ABOVE & BEYOND

Ever since the first Land Rover vehicle was conceived in 1947, we have built vehicles that challenge what is possible. These in turn have challenged their owners to explore new territories and conquer difficult terrains. Our vehicles epitomize our brand. Vehicles with exemplary design credentials and engineering capabilities. Which is how we continue to break new ground, defy conventions and encourage each other to go further. Land Rover truly enables you to make more of your world, to go above and beyond.

EXTERIOR

Design refinements give Discovery a lower, wider stance with an updated front grille and new bumpers. Land Rover Discovery R-Dynamic presents a compelling combination of sporting character and versatility, with unique bumpers, wheels and rear light designs. Roof options include the sliding panoramic roof fitted as standard or the option of the Narvik Black contrast roof*.

*Only available on R-Dynamic models.

INTERIOR

The redesigned, contemporary interior includes new second row seating, with deep seat cushions and ergonomic design providing enhanced comfort for you and your family. Touches such as the center console's deep storage compartment allow for greater convenience and flexibility, while the hidden-until-lit switches of the updated steering wheel and the intuitively designed toggle shift keep everything you need right at your fingertips.

VERSATILITY

UNCOMPROMISING SPACE AND PRACTICALITY

If you're planning trips with up to seven of you, the flexible seven-seat layout of the Discovery offers the perfect solution. Intelligent Seat Fold* allows you to easily configure the second and third row for an ample cargo space of up to 74.3 cu.ft. Clever storage compartments throughout the interior allow you to carry items of all shapes and sizes with absolute ease.

*Requires fitment of another feature.

SAFETY

With up to four LATCH points, installing child seats in this family SUV is easy. They ensure a strong connection between the child seat and the vehicle. Discovery features a comprehensive system of up to eight driver and passenger airbags* to help keep your family safe.

Land Rover Discovery includes a range of driver assistance features as standard, including 3D Surround Camera, Emergency Braking**, Bling Spot Assist, Cruise Control and Speed Limiter, and Lane Keep Assist†

*Please remember that the safety belts in a vehicle constitute the primary protection system for driver and passengers in collisions. Airbags are not designed to deploy in all collisions. The airbag Supplemental Restraint System (SRS) is a supplement to the safety belts and is designed to work as a system with the safety belts. Although airbags provide additional protection, airbags without safety belts do not provide optimal protection in a crash. Always wear your safety belts. Children younger than 13 years old should always be properly restrained in a back seat, away from airbags. Never place an infant seat in the front seat. **Please note that if any actions is taken, even minimal steering, the Emergency Braking system will assume the driver resumed control of the vehicle and the system will automatically disengage. †These systems are not a substitute for driving safely with due care and attention and will not function under all circumstances, speeds, weather and road conditions, etc. Driver should not assume that these features will correct errors of judgment in driving. Please consult the owner's manual or your local authorized Land Rover Retailer for more details.

POWERED CONVENIENCE

Discovery offers ultimate convenience. Powered gesture tailgate* allows you to open and close the trunk even when your hands are full, while the powered inner tailgate* provides a platform for social events, or more everyday tasks like changing the kids' muddy boots. Plus, the all-new Activity Key* lets you enjoy your adventures without needing to take your conventional car key.

*Optional feature.

DESIGN

YOUR DISCOVERY

THE WORLD OF
LAND ROVER

COMFORT WITHOUT COMPROMISE

Create the perfect cabin environment for you, your family and friends. Unique to Land Rover Discovery, three rows of heated seats* mean each passenger can set their preferred level of warmth, while Four-zone Climate Control* lets you configure the temperature in the first two rows and improve ventilation to the third. Optional Cabin Air Ionization enhances driver and passenger wellbeing with a specially designed filter that captures fine particles from the outside air, such as PM2.5 and airborne allergens like dust and pollen. Entry and exit to the vehicle is made easier with Automatic Access Height, using air suspension to lower the vehicle by up to 1.6 inches.

*Requires fitment of another feature.

DRIVER ASSISTANCE FEATURES

STANDARD DRIVER ASSISTANCE FEATURES

Blind Spot Assist* - If another car is detected in your blind spot when you begin to change lanes, a warning light illuminates in the corresponding door mirror and steering torque encourages you to guide your vehicle away from potential collision.

Clear Exit Monitor* - Warns passengers as they exit of approaching hazards, such as passing vehicles and cyclists.

Rear Traffic Monitor* - Warns you of vehicles, pedestrians or other hazards approaching from either side. Particularly useful when reversing out of a parking bay.

*These systems are not a substitute for driving safely with due care and attention and will not function under all circumstances, speeds, weather and road conditions, etc. Driver should not assume that these features will correct errors of judgment in driving. Please consult the owner's manual or your local authorized Land Rover Retailer for more details.

OPTIONAL DRIVER ASSISTANCE FEATURES

Adaptive Cruise Control* - Keeps your vehicle a set distance from the vehicle in front, should it slow or stop when you're cruising or travelling in slow-moving traffic. If the vehicle in front stops, you will come to a smooth halt.

DESIGN

CAPABILITY

IN-CAR TECHNOLOGY

YOUR DISCOVERY

THE WORLD OF
LAND ROVER

CAPABILITY

From refinement and fuel economy to effortless power, Discovery offers a range of engines. For clean, efficient power, our Mild Hybrid P360 engine utilizes a battery to harvest, store and redeploy energy normally lost during deceleration*. Our gas engines provide an engaging, direct driving experience well suited to shorter journeys like shopping trips and after-school activities.

*Engine dependent.

ULTIMATE ADAPTABILITY

All Wheel Drive (AWD)* helps ensure a confident drive, on or off road. On slippery surfaces, such as grass and snow, AWD and Terrain Response® work together to automatically balance torque between the front and rear wheels, maximizing traction. Plus, a towing capability of up to 8,200 lbs and Advanced Tow Assist¹ make transporting anything from trailers to horseboxes easier**.

*These systems are not a substitute for driving safely with due care and attention and will not function under all circumstances, speeds, weather and road conditions, etc. Driver should not assume that these systems will correct errors of judgement in driving. Please consult the owner's manual or your local authorized Land Rover Retailer for more details. **Never tow beyond a vehicle's permissible towing capacity. Before towing, please consult the owner's manual or your local authorized Land Rover Retailer for more details.

¹Engine dependent. Only available as part of a pack.

DESIGN

THE WORLD OF
LAND ROVER

EXPLORE IN CONFIDENCE

Achieve the best possible vehicle setup through Terrain Response® 2¹, which automatically selects the optimum driving mode. Hill Descent Control (HDC®)* takes the strain out of difficult slopes by maintaining a constant speed and applying braking separately to each wheel, while All Terrain Progress Control^{1*} helps to set and maintain a steady speed in challenging off-road conditions. A 35.4 inch wading depth and Wade Sensing technology also help to tackle water crossings, alerting you if water approaches the maximum wading depth**.

*These systems are not a substitute for driving safely with due care and attention and will not function under all circumstances, speeds, weather and road conditions, etc. Driver should not assume that these features will correct errors of judgment in driving. Please consult the owner's manual or your local authorized Land Rover Retailer for more details. **Driving in floodwaters or moving water should be avoided. Driving through water can be extremely dangerous. The Wade Sensing feature only detects depth of water the vehicle is in at the present time and not of water ahead or around the vehicle. Therefore, Wade Sensing cannot predict whether it is safe to proceed and cannot detect steep drops in grade around the vehicle. The driver is responsible for determining the conditions of the route being driven.

¹Engine dependent. Only available as part of a pack.

LAND ROVER

EFFORTLESS OFF ROAD

Making each journey easier, ClearSight Ground View* allows you to effectively see 'through' the Land Rover Discovery hood and display multiple exterior views as you drive. Adaptive Dynamics automatically optimizes the suspension settings to provide balance of refinement and agility, while Configurable Terrain Response®¹ allows you to individually personalize your off-road system preferences**.

Combine this with the Discovery Twin-speed transfer box² - which can prove invaluable in challenging conditions such as steep inclines or declines - and you'll find that no adventure is out of reach.

*Optional feature. Requires 360° surround camera. This feature is not a substitute for safe and attentive driving, and driver should not assume that it will correct errors of judgment in driving. Consult the owner's manual for more details. **These systems are not a substitute for driving safely with due care and attention and will not function under all circumstances, speeds, weather and road conditions, etc. Driver should not assume that these features will correct errors of judgment in driving. SEAMLESS CONNECTIVITY

Your vehicle stays up to date through Software Updates. The infotainment, telematics and various control modules in the vehicle can all be updated remotely to help ensure optimal performance. It means that your vehicle just keeps getting better.

This is a consumer device. Before use, you must register this device with your wireless provider and have your provider's consent. Most wireless providers consent to the use of signal boosters. Some providers may not consent to the use of this device on their network. If you are unsure, contact your provider. You must operate this device with approved antennas and cables as specified by the manufacturer. Antennas must be installed at least 20 cm (8 inches) from any person. You MUST cease operating this device immediately if requested by the FCC or a licensed wireless service provider. Warning. E911 location information may not be provided or may be inaccurate for calls served by using this device.

Optional wireless device charging with phone signal booster lets you charge compatible smartphones without the need for wires or a charging dock. While in the vehicle, your phone will use the antenna for improved signal and clearer calls.

WITH MERIDIAN™, YOU'LL FEEL MORE

Meridian's™ approach to in-vehicles audio is all about managing the sound stage; intensifying the levels of depth, clarity and realism of the music, by using a combination of sophisticated acoustic technology and strategically positioned speakers.

Wherever you sit in the vehicle, you'll get the same concert quality sound. Each strike of the piano, every guitar pick, horn blast, chorus and melody reveals itself with precision and texture, just as the artist intended. It's intimate, dramatic and very atmospheric - whether you're off-road or stuck in rush-hour traffic.

EXPLORE MERIDIAN™

Meridian is a registered trademark of Meridian Audio Ltd. Trifield and the three fields device is a trademark of Trifield Productions Ltd. Features and their availability may differ by vehicle specification and market.

Visuals aim to represent the perceived placement of the musicians based on an occupant seated on the right side of the vehicle.

8 SPEAKERS

1. SOUND SYSTEM

Gives new levels of realism to your favorite music with a combination of speakers, channel amplifier, Audio Equalization and Dynamic Volume Control.

12 SPEAKERS 1 SUBWOOFER 400W AMPLIFIER POWER

2. MERIDIAN™ SOUND SYSTEM

Brings detail and clarity to everyone in the car with strategically arranged speakers and a dual-channel subwoofer to deliver a full, sophisticated sound.

14 SPEAKERS 1 SUBWOOFER 700W AMPLIFIER POWER

3. MERIDIAN™ SURROUND SOUND SYSTEM

Enjoy an engaging, authentic concert hall experience as you're enveloped in the fullness and clarity of side, front and rear speakers seamlessly integrated using Trifield™ technology.

THE LAND ROVER COLLECTION

Our exclusive collection of accessories is inspired by our vehicles and made with a quintessentially British sense of style.

Land Rover Chronograph Watch - This timepiece features a solar charging face with date aperture and instrument cluster chronograph. Orange accent to the sub-dials, outer dial and second hand.

Premium Golf Umbrella - Non-conductive fiberglass frame golf umbrella. Features vented canopy for additional wind resistance and Land Rover wordmark to the canopy edge.

Modern Driver's Jacket - Be ready for every kind of road. This contemporary driver's jacket offers incredible versatility. Features quilted shoulders, branded poppers to the cuffs and a brushed metal effect wordmark tag. Water-resistant zips and DWR® coating.

Land Rover Business Hard Case - Taking design cues from our Land Rover skid plate, this business case in Graphite Grey is ready for whatever the workday brings. A polycarbonate shell, an aluminum frame and TSA-approved locks mean important documents are always kept secure.

Weekender Bag - Packed with versatility. Made from highly supple oil-washed natural grained brown leather, this Weekender Bag is flexible in every sense. Ideal for day trips or extended excursions, it features sturdy handles, a detachable padded shoulder strap and a practical zip pocket. Includes protective dust bag.

Defender Multi-tool - Black steel credit card sized multi-tool crafted into a Defender silhouette. Features a range of practical tools including tire tread gauge.
