

A dark night. A lonely road. Your driving companion... a "driver's" car...Avanti II!

This is the man's car that women love. A car with the "guts" to go, and the luxury that makes getting there a memorable experience!

The term "dull" will never be used to describe this one. Have no doubts. Every minute behind the wheel is pure excitement! And, because less than 300 are produced each year, you will seldom, if ever, pass yourself on the highway!

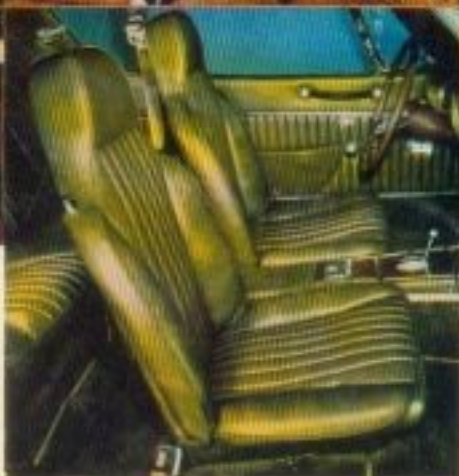

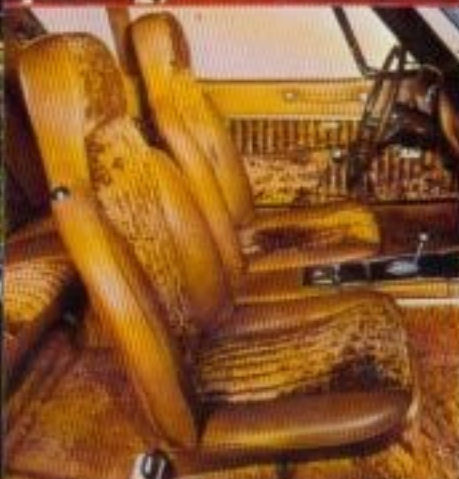

Interiors run the gamut . . . from the finest leathers, to the most luxurious velvets, and everything in between. In total, there are more than 400 from which to choose!

Avanti is equally impressive outside. Pick a color. You can have it! Place yourself behind the wheel and turn "it" on! A few turns . . . a few hills and "presto", any other car will produce instant boredom!

It is difficult to describe the thrill that is Avanti, for never has so much luxury, so much excitement, been placed between two doors. But don't take our word for it. Test drive an Avanti II. See for yourself why its purchase guarantees that "driving" will *never* be the same again!

Take a long look at luxury . . . Avanti luxury, for there is nothing else like it in the motoring world!

Sure . . . you think that because you've purchased luxury automobiles before, you're entitled to step up to Avanti! Yet, are you ready for it? Are you ready for the soft luxury of interiors made of the finest crushed velvet? Have you arrived . . . reached a point where being surrounded by the finest leathers will affect your passengers more than yourself, as you "matter of factly" motor to your destination?

There are more than 400 ways to "spoil yourself" inside an Avanti. Yet this is only a part of the story. Don't go beyond these pages unless you are ready for the "ultimate," for once you experience the thrill that is Avanti, you may give up driving . . . rather than step back to the ordinary!
