

to offer one innovation after another. Named "Best Minivan" by *Automobile Magazine*, its 240-hp engine now makes it more powerful than ever. And this year, its long list of features includes dual side airbags, available leather-trimmed upholstery and a state-of-the-art Honda DVD Entertainment System. Built with legendary Honda quality, Odyssey is a benchmark in the industry. With just one

Life is full of tough choices. But here's one you'll truly enjoy.

ODVSSEV LX

- □ 240-hp, 3.5-liter, VTEC[™] V-6 engine
- 5-speed automatic transmission
- 4-wheel independent suspension
- Anti-lock braking system (ABS)
- Traction Control System (TCS)
- Dual-stage front airbags (SRS)
- Dual side airbags

- □ Retractable 3rd-row Magic Seat™
- Front/rear air conditioning
- Power windows, mirrors
 and door and tailgate locks
- Dual sliding doors
- Immobilizer Theft-DeterrentSystem

ODYSSEY EX

- All LX features, plus:
- Dual power sliding doors
- Automatic climate control
- AM/FM stereo CD
 player w/6 speakers
- Driver's seat w/8-way power adjustment

- HomeLink®remote system¹
- Remote entry system
- Steering wheel-mounted audio controls
- □ 16" alloy wheels
- □ Roof rails
- Auto-off headlights

ODYSSEY EX WITH LEATHER

- All EX features, plus:
- Leather-trimmed interior
- Heated front seats
- Available* Honda Satellite-Linked Navigation System[™] w/DVD database of maps for major U.S. metropolitan areas
- Available* Honda DVD
 Entertainment System
 featuring DVD player, 7-inch
 adjustable ceiling-mounted
 screen, remote control, two
 sets of wireless headphones

 and video-game jacks

^{*}The factory-installed.Honda Satellite-Linked Navigation System and Honda DVD Entertainment System are not available together on the same Odyssey EX with Leather. See dealers for details.

Look.

Sophistication and real versatility

have found common ground in the new Odyssey. And if you lift the flap, you'll find this concept expressed in three delightful versions. See for yourself.

Through innovative design, Honda has created something totally unique, a true original: Odyssey.

Feel.

Odyssey's comfort level

goes far, far beyond what you'd normally expect from a minivan. Its car-like ride and relaxing environment make it seem like you're in a living room on wheels.

Drive.

Like a fine sedan,

Odyssey combines ample power with a smooth ride and responsive handling. And how is this possible? The answer lies in Honda technology and over four decades of racing expertise.

Dream.

Imagine a cleaner world

in which vehicles are friendlier to the environment and Earth's natural resources are regarded as precious indeed. Honda's making it a reality-thanks to the power of dreams.

Odyssey, you realize that it takes you far beyond mere comfort. Now available with an elegant leather-trimmed interior and added amenities, it positively pampers you.

Seated up high, behind the wheel, you enjoy a commanding view of the road. Instruments and controls are all well-designed and easily accessible.

Its seats are exceptionally supportive. And no matter what's on the itinerary, a carpool or a weekend getaway, you always feel relaxed, comfortable and very much at home.

The terms "spacious" and "well-appointed" just begin to describe Odyssey's extraordinary interior.

With all of its theater-style seats in place, there is room for seven to ride in total comfort.

On the EX, you enjoy a **power driver's**Seat with 8-way adjustment and added lumbar support. Plus there are 11 – count them – beverage holders, as well as numerous storage compartments.

For optimum comfort, all three rows of seats have individual map lights and adjustable air-conditioning vents. And both audio systems, including the EX's 6-speaker AM/FM stereo CD player, have larger rear speakers for excellent sound quality.

Power windows, mirrors and door locks are standard, as is cruise control. And on the EX, added luxuries like automatic climate control and a HomeLink* remote system make Odyssey a place you'll look forward to spending lots of time in.

Need directions? You can easily find your destination with the Honda Satellite-Linked Navigation System. Available on Odyssey EX with Leather, it uses global positioning satellites (GPS) to pinpoint your location in most areas of the United States. The system can then provide you with clear, turn-by-turn directions, using visual and voice guidance.*

Here's a warm welcome.

Front-seat passengers will enjoy the comfort and luxury of new heated front seats (EX with Leather). They're operated via a button on each front door.

It's showtime. Your rear-seat passengers can enjoy their favorite movies and video games wherever you go with the integrated Honda DVD Entertainment System with remote (available on EX with Leather). This new, state-of-the-art system has a convenient ceiling-mounted, flip-down, seven-inch screen and can be operated using the front, rear or remote controls. Features include two sets of wireless headphones, as well as jacks for video games, camcorders and wired headphones. With the system's advanced design, front-seat occupants can enjoy the Odyssey's audio system, while those in the back can use headphones to listen to the DVD system.

Get into it.

Take it easy. Getting in and out of the Odyssey EX is made easier and more convenient, thanks to its dual power sliding doors. And you can lock or unlock all the doors from as far as 50 feet away with the EX's remote entry system.

Clean it up. For 2002, you can have your EX equipped with the luxury of leather-trimmed upholstery. It lets you take care of most spills quickly and easily with a clean, damp cloth.

Your table is ready.

Odyssey's versatile nature is expressed with its innovative retractable center tray table. Conveniently located between the front seats, it includes a sliding extension feature so passengers in the second row can use it, too.

Pack it all in. Odyssey's luxurious and versatile interior is just as adept at carrying cargo as it is at transporting passengers, thanks to features like its innovative third-row Magic Seat and a **low liftover height**. With just the front-row seats in place, Odyssey offers a generous **146 cu. ft. of cargo space** that's fully carpeted so you can carry even delicate items with greater ease and confidence. Other handy features include third-row seatback grocery hooks and numerous pockets and storage areas to secure small items. There are also convenient **second-row grab rails**, as well as **coat hooks** to help keep Odyssey's interior neat and tidy.

Make a change. It's so easy and convenient to reconfigure Odyssey's versatile interior, with features like the **second-row sliding seats**. You can push them together, pull them apart, or simply remove them altogether to accommodate people, cargo or any combination of both.

Watch it disappear. One of Odyssey's most versatile and innovative features is its third-row folding Magic Seat. When it's not needed for passengers, it folds and swings back into the deep cargo well, where it lies flush with the floor, creating a wide, easy-to-load cargo area.

Hang in there. With the Odyssey's third-row grocery bag hooks, your packages will remain securely in place, even when the vehicle is in motion.

At Honda, we believe racing not only makes for a better car—it also makes for a better car engineer. It's a belief that's been proven

over four decades of racing and winning on the world's most ferociously fast and

unforgiving racetracks. By learning to innovate under such intense pressure,

Honda engineers are better prepared to achieve greater advances in performance,

dependability and safety. And you'll be able to fully appreciate these innovations every time you slide behind the wheel of your Honda Civic.

The largest engine manufacturer in the entire world, Honda has combined its vast resources with advanced racing technology to create a minivan that is nothing less than ingenious. This year, its enhanced 3.5-liter, 24-valve, VTEC V-6 engine boosts its output to 240 horsepower while also meeting stringent Low-Emission Vehicle (LEV) standards and using regular unleaded fuel. And no major

tune-ups are required for the first 105,000 miles. A highly sophisticated new 5-speed automatic transmission puts that power to use. Its advanced Grade Logic Control avoids gear hunting on uphills, and on descents, it downshifts for added engine braking. New 4-wheel disc brakes provide stopping power, and an anti-lock braking system (ABS) helps you retain steering control, even under severe braking.

Odyssey is a superb example of Honda's legendary commitment to safety. Its technologically advanced safety features have earned it a quadruple 5–Star rating – the highest possible rating awarded for frontal- and side-impact protection by the National Highway Traffic Safety Administration.†

Features such as load-balancing Electronic Brake
Distribution (EBD) and 4-wheel anti-lock
braking system (ABS) help you retain
steering control, even during hard stops.

And the EX's Security system with panic button includes a remote entry system that operates the power door locks from up to 50 feet away.

Odyssey also helps protect your littlest travelers with features like a second-row LATCH (Lower Anchors and Tethers for Children) system that helps ensure correct installation of compatible child seats.

Put safety at the very top. Odyssey helps protect its occupants with its dual-stage front airbags (SRS)* that deploy at one of two rates, based on impact severity and seat-belt use, plus standard dual side airbags. All seven seats come with 3-point seat belts as well as individual head restraints. And a third-row child-seat tether anchor is also standard.

Be strong. The Odyssey's quadruple 5-star safety rating is the U.S. government's top ranking for frontal- and side-impact protection.

Maintain closer contact. To enhance traction and stability, Odyssey comes equipped with a
Traction Control System (TCS). It utilizes the anti-lock braking system's (ABS) sensors to detect and reduce wheel spin when you're traveling or starting off on uneven or slippery surfaces.

^{*}Honda reminds you and your passengers to always buckle up. †NHTSA frontal crash test: March 1999; side crash test: March 2000.

Caring for the environment is a core Honda value. Since our 1975 Civic CVCC met clean-air standards without a catalytic converter, Honda has led the way in making eco-friendlier vehicles. Now,

for 2002, every one of our new vehicles meets or surpasses all fifty states' LEV

(Low-Emission Vehicle) standards. Even our exhilarating, high-performance 240-hp S2000 roadster. Which proves that, with Honda, driving a responsible car doesn't have to be boring.

A Honda has always been the first to meet California's strict clean-air standards. Today, every Civic Coupe and Sedan is an Ultra-Low-Emission Vehicle (ULEV). Select Accord models are Super-Ultra-Low-Emission Vehicles (SULEV). Our natural-gas-fueled Civic GX features the world's

cleanest-burning internal-combustion engine. And Insight, a gasolineelectric hybrid, earned the Sierra Club's first Excellence in Environmental Engineering Award. You see, our commitment to putting the Earth first is steadfast. So you can be sure Honda will still be out front tomorrow.

At Honda, superb
assistance and
SUPPORT
are standard equip-

ment. For example, do you want to personalize your new vehicle? Just ask your dealer to help you select quality items from our full line of genuine accessories. They're covered under our 3-year/36,000-mile limited Warranty³ if they're installed when the car is purchased. Of course, you can always rely on your dealer's team of Honda-trained technicians to help keep your new vehicle in tip-top condition. After all, no one knows your Honda vehicle better than they do. And, should you ever require additional information or assistance, just call us at 1-800-33-Honda.

Whether you buy or lease a Honda, Honda Financial Services can assist you with the process. Ask your dealer which lease or purchase plan best suits your needs.

Listen to all your favorite music on our **in-dash CD changer**. This advanced system can accomodate up to six discs and has a variety of functions. And with its sophisticated design, you won't hear a single skip.

Other available accessories:

- Air Deflector
- Fog Lights
- Splash Guards
- FenderwellTrim
- CD Player
- VHS Video System (i-VES)
- Interior Bike Attachment
- Cassette Player

Honda Care is a comprehensive and affordable vehicle and travel protection plan that is fully backed by Honda reliability, service and parts. See your dealer for more information.

Enhance the versatility of your new Odyssey EX. Add **roof rack cross bars and attachments** for skis, a snowboard or a bike. You can carry up to 150 lbs. of extra stuff, up top and out of the way.

- 16" Machine-Finished Alloy Wheels
- Wood-GrainTrim Kit
- Wood-Grain Steering Wheel
- Roof Rack (100-lb. maximum, LX)
- Trailer Hitch
- Cargo Cover
- Full Nose Mask
- Protection Package

Visit your Honda dealer or honda.com for a complete list of accessories.
