

VOLVO C30

People, get ready.

This might be the smallest Volvo but it functions at a very high level. Get ready.

This is a ride you'll want to share.

Life is better lived together.
Volvo. for life

Overstimulation is not a crime (in Sweden).

With the high-performance five-cylinder turbo-charged engine that brings 227 hp, a 6.2 second 0–60 (with manual transmission), 30 mpg (with an automatic transmission) a top speed of 146 mph, and more styling options than ever, Volvo, with complete knowledge and forethought, offers the C30 in America with no apologies. Mature adults, in some parts of the world, will not stand for the machinery of such merry-making. That's why Americans, such as yourself who believe in freedom, are being encouraged here to fight maturity at every turn (while wearing seatbelts, of course).

Like caffeine and sugar. Only safer.

A spark is all it takes and you're off: Quick, determined, and ready for what the road may bring. The Volvo C30 delivers an inspired mix of performance and passion. This may be the smallest Volvo but it functions at a very high level. The premium Volvo feel is evident in every detail. A smooth running engine responds instantly even at low revs. Of course, handling is exceptionally sweet. Long trips? No worries. Tuck into one of four great seats and enjoy the ride. Elevated levels of enthusiasm are common for all passengers but if your seat has the steering wheel, don't let the music stop.

Adult-strength stress relief now in capsule form.

This generous four-seater gives you and three of your friends the space and convenience to travel in comfort. The floating center console presents intuitive controls for the audio and climate systems. The front seats adjust to suit height, reach, lumbar support and legroom – power seats* can even memorize settings. The wide door openings and the sliding front seats make getting in and out of the rear seat simple. With high quality materials throughout the cabin, you'll immediately feel the reassuring presence of years of Volvo's expert craftsmanship and attention to detail.

*Included in the optional Preferred Package.

Sense appeal (including your sense of direction)

Integrated into your Volvo for effortless operation, these features offer navigation and communication that let you keep your eyes and hands where they're most needed during a drive: on the road and on the wheel. A seamless way of reducing distractions and keeping you focused – sensible convenience that adds to your sense of security.

Volvo Navigation System (VNS) with RTT (Real Time Traffic)*

Volvo's GPS-based VNS navigation system is totally integrated into your car. It offers both voice guidance and graphic navigation all the way to your destination. Via TMC (Traffic Message Channel) radio data broadcasts, VNS also lets you know if there's traffic or weather-related trouble en route and recommends an alternative. The VNS system is easily controlled from the steering wheel or a remote, and the screen is positioned so you can keep your attention on traffic. Volvo's Navigation System includes Map Care which provides two map data updates at no charge.

*Optional

Maps do not cover all areas or all routes within an area. Also constant expansion and rebuilding of the road network mean that the digital map database is not always the latest road information. Always follow relevant regulations and road information.

Integrated Bluetooth® handsfree system

Bluetooth® technology enables a cell phone to be connected to the audio system in your Volvo – wirelessly. Once configured for a cell phone, the system automatically recognizes your phone as you enter the car. You then operate your phone using the buttons in the steering wheel keypad. As you climb in and out of the car, the system automatically allows you to switch freely from the phone to the handsfree system and back again. (May not be compatible with all phones).

 The Bluetooth wordmark and logos are owned by the Bluetooth SIG, Inc. and any use of such marks by Volvo Car Corporation is under license. Other trademarks and trade names are those of their respective owners.

Premium sound. Debauchery measured in decibels.

With a choice of two audio levels – High Performance and Dynaudio Premium Sound* – each configured to the cabin's ambient acoustics – the Volvo C30 has a sound system that makes the most of your music. The world-class components are mounted in the dashboard separately from the controls on the floating center stack and the control buttons on the steering wheel.

*Included in the optional Multimedia Package

Volvo Sirius satellite radio* Satellite radio is now available for your Volvo. Volvo has joined forces with Sirius to offer an integrated satellite solution that is sure to provide endless listening enjoyment.

The ten Dynaudio high-end loudspeakers of the Dynaudio Premium Sound System* are powered by a 5x130 W Alpine digital amplifier. There are two separate speakers – woofer and tweeter – in each door, and in the side panels at the rear seats there is a similar set-up. Each speaker has a crossover filter to maximise fidelity. The latest generation Dolby® surround system with a center loudspeaker and sound processor recreates authentic sound with a strong sense of presence for everyone in the car – a Volvo world first. The digital Class D amplifier features a new technology to provide extremely high efficiency, enabling it to generate the most audio power from the least amount of current.

* Included in the optional Multimedia Package

Volvo iPod® music interface

The iPod interface allows you to connect and have complete control of your iPod directly from the car's audio system. Use the audio system's controls to search for music by artist, album, song or musical style.

Dynaudio Premium Sound System*

Our top-of-the line audio system designed for perfect sound dynamics, featuring 10 loudspeakers by Danish specialist Dynaudio. With Dolby® Pro Logic® II surround sound for an authentic audio experience in all seats. Premium Sound includes:

- MP3 and WMA compatible CD player
- 10 loudspeakers by Dynaudio
- 5x130 W digital Class D amplifier
- Dolby® Pro Logic® II surround sound
- USB and AUX input

* Included in the optional Multimedia Package

High Performance (Standard)

A powerfully versatile system. Each loudspeaker is fitted with a powerful magnet and a large coil. In combination with the amplifier, this system promotes excellent transient reproduction and high power – quite simply superb sound. High Performance equipment includes:

- MP3 and WMA compatible CD player
- 8 High Performance loudspeakers
- 4x40 W High Performance amplifier
- USB and AUX input

**This is not a car.
It's a movement.
A school of thought.
A plan of action.**

**Ok, maybe it is just
a car. But it's your
car, so let's keep it
your car.**

Volvo safety doesn't stop when you park your car. Personal security is a full time job. For example, on your way to or from the car at night your path can be lit up. With keyless drive*, the doors unlock as you grasp the handle. Should you encounter an emergency situation, the optional alarm can be activated with your hand-held remote control. The combination of sturdy door locks and an electronic immobilizer is an effective theft deterrent.

*Included in the optional Preferred Package

WE INNOVATE FOR LIFE.

For decades, we've created cars that encourage people to enjoy life and help protect it in the event of an accident. Many of the most important car safety innovations are the hallmark of Volvo, and hundreds of thousands of people all over the world can say they're still alive thanks to Volvo ingenuity.

This is not by coincidence. Our founders stated that safety is, and shall always be, at the heart of what we do. As a result, Volvo is recognized the world over for our passion and dedication to provide the safest cars on the road.

The protective character of Volvo also encompasses the world we share. Already in 1972, Volvo was the first car manufacturer to acknowledge and actively respond to the environmental impact of cars. In fact, we invented the three-way catalytic converter, and are constantly innovating to reduce the environmental impact of the cars we make and how we make them.

Of course, choosing a Volvo will always be something you do for both yourself and the people around you – because our cars will always consider the well-being of everyone. Even if those people happen to be outside your car or are part of future generations.

Find more innovations at volvocars.us

“Cars are driven by people. Therefore, the guiding principle behind everything we make at Volvo is – and must remain – safety.”

Assar Gabrielsson and Gustaf Larson, founders of Volvo

CITY SAFETY COLLISION AVOIDANCE TECHNOLOGY

In 2008, Volvo Cars introduced the new XC60 with City Safety – the world’s first standard-fitted collision avoidance and mitigation technology active at speeds up to 19 mph. Helping to lower the risk of low-speed collisions and whiplash injury, City Safety is a major step towards safer urban driving. At the moment, City Safety is only available in the Volvo XC60.

THE THREE-WAY CATALYTIC CONVERTER

In 1976, Volvo Cars was the first car manufacturer to introduce the three-way catalytic converter with an oxygen sensor for exhaust emission control. Today virtually all gasoline powered cars are equipped with this ingenious component – just as indispensable for the environment as the three-point seat belt is for safety.

THE THREE-POINT SAFETY BELT

In 1959, Nils Bohlin, a Volvo safety engineer, invented the three-point safety belt. So important is this invention, it is considered to be one of the most life-saving technical innovations in the history of mankind.

VOLVO SAFETY TECHNOLOGY. BECAUSE PEOPLE ARE ONLY HUMAN.

Cars are driven by people. That's why all our safety research and development continues to investigate the capabilities, limitations and tendencies of human nature. This people-centric research is always based on real situations – and with the vision to create cars that do not crash.

To help you avoid accidents while maintaining the fun of driving, Volvo safety technologies are designed to support the driver in various situations without unnecessary interference. All these intelligent technologies share information and interact with split-second precision. Today, available technologies in the new Volvo XC60 can help “read” actual situations and provide optimal support and protection for example, by sensing normal driving patterns or panic situations and by taking protective action before, during and after a collision. Still, technology can never take the responsibility away from you, the driver. Final decisions are always in your hands. But if these technologies help make you more alert and relaxed, they will also contribute to the overall safety of those in and around your Volvo.

Read more about our safety research at volvocars.us

VOLVO ACCIDENT RESEARCH TEAM

Since 1970, Volvo's Accident Research Team has investigated accidents involving Volvo cars on Swedish roads. Today, our own statistical database contains over 36,000 accidents with more than 60,000 occupants. In addition to studies on the scene of the accident, our researchers also investigate what happened before the crash to understand how to improve the driver's conditions to avoid a collision. These findings give us unique knowledge that guides us in creating technology that helps prevent or mitigate accidents and – if an accident can't be avoided – to help protect the occupants.

VOLVO CARS SAFETY CENTER

Based on the findings from our accident research, we can recreate a variety of real-life traffic situations and crashes. Beyond numerous virtual crash tests in super-computers, we perform around 400 crash tests each year. We crash test car-to-car at different speeds and from different angles. We perform frontal impacts, rear impacts, side impacts and roll-over tests and test cars off-road as well as against genuine Swedish granite rock-face – we can even simulate impacts with wild animals.

IF YOU MAKE IT HERE, YOU MAKE IT ANYWHERE

Other car manufacturers come to Sweden for final car testing under harsh and capricious conditions. For us it's home. Our own proving ground Hålleröd with its 34 miles of test tracks includes different road types from all over the world. Here we scrutinize our cars' ability to support their drivers in all imaginable and unimaginable situations during thousands of test miles – not to mention the distances driven on ordinary Swedish roads.

TOWARDS A FUTURE WHERE CARS DON'T CRASH

We already know what we want to achieve: no accidents. By applying a holistic approach which considers the driver and the vehicle as well as the infrastructure, we can realize a future where cars interact with other cars, the road and the traffic-control systems. For example, this includes cars that can brake and steer automatically, if needed. This makes it possible to design cars in completely new ways to protect and preserve life.

IS DOING FOR THE ENVIRONMENT WHAT THE SAFETY BELT DOES FOR PEOPLE.

Looking after people and the environment is an indispensable part of the Volvo soul. For more than 80 years we've been driven by a passion for safety. We are environmental pioneers in the car industry, and have always employed a healthy respect for our limited resources and environmental responsibilities. Consequently, we aim to create new solutions that help halt climate change and improve the environment – both inside and outside the car. Our goal is crystal clear: to build cars that leave a minimal impact on the environment. We don't think that there is just one way to tackle the environmental issues. We think there are many solutions and we must explore all the options. That's why we're developing new eco-technologies. **DRIVE captures all our environmental work – from production to recycling – and represents our commitment and continued efforts for sustainable mobility.**

MOTION

We must minimize the emissions of fossil CO₂ (which leads to climate change) and increase the energy efficiency of our cars. **Continuous improvements** within aerodynamics, rolling resistance, lightweight materials and drive train technology help us lower fuel consumption. In our new **Hybrid technology center** in Göteborg, we are developing the next generation power trains for future Volvos.

INSIDE

If you drive 10 000 miles a year, you spend at least 24 hours a month in your car. We also know that more and more people are suffering from asthma and allergies. To ensure a healthy interior for you and your passengers, we test upholsteries and interiors in the **Volvo Environmental Laboratory** in Sweden. All upholstery materials and interior textiles also comply with **Oeko-Tex Standard 100** – an international benchmark for human ecological safety of textiles. All **leathers are chromium-free** – they're tanned using vegetable or synthetic substances instead of chromium. What's more, some panel trims are **Forest Stewardship Council (FSC) certified** to ensure the wood comes from responsibly managed forests.

LIFECYCLE

Already from the early stages of conception we've considered our cars' environmental impact: from design and manufacturing to useful life and recycling. For example, we've seen to that our factories are powered by wind and hydro power and use energy and water responsibly. Our production facilities are certified under **the global environmental standard ISO 14001**, and we make sure that all our major suppliers meet our strict environmental standards. At the end of its useful life, every Volvo is designed to be **85% recyclable**. We also offer **re-manufactured exchange parts** which substantially reduces the need for raw materials and energy.

Boredom is not an option.

As you define your own style and specify your needs, there's a range of equipment levels, factory installed options and Volvo Genuine Accessories that can help reflect your taste or simplify your tasks. Each item is made to complement the design and function of your Volvo C30 – with the fit and

finish you'd expect for a premium car. Interior materials are allergy tested and all Volvo Genuine Accessories and options are tested according to exacting Volvo standards for safety and with consideration for the environment. If you can't wait to see your new car, build it online at www.volvocars.us

Optional aluminum center console and door panel inserts.

Options.

Power moonroof

This makes the interior feel extra light and airy. The touch of a button fully opens and closes it and, if the sun is too strong, you can always close the built-in sun-shade.

Blind Spot Information System (BLIS)

BLIS is designed to help the driver keep a lookout on either side of the car. As a vehicle enters your blind spot, this function can alert you with an indicator light built in to the front door pillar – left or right. Together with the door mirrors, BLIS helps you assess the feasibility of a lane change. BLIS is activated once the car exceeds 6 mph, and reacts to almost any type of vehicle from a motorcycle upwards, day or night.

Volvo Navigation System (VNS)

Integrated in the dashboard and controlled from the steering wheel, VNS helps you find the shortest route to your destination and includes Real Time traffic updates to help avoid congestion. Audible guidance is provided when necessary. The display shows your current location, as well as the time and distance remaining to your destination. It's concealed when not in use, and opens up at the touch of a button. Volvo's Navigation System includes Map Care which provides two map data updates at no charge.

Five-speed Geartronic automatic transmission

For the best of two worlds, there's the five-speed Geartronic – a responsive automatic that's ideal for relaxed driving, tough conditions or towing. This also allows manual gear shifting so you can maintain a lower gear to enable higher rpm or for the added assistance of engine braking. A special winter setting makes it easier to move off and maintain grip on slippery surfaces.

Accessories.

THE VOLVO COLLECTION Volvo designs speak eloquently of their owners and their values. More than a brand; Volvo is a way of life. That's why we created The Volvo Collection. Come explore the lifestyle accessories The Volvo Collection has to offer. From apparel to collectibles, from uniquely functional to just plain fun, you'll find they share one thing in common. There's not just a Volvo logo on the outside, there's Volvo quality throughout. View the catalog on the web at volvocars.us

For driving freedom

- Engine block heater
- Park assist front
- Park assist rear
- Portable Navigation System
- Sirius Satellite Radio
- Volvo alarm system

For precious cargo

- Booster cushion and adjustable backrest
- First aid kit
- Jumper cables
- Padded neck cushion
- Sun screen
- Warning triangle

Exterior Styling

- Body kit and tailpipes
- Carbon fiber kit
- Chrome and aluminum wheels
- Hood Scoop
- Mud flaps, front and rear
- Roof spoiler

- Side Scoop
- Volvo license plate frames
- Volvo valve stem caps

For your leisure

- Canoe/Kayak carrier
- Car cover
- Cargo box
- Load basket (roof mounted)
- Roof mounted load carrier
- Ski carriers
- Snow chains
- Snowboard carriers
- Surfboard carrier

For your interior comfort

- Ashtray
- Bottle holder
- Cargo compartment cover
- Cup holder
- Eye glass holder
- Floor mats rubber
- Load lashing straps (cargo area)

- Load securing net (cargo compartment floor)
- Luggage compartment mat (rubber)
- Luggage compartment mat (textile)
- Net pocket side panel
- Rear bumper cover
- Rear seat armrest
- Waste paper basket

Interior Styling

- Color coordinated dash trim kit
- Décor panel kits
- Gear knob aluminum
- Gear knob wood
- LED, Under-dash Lighting Kit
- Sport floor mats
- Sport gear shift gaiter
- Sport pedals
- Sport steering wheel in wood
- Sport steering wheel with aluminum inlays

Volvo C30 specifications

ENGINE

Five-cylinder in-line engine. Double overhead camshafts and 20 valves. The five-cylinder engine features continuously variable valve timing on both the inlet and exhaust side. Electronic engine management system. Three-way catalytic converter with heated oxygen sensor. The T5 also features a turbocharger and dual-charge air coolers (Intercoolers). Boasting variable all-valve timing, this high-performance power source delivers an exceptionally quick and powerful response throughout the entire range of rpm. It complies with stringent emission standards, such as California's ULEV II.

Volvo C30 T5 (227 hp)

Engine type: 2.5-liter five-cylinder turbocharged engine

Max. power output: 227 hp at 5000 rpm

Max. torque: 236 lbs./ft. at 1500–5000 rpm

Acceleration 0–60 mph: 6.2 sec

Top speed: 146 mph

Fuel consumption city, man/auto: 21/21

Fuel consumption highway, man/auto 29/30

Environmental classification: ULEV 2

Transmission: Six-speed manual or five-speed Geartronic automatic

DRIVELINE

Front wheel drive. Transverse engine. Six-speed manual transmission. It is also available with a five-speed Geartronic automatic allowing manual shifting. The smooth manual six-speed transmission inspires an active driving style, while the smooth clutch operation affords confident take-off. For the best of both worlds, there's the option of Geartronic – a responsive five-speed automatic for relaxed driving. It can also be shifted manually so that you can maintain a lower gear to bring up the revs or provide the added assistance of engine braking.

CHASSIS

Front suspension with spring struts (McPherson), anti-dive and anti-lift function. Multilink independent rear suspension. Stabilizer bars front and rear. Version 2.0 includes a sport tuned dynamic chassis for spirited driving. Dynamic Stability system can help counteract a skid. The rigid body enables the suspension to perform optimally—for well-balanced handling and a high level of comfort. The front and rear suspensions also interact to provide stable braking and smooth steering. The DSTC system assists if either of the drive wheels begins to lose traction, and adds the benefit of counteracting if a skid is imminent.

STEERING

Power-assisted electro-hydraulic rack and pinion steering. Tilt and telescopic steering wheel column. 2.6–2.9 turns lock to lock (depending on wheel size). Turning circle 38.1 ft, depending on wheel size. Behind the wheel, you can enjoy responsive yet firm steering at all speeds. High steering precision and balanced road feedback are easily enjoyed benefits.

BRAKES

Power-assisted anti-lock disc brakes (ABS), ventilated discs front. EBA (Emergency Brake Assistance). EBD (Electronic Brake Distribution) between the front and rear brakes. Diagonal-split braking system. Powerful anti-lock disc brakes help ensure a short stopping distance under all circumstances and withstand tough use without fading. EBA helps you use your brakes to the full in an emergency situation, while EBD distributes the braking effect between the front and rear wheels in order to achieve optimal results according to the car's load and driving conditions.

Clean colors

To reduce usage of environmentally hazardous solvents all Volvo exterior colors are water-based. What's more, our painting facilities are among the cleanest in the world. Certain exterior colors are only available as custom orders. Please ask your Volvo retailer for details.

* Metallic paint is an option.

Please note: It is not possible to reproduce exact original shades in printed matter. Please ask your retailer to show you samples.

Taking care of your ownership needs.

Volvo Car North America Financing Offers:

Special offers are available to finance your new Volvo product. Whether you are looking for the convenience of a lease or the pride of owning your Volvo vehicle, our nationwide network of retailers and authorized financial service providers are ready to assist you with all your financing needs. Please contact your local retailer for details, and available financial products that suit your individual needs.

On Call roadside assistance

Whenever you need us, we're just a phone call away. Our nationwide network of retailers and authorized service providers are ready to assist. Whether you require roadside assistance or maps and routing information for your next trip, refer to your On Call Card and dial 1-800-63-VOLVO – anytime, day or night. Your complimentary four-year membership activates the moment you become a Volvo owner.

Volvo new car warranty

Your new car warranty provides comprehensive coverage for four years or 50,000 miles, whichever occurs first. Additional warranties cover corrosion, seat belts, the supplemental restraint system, emission systems, genuine Volvo replacement parts and genuine Volvo accessories. Should you encounter any problem with your Volvo, simply contact the nearest retailer for assistance. Where your warranty ends, Volvo Increased Protection (VIP) plans begin. To purchase the additional protection of a VIP plan, contact your local retailer.

Complimentary Factory Scheduled Maintenance

Volvo is committed to a premium ownership experience for its customers. To further enhance your ownership experience, all 2010 model year Volvo's sold new through Volvo retailers in the United States will include Complimentary Factory Scheduled Maintenance. This program provides scheduled maintenance coverage for the first 3 years or 36,000 miles, is designed to compliment your Volvo warranty, and will help ensure trouble free operation of your Volvo. Coverage includes factory recommended maintenance including oil and filter changes, checks and adjustments as listed in your Warranty and Maintenance Records Information booklet, for the first four maintenance services at intervals of 7,500, 15,000, 22,500 and 30,000 miles

Service must be performed within 1,500 miles before or after each scheduled interval. Coverage is limited to scheduled maintenance items listed in the 2010 model year Warranty and Maintenance Records Information booklet. Normal wear items such as brake pads and wiper blades are not covered under the Complimentary Factory Scheduled Maintenance. An authorized retailer must perform maintenance. Offer is transferable. Optional Factory Scheduled Maintenance program upgrades are also available that will allow you to customize coverage to meet your driving needs. See your Volvo retailer for details.

Volvo genuine service

The best way to ensure superior performance year after year is to bring your Volvo to your authorized retailer for regular maintenance. Our service advisors and factory-trained technicians are uniquely qualified to maintain your automobile. With the aid of advanced Volvo diagnostics, they follow all prescribed factory maintenance outlined in your service interval manual. Genuine Volvo Service is our ongoing commitment to you: to keep your Volvo performing smoothly long after other cars have given up.

Volvo mobility program

The goal of the Volvo Mobility Program is to assist persons with physical disabilities or hearing impairment. For those with exceptional transportation needs, this can be facilitated within the extraordinary comfort and safety of a specially adapted Volvo. For additional information on this program, please contact the Volvo Mobility Program Headquarters at (800) 803-5222 or visit www.volvocars.us/mobility. TTY users are invited to call 1-800-833-0312.

Personal shopper

The Volvo Personal Shopper is dedicated to providing you with a whole new level of shopping convenience. Whether you'd like help identifying the Volvo model that best fits your lifestyle, detailed information on any Volvo model, or a comparison against the competition, Volvo is there to help. We can arrange a Guest Drive for you at your nearest Volvo Retailer. So make the most of your shopping time and call the Volvo Personal Shopper at 1-800-550-5658. (U.S. only)

VOLVO OVERSEAS DELIVERY.

Volvo Overseas Delivery offers a unique way to buy your new custom-built car as well as a unique way to see more of Europe. And when you're done traveling, bring the pleasure of driving a Volvo back home. Purchase any new Volvo as part of the Volvo Overseas Delivery Program and enjoy all this – and more:

- Attractive pricing on US models.
- Two complimentary round-trip tickets with Scandinavian Airlines.
- One free hotel night in Gothenburg, Sweden, the home of Volvo.
- An exciting Volvo Factory Tour or a visit to the new Volvo Brand Experience Center.
- An exclusive VIP delivery experience at the Volvo Factory Delivery Center.
- The opportunity to explore Europe in the comfort and safety of your own Volvo, either with one of our spectacular tours or on your own.
- Extensive complimentary home shipment services. Just leave your car with us. We'll ship it to you the convenient way while you relax and enjoy your complimentary flight back home.

Can you think of a better way of traveling overseas and making your souvenir part of an unforgettable experience? If you would like to know more, contact your local Volvo retailer, our Customer Care Center (800) 631-1667, or visit www.volvocars.us/mybagsarepacked

VOLVO CARS MILITARY/DIPLOMAT/EXPATRIATE SALES. FOR YOU LIVING ABROAD.

Sometimes life abroad offers exceptional benefits. Such as buying a new tailor-made Volvo on very special and rewarding terms. Whether you are traveling for pleasure or are in a professional, diplomatic or military post outside your home country, turn to Volvo for a great deal. For US Military personnel posted overseas our authorized military agents outside the US offer:

- Great savings compared with Stateside pricing.
- Professional assistance with all legal formalities and paperwork.
- Four-year warranty coverage also outside the US (US and Canadian specifications)
- US specifications – built to meet legal requirements in all US states.
- No US import duty with PCS orders, for US military personnel taking delivery overseas.
- Included shipping & Marine Insurance, delivery to an authorized Volvo retailer of your choice in the USA. US diplomats & military personnel stationed abroad for more than 140 days & non-US diplomats (depending on status) are normally exempted from customs import duty.
- Delivery to a Volvo military agent close to your base or assignment overseas.
- Three years valid Volvo Home Shipment from authorized drop-off points in Europe to an authorized US Volvo retailer of your choice included.
- More than 20 drop-off points in Europe.
- The option of VIP factory delivery in Sweden or delivery to selected major cities in Europe.
- The option of our special Cruise & Collect package with Stena Line ferries (German market).
- The benefit of the Volvo Assistance Europe scheme at no extra cost.

Taking advantage of the savings, benefits and convenience of Volvo's international programs is easy. Volvo Cars Military Sales, Volvo Cars Diplomat Sales and Volvo Cars Expatriate Sales are professional and global organizations with one goal – to make it advantageous and convenient for you to buy your new car when living abroad.

For Military/Diplomat/Expatriate sales while in the US, contact your local Volvo retailer, our Customer Care Center (800) 631-1667 or visit www.volvocars.us/mybagsarepacked

C

Volvo C30 The compact and charismatic SportsCoupe.

Volvo C70 A convertible when you want it.

Volvo C70 A coupe when you need it to be.

TO LIVE LIFE IS TO CARE ABOUT IT.

Every moment in a Volvo is a moment designed to celebrate life. A life full of twists and turns, ups and downs; the little things as well as the big ones. Of course, to live life to its fullest isn't just about you; caring for others is important as well.

For more than eighty years we have helped save lives on roads around the world. Nevertheless, when it comes to improving automotive safety, we will never be satisfied. And while we're seeking new solutions, our existing safety systems are preventing many accidents from happening and providing some real protection when they do.

Our passion for life means looking after our children's children, too. Which is why we try to balance the needs of our company with those of society. With this bigger picture in mind, we develop engines and technology that have less impact on mother earth. This approach also explains why we pay so much attention to your immediate environment – in the car. Simply put, we care about you – and the whole circle of life.

Volvo. for life
