

Why 16 is so sweet. The key to making big power is being able to get plenty of fresh fuel charge in and exhaust out-quickly. Hence the Si's 4-valve-percylinder and dual overhead cam (DOHC) design.

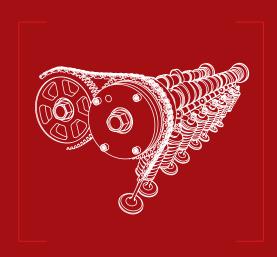

**Power high and low.** The Si has it all, thanks to the 2-profile intake cam of **VTEC**° (variable valve timing and lift electronic control). A hydraulic system switches from one to the other as required.

A degree of refinement. For even closer finetuning of the valve timing—and even greater midrange power—variable timing control (VTC) on the intake camshaft puts the intelligence in i-VTEC.

**Smooth spinning ahead.** Si's forged-steel crankshaft is very rigid and strong. It revolves in ferrous carbon **main-bearing caps** that have been cast into the surrounding aluminum structure for reduced flex and enhanced smoothness.

Over the decades, the Honda racing program has turned out some extremely innovative technology. When this hard-won knowledge hits the street, you get the benefits. Like the 160-hp rush and mid-range punch of the Si's 2.0-liter **i-VTEC** engine. The low emissions and high efficiency of direct ignition and the PGM-FI fuel injection. And the 110,000-mile interval you'll enjoy before the first tune-up.\*

Early on, the Civic Si caught the imagination of people who don't mind standing apart from the crowd. Some believe the Si in standard form is special enough.

Others have chosen to express their **individuality** in a more unique way.

And there's even a group that looks at the Si and sees a checkered flag.

### Sheet metal as canvas.

The Si's distinctive shape has been the basis for a variety of graphic interpretations. As an example, **Civic Tour 2003** features the Si as a unique standard-bearer for each band.

Form, function and fun. A Civic Si owner with a taste for something even spicier has the perfect platform to build on. An immense array of tuner products is available, so you can crank up the Si's performance, style and even its sound to match your idea of driving perfection.

Vehicles shown are show cars, racecars or concept cars modified with non-Genuine Honda parts and accessories. All modifications using non-Genuine Honda parts or accessories may void the Honda warranty, negatively impact vehicle performance and safety, and may not be street legal.

Early on, the Civic Si caught the imagination of people who don't mind standing apart from the crowd. Some believe the Si in standard form is special enough. Others have chosen to express their individuality in a more unique way. And there's even a group that looks at the Si and sees a checkered flag.

### Become one with the car. It

takes almost no time at all to orient yourself in the Si's action-seeking driver's seat, thanks to superior ergonomic design. Even using that rally-style shifter will become second nature in short order.

It's got the goods. The Civic Si is one exceptionally well-equipped car. It comes with an AM/FM/CD audio system with 6 speakers, air conditioning with air filtration, cruise control and power windows, mirrors and door locks. And to help keep it all from disappearing during one of those rare moments when you're not driving, it has an Immobilizer Theft-Deterrent System.

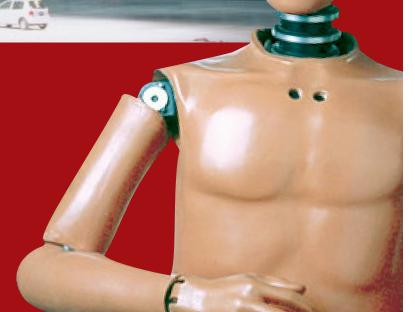

You can drive the Si with great confidence knowing it has dual-stage **front airbags**,\* which can deploy at one of two rates and thresholds depending on impact severity and seat-belt use. Front side airbags are available. Three-point belts are at all five seats, and front belt pretensioners are designed to remove slack in a frontal impact to hold passengers firmly. To help protect the cabin, energy-absorbing front and rear **Crush zones** bookend the Si's beefy safety cage.

\*Honda reminds you and your passengers to always buckle up.

NHTSA? That's more models than any other brand.

## Specifications and Features

Engine Type	In-Line 4-Cylinder
Engine Block/Cylinder Head	Aluminum-Alloy
Displacement (cc)	1998
Horsepower @ rpm (SAE net)	160 @ 6500
Torque (lbft. @ rpm)	132 @ 5000
Compression Ratio	9.8:1
Valve Train	16-Valve DOHC i-VTEC®
Multi-Point Fuel Injection	•

# Dealer-Installed Accessory Packages

HFP Package. Enhance your Civic Si's style and performance with a hatch spoiler, a front, rear and side underbody kit, a sport suspension, 17" alloy wheels and tires, and slick interior trim.

Just ask. At Honda, support and assistance are always at the ready. Your dealer's team of trained technicians is there to help keep your Honda car or truck in superb shape. Any Honda accessories installed at the time you buy your vehicle are covered under the 3-year/36,000-mile limited warranty. And if you ever desire more information or assistance with our products, feel free to give us a call at 1-800-33-Honda.

Convenience Package. Dress up your Si with carbon fiber-look trim and a moonroof visor. Fog lights enhance your outward view.

Accessory packages and individual accessories will be covered by the new-vehicle limited warranty 3 if installed at the time you purchase the vehicle. See your dealer for details.

## HONDA

Financial Services or lease a Honda vehicle, Honda Financial Services can assist you with the process. Ask your dealer which

lease or purchase plan best suits your needs.

HONDA
