

All-new  
SONATA hybrid  
2020

# A bit about us.

With Hyundai, you really can have it all.

Our company believes in pushing the boundaries and challenging conventional thinking. Our very name, “Hyundai”, stands for modernity in the Korean language and it is this one word that helps represent everything we stand for. We don’t approach vehicle development in a traditional way. Our company is structured differently. We think differently. We find the modern way. It’s our mission to offer top quality, feature-rich vehicles at an affordable price.

We offer elite quality through meticulous design and painstaking craftsmanship. Our three design centres in Korea, the U.S. and Europe compete against each other to bring you cutting-edge designs — designs that not only look stunning but are also aerodynamic and fuel efficient.

We are the only global automaker to manufacture our own Advanced High-Strength Steel because, simply put, we just weren’t satisfied with what was available.

We test our vehicles in areas like the Arctic, our proving grounds in the Mojave Desert and on Germany’s world-famous Nürburgring circuit to deliver the durability and reliability you demand. And not only do we package our vehicles with advanced safety and technology, we back all our vehicles with one of the best automotive warranties in the industry. This means you really can have it all, quality and value together.

Sonata hybrid SUPERSTRUCTURE™ shown, made with our Advanced High-Strength Steel.

# Radically new.

The all-new Sonata hybrid changes the way you look at hybrids, starting with its dramatic sports coupe silhouette. Topping the list of hybrid system innovations is the new solar panel roof to act as an additional charging source for the battery, to increase your overall driving range, and the 6-speed automatic transmission with our new Active Shift Control (ASC) technology. Designed specifically for hybrid vehicles, ASC improves gear-shift efficiency for improved driving dynamics and fuel economy. Wrapped in an aerodynamic design, the all-new Sonata hybrid rides quieter, smoother and more efficiently than ever before.

## Solar panel roof

The all-new Sonata hybrid maximizes efficiency with the new solar panel roof. When exposed to sunlight, the solar panels create energy to charge the batteries and can generate enough electric power to increase driving range by approximately 1,300 kilometres per year\*.

## 12.3" colour LCD gauge cluster

This next-generation cluster displays much more than just vehicle speed — rich colourful graphics inform you about hybrid energy flow, drive mode and much more. A single switch makes it simple to scroll through the menu selection; and when your turn signal is turned on, the Blind View Monitor<sup>1</sup> will provide added perspective on the road by streaming a live video of your blind spot within the cluster.

## Hidden LED daytime running lights

Our engineers created an unmistakable lighting signature unique to the Sonata family that incorporates the very latest in lighting technology. Formed to the Sonata hybrid's body, the hidden LED daytime running lights appear chrome when turned off, and then dramatically brighten when turned on.

# Aerodynamic design.

The design of the all-new Sonata hybrid not only looks stunning, but also delivers outstanding aerodynamics thanks to smart engineering details. Its cross-hole grille can be easily overlooked but this unique-looking design feature comes with highly innovative technology — active air flaps that are designed to automatically open and close to balance the need for engine cooling and improved aerodynamic efficiency. The integrated rear spoiler is another small detail that plays a key role in reducing air turbulence, as does the design of the alloy wheels. Each fractional improvement adds up to make a big difference in the aerodynamic value, so that the all-new Sonata hybrid rides more efficiently than ever before.

Standard LED headlights

Standard 17" aero alloy wheels

Standard premium full LED tail lights

# An interior built for comfort.

Many premium comfort features come standard to create the ultimate driving experience. Heated front seats and a leather-wrapped heated steering wheel help you embrace Canadian winters, and once temperatures warm up, go from the comfort of heat to the cool satisfaction of ventilated front seats. Pair this with the automatic climate control with three levels of airflow intensity and the cabin really will be your oasis.

Standard heated front seats

Standard heated rear seats

Standard ventilated front seats

Standard 8-way power-adjustable driver's seat with lumbar support

Standard leather-wrapped heated steering wheel

Standard dual-zone automatic climate control

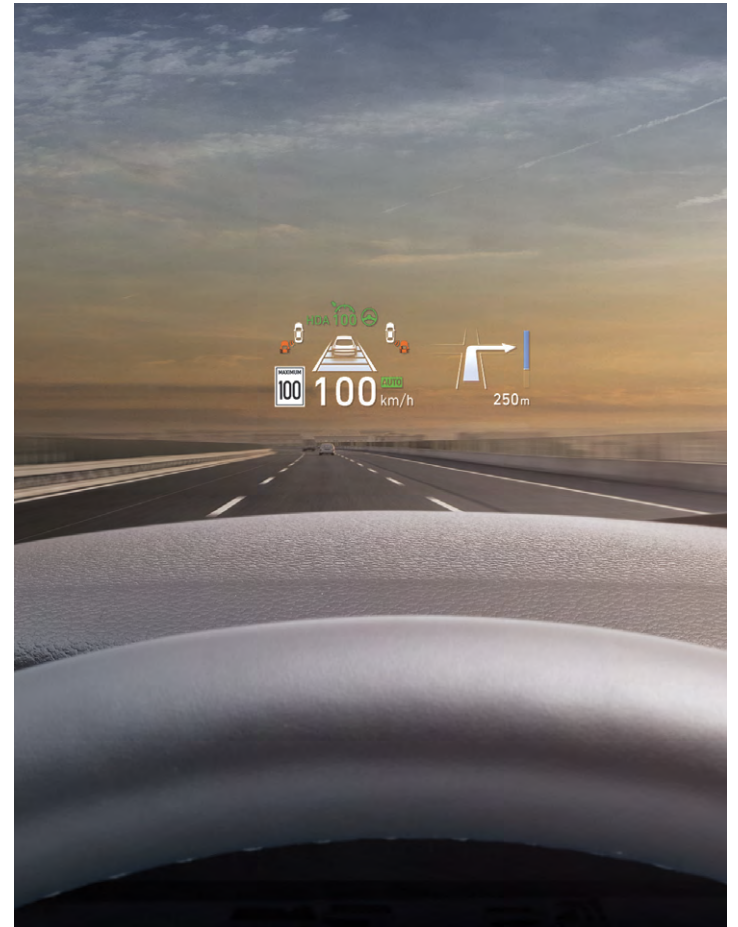

# Technology that takes you further.

The all-new Sonata hybrid features proximity key technology with the convenience of remote start, so you can warm up the cabin seamlessly on cold mornings. Step inside and access the personalized profile settings for up to three drivers. Experience ultimate convenience with driver's seat and side mirror positions, multimedia, drive mode, Head-Up Display settings and more, all stored and accessible at the press of a button. With the Head-Up Display you can view key information like your speed, the speed limit, blind spot notifications and navigation commands all projected within your line of sight for safer driving.

Standard proximity keyless entry with push-button ignition and remote start

Standard Head-Up Display

# Connectivity at your fingertips.

Make the most of your drive with seamless connectivity offered by Apple CarPlay™ and Android Auto™. The high-definition 10.25" touch-screen display offers intuitive smartphone mirroring to access your favourite apps, as well as multiple viewpoints with the 360-degree Surround View Monitor for ease in tight spaces. A Bose® premium 12-speaker sound system provides the ultimate immersive experience for your favourite music.

Standard Bose® premium audio with 12 speakers

Standard 10.25" touch-screen display with Surround View Monitor and navigation system

Never get into a chilly vehicle again. Among a wealth of features, one of the best offered with our BlueLink® technology is the convenience of starting your vehicle remotely from your smartphone. You can even preset the cabin to your preferred temperature, and turn on the heated steering wheel. Please see your dealer for full service-level details.

# Hyundai SmartSense™

The all-new Sonata hybrid is equipped with an impressive suite of standard Hyundai SmartSense™ safety features to provide you with added peace of mind. This includes our new Highway Driving Assist with Highway Auto Curve Slowdown<sup>2</sup> technology. When actively engaged with both Adaptive Cruise Control with traffic stop and go and Lane Following Assist, this

semi-autonomous driving technology helps keep you centred in your lane and travelling at a safe distance behind the vehicle ahead, helps ensure you drive at the specified speed limit and can also automatically slow down the speed of the vehicle before entering a highway curve section for extra safety.

## Standard features:

Forward Collision-Avoidance Assist with Pedestrian and Cyclist Detection

Blind-Spot Collision-Avoidance Assist

Rear Cross-Traffic Collision-Avoidance Assist

Lane Following Assist

Lane Departure Warning with Lane Keeping Assist

High Beam Assist

Driver Attention Warning

Adaptive Cruise Control with traffic stop and go

Highway Driving Assist with Highway Auto Curve Slowdown

Blind View Monitor

Surround View Monitor

Parking Collision-Avoidance Assist - Reverse

Parking Distance Warning - Forward / Reverse

Rear Occupant Alert

6-speed hybrid automatic transmission with Active Shift Control

High-efficiency permanent magnet electric motor

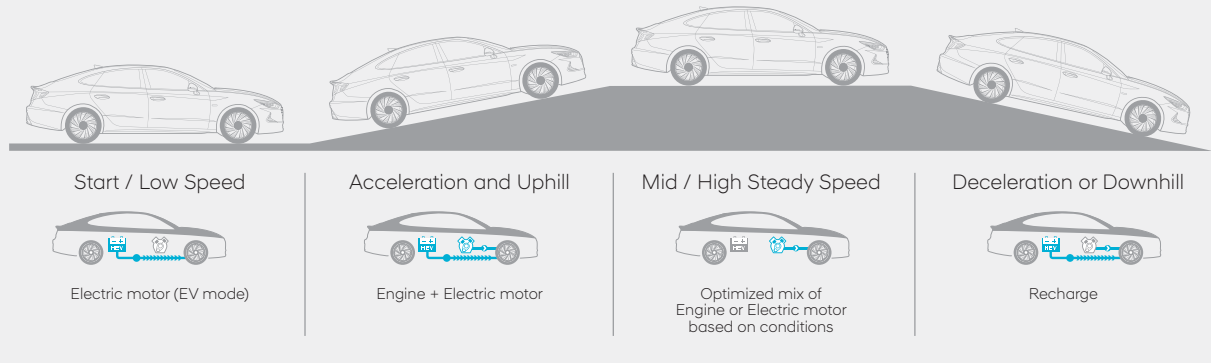

Regenerative brake system

Solar panel roof system

High-voltage lithium-ion polymer battery

## How the hybrid system works:

The powerful electric motor is used alone for starts and low-speed driving. In this pure electric (EV) mode, the Sonata hybrid produces zero emissions. Once the vehicle picks up speed or climbs uphill, the 2.0L Smartstream engine automatically kicks in to work in tandem with the 38 kW electric motor. During mid- and high-speed steady driving, the Sonata hybrid automatically switches between engine and electric propulsion modes depending on driving conditions and the battery's state of charge. During deceleration and downhill driving, the regenerative braking system helps recharge the batteries by capturing energy that would otherwise be wasted.

Start / Low Speed

Acceleration and Uphill

Mid / High Steady Speed

Deceleration or Downhill

Electric motor (EV mode)

Engine + Electric motor

Optimized mix of Engine or Electric motor based on conditions

Recharge

# Specifications

Standard equipment includes:

### Performance features:

- 2.0L GDI 4-cylinder engine with 38 kW electric motor
- 6-speed automatic transmission
- Button-type shift-by-wire gear selector
- Steering wheel-mounted paddle shifters
- Drive Mode Select
- Front Wheel Drive
- 17" alloy wheels with P215/55R17 tires
- Solar panel roof system

### Interior features:

- 12.3" full digital display instrument cluster
- 10.25" colour touch-screen with navigation system
- Bose® AM/FM/SiriusXM™/MP3 premium audio system with 12 speakers
- Wireless charging pad<sup>†</sup>
- Android Auto™<sup>‡</sup> and Apple CarPlay™<sup>‡</sup>
- Rear USB charging port
- USB/auxiliary connectivity
- Bluetooth® hands-free phone system with voice recognition
- Head-Up Display
- BlueLink®<sup>9Q</sup> connected vehicle system

- Personalized user profile settings (primary, secondary and guest)
- Interior ambient lighting
- LED interior illuminations
- Proximity keyless entry with push-button ignition
- Remote engine start on key fob
- Heated steering wheel
- Leather-wrapped steering wheel
- Leather seating surfaces
- Ventilated front seats
- Heated front seats
- Heated rear seats
- Driver's Integrated Memory System for seat and side mirror positions
- 8-way power-adjustable driver's seat with lumbar support
- 4-way power-adjustable front passenger seat
- 60/40 split-folding rear seats
- Dual-zone automatic climate control with auto-defogging windshield system
- Electrochromic auto-dimming rearview mirror with integrated HomeLink® transceiver

- Power door locks
- Power windows with front auto-up/down and pinch protection
- Rear-seat HVAC ducts (mounted in centre console)
- Sliding sunvisor with illuminated vanity mirrors
- Crash pad, artificial leather-wrapped with stitching
- Door trims, artificial leather-wrapped with stitching

### Safety features:

- Blind View Monitor
- Surround View Monitor
- Highway Driving Assist with Highway Auto Curve Slowdown
- Adaptive Cruise Control with traffic stop and go
- Forward Collision-Avoidance Assist with Pedestrian and Cyclist Detection
- Lane Following Assist
- Lane Departure Warning with Lane Keeping Assist
- Blind-Spot Collision-Avoidance Assist
- Rear Cross-Traffic Collision-Avoidance Assist
- Parking Collision-Avoidance Assist - Reverse
- Parking Distance Warning - Forward / Reverse
- Electronic Parking Brake with Automatic Vehicle Hold

- High Beam Assist
- Driver Attention Warning
- Rear Occupant Alert
- Rearview camera
- Tire Pressure Monitoring System
- Tire mobility kit
- Airbags (9) – driver's knee (1), front impact (2), front seat-mounted side impact (2), rear passenger side impact (2), front/rear side impact curtains (2)

### Exterior features:

- LED headlights
- Premium full LED tail lights
- LED daytime running lights
- LED integrated side mirror turn signal repeaters
- Automatic headlights
- Rain-sensing windshield wipers
- Aero wiper blades
- Acoustically laminated windshield
- Solar control glass
- Heated, power-adjustable side mirrors
- Glossy black side sill mouldings and skid plates
- Mud guards

# Colours and wheels

## Exterior colours\*

Hyper White

Midnight Black

Oxford Blue

Hampton Grey

Flame Red

## Interior colours\*

Black interior with black leather seats

Dark grey and camel two-tone interior with camel-tone leather seats  
Available with Midnight Black and Flame Red exterior colours only

## Wheels

17" aero alloy wheel

# Accessories

### Premium All-Weather Floor Liners

Premium all-weather floor liners were designed to cover the interior carpet providing maximum protection against the elements that other mats cannot offer. Their unique and durable design features a non-slip surface for added comfort and a long-lasting premium look. Remove carpet mats prior to installation.

### Premium All-Weather Cargo Tray

Protect your interior cargo area with style. This durable, custom-fit premium cargo tray protects from spills and messy loads while helping keep your cargo area looking new for years to come.

### Plastic Hood Protector

Help prevent dents and scratches caused by road and vehicle debris with an attractive plastic hood protector.

### Door Pocket Clear Film

A clear protective film that lies behind the door handle to help prevent paint damage to this commonly scratched area.

For more information on additional accessories, please visit [hyundaicanada.com](http://hyundaicanada.com) or see your dealer for details.

\*Exterior and interior colour options and/or availability may change without notice. Choice of interior colour is dependent on model and/or exterior colour selection. Colours shown are for reference only and may vary from the actual hue. Visit [hyundaicanada.com](http://hyundaicanada.com) or see your dealer for details.

## One of the best-backed warranties in Canada.

You will see that a number of our vehicles have received multiple awards from the most reputable third-party organizations, so you can take their word when it comes to the quality of our vehicles. This quality is equally matched by the quality of our warranty. We stand confidently behind our products to give you ultimate peace of mind with a 5-year/100,000 kilometre Comprehensive Limited Warranty†. We also provide a 5-year/Unlimited kilometre Roadside Assistance Program†† featuring flat tire changing, lockout service and more. Just one toll-free call away, 24 hours a day.

™/®The Hyundai name, logos, product names, feature names, images and slogans are trademarks owned or licensed by Hyundai Auto Canada Corp.. Specifications, features, illustrations, accessories, materials and equipment and all other information shown in this brochure are based on the latest information available at the time of publication. Although descriptions are believed to be correct, accuracy cannot be guaranteed. Hyundai Auto Canada Corp. reserves the right to make any changes or modifications at any time, without notice or obligation, including, without limitation, in colour, specifications, features, accessories, materials, equipment and models. Some vehicles are shown with optional equipment. All Hyundai warranties have no deductible. †Hyundai's Comprehensive Limited Warranty coverage covers most vehicle components against defects in workmanship under normal use and maintenance conditions. ††Hyundai's 24-Hour Roadside Assistance Program is a limited service and does not cover certain costs or expenses. Roadside Assistance is not a warranty. †††Hybrid System includes Hybrid Battery Pack Assembly, Hybrid Starter and Generator, Hybrid Power Control Unit, Auto Transmission including Traction Motor. †Apple CarPlay™ works with iPhone 5s, iPhone 5c, iPhone 5 and later models running the latest version of iOS 7 and above. Apple CarPlay™ may not be available on all devices and may not be available in all countries or regions. Visit [www.apple.com](http://www.apple.com) for further details and any applicable limitations. Subject to app compatibility. Apple and Apple CarPlay are trademarks of Apple Inc.. †Android Auto™ is compatible with Android phones running Android Lollipop or newer. Android Auto may not be available on all devices and may not be available in all countries or regions. Additional apps may be required. Visit [www.android.com](http://www.android.com) for further details and any applicable limitations. Subject to app compatibility. Android and Android Auto are trademarks of Google Inc.. †Vehicle is equipped with the ability to access SiriusXM radio. Does not include subscription. The SiriusXM™ name is a trademark of SiriusXM Satellite Radio Inc.. †BlueLink® includes 3 years of service without charge. The BlueLink service is available for new vehicle purchases and leases subject to the BlueLink subscription terms and conditions. Only use BlueLink and corresponding devices when safe to do so. Cellular and GPS coverage is required. Features, specifications, and fees may vary by model and are subject to change. For more on details and limitations, visit [hyundaicanada.com](http://hyundaicanada.com) or your authorized Hyundai dealer. †As with any solar panel, electricity generation will be impacted if panels are not exposed to direct sunlight. Up to 1,300 extra kilometres per year when exposed to 6 hours of sunlight daily. Additional drivable kilometres per day may vary. Estimated additional drivable kilometres are not included in any NRCan mileage estimates. See Owner's Manual for details and limitations. †Blind View Monitor (BVM) assists driver in changing lanes by providing a live view of the blind spots on either side of the vehicle and an audible alert if another vehicle is detected. Turn signal must be activated and other system limitations apply. Do not rely exclusively on BVM. It is the driver's responsibility to be aware of surroundings and ensure they are clear before changing lanes or directions. See Owner's Manual for more information. †Highway Driving Assist (HDA), when used in conjunction with Lane Following Assist and Adaptive Cruise Control with traffic stop and go, is for highway use only and can help keep the vehicle centred in its lane while maintaining a safe distance from the vehicle ahead only when the lane markings are clearly visible on the road and should not be used in poor weather, heavy or varying traffic, or on winding or slippery roads. HDA will not work under all circumstances and will not prevent loss of control. Driver remains responsible to slow or stop the vehicle to avoid a collision. For HDA to maintain the posted speed limit of a highway, the system must be set to the exact speed limit. Only select provincial and territorial highways will apply to this feature of the system. This feature of HDA will only function when the navigation map data is available and is up to date for the highway that is being driven on. Driver remains at all times responsible for determining the correct speed limit and to abide by such speed limits, including in situations in which a speed limit may be altered, but such change in speed limit is not recognized by the navigation system, such as in the cases of reduced speeds in construction zones or where posted speed limits have been recently increased or decreased. Driver is responsible for maintaining the data of the navigation system up to date. See Owner's Manual for further details and limitations. When equipped with Highway Auto Curve Slowdown (HACS), HACS will reduce cruise control set speed as vehicle approaches a curve in the highway. HACS will only function when the navigation map data is available for the section of highway that is being driven on. HACS may not function under all circumstances and on all highways and will not prevent loss of control. Driver remains responsible for controlling the speed of vehicle to avoid a collision or other accidents. See Owner's Manual for further details and limitations. †Not all devices will be compatible. See Owner's Manual for further details. Bluetooth® word mark and logos are registered trademarks owned by Bluetooth SIG, Inc.. HomeLink® is a registered trademark of Johnson Controls Inc.. Bose® is a registered trademark of Bose Corporation. All other trademarks and trade names are those of their respective owners. Some images shown with special graphic effects.
