AERODYNAMICS

Grip the road while gliding through the wind.

1 aero kit. Harness the power of the wind with the components in the Infiniti M's Aerodynamic Body Kit. Included in the kit, and also available separately, is a rear spoiler that drops the drag coefficient down to .27.

rear under-spoiler. Complete the look. The rear under-spoiler complements the total aerodynamic package and gives your Infiniti M a sculpted appearance.

front chin spoiler. Decrease turbulence and increase downward force on the front end, while enhancing the bold, aggressive look of your Infiniti M. The front chin spoiler enhances the Infiniti M's overall dynamics.

side sills (set of 2). These factory-matched side sills are styled to match the contours of your Infiniti M. They complete the package for a fully integrated experience.

2 rear spoiler. Custom-designed by Infiniti engineers to enhance aerodynamics, the rear spoiler helps reduce turbulence and drag on your Infiniti M, and creates zero rear lift for enhanced airflow. (Also part of the Aero Kit.)
