

1998 CHEVROLET

BLAZER

LIKE A ROCK

A LITTLE SECURITY IN AN INSECURE WORLD.

With its Driver Control System, Blazer gives you added safety, confidence and peace of mind — no matter where your adventures lead. But there's a lot more to like about the rugged Chevy Blazer. This year, we gave it a bold new look. We enhanced its interior comfort with numerous refinements and convenience features, and we added Next Generation driver and right front-passenger air bags* to its comprehensive safety package. Yes, there's plenty to like about Blazer. But that's really no surprise. After all, it's from Chevy Truck — the most dependable, longest-lasting trucks on the road.†

*Always wear safety belts, even with air bags. (Also see note on child safety on page 21.)
†Dependability based on longevity: 1981-1996 full-line light-duty truck company registrations. Excludes other GM divisions.

4-Door Blazer LT 4x4 in Onyx Black. Shown with additional options.

A NEW DIMENSION IN COMFORT AND REFINEMENT.

From the moment you enter the Blazer cabin, you're surrounded by an environment that is as accommodating as it is refined. Among the many new comfort and convenience features are new front and rear seats (with rear folding head restraints)

that are even more comfortable and supportive. A redesigned center console offers expanded storage options. And a new ergonomic design places virtually every convenience feature at your fingertips. For the ultimate in luxury, there's 4-Door Blazer LT with its standard Custom Leather seating surfaces and

available heated front seats. Also standard are new features such as a power eight-way driver seat; electronic climate control; heated outside mirrors; and a self-dimming, electrochromic inside rearview mirror. New Premium Cloth seats are optional. In every way, Blazer rewards you with refinement and creates a welcome personal haven that makes every journey more enjoyable.

Console Convenience.

Front reclining high-back bucket seats include a center console with a storage area, coin or CD holder, dual cup holders designed to hold a variety of sizes and the remote cassette player, when this option is selected.

Overhead Console.

Available with front reclining high-back bucket seats is an overhead console with an 8-point electronic compass and outside temperature display and dual reading lamps. It also houses the HomeLink transmitter with new backlit display (when ordered). A mini overhead console is included with the optional electric sunroof on LS and LT models.

Electric Sunroof.

All Blazer models can be equipped with an optional electric sunroof. This tilt-and-slide design includes a wind deflector, sunshade and express-opening feature.

YOUR LUXURIOUS HAVEN FROM THE WORLD OUTSIDE.

4-Door Blazer LT 4x4 interior with Custom Leather seating surfaces. Shown in Beige.

THE CONFIDENCE OF BEING IN CONTROL.

4-Door Blazer LT 4x4 instrument panel. Shown with additional options.

Slide behind the wheel and your focus is on control.

A new instrument panel design makes gauges even easier to read and places all controls within easy reach.

We even moved the glove box handle closer to the driver and made the compartment space more usable. Everywhere you look, careful placement of features creates an exceptionally pleasant environment. It's all part of an uncompromising attention to detail. And it helps you navigate with confidence.

HomeLink Transmitter.

This feature allows you to program your garage door, electric gates or even your home's lighting/security systems into a permanently mounted transmitter located in the overhead console.

Heated Outside Mirrors.

New heated outside rearview mirrors included with LT trim enhance driver visibility during inclement weather.

Auxiliary Power Outlets.

Blazer LS and LT models are equipped with two covered power outlets for your electronic accessories. A third power source is provided by the lighter receptacle.

Insta-Trac 4x4 Electric Shift Transfer Case.

On 4x4 models, this system lets you shift on the fly from 2WD to 4WD High and back at any road speed at the push of a button.

Premium Sound System.

Blazer ETR AM/FM stereo premium sound systems with six speakers are available with an integral cassette player or compact disc player, or with an integral CD player and the new remote cassette player, which is located in the center console (requires front bucket seats).

Remote Keyless Entry.

This feature lets you lock or unlock doors and the rear liftglass or liftgate from up to 30 feet away. It also activates interior lighting and features a "panic" button that operates the horn and lights. (Optional with LS trim, requires optional power driver seat adjuster). Also, a single key operates the Blazer side and rear doors and the ignition, for convenience and security.

GETTING THERE IS HALF THE FUN.

The U.S. Ski Team takes on some of the most rugged ski mountains known to man. Maybe that's why they like Chevy Blazer. With its Driver Control System, Blazer takes on some of its own rugged mountains. And as the Official Vehicle of the U.S. Ski Team, Chevy Truck helps make it possible for our athletes to compete all over the world. With its dependable, long-lasting performance, Chevy Truck is the perfect match for the drive and determination of the U.S. Ski Team athletes as they take on their latest mountain. Wherever they're headed, Blazer gets them there with safety, confidence and peace of mind.

4-Door Blazer LS 4x4 in Dark Cherry Red Metallic. Shown with additional options.

4-Door Blazer LT 4x4 in Emerald Green Metallic. Shown with additional options.

THE CONFIDENCE OF THE DRIVER CONTROL SYSTEM.

Chevy Blazer makes you comfortable on any road (or trail). And it's well prepared for whatever Mother Nature dishes out. Its Driver Control System tackles less-than-ideal conditions and helps add to your safety, confidence and peace of mind. At the heart of the system is a group of premium suspension components that are precisely tuned to work together and deliver an exacting balance between a quiet, smooth ride and impressive handling. Power-assisted variable-ratio steering combines luxury-car steering ease at low speeds with precise road feel at highway speeds. A heavy, steel ladder-type frame is boxed for much of its length to provide impressive rigidity, contributing to a smooth ride. This year, all Blazer models come equipped with standard 4-wheel disc brakes. Chevy Blazer: It's all about providing a little security in an insecure world.

Rear Urethane Jounce Bumpers.
Large rear urethane jounce bumpers reduce the "kick" effect of suspension-to-frame contact and soften the jarring that often accompanies traveling over rough road surfaces.

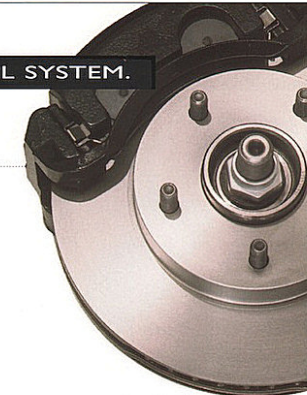

Standard Four-Wheel Disc Brakes with Anti-Lock Brake System (ABS).
New standard four-wheel disc brakes recover quickly from water immersion and provide impressive fade resistance. Four-wheel ABS, which helps keep you in control by reducing wheel lockup while braking hard on most slippery surfaces, is also standard.

Independent Front Suspension (IFS).
This rugged and reliable suspension, with its Short/Long Arm design, provides smoothness and control, enabling the front wheels to virtually step over bumps independently.

Front and Rear Stabilizer Bars.
Larger-diameter drop-link stabilizer bars help keep you in control by reducing body lean when cornering.

Specifically Tuned Tires.
All-season radial-ply tires, developed specifically for Blazer, handle dry, wet and snowy conditions, and provide a smooth, quiet ride in both 2WD and 4x4 models.

ZR2: FOR YOUR OFF-ROAD ADVENTURE.

There's one Blazer that's yearning to kick up a little dust. It's the aggressive Blazer ZR2, and it's an off-road enthusiast's dream. The distinctive ZR2 Wide-Stance Sport Performance Package for 2-Door Blazer LS 4x4 includes a reinforced, wide-stance chassis with numerous upgrades, including a 3.9-inch-wider tread in the front and rear; 31"x10.5" R-15 on-/off-road tires; 46mm Bilstein pressurized shock absorbers; specific strengthened front differential gears and drive axles; a specific rear axle with an 8.5" ring gear, larger rear wheel bearings and longer, larger diameter axle shafts; a specific rear suspension with revised multi-leaf springs and added rear axle track bar; plus an Underbody Shield Package and specific ZR2 fender flares. So if you're thinking off-road adventure, think Blazer ZR2.

2-Door Blazer ZR2 4x4 in Apple Red.

4-Door Blazer LS 4x4 interior with Custom Cloth reclining high-back bucket seats in Medium Gray.

COMFORT AND QUALITY THAT ENDURE.

One of the things you'll appreciate most about Blazer is that it's designed for the way you really live. It's packed with features and enhancements that make an already exceptionally comfortable and convenient vehicle even more so. From strong, durable fabrics and generous seating areas that invite relaxation, to abundant storage and convenience features, you'll appreciate how Blazer really suits your lifestyle. Even the little things will impress you, like the new retained accessory power feature that lets you operate the radio, power windows and other power features for up to 20 minutes after the ignition key is switched off. It's easy to see why, with these quality touches everywhere, Blazer is so easy to live with.

Scotchgard™ Protector. Cloth seat fabrics, cloth door panels and carpeting are mill-treated with stain-resistant Scotchgard™ Protector to help make cleanups quick and easy.

Front-Seat Convenience. The new 60/40 split-bench front seat includes a center armrest with convenient storage space for CDs, coins and other items as well as dual cup holders between the front seats.

Split-Bench Front Seat. The new 60/40 split-bench front seat available on 4-Door Blazer models (not available with LT trim) provides enhanced comfort and support, and joins the new standard split-bench rear seat to provide versatile seating.

DIMENSIONS AND CARGO VOLUME

INTERIOR DIMENSIONS (IN.)	2-DOOR	4-DOOR

Rear seat - with backrests folded down	66.9	74.1

¹ Measured at beltline. ² Measured floor to roof.

ALL THE VERSATILITY YOU NEED.

Day in and day out, Blazer provides the versatility and dependability you need for the life you lead.

So whether it's your weekday errands in the city or that weekend getaway to the mountains, Blazer accommodates you in style. It understands your need to carry people as well as cargo, and it does both with equal ease. A split-folding rear seat with new folding outboard head restraints gives you versatility by offering a variety of cargo and rear-passenger seating configurations. Unlike other sport utilities, there is no need to remove the rear head restraints to fold the rear seats. When you need to fold the rear seat flat, a spacious cargo area is ready for your luggage and gear. On 4-Door models only, a choice of the rear liftglass/dropgate or a liftgate with integral liftglass lets you tailor Blazer to meet your needs. From work to play to everything in between, Blazer responds with confident versatility.

**Liftglass/Dropgate.**

The Blazer base model's standard rear liftglass/dropgate is easy to open in tight locations and provides the flexibility you need for your active life.

**Liftgate Versatility.**

Standard on 4-Door LS and LT models, a liftgate with integral liftglass provides easy access to the rear compartment. With this feature, all you need to do is lift the glass, not the entire tailgate. The liftglass/dropgate is also available for these models.

4-Door Blazer LS 4x4 with standard rear liftgate in Dark Cherry Red Metallic. Shown with additional options.

ENGINEERED WITH THE QUALITY FEATURES YOU NEED.

LASER PRECISION.

During assembly, numerous critical points are electronically checked in a laser optic vision station to help ensure precise alignment of doors and body panels.

CORROSION-RESISTANT EXTERIOR PANELS.

Exterior body panels (except the roof) are made of two-side galvanized steel that helps to virtually eliminate corrosion on the *outside* surface (resulting from scratches and chips), and from rust-through corrosion originating on the inside surface.

TRIPLE DOOR SEALS.

The use of extensive sound insulation and triple door seals helps provide a quiet ride by shutting out road and wind noise.

FLUSH-MOUNTED GLASS.

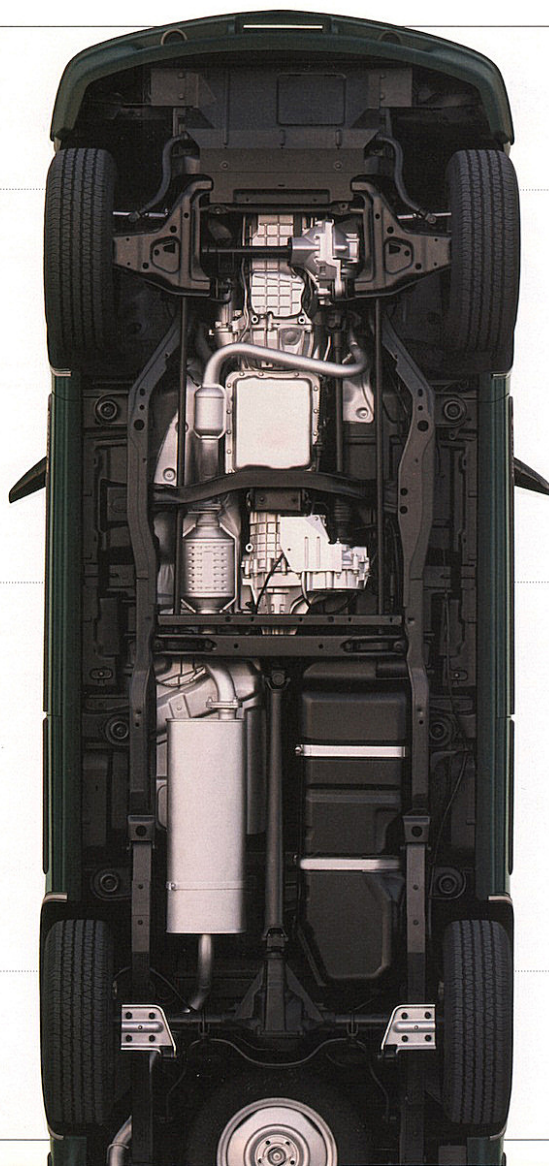

The use of semi-flush-mounted windshield glass and flush-mounted side-window and rear-window glass helps reduce wind noise, while contributing to a sleek appearance.

LASTING GOOD LOOKS.

The standard basecoat and advanced clearcoat paint process resists fading and provides a high-gloss shine for long-lasting exterior beauty.

CRUSH ZONES.

The Blazer front and rear structures are designed to help absorb energy by deforming in a controlled manner during a collision.

VARIABLE-RATIO POWER STEERING.
Standard variable-ratio power steering helps make low-speed maneuvering easy while providing excellent response and on-center feel at higher speeds.

INDEPENDENT FRONT SUSPENSION.
Blazer features a rugged and reliable independent front suspension (torsion bar design in 4x4; coil spring design in 2WD) that helps keep the front wheels virtually straight up and down at all times, for a stable ride and precise control.

**INSTA-TRAC 4x4
ELECTRIC SHIFT TRANSFER CASE.**

The most relied-upon 4x4 system on the road* lets you shift on the fly from 2WD to 4WD High and back at any road speed at the push of a button.

*Based on total reported registrations of GM models using the Insta-Trac 4x4 system vs. competitive four-wheel-drive systems.

STEEL LADDER-TYPE FRAME.
Exceptional strength and rigidity are provided by a steel ladder-type frame that is boxed for much of its length to provide impressive torsional rigidity while helping to support the engine and front suspension.

STAINLESS-STEEL EXHAUST SYSTEM.
Made of corrosion-resistant aluminized stainless steel, the Blazer muffler and exhaust system (from the catalytic converter back) are designed to provide long-lasting durability.

STOPPING POWER.
Every Blazer features new power four-wheel disc brakes with a standard four-wheel anti-lock brake system (ABS).

**TWO-STAGE
MULTI-LEAF REAR SPRINGS.**
Specially designed second-stage springs engage as load weight increases to provide additional support without sacrificing ride quality.

4-Door Blazer 4x4 in Light Pewter Metallic. Shown with additional options.

SAFETY CAN BE VERY REASSURING.

There's no substitute for added safety and security. And so, Blazer offers a comprehensive safety system that's designed to provide additional peace of mind. Included are features such as Next Generation driver and right front-passenger air bags* and four-wheel ABS. There are also Daytime Running Lamps with Automatic Exterior Lamp Control that switch to full-intensity headlamps automatically and back again according to changing light conditions. And there's the security and protection provided by the new standard Passlock® theft-deterrent system and new battery-rundown protection that turns off any interior light left on when the vehicle has been turned off for more than 20 minutes. Blazer helps you feel safe and secure — whether you're in your vehicle or away from it. And that can be very reassuring.

*Always wear safety belts, even with air bags. Also see note below on child safety.

A NOTE ON CHILD SAFETY: Children are generally safer if they ride in a rear seat using the appropriate child safety seats and restraints, which is why General Motors recommends that child safety seats be properly secured in a vehicle's rear seat. This includes an infant or child in a rear-facing seat or a forward-facing child seat, and an older child riding in a booster seat. See your vehicle's owner's manual and child safety seat's instructions for more information.

Side Door Beams.

Double-wall steel doors are reinforced with structural steel beams designed to help avoid intrusion into the passenger compartment during shallow side-angle collisions.

Safety Belt

Comfort Guides.

Blazer rear outboard shoulder safety belts feature adjustable comfort guides to fit older children and small adults. See your owner's manual for details.

Standard Four-Wheel Anti-Lock Brake System (ABS).

Four-wheel disc brakes with four-wheel ABS help keep you in control by reducing wheel lockup while braking hard on most slippery surfaces.

Daytime Running Lamps with Automatic Exterior Lamp Control.

During the day, reduced-intensity headlamps come on automatically to alert others to your oncoming vehicle, then switch to full intensity with changing light conditions.

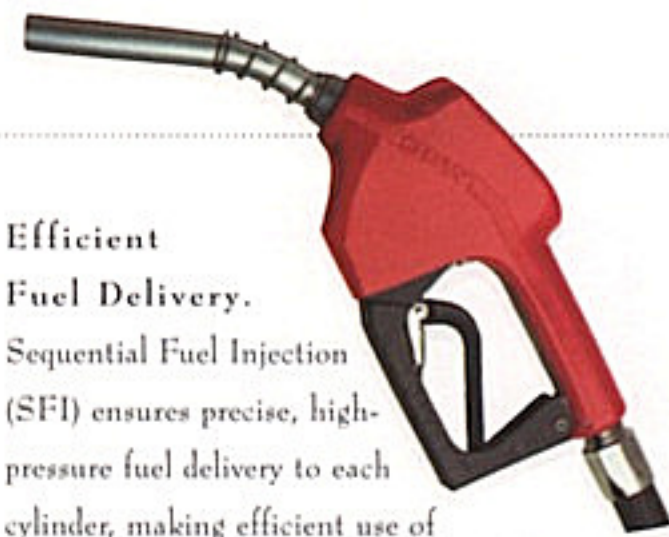

Passlock® Theft-Deterrent System.

All Blazer models now feature the security of the Passlock® theft-deterrent system as standard equipment. Passlock® automatically disables the vehicle's ignition system if the proper key is not used.

STRONG, RELIABLE VORTEC POWER.

Blazer displays a willingness to go the distance that rewards you time and time again with consistency and performance. It owes this fortitude to a strong, reliable Vortec engine. The Vortec 4300 V6 SFI delivers the power you need to haul, tow and pass, as well as the long-lasting dependability you've come to expect from Chevy Truck. Matched to a 4-speed automatic transmission, the Vortec V6 provides an uncompromising blend of power, efficiency and dependability, along with smooth, quiet operation, mile after mile.

Efficient Fuel Delivery.

Sequential Fuel Injection (SFI) ensures precise, high-pressure fuel delivery to each cylinder, making efficient use of every drop of gasoline.

Standard Vortec Power.

Every Blazer model is powered by a Vortec 4300 V6 SFI — the largest displacement V6 engine available in any truck.

100,000-Mile Maintenance.

Platinum-tip spark plugs help Vortec engines travel up to 100,000 miles before their first scheduled tune-up.* And the recommended engine coolant change interval is up to 150,000 miles or five years, whichever comes first.*

*Maintenance needs vary with different uses and driving conditions. See your owner's manual for more information.

4-Door Blazer LS 2WD in Dark Copper Metallic.

TRAILERING WITH CONFIDENCE.

With its powerful, standard Vortec 4300 V6 SFI, electronically controlled 4-speed automatic Overdrive transmission and designed-in Driver Control System, Blazer makes an outstanding tow vehicle.

Trailering-related standard equipment includes a 6-lead trailer wiring harness, engine oil cooler, transmission oil cooler (except 2-Door with available manual transmission), power brakes and a 100 amp alternator. The chart at right will help you determine how to best equip your Blazer for towing.

New Rear Step Bumper With Trailer Hitch.
The new Blazer integral rear step bumper includes provisions for a trailer ball and a tongue weight capacity of up to 350 lbs.

NOTE: Please read the Trailering Caution safety information below before trailering with your new vehicle.

NOTE: The safety steps described here are by no means the only precautions to be taken when trailering. See the owner's manual for the Chevy truck of your choice for additional guidelines and trailering tips.

If you don't use the correct equipment and drive properly, you can lose control of your vehicle when you pull a trailer. For example, if the trailer is too heavy, your vehicle brakes may be less effective. You and your passengers could be seriously injured. Pull a trailer only after taking the following steps:

TRAILER BRAKES.

If your trailer weighs more than 1,000 lbs. loaded, then it must have its own adequate brakes. Be sure to read and follow the instructions for the trailer brake controller so that it is installed, adjusted and maintained properly.

- Don't tap into your vehicle's brake system if the trailer's brake system will use more than 0.02 cu. in. of fluid from your vehicle's master cylinder. If it does, neither braking system will work well. You could even lose your vehicle brakes.

- The trailer brake parts must be able to take 3,000 psi of pressure. If not, the trailer brake system must not be used with your vehicle. If everything checks out thus far, then have a qualified individual make the brake fluid tap at the port on the master

cylinder that sends fluid to the rear brakes. Don't use copper tubing, because it will bend and ultimately break. Use only steel brake tubing.

HITCHES.

It's important to have the correct hitch equipment. Crosswinds, large trucks going by and rough roads are just a few of the reasons why you'll need the right hitch. Here are some rules to follow:

- If you'll be towing a trailer that, when loaded, will weigh more than 3,500 lbs., be sure to use a frame-mounted, weight-distributing hitch and sway control of the proper size. This equipment is very important for proper vehicle loading and good handling when you're driving.
- If you have to make any holes in the body of your vehicle to install a trailer hitch, be sure to seal the holes if you ever remove the hitch. If they're not sealed, dirt, water and deadly carbon monoxide from the exhaust can get into your vehicle.

BLAZER TRAILERING DATA

NOTE: Your vehicle may require additional special equipment to tow the maximum trailer weights listed here. The weight-carrying hitch limit for Blazer is 3,500 lb. trailer with 350 lb. tongue weight.

2WD

ENGINE	TRANSMISSION	AXLE RATIO	MAX. TRAILER WEIGHT (LBS.) ¹	MAX. TONGUE LOAD (LBS.)	MAX. GCWR (LBS.)
Vortec 4300 V6	Automatic	3.08	4500	550	8500
	Manual ²	3.42	5500	650	9500
		3.42	4000	500	8000

4x4

ENGINE	TRANSMISSION	AXLE RATIO	MAX. TRAILER WEIGHT (LBS.) ¹	MAX. TONGUE LOAD (LBS.)	MAX. GCWR (LBS.)
Vortec 4300 V6	Automatic	3.08	4000	500	8500
		3.42	5000	600	9500
	Manual ²	3.73	5000	600	9500
		3.42	3500	450	8000
		3.73	4000	500	8500

¹ Maximum Trailer Weight is calculated assuming the driver and one passenger are in the tow vehicle and it has all required trailering equipment. The weight of additional optional equipment, passengers and cargo in the tow vehicle must be subtracted from the Maximum Trailer Weight. Some models when loaded with driver, passenger and maximum tongue load may exceed the minimum GVW rating for that model. Any Blazer can tow a 3,500-lb. trailer without special equipment. All Blazer models towing a trailer rated over 3,500 lbs. require the special Heavy-Duty Trailering Equipment option (RPO ZS2), which includes a weight-distributing hitch platform, an 8-wire trailer wiring harness and a heavy-duty flasher. ² Available only on 2-Door models.

NOTE: The vehicle owner is responsible for obtaining the hitch ball, a hitch of the proper size, type and capacity, and other appropriate equipment required to safely tow both the trailer and the load that will be towed. Ask your Chevrolet dealer for advice about towing and the proper towing equipment for your new vehicle. Chevrolet strongly recommends the Blazer standard 4-speed electronically controlled automatic transmission for towing.

USING GCWR (GROSS COMBINATION WEIGHT RATINGS) TO DETERMINE ENGINE, TRANSMISSION AND REAR AXLE RATIOS: You can use your desired GCWR calculation to determine the powertrain you will require to tow a specific trailer with your Blazer. The last column to the right in the chart above shows the maximum allowable GCWR based on all available Blazer engine, transmission and rear axle combinations. The GCWR includes the total loaded weight of both Blazer and the trailer.

MATCH A BLAZER SUSPENSION TO YOUR DRIVING STYLE.

SMOOTH RIDE SUSPENSION.

Ideal for everyday driving, the standard Blazer suspension combines a comfortably soft ride with impressive handling.

PREMIUM RIDE SUSPENSION.

Available only on 4-Door models, this impressively smooth suspension delivers an excellent ride and surefooted agility. This is achieved through the orchestrated interaction of premium gas-charged shock absorbers and additional suspension refinements.

TOURING RIDE SUSPENSION.

Designed for the true driving enthusiast and available on 2-Door and 4-Door models, this suspension utilizes premium gas-charged shock absorbers and firm spring rates to provide a taut, well controlled ride. Best of all, this taut ride comes without the ride harshness typically associated with traditional sport-tuned suspensions.

4x4 OFF-ROAD SUSPENSION.

Available only on 2-Door Blazer 4x4, this package includes extra-large 46mm Bilstein high-pressure gas-charged shocks, designed to provide impressive suspension control while keeping their cool in the heat of serious off-road action. Tuned for off-road use, this suspension delivers a very firm ride.

WIDE-STANCE PACKAGE.

Please see page 12 for information about another 4x4 off-road package, the ZR2 Wide-Stance Package.

EQUIP BLAZER FOR YOUR ACTIVE LIFE.

It's easy to personalize Blazer and make it even more versatile with a wide selection of GM Accessories. Each has been specifically designed to help you enjoy the great outdoors and all the activities you pursue in your Blazer. You can expand your cargo-carrying options or add special convenience features that will help you get the most from your vehicle. Either way, you'll enhance your ownership experience and enjoy your Blazer to the fullest. See your Chevy dealer for a complete listing of Blazer accessories.

4-Door Blazer 4x4 in Light Pewter Metallic. Shown with available GM Accessories and additional options.

Cargo-Area Organizer.

With its deep sidewalls and individual dividers, this removable cargo-area organizer helps you tailor your cargo space to meet your needs. From groceries to paint cans to sports equipment, this sturdy organizer holds everything in place, and it cleans up quickly with soap and water.

Splash Guards.

Mounted at the rear of each wheel-well, splash guards work to keep road splash down and your Blazer looking great.

Ski Rack.

This deluxe ski rack conveniently accommodates four pairs of skis or two snowboards. And its user-friendly design makes loading and unloading a snap.

GENUINE CUSTOMER CARE. YOU NEVER TRAVEL ALONE.

NEW VEHICLE LIMITED WARRANTY

This warranty is for GM vehicles registered in the United States. Please see your Chevrolet dealer for complete terms and conditions of this New Vehicle Limited Warranty.

WHAT IS COVERED FOR 3 YEARS/36,000 MILES:^{*}

-  The complete vehicle
-  Sheet-metal coverage:
 - Corrosion coverage
 - Rust-through coverage[†]
-  Tires
-  Repairs made to correct any vehicle defect
-  Towing to your nearest Chevrolet dealership
-  No charge for warranty repairs.

^{*}Whichever comes first. [†]6 years or 100,000 miles, whichever comes first.

COURTESY TRANSPORTATION

Customers who purchase or lease a 1998 Chevrolet Blazer are eligible for Courtesy Transportation (at no charge) when their vehicles are left at a participating dealership for repairs covered

under the 3-year/36,000-mile New Vehicle Limited Warranty. Courtesy Transportation, at participating dealers only, may include shuttle service, expense reimbursement or, if

the repair requires the vehicle to stay at the dealership overnight, vehicle rental. Actual services may vary at the election of the participating dealer. See your dealer for details.

ROADSIDE ASSISTANCE^{*}

Roadside Assistance service is provided through a toll-free 800 number, 24 hours a day, 365 days a year. Roadside Assistance advisors can assist with minor mechanical problems over the phone or coordinate a variety of services through Chevrolet dealers' preferred service providers.

BASIC CARE PROVIDES:

-  Toll-free access 1-800-CHEV-USA
-  Basic over-the-phone technical advice
-  Free towing to nearest dealer for warranty repairs
-  Dealer services at reasonable cost (i.e., wrecker services, locksmith/key service, glass repair, etc.).

COURTESY CARE, WHICH APPLIES FOR 3 YEARS/36,000 MILES, PROVIDES:

-  Basic Care services
-  Free fuel delivery
-  Free locksmith/key service (when keys are lost on the road or locked inside)
-  Free non-warranty towing
-  Free flat tire change service
-  Free jump start.

^{*}Roadside Assistance membership is free. Some services may incur costs. Courtesy Care is available to retail, retail lease and corporate lease customers operating 1994 and newer Chevrolet vehicles for a period of 3 years or 36,000 miles. All Courtesy Care services' associated costs must be prearranged by Chevrolet Roadside Assistance or dealer service management and must be driver-initiated. Basic Care and Courtesy Care are not part of or included in the coverage provided by the New Vehicle Limited Warranty. Chevrolet reserves the right to modify or discontinue Basic Care and Courtesy Care at any time. See dealer for complete details of the Chevrolet Roadside Assistance Program.

ADDITIONAL INFORMATION.

PLEASE CONTACT US ...

For any additional information on 1998 Chevrolet car and truck products, call 1-800-950-2438 or visit us on the Internet at <http://www.chevrolet.com>

CUSTOMER ASSISTANCE CENTER.

The Chevrolet Customer Assistance Center has a special toll-free number (1-800-222-1020). It puts you in contact with experts who can handle any product or service questions you may have with your new Blazer.

SMARTLEASE BY GMAC.

SMARTLEASE by GMAC makes it easy to enjoy the excellence of Blazer. With SMARTLEASE, qualified customers can be approved in about one hour, and you'll enjoy low SMARTLEASE monthly payments. Plus, SMARTLEASE offers you choices at the end of your lease. You can either buy your Blazer at a price guaranteed up front, or return your truck with no other obligations — providing the terms of the lease have been met. For more information about SMARTLEASE or any of the other quality GMAC financing options, see your Chevy dealer or call 1-800-32-SMART.

TURN PLASTIC INTO STEEL WITH THE GM CARD®.

The GM MasterCard® with no annual fee (standard GM Card only) gives you an important financial advantage on your next purchase or lease of a GM vehicle. Use The GM Card® for purchases and you'll receive up to 5 percent of that purchase amount in GM Card Earnings. You can earn as much as \$500 per Account Year, for a maximum of \$3,500 over a period of seven years. Your GM Card Earnings are over and above any other discounts or incentives. To request your GM Card, call 1-800-8GM-CARD.

THE GM MOBILITY PROGRAM FOR PERSONS WITH DISABILITIES.

We invite your inquiries about the GM Mobility Program for Persons with Disabilities. The program will reimburse you up to \$1,000 toward any aftermarket driver or passenger adaptive equipment you may require for your 1998 Chevy Blazer, and can set up complete GMAC® financing for you, too. The program can also provide you with free resource information such as area driver assessment centers and mobility equipment installers. See your Chevy dealer for more details or call this toll-free number for more information: 1-800-323-9935. Text telephone (TTY) users, call 1-800-833-9935.

*Available to qualified applicants.

UPDATED SERVICE INFORMATION.

Chevrolet regularly sends its

dealers useful service bulletins about Chevrolet products. Chevrolet monitors product performance in the field. We then prepare bulletins for servicing our products better. Now you can get these bulletins, too. Ask your dealer or, for ordering information, call toll free: 1-800-551-4123.

ASSEMBLY.

Chevrolet trucks are assembled by different operating units of General Motors, its subsidiaries or suppliers to GM worldwide. Chevrolet trucks incorporate thousands of components produced by different operating units of GM, its subsidiaries or suppliers to GM worldwide. We sometimes find it necessary to produce Chevrolet trucks with different or differently sourced components than originally scheduled. All such components have been approved for use in Chevrolet trucks and will provide the quality of performance associated with the Chevrolet name. Since some options may be unavailable when your vehicle is assembled, we suggest that you verify that your vehicle includes the equipment you ordered or, if there are changes, that they are acceptable to you.

ENGINES.

Chevrolet trucks are equipped with engines produced by different operating units of GM, its subsidiaries or suppliers to GM worldwide.

CORROSION PROTECTION.

Chevrolet trucks are designed and built to resist corrosion. All body sheet-metal components are warranted against rust-through corrosion

for 6 years/100,000 miles (whichever comes first). Application of additional rust-inhibiting materials is not required under the corrosion coverage and none is recommended. See your Chevrolet dealer for terms of this limited warranty.

A WORD ABOUT THIS BROCHURE.

We have tried to make this brochure as comprehensive and factual as possible. We reserve the right, however, to make changes at any time, without notice, in prices, colors, materials, equipment, specifications, models and availability. Since some information may have been updated since the time of printing, please check with your Chevrolet dealer for complete details.

GM PROTECTION PLAN.

The available GM Protection Plan offers service protection in addition to that provided by GM's New Vehicle Limited Warranty. Ask your dealer about it. Coverage available only in the U.S. and Canada.

STANDARDS AND OPTIONS.

NOTE: The Blazer trim features indicated reflect only a portion of the total content of each trim level. See your Chevy Truck dealer for complete listings.

NOTE: Some individually available options listed may be included in, or be ordered only with, specific Preferred Equipment Groups. Some additional ordering restrictions may apply. Please see your salesperson for details.

NOTE: Tire chains should not be used on Blazer models equipped with the following size tires because they could cause damage to the vehicle:

- P235/75R-15
- P235/70R-15
- 31" x 10.5" R-15.
