ENVOY SLT AND ENVOY XL SLT SHOWN IN PEWTER METALLIC.

Envoy and Envoy XL encompass the Professional Grade qualities of a GMC[®] SUV with extraordinary comfort. These versatile vehicles have unsurpassed standard horsepower in their class, thanks to a 275-hp Vortec[™] 4200 engine.* New for 2003, Envoy XL offers even more power with the available 290-hp Vortec 5300 V8 engine. Fully 16 inches longer than the five-passenger Envoy, XL affords third-row seating for two 6'2" adults without sacrificing legroom. 4WD models with Autotrac[®] help maintain traction off-road or on slippery surfaces. Nearly 100 years of imagination and experience help propel Envoy into the next generation of SUVs.

*Based on latest available competitive data. Excludes other GM vehicles.

1 Manufacturer's Suggested Retail Price for GM vehicles as of 7/11/02. Includes \$625 Destination freight charge. Tax, title, license and optional equipment are extra. 2 Maximum payload capacity includes weight of driver, passengers, optional equipment and cargo. 3 Calculated without rear seat. 4 Maximum trailer weight ratings are calculated assuming a base vehicle, except for any option(s) necessary to achieve the rating, plus driver. The weight of other optional equipment, passengers and cargo will reduce the maximum trailer weight your vehicle can tow. See your GMC dealer for additional details. 5 Always use safety belts and proper child restraints, even with air bags. Children are safer when properly secured in a rear seat. See the Owner's Manual for more safety information. 6 OnStar services require electrical system and analog wireless service to be available and operating for features to function properly. Visit www.onstar.com or call 1-888-ONSTAR-7 (1-888-667-8277) for system limitations and details. 7 Available at an extra charge. Bose is a registered trademark of Bose Corp.
