MOTOR TREND
CAR OF THE YEAR

"WHEN YOU CAN
WIN OVER
ATTITUDES LIKE
OURS WITH A CAR
LIKE THIS, IT'S GOT
TO BE GOOD. THIS
ONE IS TERRIFIC."

--MOTOR TREND

A winning
new standard
for luxury
touring.

Every year *Motor Trend* Magazine bestows its coveted "Car of the Year" award on one new automobile that stands above all others. Not surprisingly, in the history of this award, Chevrolet has been a winner more times than any other automaker.

This year, the honors go to the Chevrolet Caprice Classic LTZ.

There have been luxury touring automobiles before. Even full-size V8 sedans with sport

suspensions and advanced technology. But none like this. The LTZ Sedan takes all of the excellence of the dramatically new Caprice Classic, and adds emphasis.

At the heart of LTZ is a specifically tuned suspension. The excellent control and response are the result of careful calibration of shocks, springs and front and rear stabilizer bars, teamed with P235/70VR-15 Goodyear Eagle GT+4 tires and a heavy-duty frame.

Caprice Classic LTZ Sedan, shown above. Caprice Classic LTZ interior with optional leather seating surfaces, above right.

The standard 5.0 Liter V8 engine with four-speed automatic transmission responds with the smoothness and torque that remain the unique province of a large-displacement V8. A 3.23 ratio limited-slip axle helps provide brisk off-the-line performance and quiet, economical highway cruising (EPA est. 17 MPG City/26 MPG Highway). The advanced technology includes a driver's-side air bag, safety cage construction and four-wheel anti-lock brakes.

Inside, there's seating for six, with either rich cloth or optional leather seating surfaces. LTZ exclusives include a leather-wrapped steering wheel, and a special gage cluster with digital speedometer, analog tachometer, oil pressure gage and voltmeter.

The Caprice Classic LTZ is a pleasure to drive. It is absolutely refined. It is responsive and quiet, with the poise and confidence once associated only with the highest-priced cars.

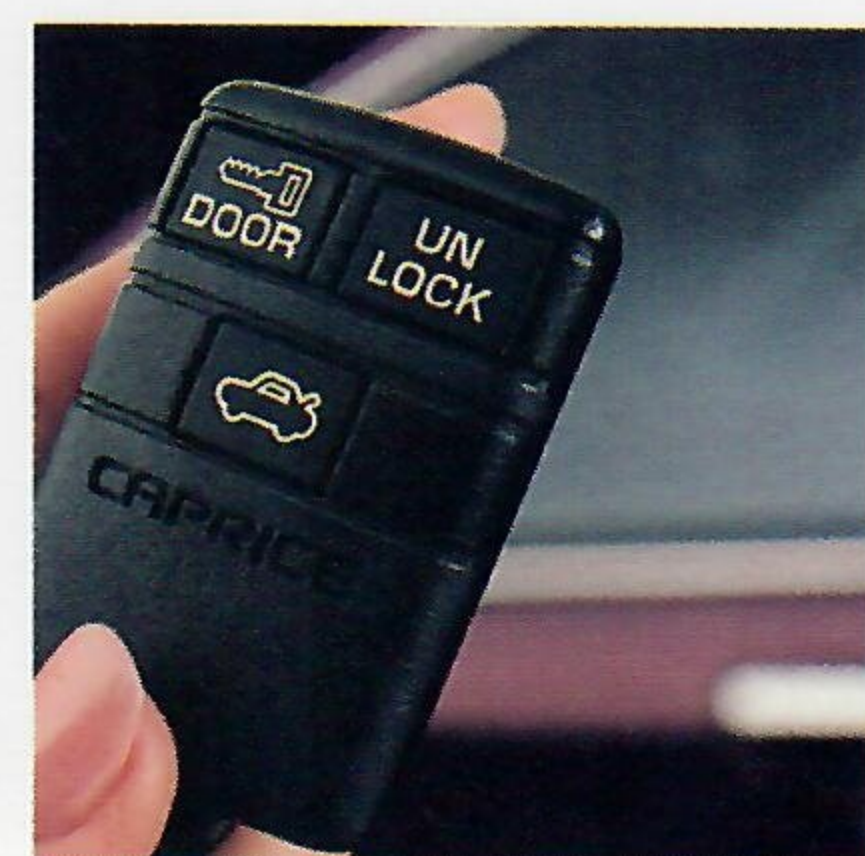

"...a new benchmark in a high-quality performance-oriented family sedan, destined to be an important car on the American scene."

--MOTOR TREND

CAPRICE CLASSIC LTZ

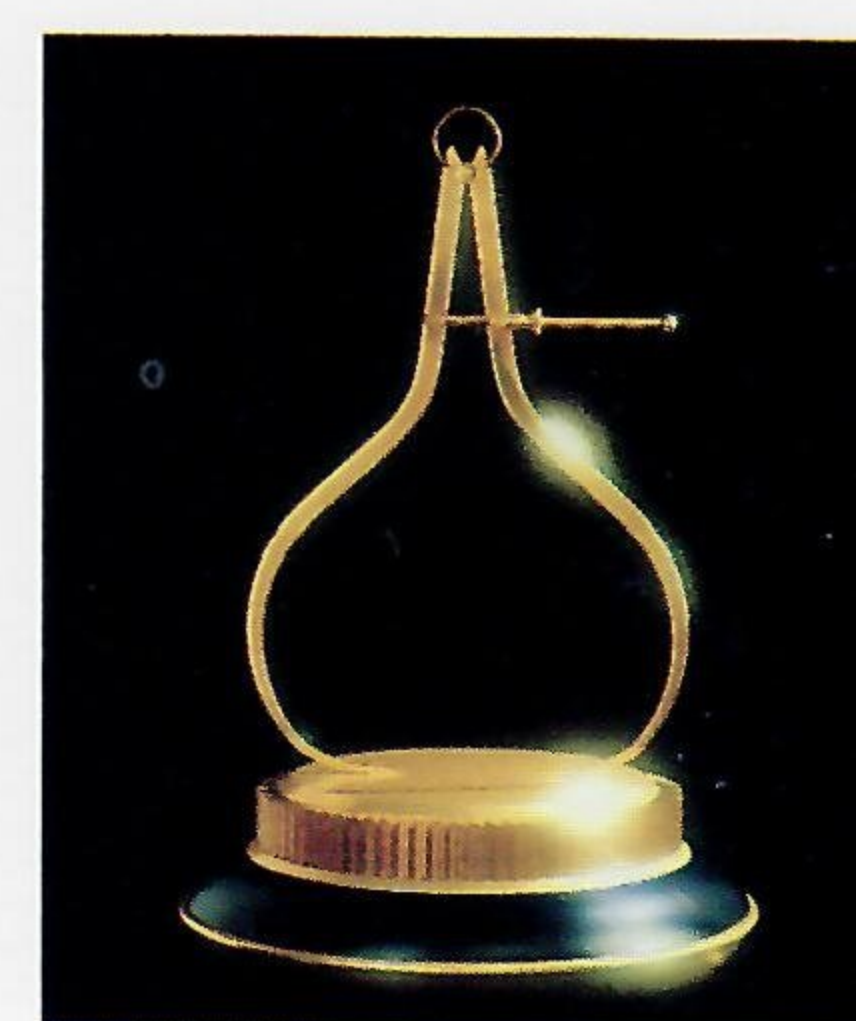

LTZ instrumentation includes a digital speedometer, analog tachometer, voltmeter and oil pressure gage. Warning lamps for low-fuel, low-oil, low-coolant and low-windshield-washer fluid levels are also featured.

Standard Keyless Entry allows you to lock or unlock your doors, and unlock your trunk, from up to 30 feet away.

Optional dual heated electronic remote-control mirrors stay clear at the touch of the rear defogger switch.

Chevrolet has won Motor Trend's "Car of the Year" award nine times, more than any other automaker.

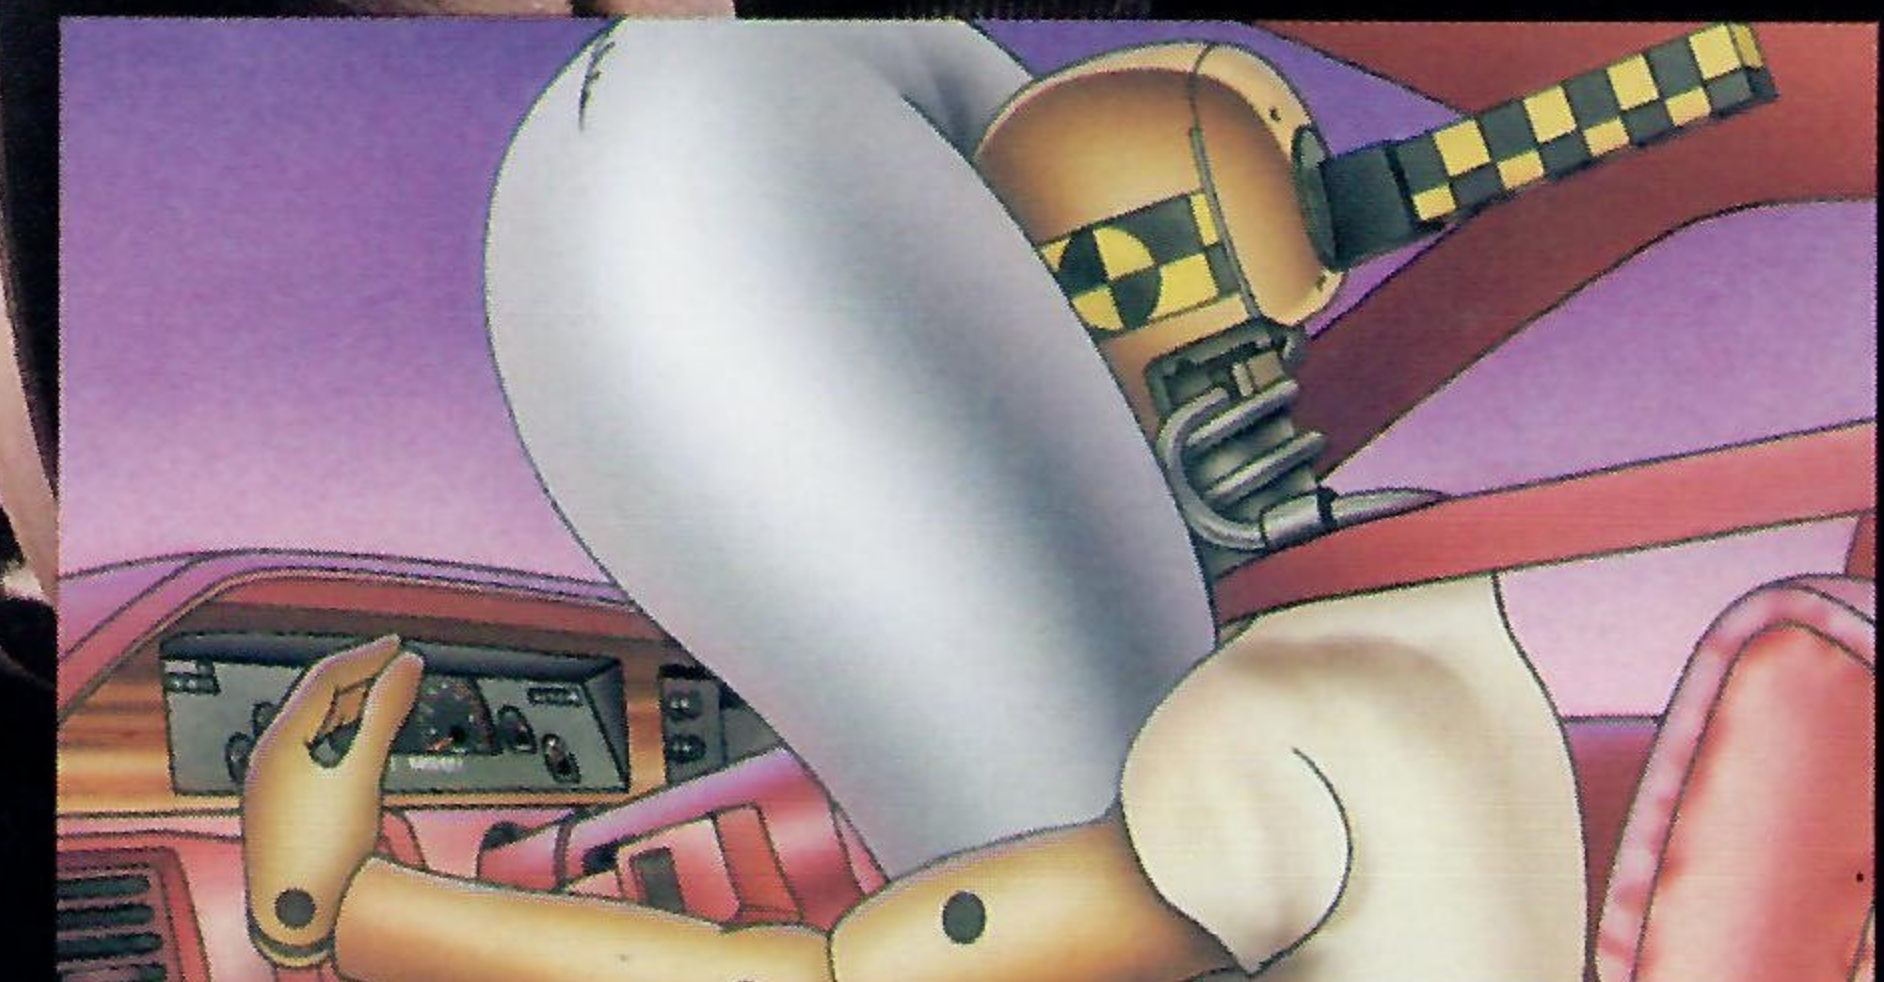

CAPRICE CLASSIC LTZ

At the heart of LTZ: a Special Sport Suspension with specific-rate coil springs, tuned shock absorbers, front and rear stabilizer bars and P235/70VR-15 Goodyear Eagle GT+4 performance tires.

An advanced four-wheel anti-lock brake system (ABS) is standard on Caprice Classic LTZ. ABS reduces the chance of wheel lockup during braking and is designed to help you maintain steering control even in a panic stop in rain, on snow or on ice.

A driver's-side air bag is standard in every 1991 Caprice. The air bag is an inflatable supplemental restraint system that is concealed in the steering wheel hub until it is activated by a moderate to severe frontal collision. For maximum protection in frontal and all other collisions, the driver and all passengers should be properly restrained with safety belts.

STANDARD FEATURES

CAPRICE LTZ

The Caprice Classic LTZ Sedan features all of the following Caprice Classic equipment:

- 5.0 Liter V8 engine with Electronic Fuel Injection
- 4-speed automatic overdrive transmission
- 15" x 7" aluminum wheels
