

*STUDEBAKER PRESENTS*

*The Gran Turismo HAWK*

A distinctive new sports classic, The Gran Turismo Hawk by Studebaker is a rarity among the most distinguished automobiles of the world. From the gleaming expanse of hood through the smallest handcrafted detail, The Gran Turismo Hawk is the luxurious embodiment of roadability and driving ease...a boldly dramatic automobile

designed in the meticulous tradition of the great European road cars. Yet, it is a unique and important characteristic of The Gran Turismo Hawk that it also offers the generous roominess, special comforts and mechanical conveniences which experience has demonstrated are desirable to the discerning American motorist.

Full 120" wheelbase, Thunderbolt V-8 OHV engine for sports car response. Standard 3-speed transmission—optional overdrive, floor-mounted 4-speed gearbox or automatic transmission.

Exclusive variable-rate front coil springs and anti-sway bar; precision steering; asymmetrically mounted rear springs and high capacity, direct action telescopic shock absorbers; finned-drum brakes.

Exceptionally luxurious, true Gran Turismo interiors with full five-passenger capacity; sports cartype bucket seats forward or optional front reclining seats; fold-away arm rest for rear passengers.

Exquisite detail in all appointments. Deep carpeting; luxury-padded safety dash; recessed instrumentation; optional padded sun visors. Rich vinyl upholstery, deeply foam padded.

Among the long list of The Gran Turismo Hawk options available for your additional driving pleasure are the Hill Holder, Twin Traction differential, power brakes, power steering and air conditioning.

YOUR STUDEBAKER DEALER INVITES YOUR INSPECTION. IT WILL REVEAL THE GRAN TURISMO HAWK AS AN EXCITING AND SATISFYING AUTOMOBILE.

The luxurious true Gran Turismo interior is designed to provide maximum passenger comfort even through protracted periods of high speed touring. The full 120 inch wheelbase makes possible exceedingly generous seating room for all passengers, while the bucket seats and console forward, and the let-down arm rest in the rear, provide additional body support to make travel a completely relaxing experience. Naturally, in so fine a car, upholstery trim and carpeting are all of the finest quality, meticulously hand-fitted and finished by master craftsmen.

Rich walnut-grained control panel combines unique concave shape and direct reading sports type instrumentation to provide driver with full, instant information. Tachometer and electronically calibrated clock are optional equipment.

Foam-padded between-seat front console with ash tray houses handy receptacle for road maps, cigarettes, sunglasses and other personal effects. The short, straight control stick for the optional 4-speed gearbox is designed and positioned for easiest, smoothest shifting. Reminder gear progression diagram on knob.

## The Gran Turismo HAWK by STUDEBAKER

### DIMENSIONS AND WEIGHTS

Overall length	204"
