¹ Optional Brake Assist with Preview is only an aid to assist the driver and is not a collision warning or avoidance device. It is the driver's responsibility to stay alert, drive safely and be in control of the vehicle at all times. Included with optional Technology Package.

² Please keep in mind that air bags are a supplemental restraint system and must always be used in conjunction with the seat belt. Also, a rear-facing child restraint must never be placed in the front-passenger's seat. In fact, all children 12 and under should ride in the rear seat properly secured in child restraints, booster seats or seat belts, according to their size. Driver and front-passenger side-impact supplemental air bags are designed to inflate in higher severity side collisions and inflate only on the side of the vehicle impacted. Please see your owner's manual for more details.

³ Infiniti VDC system is designed to help improve driving stability but does not prevent accidents due to abrupt steering or by careless or dangerous driving techniques. Always drive safely.

⁴ All prices are Manufacturer's Suggested Retail Price (MSRP). Total MSRP excludes destination and handling, tax, title and license. Dealer sets actual price. Pricing and specifications subject to change without notice.

⁵ Factory-installed option. Never program while driving. Requires accurate GPS service to be available and operating for features to function properly. Mapping may not be detailed in all areas or reflect current road regulations. Some Infiniti dealers may not appear on the current mapping areas. Periodic updates to the DVD will be available for an additional cost. See your Infiniti dealer for details.

⁶ Optional Intelligent Cruise Control is not a collision avoidance or warning device. For highway use only and not intended for congested areas or city driving. The system will not brake automatically to a stop. Failure to apply the brakes could result in an accident.

⁷ The optional RearView Monitor is a convenience but is not a substitute for proper backing procedures. Always turn and check that it is safe to do so before backing up.

⁸ See owner's manual for towing details.

⁹ No satellite radio reception is available and "NO SAT" will be displayed when the SAT button is pressed unless optional satellite receiver and antenna were purchased and installed, and an XM® or SIRIUS™ satellite radio service subscription is active. Satellite radio option can only be installed in vehicles that were factory pre-wired for satellite radio.
