

# 1996 Chevrolet Cavalier

# Cavalier For 1996. *It's All You Need.*

The 1996 Chevrolet Cavalier is the thoughtfully engineered car you've been waiting for. The style is sleek, the feature list is long and the quality is impressive.

Reviews from consumer publications have been outstanding, ranking Cavalier ahead of such competitors as Honda Civic and Nissan Sentra. A "Best Buy," declares *Consumers Digest*. And Cavalier has earned *MotorWeek's* prestigious "Drivers' Choice Award" for America's "Best Small Car."\*

Cavalier is designed with safety in mind. In fact, Cavalier is one of the most affordable cars you can buy with both a four-wheel anti-lock brake system (ABS) and dual air bags, standard.

Just as important, Cavalier is designed to last a long time. Protection against corrosion is unsurpassed, and by the time it needs its first tune-up (100,000 miles)<sup>†</sup>, your children might be driving it.

The 1996 model line includes a roomy Sedan, sporty Coupe, a high-performance Z24 Coupe, and a really fun Convertible.

Cavalier is a car you can love, at a price you can afford. That's what Genuine Chevrolet is all about.

\*Reviews of 1995 models.

†Maintenance needs vary with different uses and conditions. See your owner's manual for more information.

From left to right: LS Convertible in Bright Red, Z24 Coupe in Bright Aqua Metallic, LS Sedan in Cayenne Red Metallic and Coupe in Medium Bright Blue Metallic. Some optional equipment shown.

# Cavalier Sedan. *A New Standard Of Affordable Excellence.*

Cavalier Sedan is everything you want in a small car. The look is contemporary and sleek. The performance of its standard 2.2 Liter engine is smooth and strong.

And Cavalier is easy to maneuver and park.

Design features include a long 104.1-inch wheelbase, a wide stance, and a body structure with exceptional rigidity. The benefit to you is impressive room for five passengers, a confident feel on the road, and a wonderfully quiet ride.

Cavalier LS Sedan in Cayenne Red Metallic.

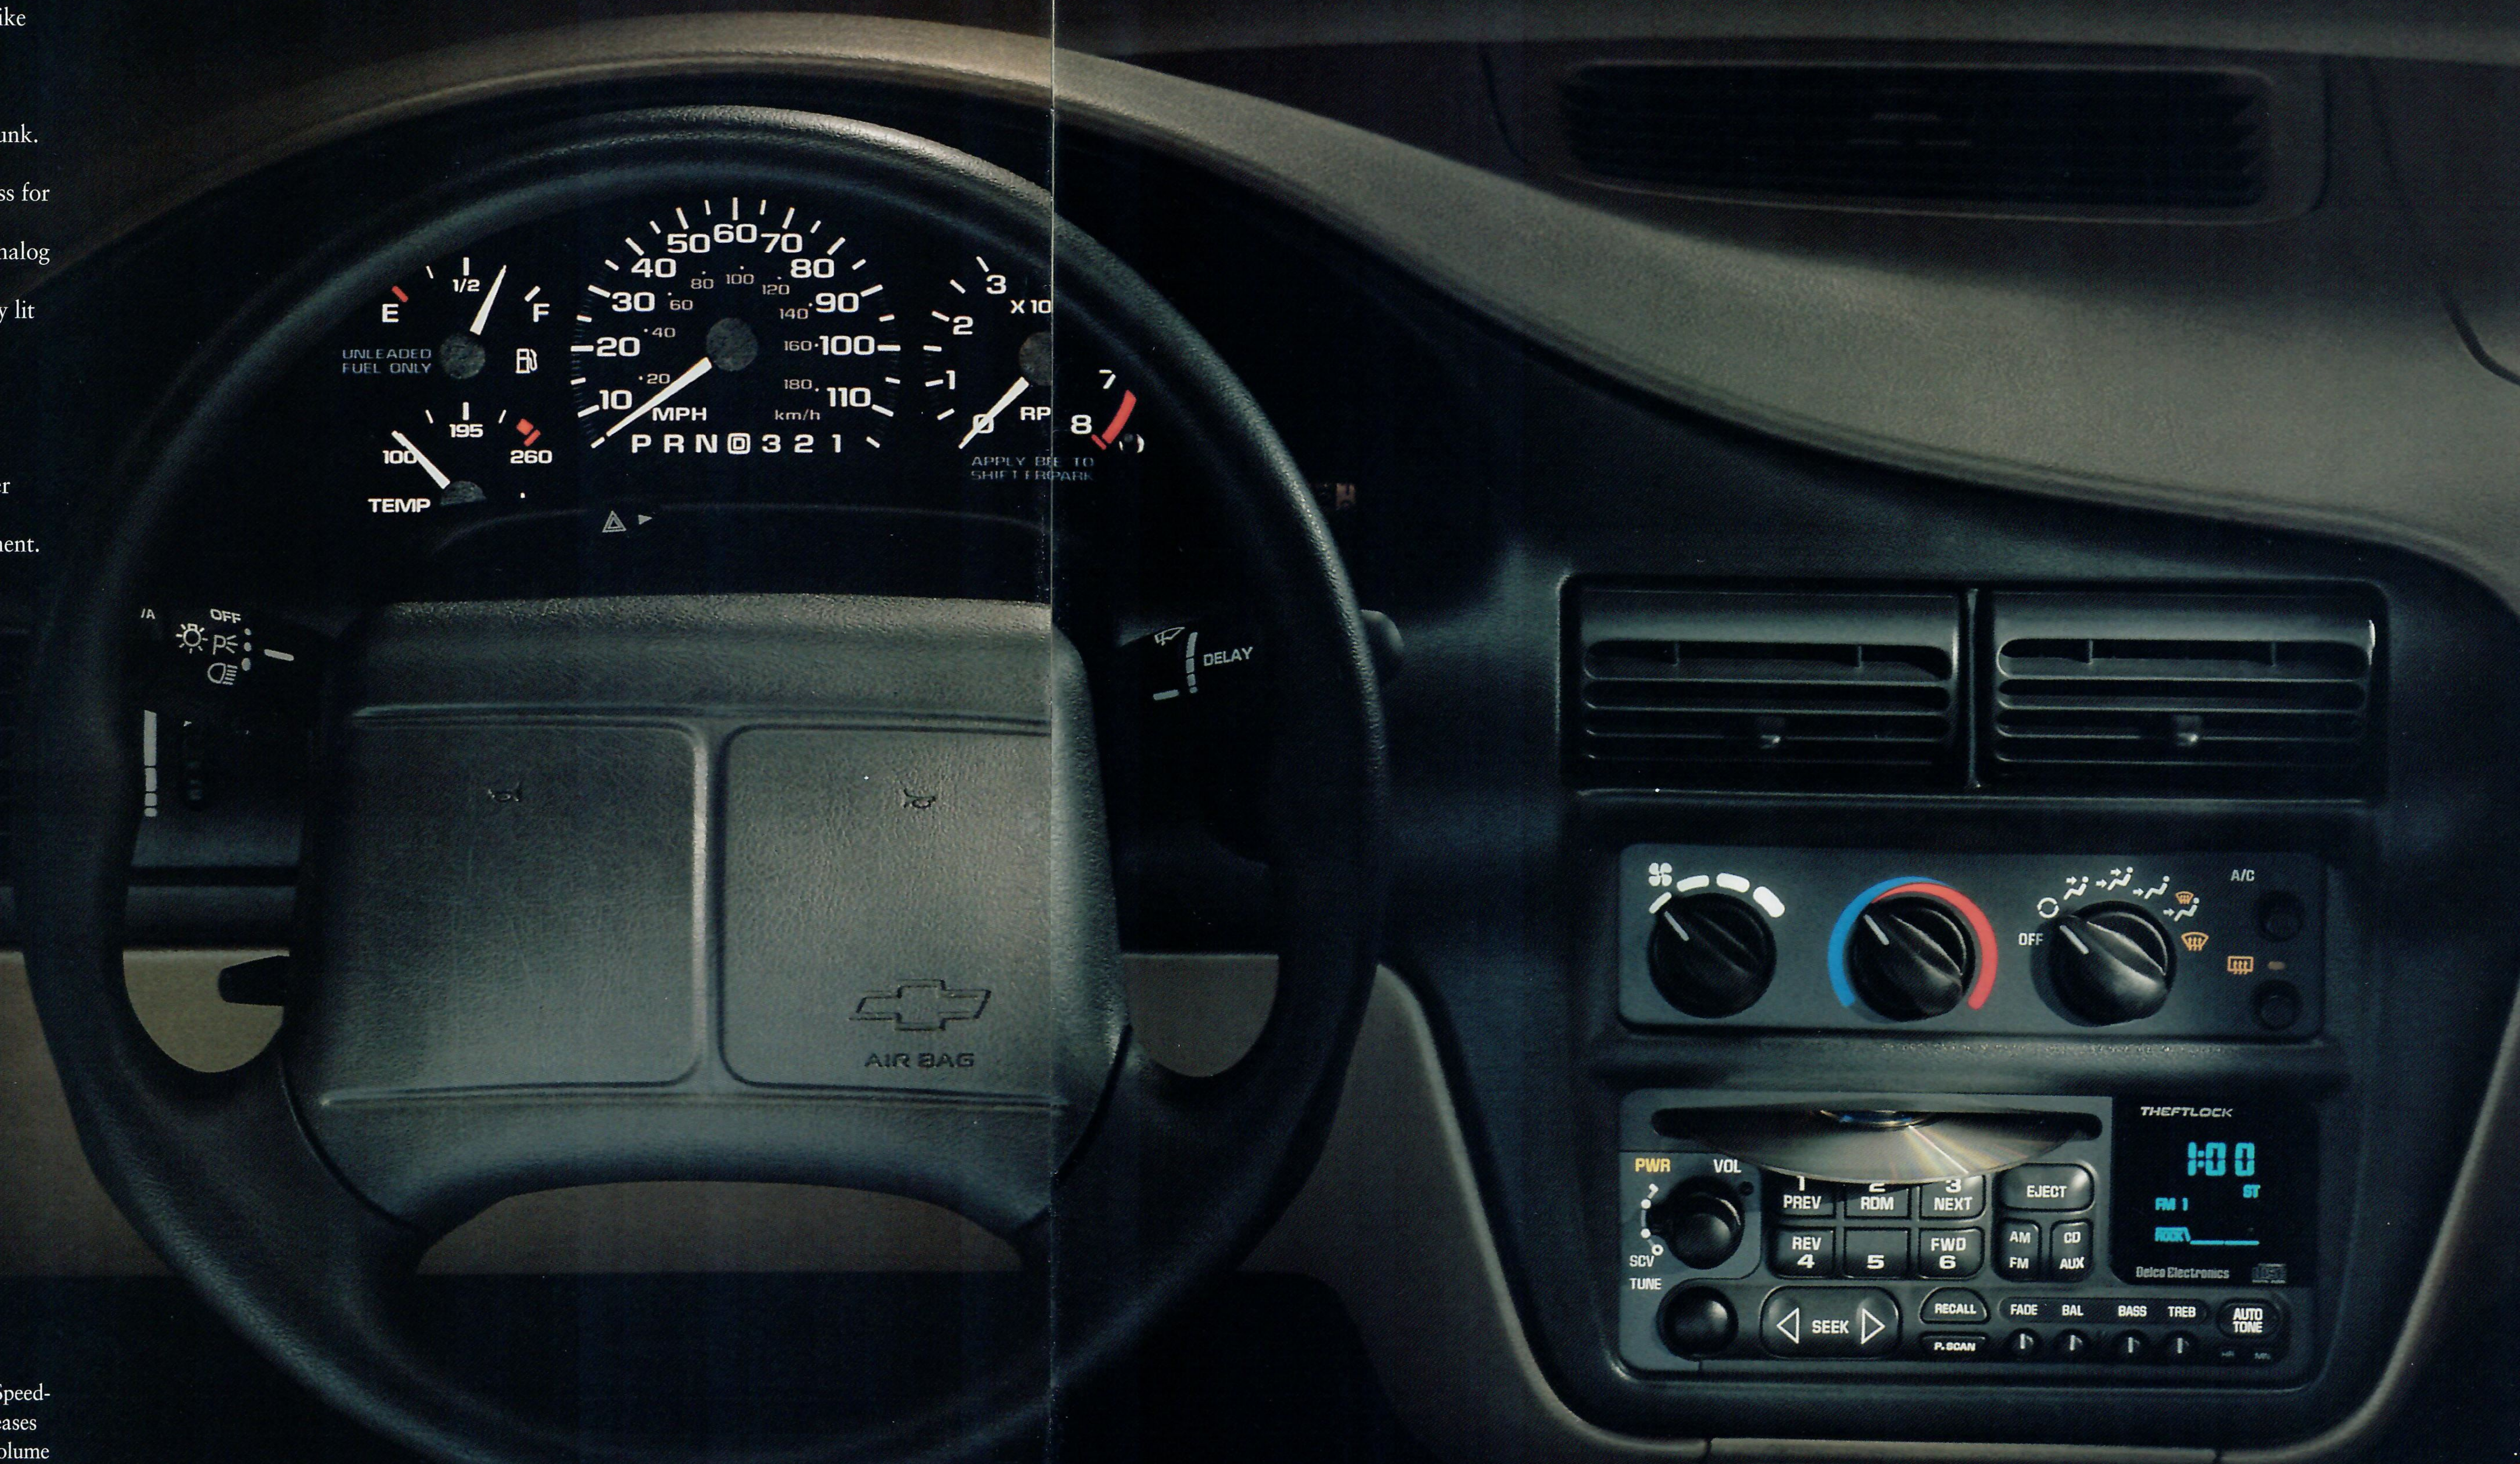

# Everything Is Right Where You Want It.

In the 1996 Cavalier, it's the little things that you'll appreciate every day. Things like a single reversible key that starts the car, and locks or unlocks all doors and the trunk. Low-gloss interior finishes and tinted glass for all windows keep glare to a minimum. Analog instrumentation is easy to read, and softly lit to enhance nighttime visibility.

Standard conveniences include cup holders, in-door storage bins, and a center console with a covered storage compartment.

Cavalier LS instrument panel in Neutral with optional AM/FM stereo with CD player. This new Delco Electronics sound system features Speed-Compensated Volume (as the car's speed increases and outside noise becomes louder, the radio volume increases), coaxial speakers, and Automatic Tone Control, which tailors equalization to the type of music or voice being heard (classical, news, rock/country, pop or jazz). Other options shown.

# Cavalier Seats Five In Comfort.

With Cavalier, you can choose from an LS Sport Cloth trim (shown here), or the standard cloth shown on pages 12–13. Either way, you'll enjoy a spacious 5-passenger interior and the added versatility of a standard folding rear seat with a trunk pass-through feature.

The Cavalier interior is beautiful — and it is designed to stay that way with standard Scotchgard™ Protector on seat fabrics and door trim. It's an exclusive Chevrolet value feature.

Cavalier LS Sedan interior in Neutral. LS features include air conditioning, AM/FM stereo and tachometer. Some optional equipment shown.

# The Really Cool, Really Affordable Coupe.

It's OK to want a really cool car.

Especially when it's as easy to own as the  
1996 Cavalier Coupe.

Cavalier Coupe is one of the sleekest  
shapes on the road. And, best of all, Cavalier  
Coupe comes equipped with loads of standard  
features, including dual air bags, a four-wheel  
anti-lock brake system (ABS), and a 120-hp  
2.2 Liter engine with Sequential Fuel Injection.

For just a little extra, you can select the  
optional Exterior Appearance Package, which  
includes 15" Touring tires and full wheel  
covers, body-color bumpers and body-side  
moldings. It's a cool look for a cool car.

Cavalier Coupe in Bright Aqua Metallic  
with the optional Exterior Appearance Package.

# Enjoy The Comfort Of Body-Hugging Buckets.

We tested literally dozens of designs

before selecting the seats for your new Cavalier.

As a result of our efforts, Cavalier is a great place to spend an hour or a day.

These seats feature contoured side bolsters, full foam cushioning, adjustable head restraints, and manual four-way adjusters.

And because you want your new Cavalier to stay as beautiful as the day you bought it, all seat fabrics and door trim panels are treated with Scotchgard™ Protector.

Cavalier Coupe interior in Medium Gray. A folding rear seat with a trunk pass-through feature is standard in all Coupes and Sedans. Some optional equipment shown.

# Cavalier Quality Goes The Distance.

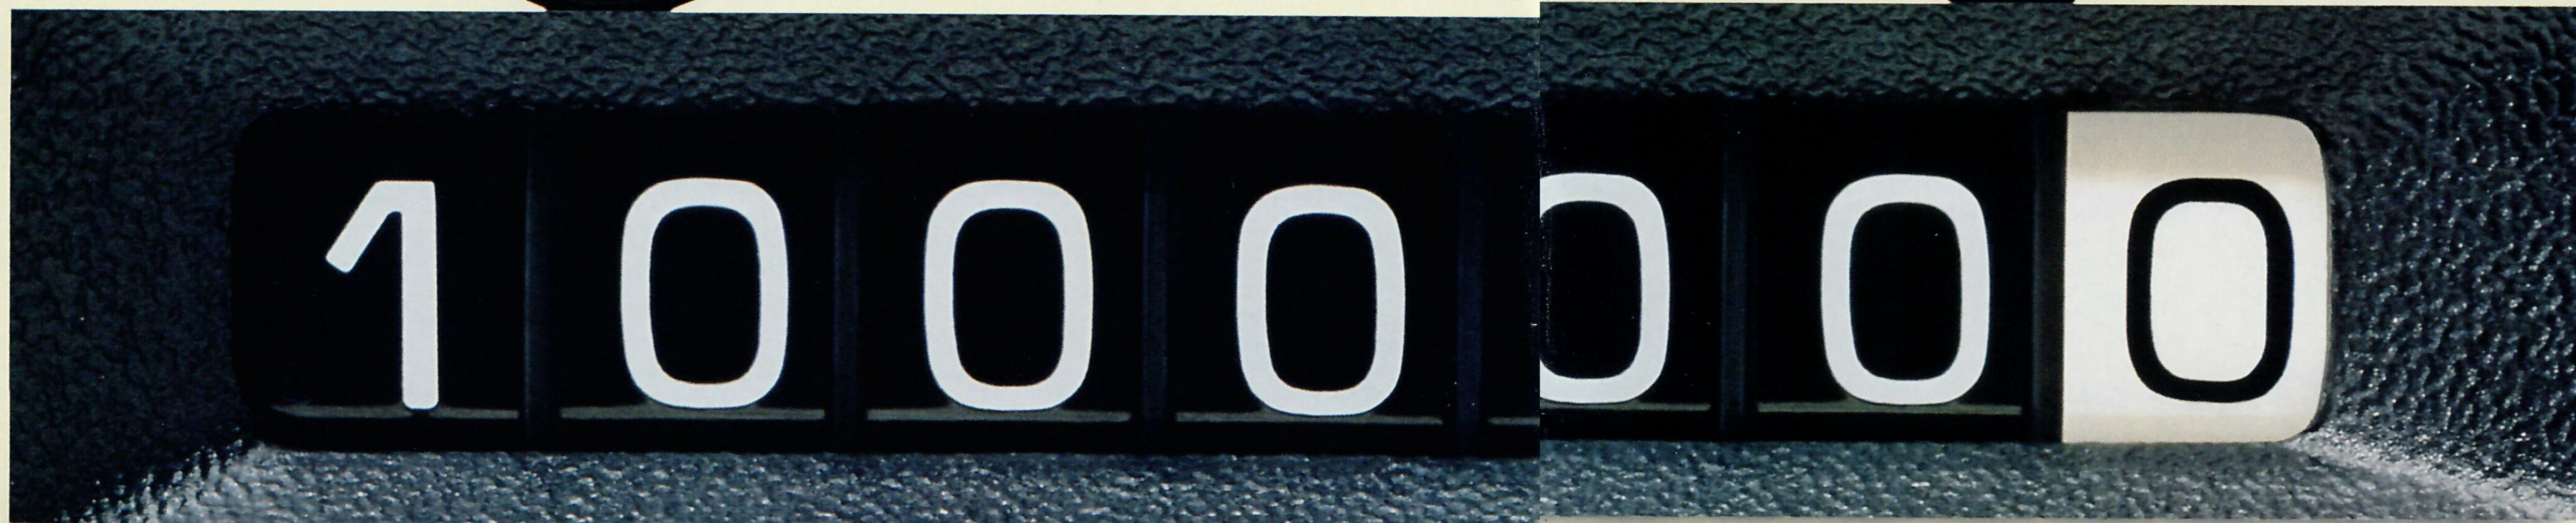

Quality over time is the true measure of automotive value, and the 1996 Cavalier is designed to go the distance.

In a Cavalier, you can travel up to 100,000 miles before the first scheduled tune-up; and under normal driving conditions, the automatic transmission fluid should never need changing.

All Cavalier body panels except the roof are constructed of rust-resistant two-side-galvanized steel. This rust-fighting technology is so advanced that the body of every Cavalier is warranted for rust-through protection for 6 years or 100,000 miles, whichever comes first. See your Chevrolet dealer for more information on this limited warranty.

\*Maintenance needs vary with different uses and conditions. See your owner's manual for more information.

### **The 100,000-Mile Tune-Up**

Cavalier lets you travel up to 100,000 miles before the first scheduled tune-up.\*

### **Long-Life Engine Coolant**

The recommended service change interval is 100,000 miles or 5 years, whichever comes first. This extended service interval is another reason Cavalier is so easy to own.

### **Computerized Engine Timing**

Say good-bye to traditional engine timing adjustments, thanks to Cavalier's direct-fire ignition system.

### **On-Board Diagnostics II Makes Service Easier**

OBD II — a new standard feature on every 1996 Chevrolet — constantly monitors the emissions system, and is able to detect a problem before it can seriously affect vehicle performance.

### **Stainless-Steel Exhaust**

A standard stainless-steel exhaust system (with aluminized muffler and tailpipe) is designed to resist corrosion.

### **Two-Side-Galvanized Steel**

This corrosion-resistant steel is used for all body panels except the roof (where it is not needed). With this type of steel, the zinc coating actually eliminates surface rust on the outside due to minor scratches, and helps prevent holes which start from the inside.

### **Base-Coat/Clear-Coat Paint**

The 1996 Cavalier features base-coat/clear-coat paint that not only provides a more durable, lustrous finish, but also reduces the severity of water-spotting and etching from acid rain.

# Thoughtful Engineering Is Everywhere You Look.

## **A Solid, Strong Foundation**

Rigid, unitized body/frame construction helps make Cavalier strong and quiet. This foundation is an important reason why Cavalier has an exceptionally smooth ride, and feels so solid, stable and well-built.

## **More Trunk Space Than Honda Accord**

A large 13.6-cu.-ft. trunk is an important reason why Cavalier Sedan is so popular with so many families.

## **Remote Keyless Entry**

A new option that allows you to lock or unlock doors, and unlock the trunk from up to 30 feet away.

## **Convenience Features**

Standard interior convenience features include cup holders, in-door storage bins and a center console.

## **Full-Foam Contour Seats with Scotchgard™ Fabric Protector**

Scotchgard™ Fabric Protector, on cloth seats and door trim, is standard for easy cleanup and soil resistance.

## **Dual Air Bags**

Standard on all models. Air bags supplement the lap/shoulder safety belt system to help restrain the driver and front passenger in the event of a moderate to severe frontal impact. Always wear safety belts, even with air bags.

## **2.2 Liter Engine**

This standard 4-cylinder engine delivers 120 hp at 5200 rpm. Features include Sequential Fuel Injection, for excellent driveability, and a single belt accessory drive designed to never need adjustment.

## **4-Speed Automatic Transmission**

An electronically controlled 4-speed automatic transmission is a new option (standard on LS Sedan and Convertible). The benefit to you is low engine speed at highway speeds, excellent acceleration, and computerized shift control for precise, virtually undetectable shifting.

## **5-MPH Bumpers**

Impact-absorbing front and rear bumpers exceed Federal requirements and feature resilient covers, to resist minor dings and dents.

## **New-Generation Stereo Sound**

Features of the optional, uplevel AM/FM stereo (with cassette tape player or CD player) include:

- Delco-Loc II theft-deterrent system
- Speed-Compensated Volume (as the car's speed increases, radio volume increases)
- Automatic Tone Control, which tailors equalization to the type of program being heard.

## **Theatre Lighting**

Nighttime theatre lighting is another unexpected convenience feature. The interior dome light starts out bright when you get in the car, then gradually dims as you prepare to drive away.

## **Four-Wheel ABS**

A four-wheel anti-lock brake system is standard on every 1996 Cavalier. This important safety feature is an expensive option in many other small cars.

## **The Technology Of Quiet**

Cavalier's engine floats on a hydraulic mount. This system actually tunes certain engine noises to levels inaudible to the human ear.

## **Breakaway Outside Rearview Mirrors**

These mirrors (standard on all models) are designed to allow realignment when bumped.

## **PassLock Theft-Deterrent**

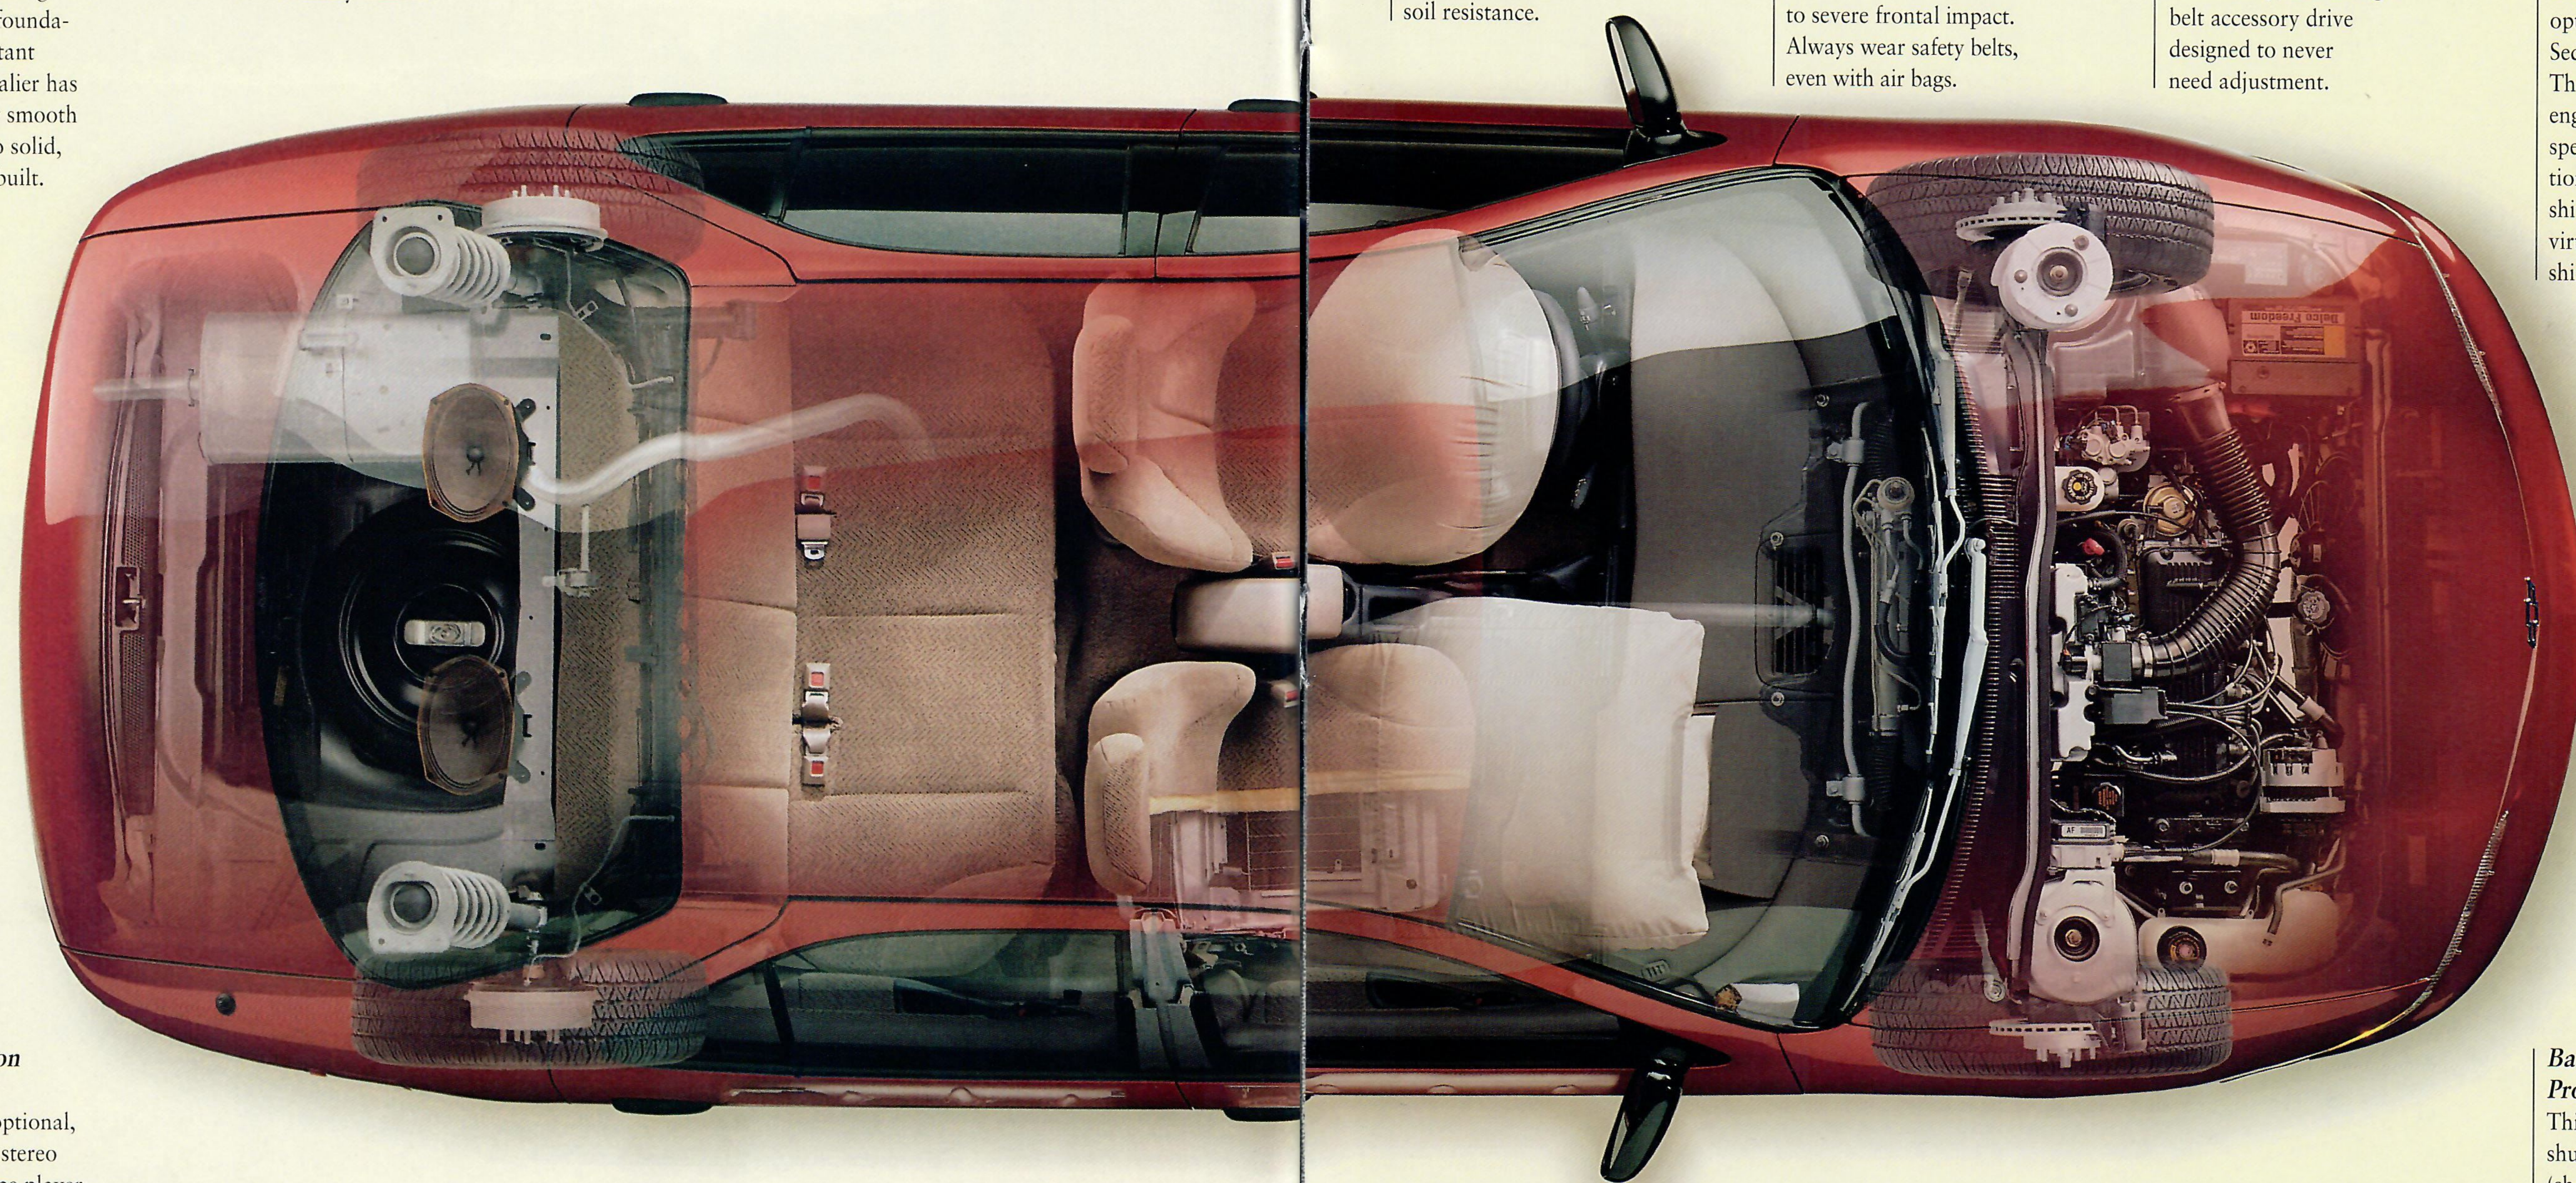

This totally passive theft-deterrent system is standard on every 1996 Cavalier. If an attempt is made to start your car without the proper key, the ignition system is disabled.

## **Front-Wheel Drive**

The combination of front-wheel drive and all-season tires helps provide excellent traction and driving stability in the snow. Power steering, standard on all models, makes in-city parking and maneuvering easier.

## **Battery-Run-Down Protection**

This system automatically shuts off interior lights (should you forget to do so) after the car has been sitting with the ignition off for 20 minutes. If your vehicle is left with the ignition off for over 24 days, it cuts power to accessories to help alleviate battery rundown.

## **Traction Control**

New for 1996, and included with the optional 4-speed automatic transmission. Traction Control can help prevent loss of traction on slippery surfaces.

# The Most Standard Safety Features For The Money.

You shouldn't have to buy an expensive car to get all the safety you need. That's why we include a comprehensive safety package in every Cavalier.

For front-seat passengers, Cavalier has dual air bags. In the back, child security rear-door locks on four-door models. And for everyone who drives or rides in a Cavalier,

standard four-wheel anti-lock brakes, a rugged steel safety cage, and an innovative chassis design that helps divert energy away from the passenger compartment in the event of a frontal collision.

## **Dual Air Bags**

Standard dual air bags supplement the lap/shoulder safety belt system by helping to restrain the driver and front passenger in the event of a moderate to severe frontal impact. Remember to always wear safety belts, even with air bags.

## **Automatic Daytime Running Lamps**

With this standard safety feature, headlamps automatically come on at a reduced intensity when you turn on the ignition. This provides improved visibility of your vehicle to other drivers. At night, headlamps operate normally.

## **Energy-Absorbing Crush Zones**

Cavalier features an innovative slotted-rail chassis design that helps absorb energy in a frontal collision. In a severe impact, the front sub-frame is designed to crush at a controlled rate, and the powertrain and front suspension are designed to be displaced, enhancing energy absorption.

## **Safety Belt Child Comfort Guides**

Cavalier is equipped with rear-seat safety belt child comfort guides. These guides make wearing safety belts more comfortable for children who have outgrown available child restraints. Rear outboard safety belts are also designed to accommodate child seats without the use of any add-on hardware or clips.

## **Safety-Cage Construction**

A rugged steel safety cage surrounds the entire passenger compartment, and cross-car beams in the instrument panel, floor and rear compartment help resist side impacts.

## **Four-Wheel ABS**

A standard four-wheel anti-lock brake system (ABS) reduces wheel lockup during emergency braking and is designed to help you maintain steering control, even in a panic stop in rain or snow.

Cavalier Sedan in Bright White.

# Z24. It's Like Nothing You've Ever Driven.

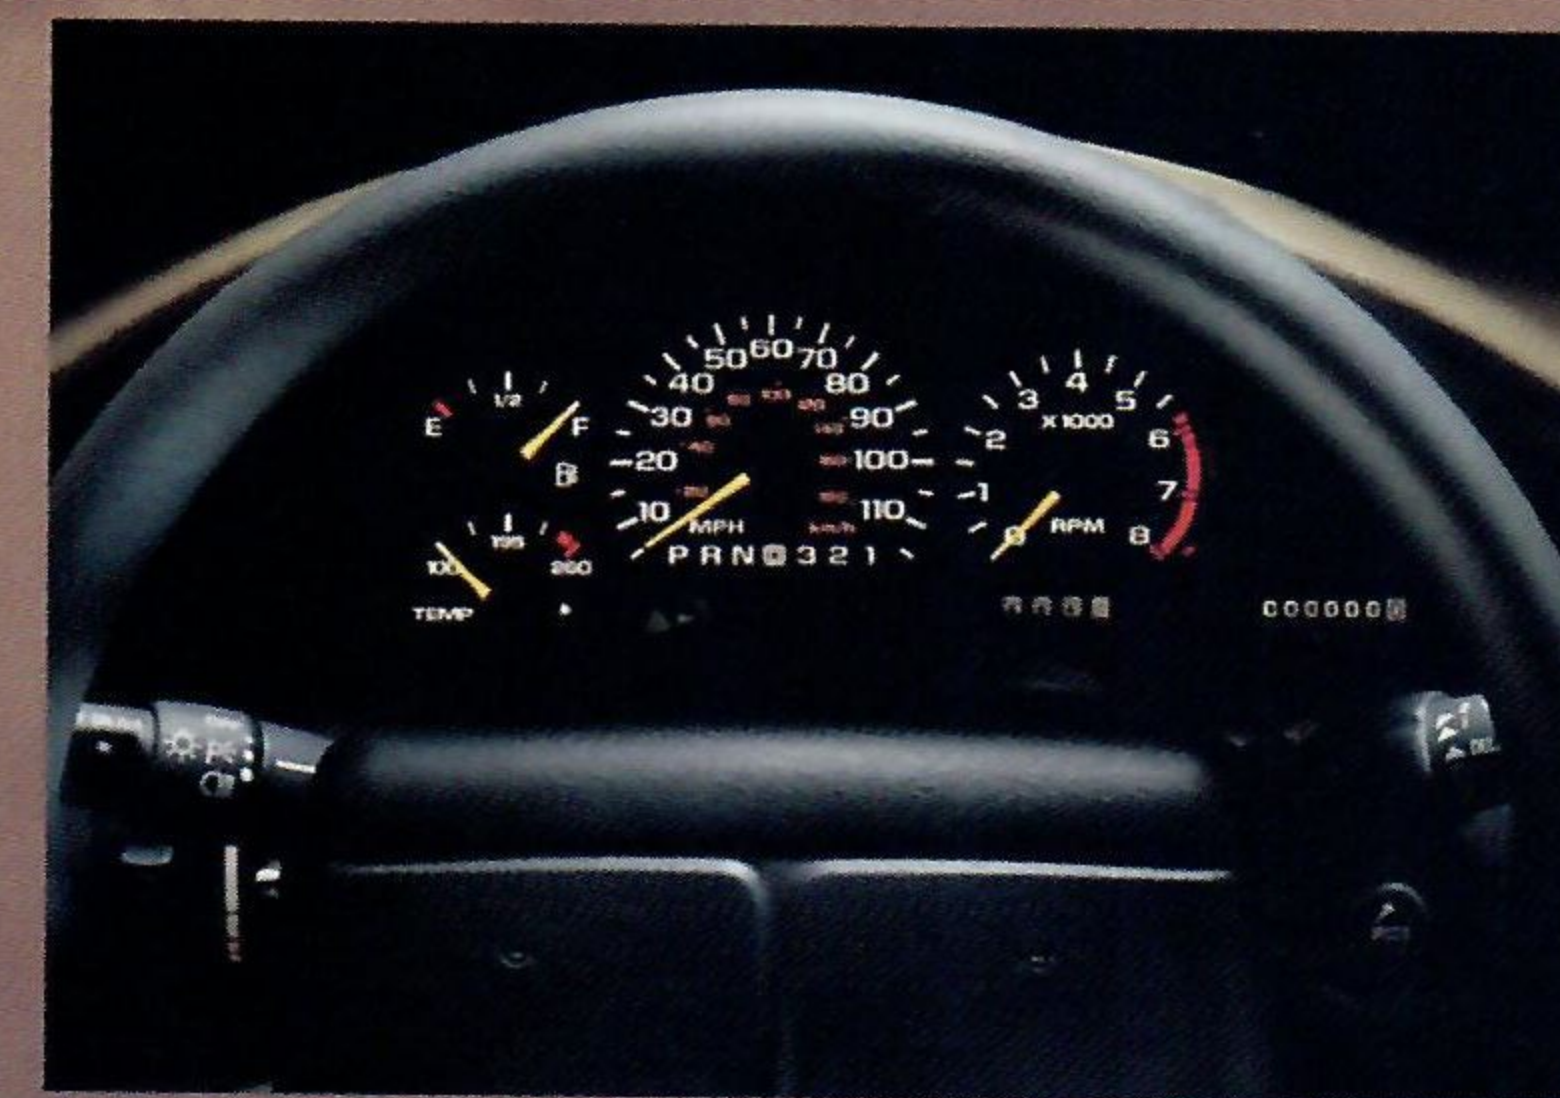

Z24 is the sleek, fun-to-drive sport coupe that rivals far more expensive cars. The exceptionally stiff body structure — combined with a Level II sport suspension and 16" Performance tires — provides a smooth, solid ride and agile response.

A new 150-hp, 2.4 Liter Twin Cam engine — with Sequential Fuel Injection and balance shafts — delivers the smooth and powerful response you expect. This exciting Twin Cam engine is teamed with a precise-shifting 5-speed manual transmission. Optional: an electronically controlled 4-speed automatic with Electronic Traction Control, which helps deliver excellent grip, even on low-traction surfaces.

Now you can have the sport coupe you want, at a price you can afford.

**DOHC Power**  
Z24 is powered by a new 2.4 Liter Twin Cam engine with Sequential Fuel Injection. Advanced design features include dual overhead camshafts and four valves per cylinder.

**Driver's Choice**  
Analog gauges (with tachometer and trip odometer) communicate information at a glance. A Tilt-Wheel™ Adjustable Steering Column is standard on Z24.

Cavalier Z24 Coupe in Green Metallic. Z24 exterior features include sport-styled front and rear fascias, fog lamps, aluminum wheels and rear spoiler.

# Cavalier LS. *What A Convertible Should Be.*

Cavalier LS is the convertible you can love every day, all year long.

Significantly, this five-passenger car has been engineered as a "true convertible" from the ground up, with an exceptionally stiff body structure for a smooth, stable ride.

The power top has a single center latch that lets you move from "top up" to "top down" without ever leaving the driver seat;

and the rear windows go up and down automatically with the top. The top itself has a full headliner to help minimize road noise, and features a durable glass rear window.

Finally, a form-fitting, three-piece boot offers a great top-down appearance.

**No Compromises Here**  
Cavalier LS is a true five-passenger convertible with a wide back seat and a roomy trunk.

**Glass Rear Window**  
The view's great, thanks to a wide glass rear window. An electric rear-window defogger is optional.

Cavalier LS Convertible in Bright Red.

# Genuine Customer Care. You Never Travel Alone.

Your complete satisfaction with your new Chevrolet — from the day you buy it to the day you sell it — is really what it's all about. Genuine Customer Care means we'll be here when you need us, no matter where you are in the U.S.A.

Genuine Customer Care is a comprehensive owner-protection plan that includes the following:

## **Bumper to Bumper Warranty**

The GM 3-year/36,000-mile (whichever comes first) limited warranty

 covers repairs for all 1996 Cavaliers, including labor and parts, to correct any defects in material or workmanship occurring during the warranty period. Warranty features include air conditioning repair, towing and no-cost warranty transfer. There is also emissions-control system coverage, which varies by geographical region.

*There is no deductible.*

The Cavalier body is warranted for rust-through protection for 6 years or 100,000 miles (whichever comes first). Application of additional

rust-inhibiting materials is not required under the corrosion coverage and none is recommended. See your Chevrolet dealer for full terms of this limited warranty.

## **24-Hour Roadside Assistance**

Lost? We'll help you find your way. Locked out? We'll get you back in your car. Out of gas? We'll get you gas. Roadside Assistance is provided through a toll-free number (1-800-CHEV-USA) 24 hours a day, 365 days a year. Roadside Assistance offers two levels of service, *Basic Care* and *Courtesy Care*.

Roadside Basic Care provides:

- Free towing for warranty repairs (to closest dealer)
- Over-the-phone basic technical advice
- Available dealer services at reasonable costs (i.e., wrecker services, locksmith/key service, glass repair, etc.).

Roadside Basic Care covers you for as long as you own your Cavalier.

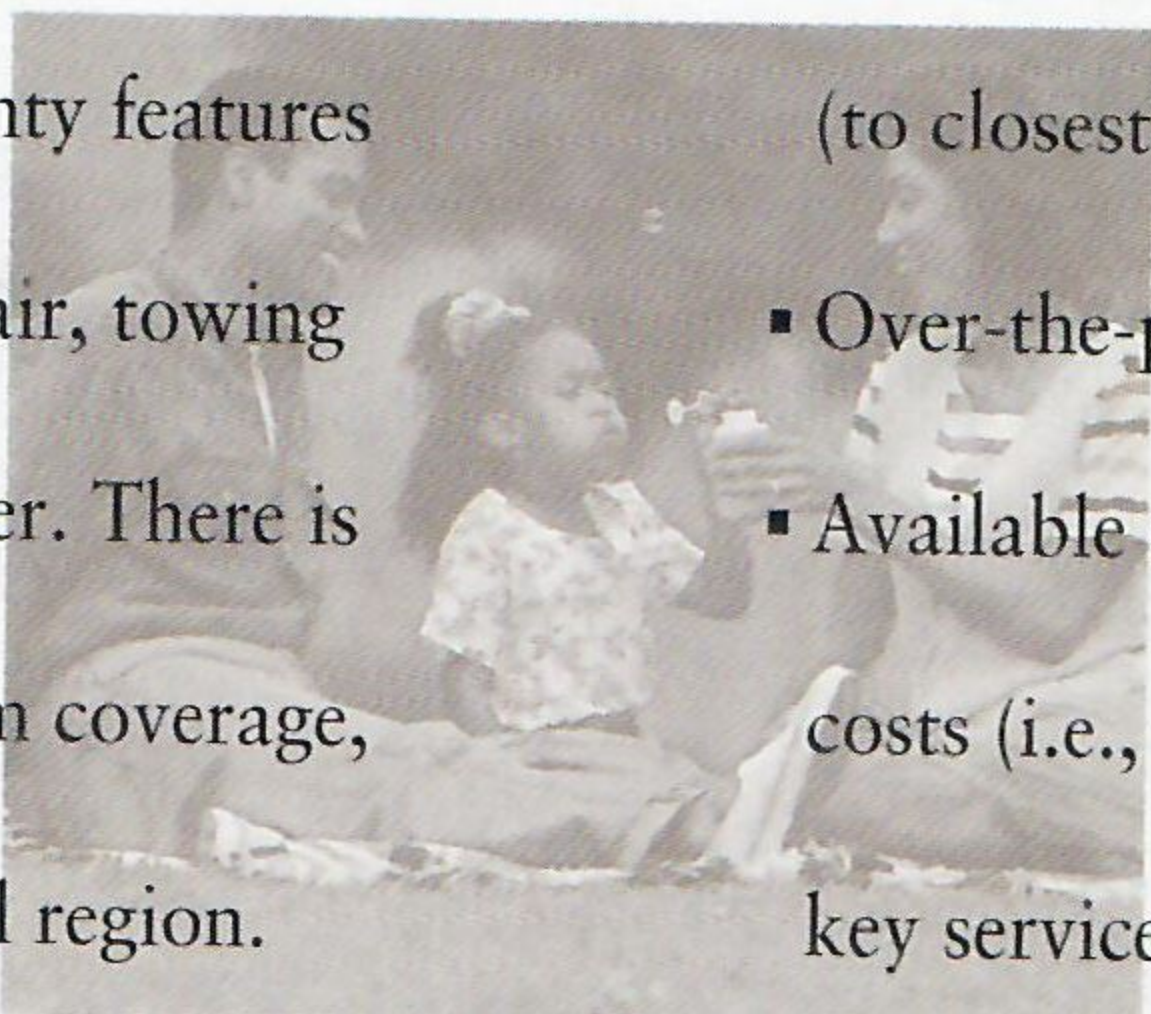

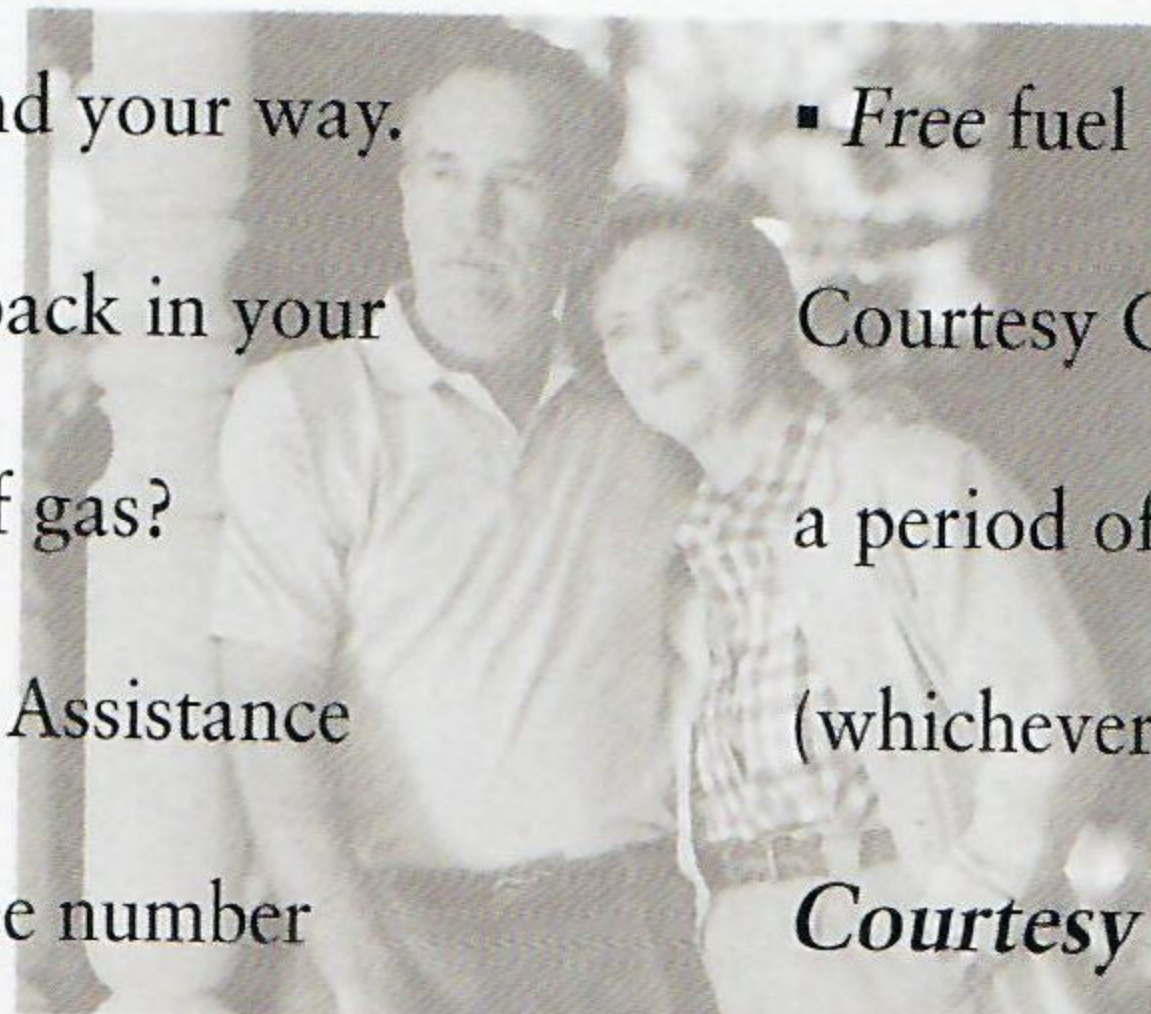

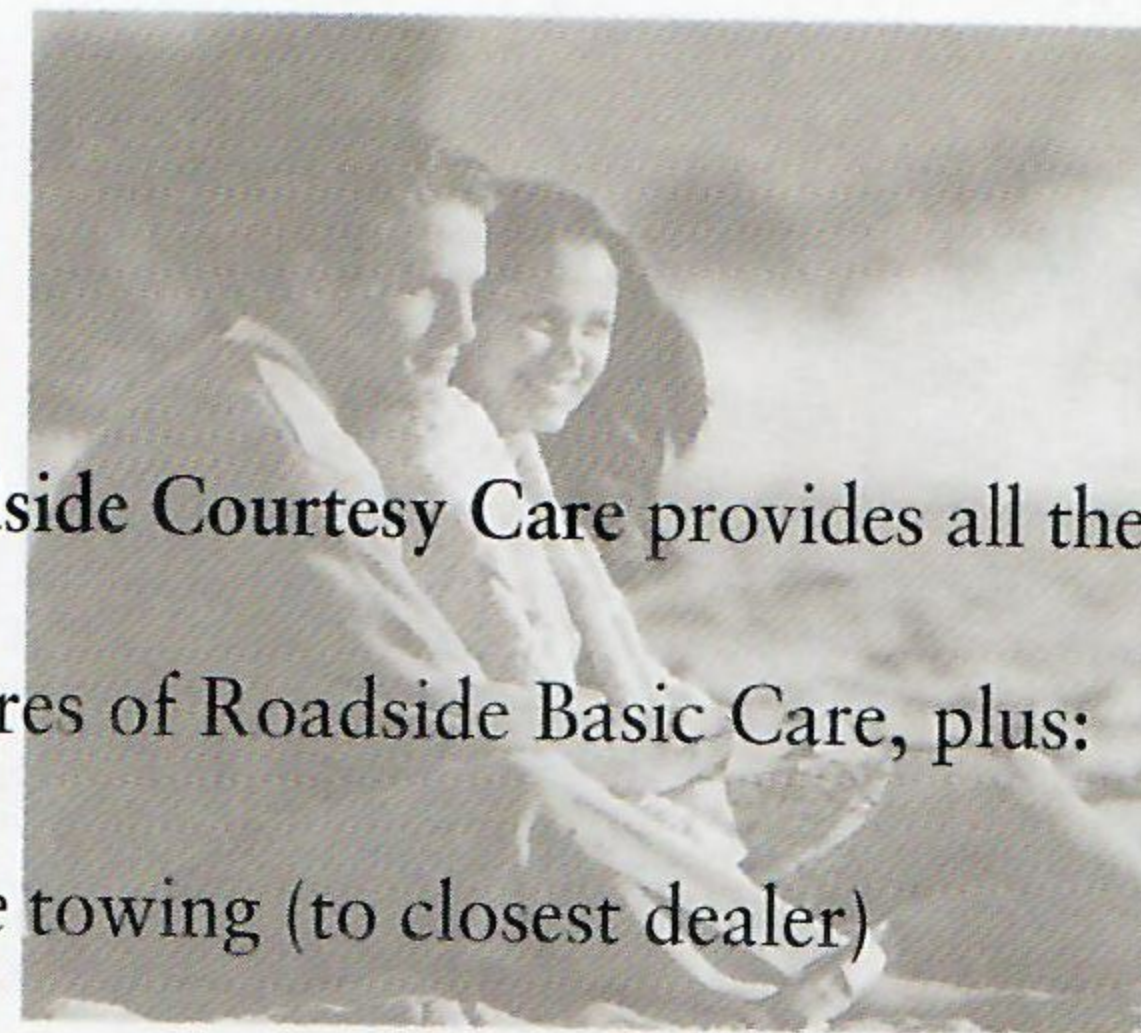

Roadside Courtesy Care provides all the features of Roadside Basic Care, plus:

- Free towing (to closest dealer)
- Free locksmith/key service (when keys are lost on the road or locked inside)
- Free flat tire service and jump start
- Free fuel delivery on the road.

Courtesy Care is available to you for a period of 3 years or 36,000 miles (whichever comes first).

## **Courtesy Transportation**

Customers who purchase or lease a 1996 Cavalier will be able to take advantage of Courtesy Transportation at no additional charge when their vehicles are left at a participating dealership for repairs covered under the 3-year/36,000-mile limited warranty. See your dealer for details.

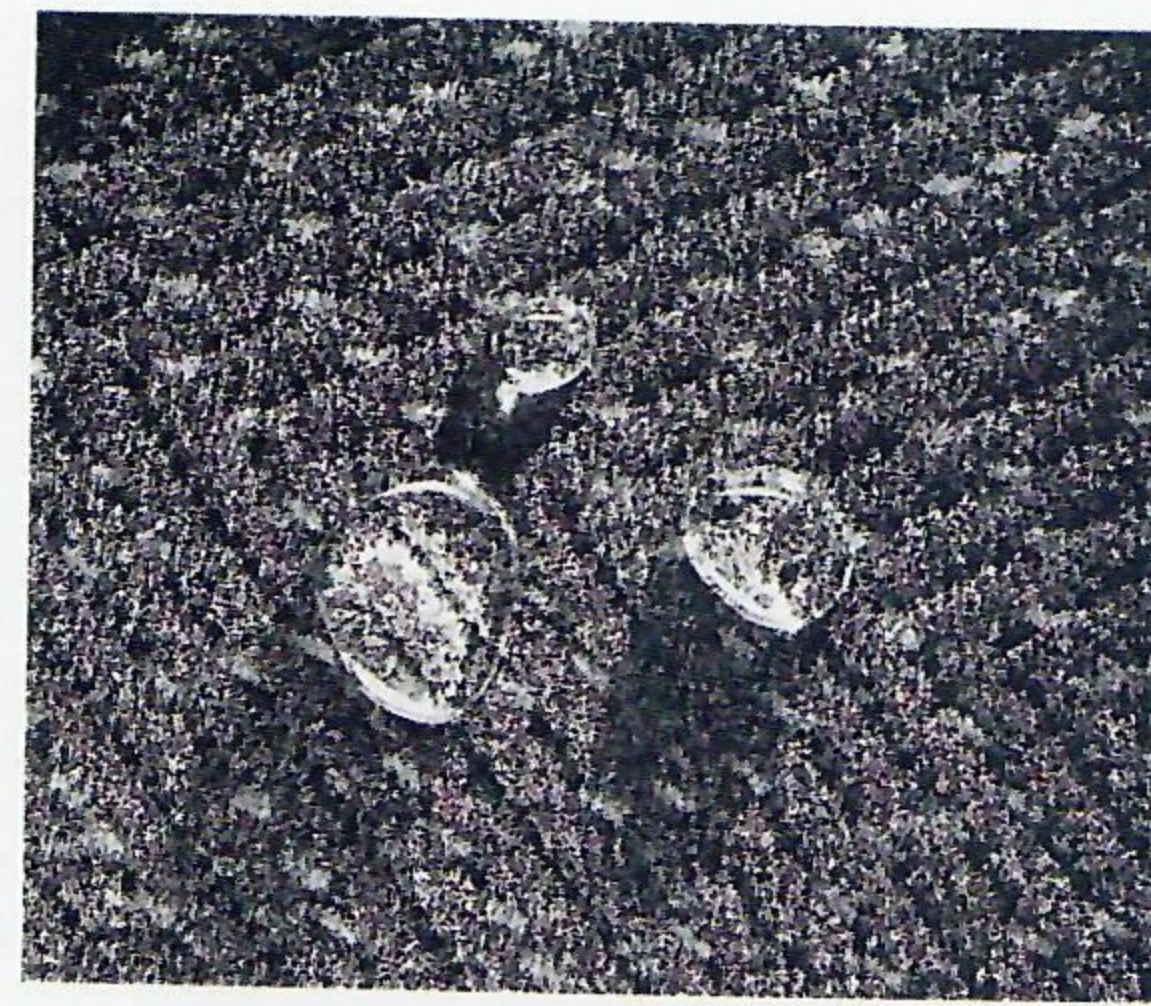

Cavalier LS Sedan in Cayenne Red Metallic.

# Cavalier Features And Options

**Cup Holder**  
Standard. The center console features a cup holder; and there's even a cup holder for rear-seat passengers (shown here).

**Scotchgard™ Protector**  
Standard. Helps keep seat fabrics and cloth door trim looking newer longer.

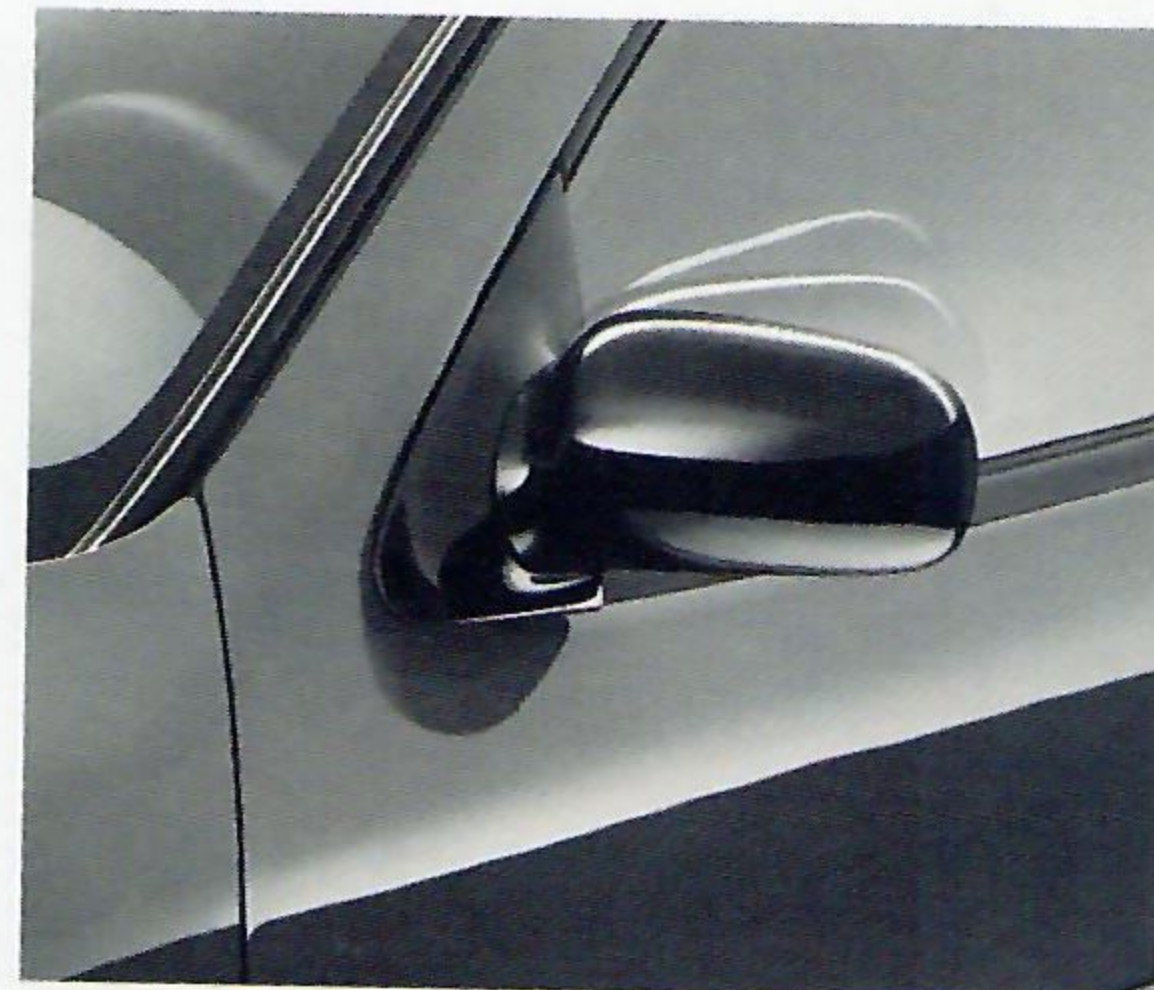

**Child Security Rear-Door Locks**  
Standard on Cavalier Sedan. These door locks, when engaged, prevent the rear doors from being opened from the inside.

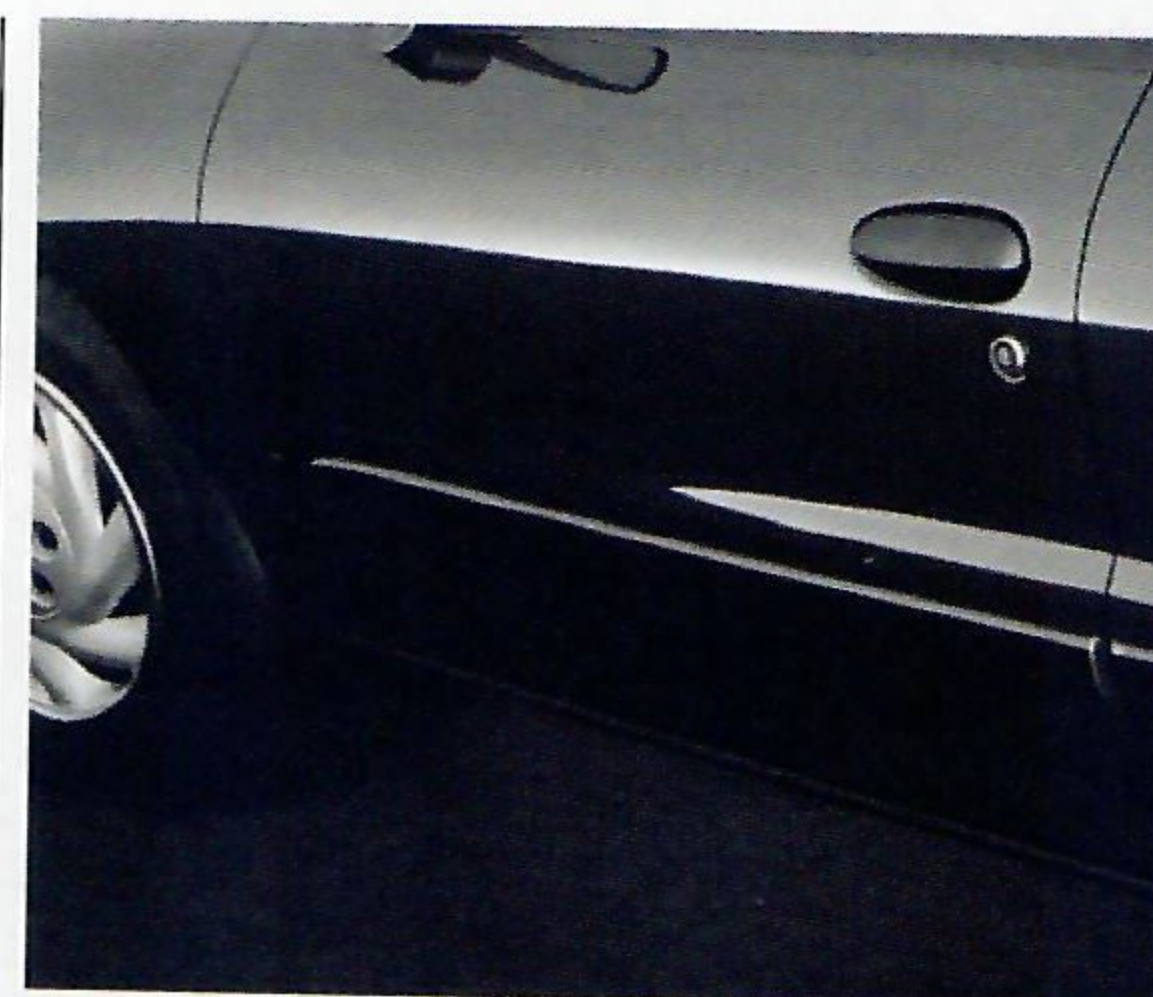

**Full-Folding Rear Seat With Trunk Pass-Through Feature**  
Standard. This full-folding rear seat with trunk pass-through adds cargo-carrying versatility by accommodating long objects like skis.

**Breakaway Outside Mirrors**  
Standard. These outside mirrors are designed to realign themselves when bumped.

**Two-Side-Galvanized Steel**  
Standard. This high-quality steel is used for all body panels except the roof (where it's not needed), for unsurpassed protection against corrosion.

**Rear-Seat Heat Ducts**  
Standard on all models. Ducts route air under front seats, for enhanced heat distribution.

**Stereo With CD Player**  
Optional. This AM/FM stereo with CD player includes Speed-Compensated Volume, Automatic Tone Control, and coaxial front speakers.

**Spacious Trunk**  
Standard. Cavalier features a spacious trunk with a carpeted load floor and low lift-over height. A cargo-area convenience net is standard on LS and Z24, and optional on Coupe and Sedan.

**Electric Sunroof**  
Optional. This factory-installed, electric power sliding sunroof is available on Coupe and Z24 Coupe.

**TURN PLASTIC INTO STEEL WITH THE GM CARD®.** The GM MasterCard®, with no annual fee, is the revolutionary financial vehicle specifically designed to help put you behind the wheel. Every time you use it, GM will credit 5% of your purchase toward buying or leasing the GM car or truck of your dreams. It could mean saving hundreds, even thousands of dollars over and above any other discounts or rebates. Call 1-800-8GM-CARD for more information, including annual limits and restrictions.

**SMARTLEASE BY GMAC** makes it easy to enjoy the technology, style and fun of a brand-new Chevy Cavalier. With SMARTLEASE, qualified customers can be approved in about one hour, and you enjoy low SMARTLEASE monthly payments. Plus, SMARTLEASE

offers you choices at the end of your lease. You can either buy your Cavalier at a price guaranteed up front, or return your vehicle with no other obligations — assuming the terms of the lease have been met. For more information about SMARTLEASE, or any of the other quality GMAC financing options, see your Chevrolet dealer or call 1-800-32-SMART.

## Cavalier Safety Features

### OCCUPANT PROTECTION

- Supplemental Inflatable Restraint: manual lap/shoulder safety belts and air bags, driver/front passenger
- Manual lap/shoulder safety belts, outboard rear-seat positions
- Manual lap safety belt, center rear-seat position
- Energy-absorbing steering column
- Energy-absorbing instrument panel
- Interlocking door latches
- Folding front seat-back locks, inertia type, two-door models
- Safety armrests
- Breakaway inside rearview mirror
- Security door locks and door-retention components
- Laminated windshield glass, urethane-bonded
- Head restraints, front, adjustable
- Side-door beams
- Passenger-guard inside door-lock handles
- Safety belt use reminder system
- Front and rear crush zones
- Tempered safety glass, side and rear windows
- Dual sun visors
- Pressure-lock radiator cap
- Child security rear-door locks.

### CRASH AVOIDANCE

- Automatic Daytime Running Lamps
- Side-marker lamps and reflectors
- Parking lamps
- Four-way hazard-warning flashers
- Backup lamps
- Directional signal control
- Windshield defrosters, washers and multi-speed wipers
- Inside day/night rearview mirror
- Outside rearview mirrors
- Brake system with dual master cylinder plus warning light
- Center high-mounted stop lamp
- Starter safety switch
- Dual-action hood latch
- Low-glare finish (inside windshield moldings, wiper arms and blades)
- Illuminated heater and defroster controls
- Tires with built-in tread-wear indicators
- Brake/transmission shift interlock (automatic)
- Four-wheel anti-lock brake system (ABS).

### THEFT DETERRENCE

- Visible vehicle identification number
- Laser-etched VIN plate
- Marked body parts
- PassLock theft-deterrent system
- Theft-deterrent steering column lock
- Theft-deterrent key-locking system
- Ignition key removal audible reminder
- Remote inside hood release.

**A note about air bags: Always wear safety belts, even with air bags.**

## A Word About...

### CUSTOMER ASSISTANCE

The Chevrolet Customer Assistance Center (CAC) has a special toll-free number (1-800-222-1020). It puts you in contact with Chevrolet experts who can handle any product/service question or problem you may have.

### GM PROTECTION PLAN

The available GM Protection Plan offers service protection in addition to that provided by GM's new-vehicle limited warranty. Ask your dealer about it. Coverage available only in the U.S. and Canada.

### ENGINES

Chevrolets are equipped with engines produced by different operating units of GM, its subsidiaries or suppliers to GM worldwide.

### CORROSION PROTECTION

Chevrolets are designed and built to resist corrosion. All body sheet-metal components are warranted against rust-through corrosion for 6 years or 100,000 miles, whichever comes first. Application of additional rust-inhibiting materials is not required under the corrosion coverage and none is recommended.

### ASSEMBLY

Chevrolets are assembled by different operating units of General Motors, its subsidiaries or suppliers to GM worldwide. Chevrolets incorporate thousands of components produced by different operating units of GM, its subsidiaries or suppliers to GM worldwide. We sometimes find it necessary to produce Chevrolets with different or differently sourced components than originally scheduled. All such components have been approved for use in Chevrolets and will provide the quality performance associated with the Chevrolet name. Since some options may be unavailable when your vehicle is assembled, we suggest that you verify that your vehicle includes the equipment you ordered or, if there are changes, that they are acceptable to you.

### UPDATED SERVICE INFORMATION

Chevrolet regularly sends its dealers useful service bulletins about Chevrolet products. Chevrolet monitors product performance in the field. We then prepare bulletins for servicing our products better. Now you can get these bulletins, too. Ask your dealer. To get ordering information, call toll free 1-800-551-4123.

### IMPORTANT: A WORD ABOUT THIS CATALOG

We have tried to make this catalog as comprehensive and factual as possible. We reserve the right, however, to make changes at any time, without notice, in prices, colors, materials, equipment, specifications, models and availability. Since some information may have been updated since the time of printing, please check with your Chevrolet dealer for complete details.
