DYNAMIC DESIGN

E-PACE is our fresh, bold SUV with a new foil-tipped grille giving it an even more assertive look. The vehicle's muscular form flows around the wheel arches, creating dramatic curves reminiscent of F-TYPE, our most renowned sports car.

Vehicles shown are from the Jaguar global range. Specifications, options and availability may vary between markets and should be verified with your local Jaguar Retailer.

STEP INTO YOUR OWN WORLD

Inside the E-PACE design-focused environment, everything has a specific purpose, style and sense of refinement. This allows for small item storage, perfect for day-to-day use. The embossed leather headrest detail and Chrome accents make the everyday more special. You can choose to accentuate the space using considered materials and bold color combinations.

SETTING THE PACE

You ask, E-PACE responds. A series of advanced technologies, such as Torque Vectoring by Braking and All Surface Progress Control*, help to maintain control and composure. The Adaptive Dynamics^{1*} system rapidly analyzes the road surfaces and driving style to deliver a constant connection between road and driver. To further personalize your drive, JaguarDrive Control enables a choice of driving modes and allows you to tailor a 'dynamic' setup. The Configurable Dynamics^{1*} allows you to further personalize your E-PACE for a truly exhilarating drive.

¹Optional feature. Requires fitment of additional features. Model dependent.

*These systems are not a substitute for driving safely with due care and attention and will not function under all circumstances, speeds, weather and road conditions etc. Driver should not assume that these features will correct errors of judgment in driving. Please consult the owner's manual or your local authorized Jaguar Retailer for more details.

YOUR E-PACE

ALL-WHEEL DRIVE

The E-PACE All Wheel Drive (AWD*) system combines the agility and character of Rear Wheel Drive (RWD) with the added security and traction of AWD. When road conditions become more challenging, the system subtly channels power for optimum traction and more comfortable progress. Then, Jaguar's Intelligent Driveline Dynamics (IDD) sets in. Using sensors measuring throttle and steering inputs to anticipate wheel slip, IDD seamlessly co-ordinates these inputs to distribute torque accordingly. Plus, the all-new Adaptive Surface Response (AdSR*) system works at all speeds, monitoring the vehicle's environment and adjusting engine and brake settings to maximize grip across most surfaces.

*These systems are not a substitute for driving safely with due care and attention and will not function under all circumstances, speeds, weather and road conditions etc. Driver should not assume that these features will correct errors of judgment in driving. Please consult the owner's manual or your local authorized Jaguar Retailer for more details.

A FULLY CONNECTED JOURNEY

SIMPLICITY AS STANDARD

No more endless menus. No more fidgety commands. Pivi*, the impressive and seamless in-vehicle infotainment system of the Jaguar, enables you to do 80 percent of most tasks with just one or two taps. All on the home screen. Engineered around a smartphone-like interface, it features an intuitive 11.4" Touchscreen that allows you to go right to what's needed, when you need it. Plus, you can even connect your smartphone** and enjoy your favorite compatible apps.

androidauto

*Do not use Jaguar InControl® or Pivi Pro features under conditions that will affect your safety or safety of others. Driving while distracted can result in loss of vehicle control. Jaguar InControl has a number of purchasing options that are available. As we systematically roll out the Jaguar InControl suite of products, specific features, options and its availability remain market dependent. Certain Pivi Pro features use an embedded SIM card, may require a data plan with separate terms and conditions, and an additional subscription after an initial term. Mobile connectivity cannot be guaranteed in all locations. The Jaguar InControl Apps™ and Jaguar Remote™ smartphone apps will work with Android™ devices from version 4.1 and Apple® devices from iOS V7.0 and must be downloaded from the Apple App Store or Google Play Store. Please see your local authorized Jaguar Retailer for more details.

**Driving while distracted can result in loss of vehicle control. Do not operate, adjust or view the navigation or multimedia systems under conditions that will affect your safety or the safety of others. The Apple CarPlay and Android Auto user interfaces are products of Apple or Google and their terms and privacy statements apply. The interfaces require compatible iPhone or Android smartphone and message and data usage rates apply. Apple CarPlay is a registered trademark of Apple Inc. PREMIUM FUNCTIONALITY

With Pivi Pro^{1*}, you'll enjoy fast start-up and even greater connectivity. With the Remote App* as standard, your E-PACE is always in the palm of your hand. Preset your navigation, confirm your vehicle's location, check fuel levels and set the interior temperature - all before you've opened the vehicle door. Along the way, intelligent re-routing can find you the best path to take, as well as updating parking availability, fuel price comparisons, café locations and traffic hotspots. Intelligent and intuitive, it also learns your regular and favorite routes, so that Smart Voice Guidance can make sure your song won't be interrupted with unnecessary instructions. A 12.3" Interactive Driver's Display¹ is available, as is Head-up Display², which projects key information onto the windshield in your line of sight, so you can focus on the road ahead**.

¹Model dependent. ²Optional feature, model dependent. Navigation directions on the windshield only appear when Pivi Pro is fitted to the vehicle.

*Do not use Jaguar InControl® or Pivi Pro features under conditions that will affect your safety or safety of others. Driving while distracted can result in loss of vehicle control. EXPLORE MERIDIAN

FEEL THE MUSIC WITH MERIDIAN™

Meridian's approach to in-vehicle audio is all about managing the sound stage; intensifying the levels of depth, clarity and realism of the music, by using a combination of advanced acoustic technology and strategically positioned speakers.

Wherever you sit in the vehicle, you'll get the same concert-quality sound. Each strike of the piano, every guitar pick, horn blast, chorus and melody reveals itself with precision and texture, just as the artist intended. It's intimate, dramatic and atmospheric - whether you're enjoying the twists and turns of an open road or stuck in rush-hour traffic.

12 SPEAKERS 1 SUBWOOFER 400W AMPLIFIER POWER

1. MERIDIAN SOUND SYSTEM

Brings detail and clarity to everyone in the car with strategically arranged speakers and a dual-channel subwoofer to deliver a full, sophisticated sound.

14 SPEAKERS 1 SUBWOOFER 650W AMPLIFIER POWER

2. MERIDIAN SURROUND SOUND SYSTEM

Enjoy an engaging, authentic concert hall experience as you're enveloped in the fullness and clarity of side, front and rear speakers seamlessly integrated using Trifield™ technology.

Visuals aim to represent the perceived placement of the musicians based on an occupant seated on the right side of the vehicle.
