

2020

DODGE DURANGO

“Irreverent” might be the best word to sum up Dodge vehicles. For a 100+-year-old Brand, we act anything but. We believe attitude is neither constrained nor defined by a number of years. It’s defined by something much less tangible. It’s defined by geniuses of engineering. By being different. By offering the unexpected. By pushing boundaries for no other reason than because we can. By being led to build from our hearts and not by a committee of suits in a back office. We are a Brand that could not care less

about convention. And it shows in our formidable SRT Hellcat<sup>®</sup> models and in our six-passenger SUV that holds a certified quarter-mile time by the National Hot Rod Association (NHRA). Each 2020 Dodge vehicle pays homage to its iconic bloodline with snarling engines and sleek exteriors that beg to be taken out on the open road. It’s time to put the pedal to the metal. **THIS IS WHAT IT MEANS TO BE DOMESTIC. NOT DOMESTICATED.**

### 2020 DODGE DURANGO

The SUV market is more crowded than a highway on a long holiday weekend. So, how do you stand out in a sea of sameness? First, veer off the beaten path and leave the pack behind. Second, while the others concentrate on simply being utilitarian vehicles, hone in on being a sport utility vehicle. Don't focus on the number of cup holders, but focus on the number of horses under the hood. In other words, build a Dodge.

Durango goes all in with its available HEMI® V8 engine, Rear-Wheel Drive (RWD), Sport suspension, and an incredible amount of horsepower and torque capable of pulling an equally incredible towing rating. For good measure, Durango offers plenty of technology to keep you entertained and connected.

////// Durango SRT® shown in White Knuckle.

# 475-HORSEPOWER THREE-ROW SUV

**DURANGO SRT** /// Dodge muscle isn't just reserved for cars. Sometimes you want a third row and serious power. Choose Durango SRT and the two go hand in hand. The 392 HEMI<sup>®</sup> V8 engine unleashes 475 horses, 470 lb-ft of torque and delivers a 0 - 60 mph dragstrip time of 4.4 seconds. Consider the certified 12.9-second quarter-mile time by the National Hot Rod Association (NHRA) and Durango SRT holds even more bragging rights – and that's without even going into detail about the 8-speed Performance-tuned transmission, Sport-tuned All-Wheel Drive (AWD), high-flow dual exhaust with 4-inch outlets or the massive 295 tires on 20 by 10-inch wheels and huge Brembo<sup>®</sup> brakes.

////// Durango SRT shown in White Knuckle.

**IT'S ABOUT YOU** /// The standard buttons on the front side of the steering wheel let you control the 7-inch Driver Information Digital Cluster Display. From here, you can view real-time information on performance, vehicle status and available navigation. Because this display is reconfigurable, you decide how you want to view and receive the information. Durango also lets you customize your climate with available Three-Zone Automatic Temperature Control (ATC). You, your front passenger and second-row passengers can set the preferred temperature for each zone. ATC maintains these temperatures throughout the drive.

**MORE IS MORE** /// With more than 50 different seating configurations, there's bound to be more than one way to strike the perfect balance between passenger and cargo capacity. The standard 60/40 split-folding second-row reclining bench seat features a padded center armrest with cup holders. The available Fold-and-Tumble second-

row Captain's Chairs include soft-touch armrests and a floor-mounted mini console with cup holders for six-passenger seating. For seating up to seven, a 50/50 split-folding third-row seat is available. With the second- and available third-row seats folded down, there's a cavernous 84.5 cubic feet of cargo space at your disposal.

SRT

MUSCLE:INSPIRED

Gamers and movie buffs can agree, the available 9-inch high-definition dual-screen Blu-ray™/DVD Rear Entertainment System makes the second row the place to be. Rear-seat HDMI/USB ports let passengers tap into the entertainment system and use each screen independently of each other.

Everyone will enjoy the audio energy of the available Harman Kardon® Premium Audio System with 19 speakers, subwoofer and 825-watt amplifier.

HERE'S WHAT YOU CAN DO: REMAIN FOCUSED ON THE ROAD WITH YOUR HANDS ON THE WHEEL WHILE YOU COMMUNICATE, NAVIGATE AND STAY ENTERTAINED.

// **LISTEN** to music, talk shows and sports. Access all genres, favorite artists and winning teams – all the time – with available SiriusXM® Radio<sup>[1]\*</sup>  
// **CONNECT** you and your passengers with available built-in 4G LTE Wi-Fi Hotspot<sup>[2]</sup> connectivity // **SPEAK UP** and be heard; send and receive calls and texts<sup>[3]</sup> while driving safely with hands-free phone capability<sup>[4]</sup> // **NAVIGATE** to every adventure with this available system; get turn-by-turn directions so you don't get lost on the way (unless you want to) // **START**<sup>[5]</sup> your car from afar, or lock your doors from almost anywhere using your smartphone – thanks to Uconnect® plus SiriusXM Guardian™<sup>[6]</sup> services // **SEE** into the future; hear weather and traffic reports with a five-year trial subscription to SiriusXM Travel Link<sup>[1]</sup> and SiriusXM Traffic Plus.<sup>[1]</sup>

## APPLE CARPLAY<sup>[7]</sup> COMPATIBILITY

This is smarter iPhone® integration, so you'll experience your favorite features through your dashboard. With Siri,<sup>[8]</sup> all you have to do is ask – catch up on calls and messages, get directions from Apple Maps or request a song through Apple Music. The system lets you browse music or discover nearby gas stations, parking, restaurants and more. Plus, Maps helps predict where you're headed.

Apple CarPlay<sup>[7]</sup> integration shown here.

## ANDROID AUTO™<sup>[9]</sup> INTEGRATION

For those who know and love Android™, Android Auto brings your favorite smartphone apps into one place, making it easier for drivers to access their favorite navigation, media and communication apps on the road while minimizing the distractions. Stay focused on the road while you plan your day with Google Assistant, get voice-guided navigation with Google Maps, and listen to your favorite songs on Google Play Music.

TOWING PRODIGY: UP TO

8,700 LB<sup>[10]</sup>

WITH THE 6.4L HEMI<sup>®</sup> V8 ENGINE

**BIG NUMBERS, BIG RESULTS** /// Durango SRT<sup>®</sup> uses its 475 max horsepower and 470 lb-ft of torque to deliver a mammoth towing capacity of up to 8,700 lb<sup>[10]</sup>. Outfit Durango with the available 360-horsepower 5.7L HEMI V8 engine for up to 7,400 lb<sup>[10]</sup> of towing and up to 22 highway mpg<sup>[11]</sup>. Models equipped with the 3.6L Pentastar<sup>®</sup> V6 engine can tow up to an impressive 6,200 lb<sup>[10]</sup>.

////// Durango SRT shown in Billet towing a Dodge Challenger Drag Pak from Mopar<sup>®</sup>. Properly secure all cargo. Always tow within the vehicle's capacity.

# SAFETY & SECURITY FEATURES

**PARKSENSE® REAR PARK ASSIST<sup>[12]</sup> ////** When your vehicle is in Reverse, this available system can sense nearby objects moving at low speeds; if imminent collision is detected, the system will provide a momentary, autonomous brake pulse. In certain circumstances, this system can help bring your vehicle to a stop.

**RAIN BRAKE SUPPORT ////** When your windshield wipers have been activated, this standard system pulses the brake pads closer to the spinning rotors, helping to keep the rotors and pads dry for greater control and operator security.

**BLIND SPOT MONITORING (BSM)<sup>[13]</sup> WITH REAR CROSS-PATH DETECTION<sup>[12]</sup> ////** With this available system, radar continually monitors rear vehicle blind zones and will visually and audibly alert you when a vehicle is sensed in any of the zones. When your vehicle is in Reverse, rear sensors warn through a chime if cross-traffic approaches the vehicle.

**ADAPTIVE CRUISE CONTROL (ACC) WITH STOP<sup>[14]</sup> ////** This available system helps maintain driver-selected distance from the vehicle ahead; under certain traffic conditions, the system can bring the vehicle to a full stop without driver intervention.

**FORWARD COLLISION WARNING (FCW) WITH ACTIVE BRAKING<sup>[15]</sup> ////** With this available system, radar and camera technology combine to alert you when the system senses potential frontal impact. If you're not able to respond quickly enough, the system will automatically engage the brakes, with the ability to bring the vehicle to a complete stop.

**PARKVIEW® REAR BACK-UP CAMERA<sup>[12]</sup> ////** This standard system displays an accurate visual reference of what is behind your vehicle when it's in Reverse.

**ELECTRONIC STABILITY CONTROL (ESC)<sup>[16]</sup> ////** This standard system is designed to assist you in maintaining control of your vehicle during extreme steering maneuvers. ESC<sup>[16]</sup> senses when a vehicle is starting to spin (oversteer) or plow (understeer) and attempts to correct the vehicle's course by automatically controlling the throttle and applying the brakes at individual wheels.

**READY ALERT BRAKING (RAB) ////** This standard system anticipates situations when you may initiate an emergency brake stop and uses the ESC<sup>[16]</sup> pump to precharge the brake system in order to decrease the time required for full brake application.

**ALL-WHEEL DRIVE (AWD) ////** An available system that automatically detects wheel-slip and sends additional power to the wheel(s) with the most traction.

**ANTILOCK BRAKE SYSTEM (ABS) ////** Standard four-wheel antilock disc brakes sense and prevent wheel lockup, offering improved steering control under extreme braking and/or slippery conditions.

**LANESENSE® LANE DEPARTURE WARNING (LDW) WITH LANE KEEP ASSIST<sup>[17]</sup> ////** This available system measures your position within lane boundaries. If it detects an unintentional lane drift, it will alert you and correct the vehicle back into the lane.

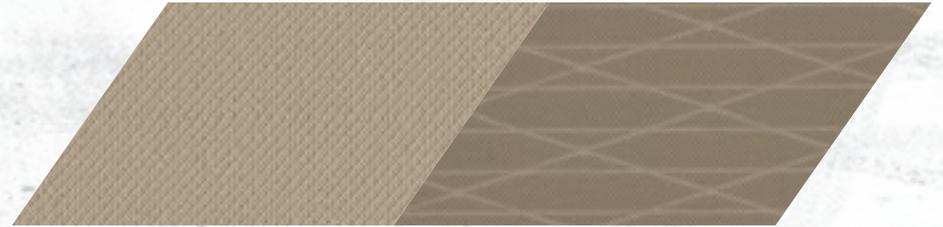

A dark, high-contrast photograph of a car engine, likely a Hemi V8, with technical specifications overlaid in white text. The engine components, including the intake manifold and various hoses, are visible in the background.

[1] SiriusXM Satellite Radio requires a subscription, sold separately or as a package, by Sirius XM Radio Inc. **If you decide to continue service after your 12-month trial included with the new vehicle purchase, the subscription plan you choose will automatically renew thereafter and you will be charged according to your chosen payment method at then-current rates.** Trial service is not transferable. Fees and taxes apply. Please see the Customer Agreement at [www.siriusxm.com](http://www.siriusxm.com) for complete terms and how to cancel, which includes calling SiriusXM at 1-866-635-2349. All fees and programming are subject to change. Not all vehicles or devices are capable of receiving all services offered by SiriusXM. Data displays and individual product availability vary by vehicle hardware. Current information and features may not be available in all locations, or on all receivers. Weather Forecast, Current Conditions may not be available in all locations. [2] Three-month/1GB trial included with the purchase or lease of a new vehicle. Upon expiration of the trial period, purchase of a subscription is required. Wi-Fi Hotspot available through third-party subscription. Requires Internet-enabled mobile device. See dealer for details. This feature is not intended for use by the driver while the vehicle is in motion. Always drive carefully. [3] Voice Texting feature requires a compatible mobile device enabled with Bluetooth Message Access Profile (MAP). iPhone and some other smartphones do not currently support Bluetooth MAP. Visit [www.UconnectPhone.com](http://www.UconnectPhone.com) for system and device compatibility. Ensure MAP is ON and incoming message notification is enabled. Vehicle must be registered for Uconnect Access and you must fulfill minimum subscription requirements. Also requires the use of a compatible smartphone that supports text messaging and Bluetooth. Check [www.UconnectPhone.com](http://www.UconnectPhone.com) for device compatibility. [4] The Uconnect Phone requires a mobile phone equipped with the Bluetooth Hands-Free Profile. To check phone compatibility, please visit [www.UconnectPhone.com](http://www.UconnectPhone.com). [5] Check state and local laws regarding the use of remote start systems. [6] All SiriusXM Guardian equipped vehicles come with a 12-month trial effective on the date of purchase or lease of a new vehicle. Enrollment in the trial is required to receive service. Upon expiration of the trial period, purchase of a subscription is required to continue SiriusXM Guardian. SiriusXM Guardian is available only on equipped vehicles purchased within the United States, Canada and Puerto Rico. Services can only be used where cellular coverage is available. See Uconnect and SiriusXM Guardian Terms of Service for complete service limitations. [7] Requires compatible iPhone. See dealer for phone compatibility. Data plan rates apply. Vehicle user interface is a product of Apple. Apple CarPlay is a registered trademark of Apple Inc. iPhone is a trademark of Apple Inc., registered in the US and other countries. Apple terms of use and privacy statements apply. [8] Requires an iPhone with Siri. Certain features are not available while the vehicle is in motion. iPhone must be within active cellular range. Customer's existing iPhone data rates apply to Internet-supported features. [9] To use Android Auto on your phone screen, you'll need an Android phone running 5.0 (Lollipop) or higher and the Android Auto App. Android and Android Auto are trademarks of Google LLC. [10] When properly equipped. See your dealer for details. [11] Based on 2019 EPA-estimated 14 city/22 highway mpg with available 5.7L HEMI V8 engine and 8-speed transmission on R/T model. Actual mileage may vary. [12] Always look before proceeding. Electronic drive aid is not a substitute for conscientious driving. Always be aware of your surroundings. [13] Always check visually for vehicles prior to changing lanes. [14] Adaptive Cruise Control is a driver convenience system, not a substitute for active driver involvement. The driver must remain aware of traffic conditions and be prepared to use the brakes to avoid collisions. [15] This system is an alert system for the front of the vehicle. It is not a substitute for active driver involvement. The driver must remain aware of traffic conditions and be prepared to use the brakes to avoid collisions. [16] Always drive carefully, consistent with conditions. Always wear your seat belt and obey traffic laws. [17] This system is a driver convenience system, not a substitute for active driver involvement. The driver must remain aware of traffic conditions and maintain control of the vehicle. [18] Vehicle must be registered with SiriusXM Guardian and fulfill minimum subscription requirements. [19] Properly secure all cargo. [20] Mounts to Removable Roof Rack Kit or production Integrated Roof Rail Crossbars, depending on vehicle application. [21] Mopar Performance Parts are sold "as is" unless otherwise noted. [22] Always sit properly with the head restraint properly adjusted. Never place anything in front of the head restraint. [23] Always sit properly in designated seating positions with seat belts securely fastened at all times. [24] Vehicle must be locked and system activated for alarm to sound. [25] Visit [Mopar.com](http://Mopar.com) for complete details and a copy of the 5-Year/60,000-Mile Powertrain Limited Warranty.
