

**2006 GMC SIERRA DENALI** The definition of power, performance, and style, the Sierra® Denali® is a striking example of GMC's commitment to Professional Grade Engineering. It offers a specially tuned Vortec™ 6000 V8 engine, with 345 horsepower, and full-time all-wheel drive. With a wealth of interior amenities, the Sierra Denali is designed to exceed expectations for comfort and refinement in a full-size pickup. Sierra Denali, equipped with standard all-wheel drive, shown in Onyx Black with optional equipment.

1 Official EPA estimates not yet available. Estimates based on GM testing.

2 Cargo and load capacity limited by weight and distribution.

3 Maximum payload capacity includes weight of driver, passengers, optional equipment, and cargo. Cargo and load capacity limited by weight and distribution.

4 Maximum trailer weight ratings are calculated assuming a base vehicle, except for any option(s) necessary to achieve the rating, plus driver. The weight of other optional equipment, passengers, and cargo will reduce the maximum trailer weight your vehicle can tow. See your GMC dealer for additional details.

5 Gross Vehicle Weight Rating (GVWR). When properly equipped; includes weight of vehicle, driver, passengers, cargo, and optional equipment.

6 Always use safety belts and proper child restraints, even with air bags. Even with the Passenger Sensing System, children are safer when properly secured in a rear seat. See the Owner's Manual for more safety information.

7 Call 1-888-4ONSTAR (1-888-466-7827) or visit onstar.com for system limitations and details.

8 RDS functions only where stations broadcast RDS information.

9 XM is available only in the 48 contiguous United States. Service fees apply. Visit gm.xradio.com for more details.

10 Use only appropriate wheels and GM-specified TPC tires on this vehicle. Using different tires or wheels can adversely impact vehicle safety and performance. See your GMC dealer for more details.
