.

1 BODYSIDE GRAPHIC.

Statements made atop a painted canvas: all graphics are made of the highest quality 3M™ material. Available in an array of standout designs. Vehicle shown with Italian Tricolore stripe.

2 REMOVABLE ROOF RACK KIT.

Attach and detach in a flash. These sturdy aluminum bars expand cargo-carrying capacity and accommodate all of our sport and cargo carriers.

3 ROOF TOP CARGO CARRIER.*

Here's to holding your gear in the highest regard. This heavy-duty nylon carrier is weatherproof and secures with four strong adjustable tie-down straps. Soft-sided for easy storage; easy to mount, easy to remove. Mounts to Removable Roof Rack, sold separately.

4 ITALIAN B-PILLAR BADGE.

Proudly fly the Italian Tricolore. This quality emblem is definitely the trademark of a true enthusiast.

5 WHITE WITH BUBBLE GRID MIRROR COVER.

Play up your features. Mirror Covers are attractive additions that are easily installed on the front side of exterior rearview mirrors. Choose from a range of designs.

6 FENDER BADGES.

Show your true colors with an emblem that adds additional flair. Choose from Italian, USA, Mopar®, Canadian or Mexican themes.

*Properly secure all cargo.
