

2020

Tiguan

An SUV with everything you want, for everything you'll do.

Introducing the 2020 Tiguan. On the outside, powerful lines give it a style all its own. On the inside, thoughtful amenities abound. It's capable, comfortable, and ready to take on the city.

Tiguan SEL Premium R-Line with 4MOTION® in Pyrite Silver Metallic shown.

Sleek. Strong. Smart.

A contoured hood makes a statement while smart updates leave a lasting impression, in your driveway or on the road.

Hands-free Easy Open and Easy Close liftgate

Kick your foot under the rear bumper to unlock the trunk when your hands are full with available hands-free Easy Open and Easy Close liftgate. When you're done? Kick your foot under the rear bumper again and walk away.

LED headlights with Adaptive Front-lighting System (AFS)

These available headlights move with your turns to help you see what's ahead.

Vienna leather seating surfaces

Available for the 1st and 2nd rows, these seating surfaces feature a unique design and color options like Storm Gray or Saffrano Orange and Black.

Panoramic sunroof

Let the light in with the available panoramic sunroof that blends seamlessly into the cabin.

Versatile 3rd row

Extra seats when you want them, cargo space when you don't. Carry extra friends or extra gear with an available 3rd row.*

Cargo capacity

With a spacious 73.5 cubic feet of cargo room in the 5-seat model when you fold the rear seats down, easily pack the things you need.

AVAILABLE FEATURES

- Leather-wrapped, multi-function heated steering wheel
- Climatronic® dual-zone automatic climate control
- V-Tex leatherette or leather seating surfaces
- Heated front seats
- Remote start**

This R-Line always brings its A game.

Add some attitude with the available Tiguan SE R-Line Black trim. With blacked-out 20" alloy wheels, front bumper, and exterior accents, it makes a bold statement.

Tiguan SE R-Line Black with 4MOTION® in Pure White shown.

Horsepower. Emphasis on power.

Smooth and responsive on paved roads, the Tiguan can perform even when the road surface becomes more challenging.

Turbocharged engine

A turbocharged engine that takes fun-to-drive to the next level.

4MOTION® all-wheel drive

As conditions change, available 4MOTION distributes power between the front and rear wheels as needed to help optimize traction and stability.

8-speed automatic transmission with Tiptronic® and Sport modes

Having eight speeds can mean a smooth shifting experience. In Tiptronic mode, you can shift manually and take control of your driving experience.

Active Control

Available with 4MOTION, this feature lets you switch between driving modes just by turning a dial. Depending on the conditions, you can choose from On-Road, Snow*, Off-Road**, and Custom modes. Both On-Road Mode and Off-Road Mode let you adjust the settings to help fit your driving style.

So much tech. So easy to use.

The Tiguan doesn't just come with technology; it comes with technology that's simple, useful, and designed to help improve the driving experience. The available VW Digital Cockpit is customizable, so you can display the information you want to see. You can also create up to four user profiles, each one able to remember things like your radio stations and preferred temperature, among others. If you have the available power driver's seat with memory, the Tiguan can even memorize your favorite seat position.

Volkswagen Digital Cockpit*

The available digital display is a true breakthrough. Instead of the traditional instrument cluster, information can be displayed digitally in high resolution.

Full Screen Navigation View*

The available full screen navigation view increases the size of the map, giving you a larger view of where you're going and how to get there.

Driver Personalization*

The Tiguan can store up to four driver profiles, remembering your personal preference for a wide variety of settings and systems.

Customizable views

You can customize the available display to better suit your driving needs, so information about navigation or your Driver Assistance features¹ is displayed more prominently.

Fender® Premium Audio System

Go ahead—sing along with a 480-watt amp and nine speakers in the available Fender Premium Audio System.

App-Connect**

App-Connect allows you to connect your compatible smartphone with Apple CarPlay®, Android Auto™, or MirrorLink® to access select apps on the touchscreen display. From streaming music to mobile apps, it can be accessed on the touchscreen.

8" touchscreen sound system

The available sleek glass display with an 8" touchscreen sound system makes selecting the perfect song easy to see, so you don't have to miss a beat.

*Image shown for illustration purposes only; actual feature may vary. **Always pay careful attention to the road, and do not drive while distracted. Not all features available on all operating systems. Standard text and data usage rates apply. App-Connect features require compatible device, operating system, and mobile apps. See mobile device and app providers for terms and privacy. Android, Android Auto, and other marks are trademarks of Google Inc. Apple CarPlay is a registered trademark of Apple Inc. MirrorLink is a registered trademark of the Car Connectivity Consortium LLC. ¹Driver Assistance features are not substitutes for attentive driving. See Owner's Manual for further details and important limitations.

Don't pass up a chance for peace of mind.

Driver Assistance features can help give you more confidence on your drive.

Tiguan SEL with 4MOTION® in Pyrite Silver Metallic shown.

Forward Collision Warning and Autonomous Emergency Braking (Front Assist)*

The Forward Collision Warning (included in Front Assist) system can help monitor traffic and can alert you acoustically and visually to a potential rear-end collision with the vehicle moving ahead. If it senses that a collision is imminent, Autonomous Emergency Braking (included in Front Assist) can support the driver with increased brake pressure or, if the driver does not react at all, it can apply the brakes automatically. Pedestrian Monitoring (included in Front Assist) feature can warn of pedestrians crossing in front of the vehicle and, under certain circumstances, can brake automatically to help mitigate the outcome of a collision with a pedestrian if the driver doesn't respond to the warnings.

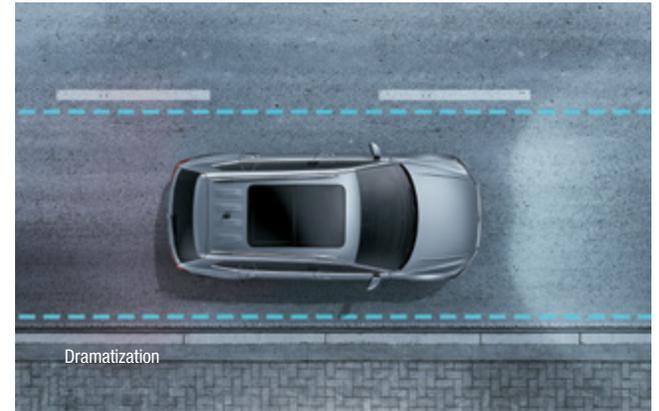

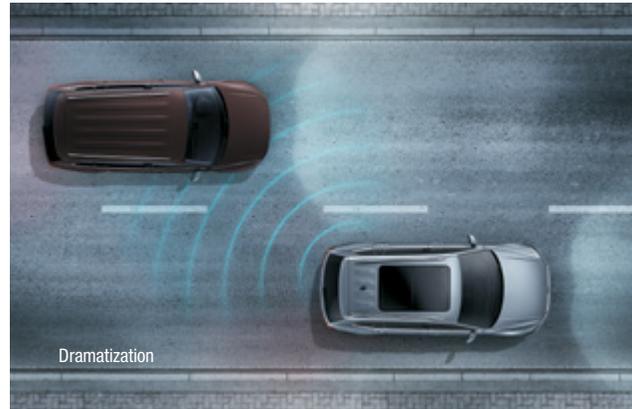

Park Distance Control with Maneuver Braking*

Available Park Distance Control has sensors that can help you back out of or drive into a parking spot. Audible signals and the optical parking system on the display indicate how much space you have behind and, on some vehicles, in front of the vehicle when parking. If you get too close to a detected object, the system beeps as a warning. Maneuver Braking (included with Park Distance Control) can apply emergency braking force automatically to help mitigate and in best case prevent collisions with detected stationary obstacles while you maneuver the vehicle in reverse gear.

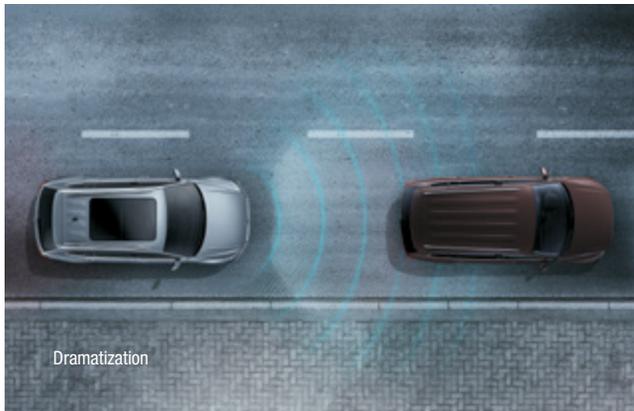

Blind Spot Monitor (Side Assist)*

The Blind Spot Monitor (Side Assist) is a feature that can sense what you might miss. If you attempt to change lanes, Side Assist can help alert you to other cars that may be in your blind spot. The Active Blind Spot Monitor (available when vehicle is equipped with Lane Assist) on select models can also counter-steer within the limits of Lane Assist to help keep you in your lane if you attempt to change lanes when a vehicle is in your blind spot.

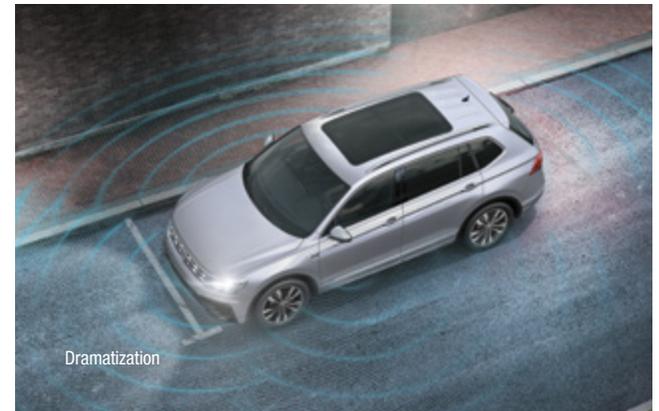

Rear Traffic Alert*

Rear Traffic Alert comes in handy when you're backing up. It has sensors that can alert you to detected vehicles crossing in your path when in reverse and can even help brake the vehicle if needed.

Lane Keeping System (Lane Assist)*

When moving, the available Lane Keeping System (Lane Assist) can sense if you start to drift into another lane without using the turn signal. Within the limits of the system, Lane Assist can help steer to help keep you in the current lane if lane markings are detected by the system.

High Beam Control (Light Assist)*

Available High Beam Control (Light Assist) can help to provide optimum visibility on dark roads by automatically turning on your high beams at speeds above 37 mph. A camera mounted at the base of the rearview mirror turns your high beams on when conditions warrant it on dark or poorly lit roads. It then turns them off again if another car approaches or drives in front of you.

Adaptive Cruise Control (ACC)*

Available Adaptive Cruise Control (ACC) helps the vehicle maintain a preset speed and distance from the car in front of you. When activated, if the car in front of you speeds up or slows down, the sensors can detect the change and your car follows suit up to the preset speed.

Overhead View Camera (Area View)*

The available Overhead View Camera (Area View) helps give you a better view of what is around your vehicle.

*Driver Assistance features are not substitutes for attentive driving. See Owner's Manual for further details and important limitations. Each image shown is a dramatization for illustration purposes only.

Introducing Carefree Coverage.

We believe being confident in your Volkswagen is everything. Now standard on most of our model year 2020 and 2021 vehicles, our suite of products and services is our commitment to you that Volkswagen is the smart choice. See all the benefits we have to offer.*

2
yrs.

Service

Scheduled Carefree Maintenance
2 yrs. or 20,000 miles

Scheduled Carefree Maintenance.

For advanced peace of mind, most model year 2020 and 2021 Volkswagen vehicles come standard with Scheduled Carefree Maintenance, which includes the first two years of manufacturer-recommended maintenance intervals (two years or 20,000 miles, whichever occurs first).*

3
yrs.

Help

Roadside Assistance
3 yrs. or 36,000 miles

Confidence you can count on.

Feel secure in knowing that VW Roadside Assistance is available 24 hours a day, 7 days a week.*

4
yrs.

Cover

New Vehicle Limited Warranty
4 yrs. or 50,000 miles

Coverage when you need it.

Ownership is easy with a 4-year or 50,000-mile (whichever occurs first) bumper-to-bumper limited warranty.*

5
yrs.

Access

Car-Net Remote Access

Convenience on command.

With a suite of standard features including remote commands[†], family guardian alerts[‡], monthly vehicle health reports[§], and parking info^{§§}, Volkswagen Car-Net[®] Remote Access provides mobile app features that can give you command of your car, conveniently in your pocket.*

*Available on most new MY20 and MY21 vehicles. For vehicle eligibility details, visit vw.com/coverage. VW's Carefree Maintenance Program provides 10,000- and 20,000-mile scheduled maintenance services or scheduled maintenance services for two years (whichever occurs first) as stated in the vehicle's maintenance booklet. Does not include tire rotations, or other services or parts not specified in the owner's literature. 3 years/36,000 miles (whichever occurs first) Roadside Assistance provided by a third party. 4 years/50,000 miles (whichever occurs first) New Vehicle Limited Warranty. See owner's literature or dealer for warranty, maintenance program, and roadside assistance details, exclusions, and limitations. Car-Net Remote Access services require cellular connectivity, GPS signal, and acceptance of Terms of Service (services not available on MY20 Passat). Not all services and features are available on all vehicles. Other Car-Net services require a trial or paid subscription. See additional important information at <http://www.vw.com/carnet>. [†]Standard text and data rates may apply. Always pay careful attention to the road, and do not drive while distracted. [‡]Standard text and data rates may apply. [§]Refer to your vehicle's warning and indicator lights for the most current diagnostic information. Always consult owner's literature for maintenance guidelines and do not solely rely on the outreach described here for service appointments or otherwise attend to your vehicle. ^{§§}Powered by Parkopedia. Requires parking facility participation. Volkswagen not responsible for accuracy of pricing & payment options, hours of operation, and features. See parkopedia.com for important information and details. Standard text and data rates may apply.

Helps you stay out of trouble.

Peace of mind comes in different forms on the Tiguan with its multiple safety features.

Rear View Camera System

Benefit from the view of a wide lens when you want it. It can help you see obstacles when backing up, a feature so helpful you'll wonder how you ever managed without it.

Safety cage

Front and rear crumple zones help absorb crash energy, while a rigid safety cage helps distribute forces away from the driver and passengers.

Automatic Post-Collision Braking System*

Not every collision brings a car to stop. That's why our vehicles include the Automatic Post-Collision Braking System. It can also help slow the vehicle down after a collision, helping reduce the chance of any additional impacts.

Intelligent Crash Response System (ICRS)†

In the event of a collision that deploys the airbags,†† the ICRS can turn off the fuel pump, unlock the doors, and activate the hazard lights.† It helps react if you might not be able to.

Six stability-enhancing systems

From Electronic Brake-pressure Distribution (EBD), which helps maintain appropriate stopping power during a hard-braking situation, to Electronic Stability Control (ESC), which can adjust engine throttle and apply corrective forces to the wheels that need them most, your vehicle is equipped with a total of six stability-enhancing systems.

*The features discussed are designed to help mitigate the effects of certain collisions, and are not a substitute for attentive driving. Please see Owner's Manual for further details, and important limitations. †The Intelligent Crash Response System (ICRS) will only activate in a collision where the airbags deploy or safety belt pretensioners activate. Not all collisions cause airbags to deploy or safety belt pretensioners to activate. ††Airbags are supplemental restraints only and will not deploy under all crash circumstances. Always use safety belts and seat children only in the rear, using restraint systems appropriate for their size and age.
