

0.965237 of a millimetre

That's the thickness of a clay shaving. And to our designers it can make all the difference, as they hone and refine their clay prototype until they find the perfect expression of energy in motion.

The result is what we call Ford kinetic Design and we're passionate about it.

Bold, beautiful lines that you can't help falling in love with.

A quality that's hard to define, but instantly recognisable.

Image below shows Kuga Titanium with Touchscreen navigation PLUS system, Titanium X Pack and Front & rear park assist. (all optional at extra cost)

Power converter

Provides direct power for laptops and all your essential gadgets. (Option)

The new Ford Kuga is packed with smart technology. You'll find yourself smiling as | That's clever it lets you do things faster, more effectively and with style.

Capless refuelling

No dirty fuel caps to touch. Plus a unique safeguard ensures nobody can accidentally fill up with the wrong fuel.

Mini tailgate

When you only have a small load to put in or get out, open the mini tailgate – it's quicker and more convenient.

Main image opposite shows Kuga Zetec with Moondust Silver Metallic paint and Appearance pack. (all optional at extra cost)

CO₂ emissions from only 156 g/km

All the Kuga style with a lower emission diesel choice on 2-wheel drive models.

The Ford Kuga possesses the renowned driving quality you would expect from | That Ford feeling the latest generation of Ford cars. Its Control Blade independent rear suspension delivers an on-road experience that is second to none in its class. Its off-road capability is equally impressive. The intelligent all-wheel drive system adjusts automatically to give you optimum control in all conditions.

Note: PowerShift gear knob insert design may vary slightly from that shown. Vehicles opposite and below are Kuga Titanium with Micastone Metallic paint, Titanium X pack, 18" Alloy wheels and Appearance pack. (all optional

The attention to detail which has been lavished on the Ford Kuga is immediately | Precision built with the evident, from the exterior finish to the quality of the interior. Ford has engineered every single component for dependability, safety and strength with one objective clearly in mind; quality that's built to last.

future in mind

Bi-Xenon Front Lighting System

With a special jewel-like design, these headlights not only make sure you're seen by other drivers but also illuminate any hazards more clearly than conventional headlights. (Option available as part of Titanium X Pack)

Safety features

Ford's Intelligent Protection System comes as standard on the Ford Kuga. It monitors the readiness of its comprehensive airbag systems as well as its Electronic Stability Programme, Traction Control System and Emergency Brake Assist.

Image above shows Kuga Zetec with Panther Black Metallic paint. (optional)

Parking distance sensors

Audible warning helps you judge distance between your car and an obstacle.
(Option, also available as part of
Convenience Packs)

Premium velour mats

box. (Option)

Perfectly complements your chosen interior, with nubuck surround and aluminium-effect 'KUGA' logo. Driver's mat is fixed to prevent slippage. (Accessory)

We are all beginning to understand the impact that mobility is having on climate change. While we can't change things overnight, we are working very hard to find solutions.

Our range of finance, insurance, service and assistance options is designed with just one thing in mind – making life easy for you.

Ford ECOnetic Technologies

Ford has developed a range of sustainable technologies, which vary by model, in order to improve fuel economy, reduce CO_2 and lower cost of ownership. These include Ford EcoBoost advanced, fuelefficient petrol engines, Ford PowerShift transmission and Ford Auto-Start-Stop.

A low emission diesel ECOnetic derivative is now available. The Ford Fiesta ECOnetic delivers more than 76.3 mpg, emitting just 98 g/km of CO₂

Longer term Ford ECOnetic Technologies will expand to include electric and hybrid-electric vehicles, biofuel-capable vehicles, plug-in hybrids and hydrogen fuell cell-powered vehicles

Protecting the future

Using our Product Sustainability Index, a design for sustainability management tool, we are addressing the environmental, social and economic impacts of our vehicles from the earliest stages of their development*.

We are working on a wide range of vehicle technologies from biofuels to hybrids and clean diesels, and in the long term to hydrogen fuel-cell technology with the potential for near zero CO_2 emissions.

Improving our manufacturing facilities

Elsewhere, we are working to minimise the impact of our facilities on the environment, for example by pioneering on-site generation of electricity from sun and wind.

Breathe easier

The allergy-tested interiors of Ford Fusion, Ford Focus, Ford Kuga, Ford Mondeo, Ford S-MAX and Ford Galaxy models were the first worldwide to receive the approval of the independent German TÜV organisation.

Recycling for good

In the interests of sustainability, many of our components contain recycled and renewable content. All Ford vehicles are at least 85% recyclable and 95% recoverable in accordance with ISO 22628. We offer free take-back for qualifying vehicles at the end of their lives. All our take-back points are fully licensed and must also meet additional Ford quality standards for the professional receipt, treatment and recovery of end-of-life vehicles.

This brochure has been produced on paper based on fibres from sustainable forestry, using a 100% chlorine-free (TCF) bleaching process.

^{**}Dependent on feedstock used and production process. (Source: EUCAR CONCAWE study.) Ford supports the sustainable production of biofuels.

Ford Credit

When it comes to financing your vehicle, your Ford Dealer can remove the need for lengthy phone calls, endless online surfing and form-filling. They can help you complete an application and will get a decision, usually within 15 minutes.

So what can your Ford Dealer provide?

Ford Options offers increased flexibility and gives you the opportunity to drive a new Ford more often. At the end of the agreement you can Renew, Return or Retain your Ford.

Ford Acquire is ideal if you're a private or business user who wants a straightforward financing plan to own your vehicle. Simply put down a deposit, pay the remainder, plus interest, over an agreed period and the vehicle becomes yours.

Ford Business Partner Contract Hire* provides an affordable, convenient and flexible way to finance your business vehicle. Business Users only.

Ford Insure** is our comprehensive motor insurance product, designed specifically for Ford drivers.

Ford more information on our finance products please visit ford.co.uk.

Finance subject to status. Guarantees/indemnities may be required. Freepost Ford Credit.

*Business Partner Contract Hire is provided by Lex Vehicle Leasing Limited, trading as Ford Business Partner, Heathside Park, Heathside Park Road, Stockport SK3 0RB.

**Ford Insure is underwritten and administered by Royal & Sun Alliance Insurance plc, which is authorised and regulated by the Financial Services Authority. FCE Bank plc is authorised and regulated by the Financial Services Authority and acts as an insurance intermediary in relation to Ford Insure. In relation to this same product, Ford Motor Company Limited is an appointed representative of FCE Bank plc. Ford Motor Company Limited acts as an insurance intermediary. Calls may be recorded and monitored.

Services

Ford Protect

Your new Ford is protected by a 3-year/60,000-mile Ford Protect Classic Plan Warranty, and comes with Ford Assistance roadside cover throughout the UK and Europe for 1 year. You can also upgrade to a Ford Protect Premium Plan, giving you the option of scheduled servicing and extended Ford Assistance.

Ford Service

Like any vehicle, your new Ford needs servicing regularly to keep it in the best condition and to maintain its value. The Ford authorised repairer network is independently quality checked to ensure the highest standards of workmanship are maintained. Ford has the largest repairer network in the UK, and uses Ford-trained technicians, Ford-specific tools and the latest computerised diagnostic equipment specifically for your Ford.

Ford Accident Repair Centres

Should your Ford require accident repair, an approved Ford Accident Repair Centre is the best place to return your vehicle to its pre-accident condition. Repairers displaying the Ford Accident Repair Centre sign meet the rigorous customer service, technical and quality standards demanded by Ford. Ford trained technicians, the latest repair equipment and the use of original parts mean that the future safety and value of your vehicle are assured.

Contacts

Ford Customer Relationship Centre

*In 4th gear. °Ford test figures. °°All CO₂ emissions figures in g/km and fuel consumption figures in L/100 km are tested in accordance with 80/1268/EEC as amended. The CO₂ emissions and fuel consumption test figures shown in the chart do not express or imply any guarantee of the emissions or fuel consumption of a car of the class in question. All the figures are based on tests conducted on vehicles with Zetec equipment level and with standard wheels and tyres; optional or accessory wheels and tyres may have an effect on the emissions and fuel consumption of a vehicle. **Note:** All petrol engines are equipped with a catalytic converter. **Basic kerbweight** includes driver (75kg), lubricants and filled fuel tank (90%) **Towing limits** quoted represent the maximum towing ability of the vehicle at its Gross Vehicle Mass to restart on a 12 per cent gradient at sea level. The performance and economy of all models will be reduced when used for towing. **Max Nose weight** is 105kg.

Model availability, weights and loads

	Kerbweight (kg)#	Gross Vehicle Mass (kg)	Max. Towable Mass (kg)
Ford Kuga			
2.0 Duratorq TDCi Diesel (140PS) 6-Speed Manual (Stage V) FWD	1584	2160	2100
2.0 Duratorq TDCi Diesel (140PS) 6-Speed Manual (Stage V) AWD	1614	2130	2100

This brochure was correct at the time of going to print. However, Ford policy is one of continuous product development. The right is reserved to change specifications, colours and prices of the models and items illustrated and described in this publication at any time. For the latest details always consult your Ford Dealer. Optional equipment. Throughout this publication, wherever a feature is described as being an 'Option' or 'Optional Filment/Pack', etc., you should assume that it will be at extra cost to the base vehicle, unless specifically stated to the contrary. All models and colour combinations are subject to availability. Note. Some images portage are of a pre-production model and/or are computer generated, therefore, the design/features on the final version of the vehicle may differ in various respects. In addition, some of the features shown on the vehicles may be optional. Note. This brochure contains both original Ford accessories as well as a range of carefully selected products from our suppliers, which are featured under their own brands. All supplier branded products are subject to warranty terms defined by the relevant suppliers and do not lie within the responsibility of Ford. Note. The Bluetooth* word mark and logos are owned by the Bluetooth SIG, Inc. and any use of such marks by Ford Motor Company is under licence. Other trademarks and trade names are those of their respective owners.

The Government fuel figures do not express or imply any guarantee of the fuel consumption of any particular car. The cars themselves have not been tested and there are inevitably differences between individual cars of the same model. In addition, a car may incorporate particular modifications. Furthermore, the driver's style and road and traffic conditions, as well as the extent to which the car has been driven and the standard of maintenance, will affect its fuel consumption. Insurance groups are only as recommended by the Association of British Insurers. You should always consult your insurance adviser for confirmation.

Allergy-tested interior All materials used in the manufacture of the interior of this vehicle meet the strict requirements of the TÜV TOXPROOF Criteria Catalogue for Vehicle Interiors by the TÜV Produkt und Unwelt GmbH and are designed to minimise the risk of allergic reactions. With doors and windows closed, the interior materials selected – together with the integrated pollen filter – protect the passengers against most allergising particles from the outdoor air. At higher temperatures, the additional use of air conditioning is recommended.
