

FE120

Go-to reliability.
Can-do attitude.

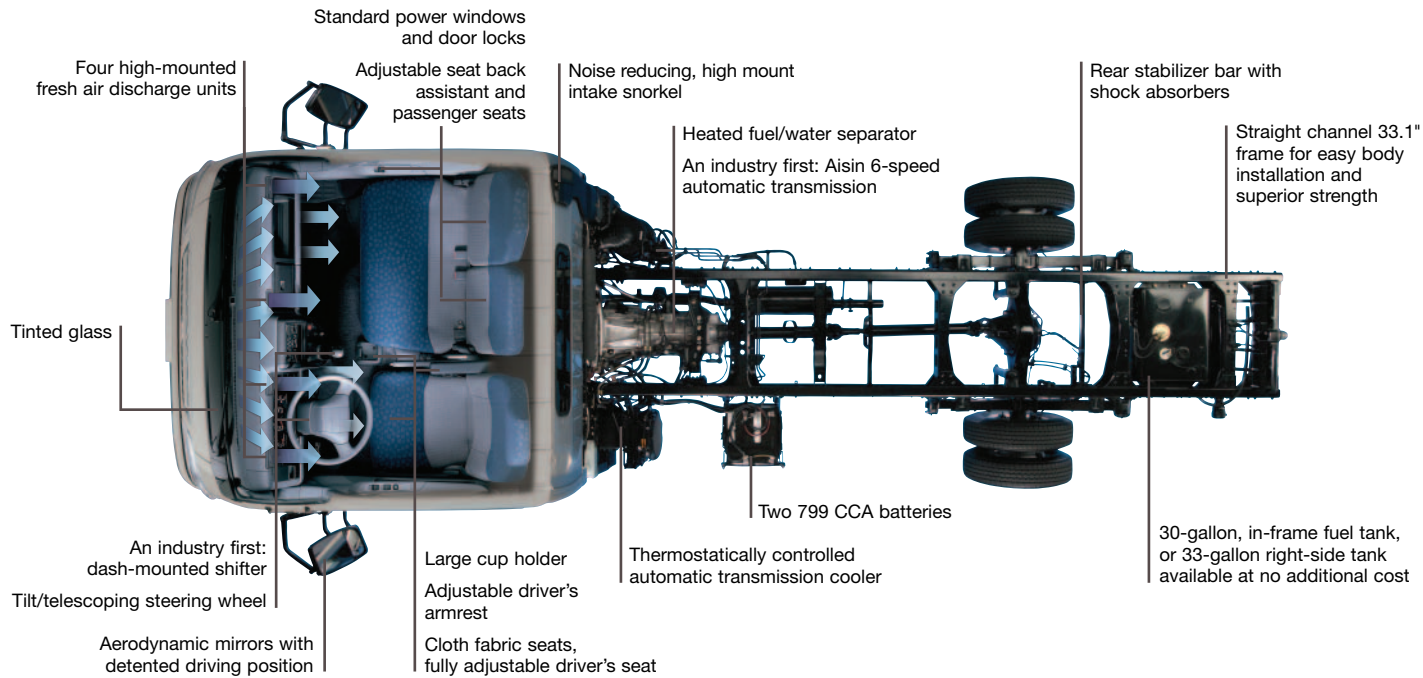

FE120: Sleek styling, solid reliability.

The new FE120 model combines dramatic styling, a newly re-engineered cab, chassis, components and go-where-you-point-it responsiveness with Mitsubishi Fuso's longstanding reputation for dependability. Its turbocharged 4-cylinder diesel is quieter and offers more torque. Its 5-speed manual transmission shifts even smoother. Available Aisin 6-speed automatic transmission offers enhanced drivability, especially on hills. A wider stance provides improved handling. Halogen headlamps offer superior visibility. Inside is a true driver's environment with more head, leg and elbow room, new instrumentation, tilt/telescoping steering wheel, adjustable seating, dash-mounted shifter and much, much more. Feature for feature, dollar for dollar, the new FE120 is the best vehicle in its class. And the right truck for the job.
