YOU CAN TELL IT'S AN XF, EVEN IN THE DARK.

The XF sleek, low profile headlights are a Jaguar signature. Up close, you'll notice the intricate, laser-etched monogram detailing. From a distance, the illuminated double 'J' blades add to the vehicle's undoubted presence. Even in the darkest of nights.

NO ORDINARY LOOKS. NO ORDINARY CAR.

There's real purpose in the XF design. The new air intakes and mesh grille add greatly to its poise and presence. Its power vents continue that, featuring embossed Jaguar leapers, a nod to our heritage. The overall impression is a design that delights and one that never fails to leave behind the ordinary.

WHAT SETS IT APART? EVERYTHING.

Within the XF driver-focused cabin, every millimeter enhances the XF premium aesthetic where functionality, beauty and tactile materials are evident throughout. Metallic interior finishers and the all-new drive selector, with baseball stitching, add to the undoubted allure.

Then there's the technology. Sitting harmoniously in the fascia, a curved 11.4" high-definition Touchscreen, together with Head-up Display^{1*}, not only looks superb, but also adds immensely to the drive.

¹Optional feature, model dependent. Navigation directions on the windshield only appear when Pivi Pro is fitted to the vehicle.

AFTER WE FINESSE THE DETAILS, WE FINESSE THE DETAILS.

Taking inspiration from our past, our signature monogram pattern shapes the luxurious perforated fabric on the front seats, as well as being etched into the digital rotary dials on the center console. It's an instantly recognizable, bespoke level of craft that can only be found in a Jaguar vehicle.

SETTLE BACK. YOU'RE IN A WORLD OF YOUR OWN.

The XF has flowing contours that are crafted in your choice of premium materials, then finished in a lighter, richer tone or a darker, contrasting palette, depending on how you wish to accentuate the interior. An embossed Jaguar leaper adds a lavish touch to the headrests, while massage seating* and the glow of the ambient lighting indulge you with a sense of calm.

A Jaguar XF is shown from a low-angle, rear-quarter perspective, driving on a winding asphalt road. The car is white, and its rear features, including the taillights and the 'JAGUAR' and 'XF' badges, are visible. The license plate reads '909 JXF'. The road curves to the right, and the background is filled with trees and a clear sky, suggesting a sunset or sunrise setting. The overall mood is one of elegance and performance.

THREE THRILLING DRIVES FROM ONE THRILLING CAR

XF has several modes to choose from: Sport, Dynamic and Rain, Ice, Snow. The latter is the ideal configuration for bad weather due to its torque delivery control. Sport delivers higher revs and delayed shifts, while Dynamic Mode elevates performance, and readies you for an all-round more engaging drive*. Selecting this mode also engulfs the cabin with a theatrical red glow from the ambient lighting.

Adaptive Dynamics¹ modifies the XF response to match the conditions and your driving style. It does this by rapidly analyzing acceleration*, cornering, braking, and body movement, to then adjust the suspension damper settings to the most optimal balance between comfort and control. So the drive stays true, wherever the road takes you.

Jaguar All Wheel Drive (AWD) with Intelligent Driveline Dynamics is unique among All Wheel Drive systems, because it is predictive. It will help detect a slippery surface before you do. It's ideal on wet or muddy roads and at keeping you moving in snowy conditions*.
