Nash Rambler

CONTINENTAL REAR TIRE MOUNT
Distinctive . . Practical . . Smart!

Here is a new accessory that lends an additional continental touch to your Nash Rambler Country Club or Convertible Sedan. The rear tire mount gives new sophistication to America's smartest car. It's mighty practical, too, for this new Nash accessory makes possible additional luggage space.

The Continental Tire Mount is hinged at the bottom and is easily tilted outward to provide easy access to the trunk compartment. It is quickly and easily installed on any Nash Rambler Country Club or Convertible Sedan model.

NASH CUSTOM SEAT COVERS

Nash seat covers are custom tailored to fit your Nash Airflyte. With a wide choice of attractive colors to complement the car's interior and exterior styling, Nash Airflyte Custom Seat Covers are your best buy. Available now in Saran plastic, silk-smooth washable nylon fabrics and new color-fast fibres.

Install a set of Nash Custom Seat Covers on your car now and protect the upholstery at the same time you create new interior beauty.

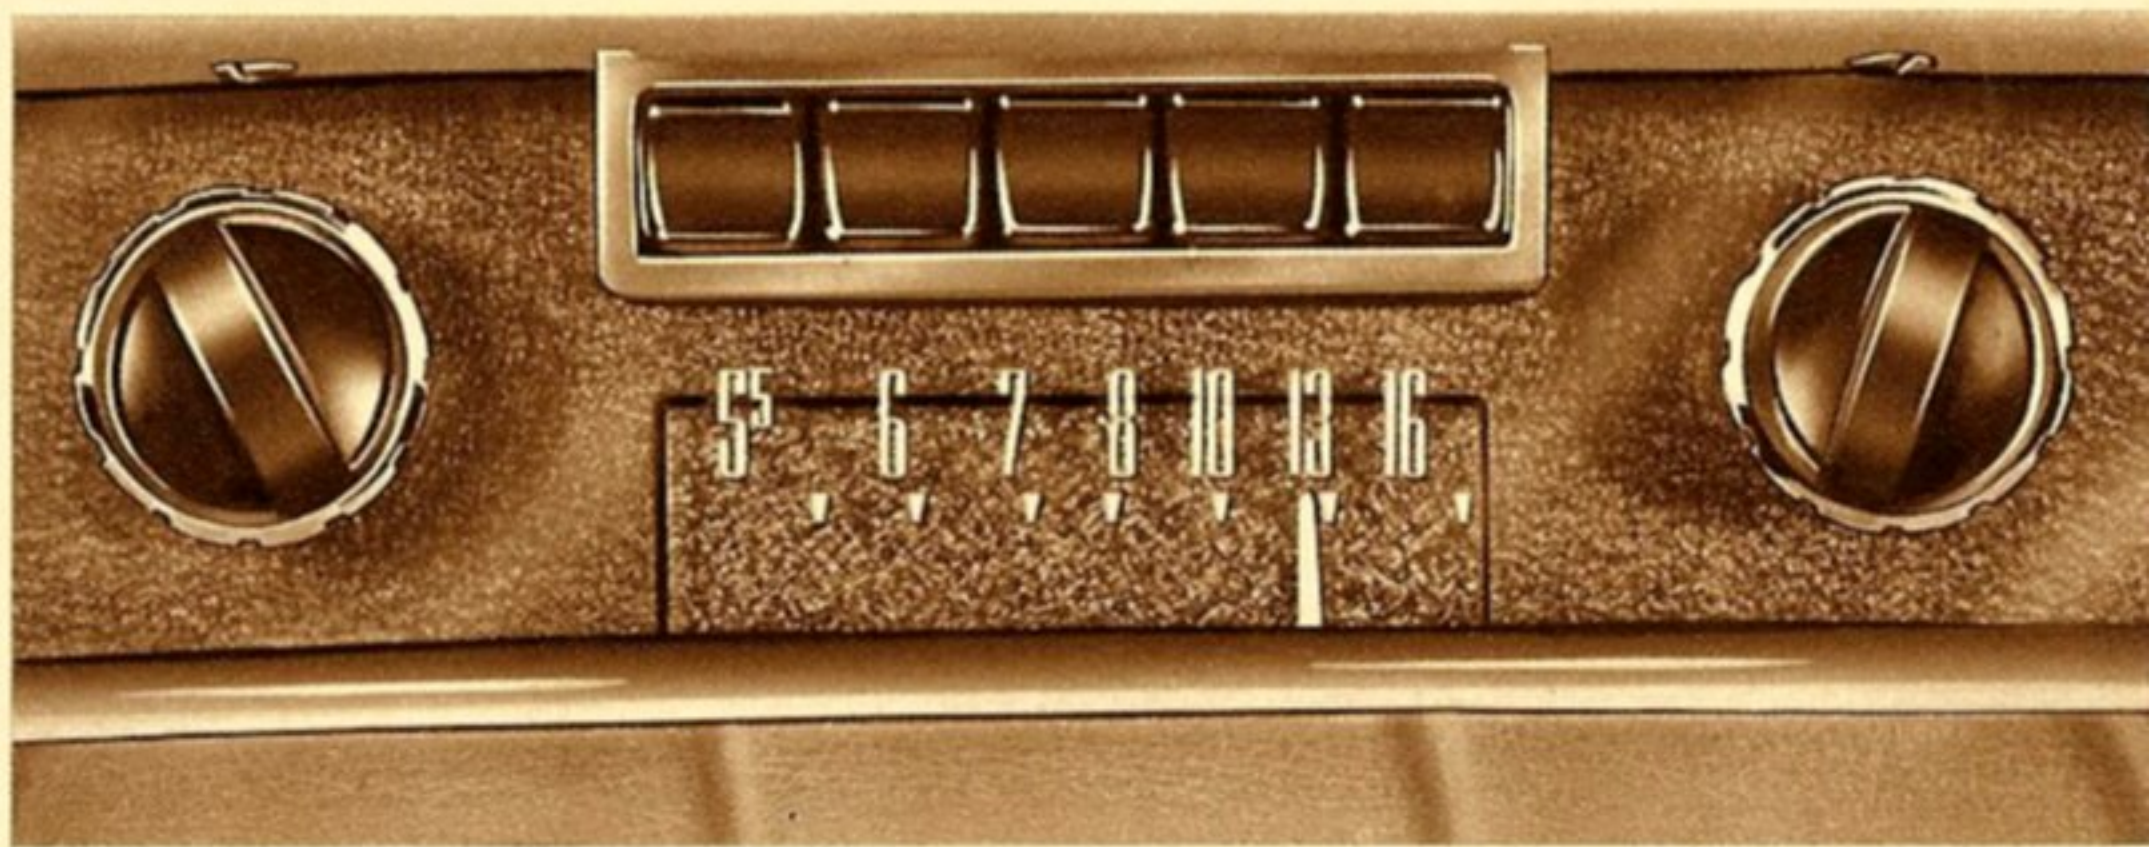

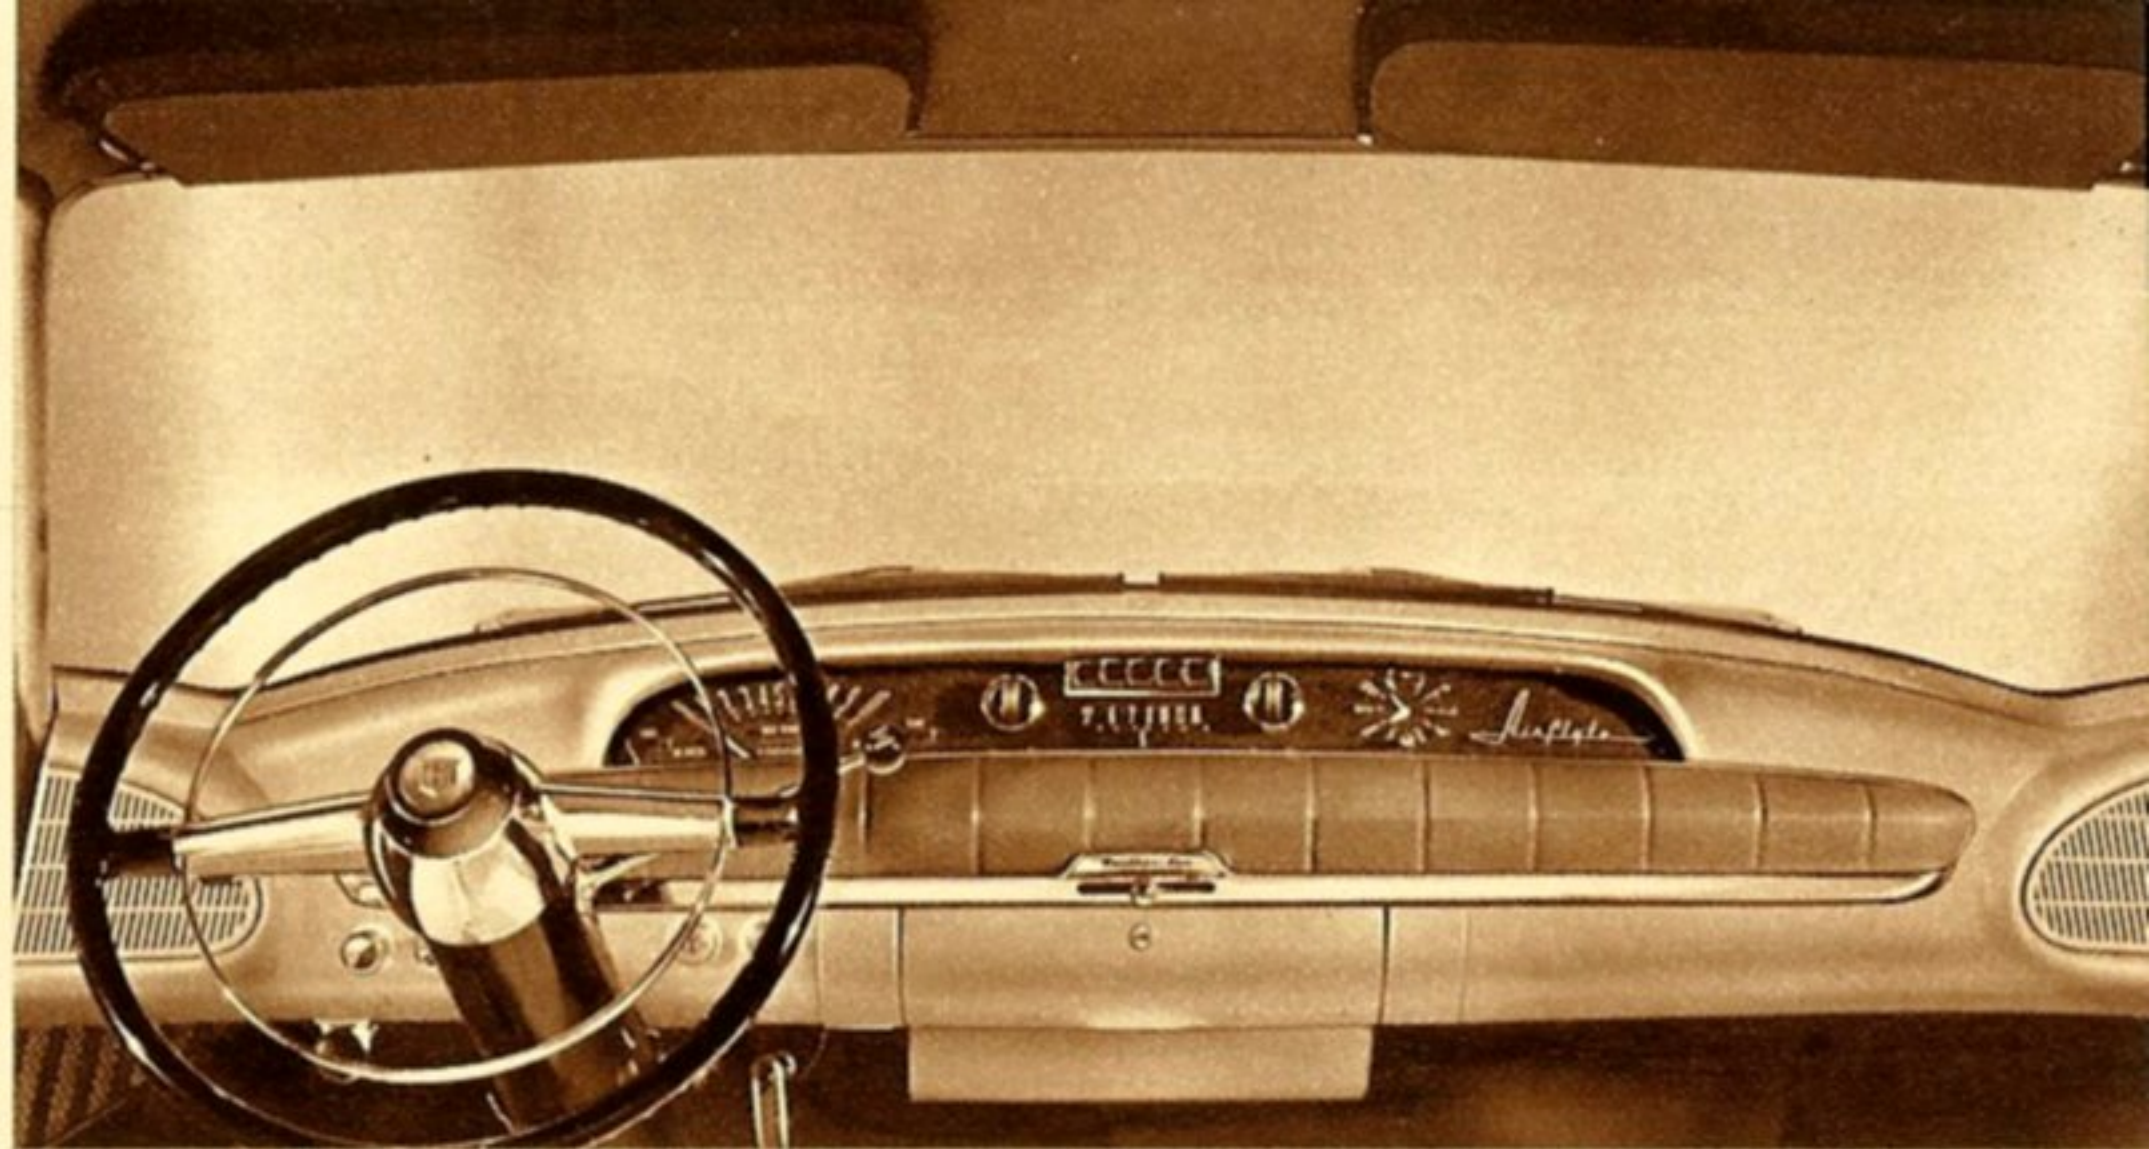

FOR GOLDEN LISTENING PLEASURE:
Nash
Golden Airflyte
DUO-COUSTIC RADIO

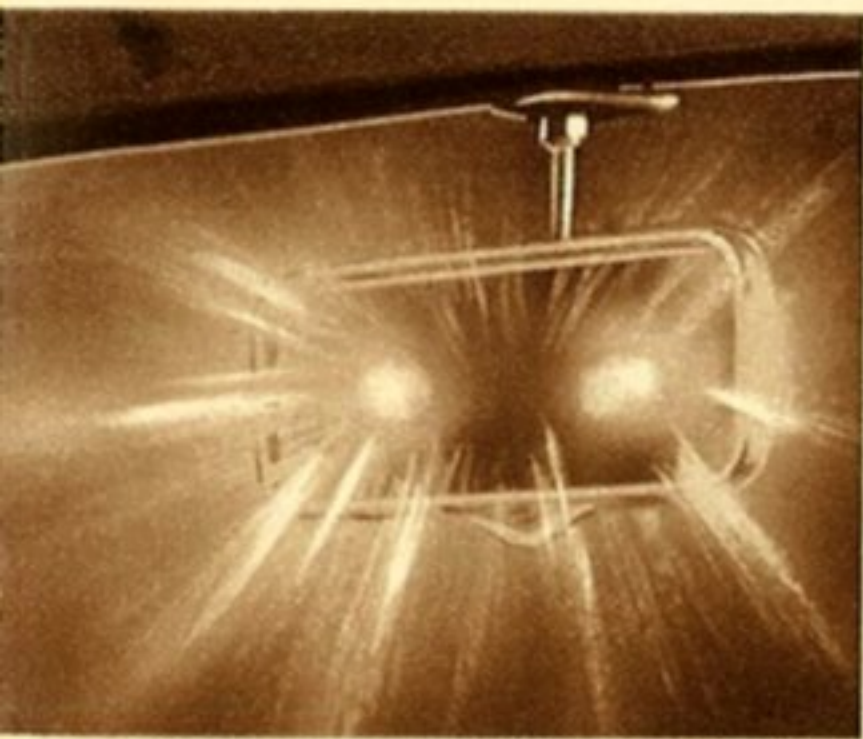

WITH TWIN SPEAKERS!

Here is the finest of car radios . . . engineered especially for the Nash Golden Airflyte. Here is the radio that provides the reception you want wherever you drive . . . in crowded city traffic or on open country by-ways. The Nash Duo-Coustic Radio incorporates all the latest advances in automotive radio design to bring you golden listening pleasure!

LONG-DISTANCE POWER . . . Sensitive Selection. Six low current, long-life tubes and super-sensitive tuning provide a superb, high-powered receiver that presents new listening enjoyment. Twin speakers flank the instrument panel, on either side of the front compartment, to assure balanced sound reception throughout the car. The modern control panel for the Duo-Coustic radio is designed to match the smart Golden Airflyte interior trim.

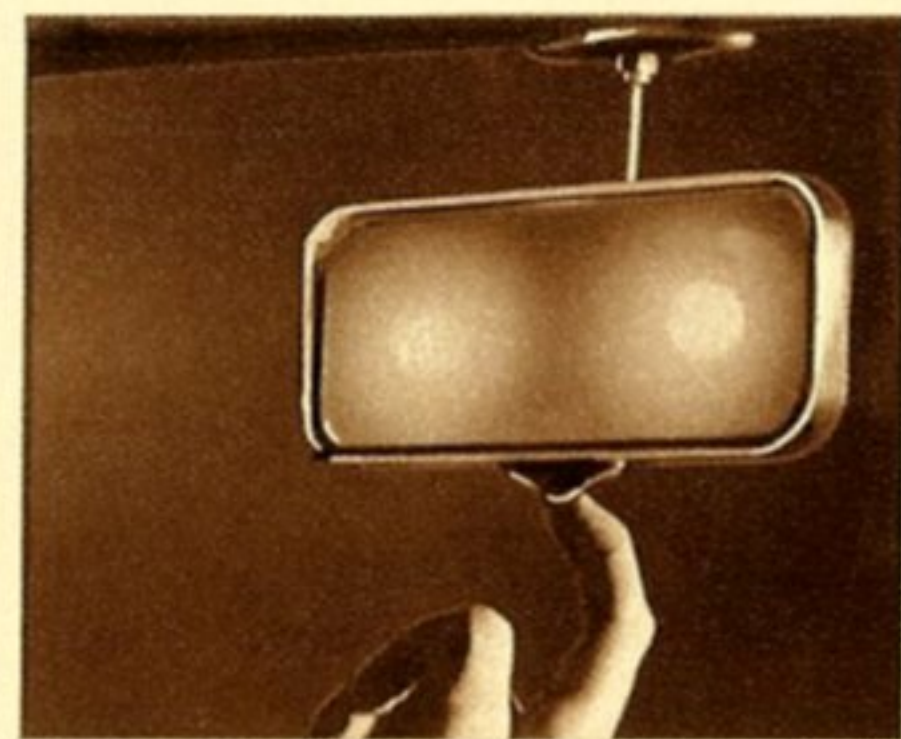

BALANCED TONE AND AUTOMATIC TUNING. Here's power and range that reproduce the most delicate overtones of a symphony orchestra. Here's reception so crystal clear you hear the crack of the baseball bat or the shrill tones of the referee's whistle. New balanced tone control gives you a choice of tone from base to treble. Fully automatic tuning is provided with five push button control. The station dial in a new design is well-lighted for quick clear identification at night. Yes, everything you look for in the finest of home sets is built into the new Nash Duo-Coustic Car Radio.

Non-Glare Rear View Mirror

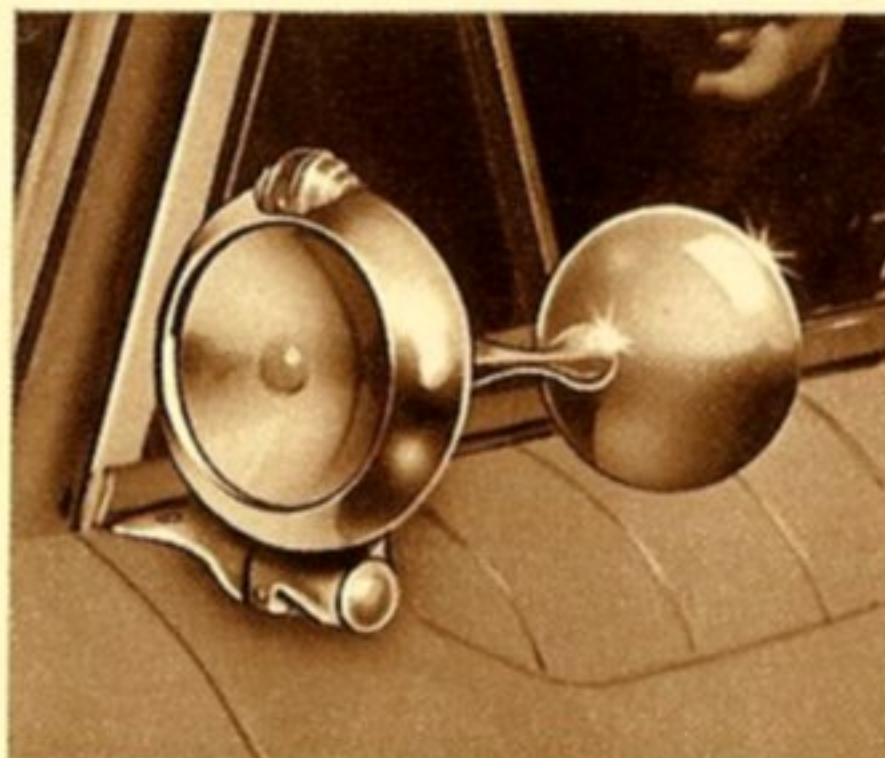

For safety's sake, eliminate dangerous headlight reflections with the Nash Non-Glare Rear View Mirror. When blinding headlights come up behind, the Non-Glare mirror tilts with a flick of the finger into "night position" that

deflects the glare away from the driver's eyes. Another touch and the mirror returns to "day position." Every driver will appreciate the safety and comfort provided by the Nash Non-Glare Rear View Mirror.

Spotlight with Rear View Mirror

Here is a perfect combination of two important accessories. With pistol-grip control, adjustment of both spotlight and mirror is simple and convenient from inside the car. The powerful long-range beam permits you to pick out road signs or house numbers quickly and easily.

Door-Top Mirror

Designed for use on the Rambler, the Nash Door-Top Mirror fits on top of either door. It provides a wide view of the road to the rear without obstructing forward vision. Installation with two set screws is fast and simple. Chrome plated for beauty and long-life.

Nash *Golden Airflyte*

PERSONALIZED MIRRORS FOR YOUR

Safety AND Convenience

Add a personalized touch to your Nash Airflyte with one of the several types of mirrors available for 1952. Each is especially designed for your car. And each adds new standards of safety and convenience to make your driving all the more enjoyable.

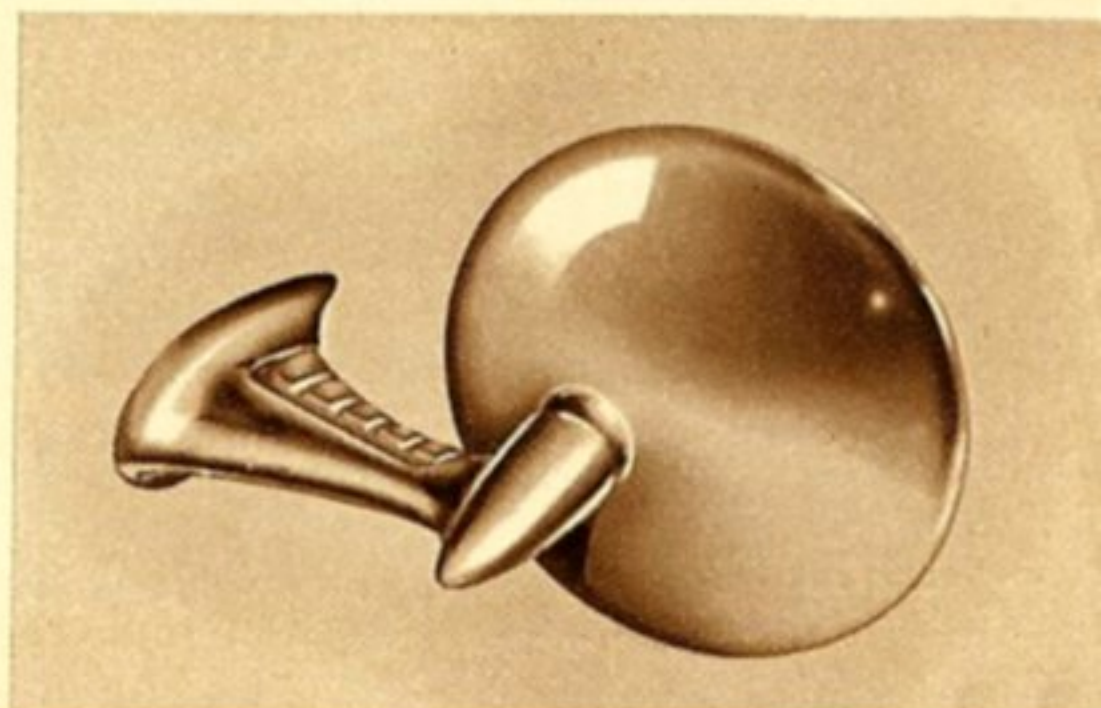

Vanity Mirror

Clipped to the sun visor, the Nash Vanity Mirror is within easy reach of all front seat passengers. A flick of the finger brings it into place for checking personal appearance or recording mileage or service data in the spaces provided.

Custom Styled Rear View Mirror

A "must" accessory for most drivers. A permanent installation by your Nash dealer makes this mirror a part of the car. It's aerodynamic styling is in keeping with Airflyte design. Finished in weather-resistant chrome, the Nash Custom Styled Rear View Mirror has a large 4½-inch reflector.

Nash

Select **ACCESSORIES**

CUSTOM STYLED FOR YOUR

Nash Airflyte

On these pages are pictured a wide variety of Select Accessories designed to add greater safety, beauty and convenience to the car you drive. All have been created with your Nash Airflyte in mind. All have been approved by Nash engineers for quality, practicality and service. Select your accessories and ask your Nash dealer to install them on your car.

FOR GREATER

Beauty

NASH PROTECT-O-MAT, designed especially for your Airflyte, is an all-rubber floor mat that keeps floors neat and clean and prevents carpet wear. Easily cleaned, it is available in three attractive colors and Ebony Black.

NASH LUSTUR SEAL is a scientific preparation used for restoring the original beauty of enamel and lacquer paint finishes. Lustur Seal adds depth to the finish yet leaves nothing to wash or melt off, nothing to collect dust or dirt. When properly applied and cared for, Lustur Seal will last the life time of the car. Consult your Nash Dealer.

NASH HOOD ORNAMENT is especially sculptured to blend with the Golden Airflyte design and add extra beauty to your car. The modernistic ornament is finished in chrome for lasting beauty and protection against the elements.

NASH EXHAUST EXTENSION will protect bumpers from exhaust fumes and stains—while adding distinctive individuality to your Nash Airflyte.

Nash Car Care Materials

RADIATOR SEAL. Permanently seals leaks in cores and hose connections.

AUTO WATER TREATMENT. Helps prevent the formation of rust and corrosion in your cooling system.

RADIATOR CLEANSER. Restores radiator and cooling system to like-new condition.

POLISH AND CLEANER. A fine all-purpose polish—use it on the car; use it at home.

FABRIC CLEANER. Removes oil, grease and dirt quickly and safely from car interior fabrics.

GENERAL USE OIL. Carry it in your car. Keep a can in the home for lubricating fine parts.

HYDRAULIC BRAKE FLUID. Recognized by service men and motorists as the world's finest.

PERFECT SEAL GASKET CEMENT. A positive seal for replacing gaskets. Also prevents corrosion on metal.

GLASS CLEANER. Keeps windows clean and glistening in the car or home.

CHROME CLEANER. Works like magic. Restores original luster to all chrome car parts.

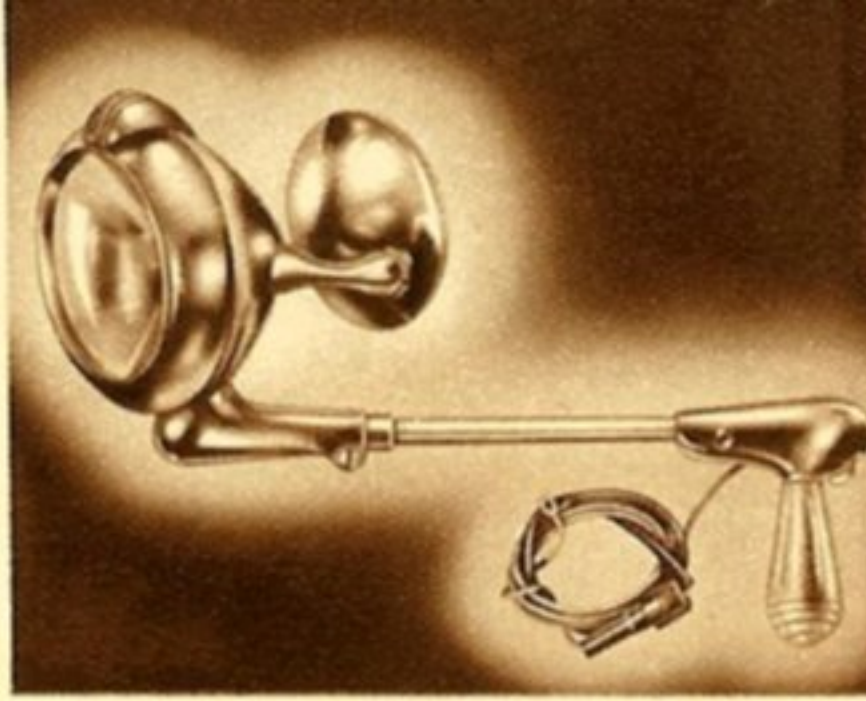

WINDSHIELD WASHER SOLVENT. Those two little "Squirts" will do the job better with Nash Solvent. It will not freeze.

NASH LICENSE PLATE FRAME—chrome frames that help dress-up your Airflyte. Sturdy and rust-resisting, they combine beauty and utility. Frames cover sharp edges of plates, protect your hands.

FOR GREATER

Safety

NASH SPOTLIGHT with powerful long-range beam makes night driving safer, easier, more enjoyable.

NASH FOG LIGHTS for safer bad weather driving. These sealed-beam units assure fixed focus, trouble-free light for maximum visibility in fog, sleet, rain or snow.

RAMBLER LOCKING GAS CAP stops fuel thefts on your Rambler. Turn key and cap lifts off. Remove key and snap the cap back over the filler neck. Cap locks automatically when in place.

FOR GREATER

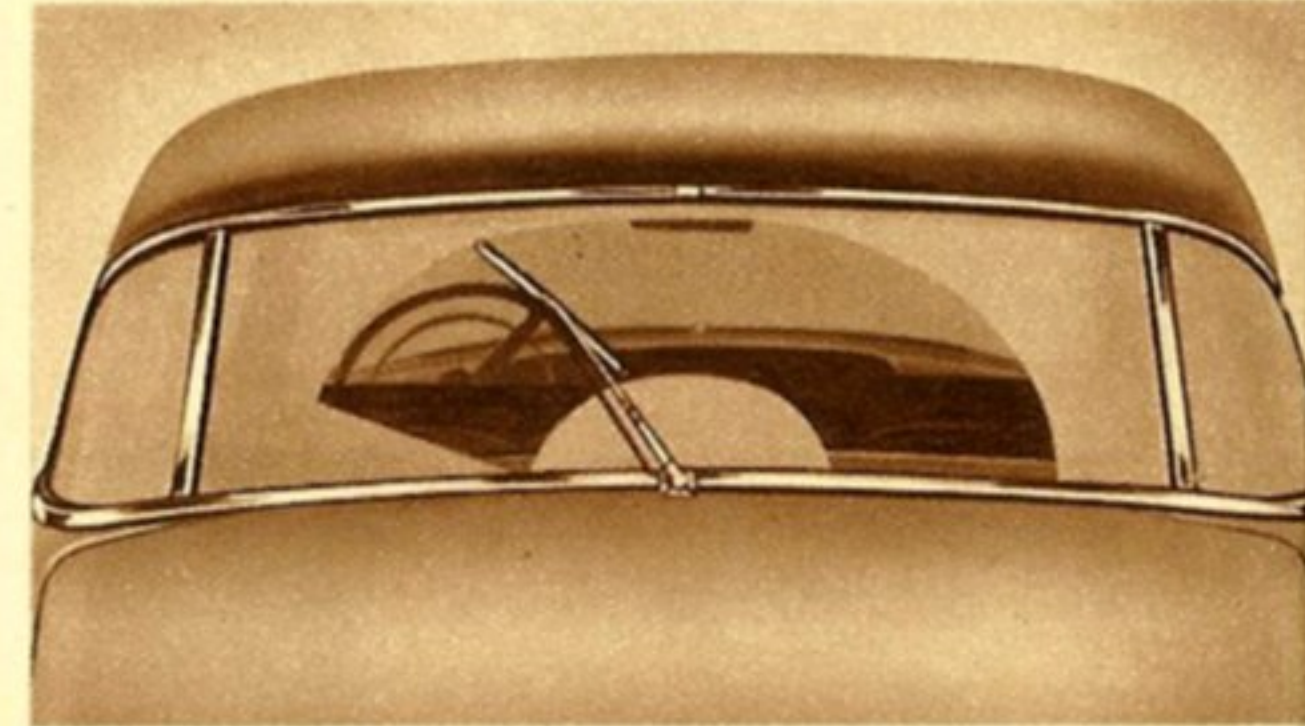

Convenience

RAMBLER GRILLE GUARD gives added protection to the die-cast grille on your Nash Rambler. Smartly-styled to blend with the trim Rambler front-end design.

NASH WINDSHIELD WASHER washes away dust, mud, splash, bugs or road grime at the touch of a button. No need to get out of your car. Quickly installed on any series.

NASH REAR WINDOW WIPER clears rain, snow or smudge from the rear window. A convenient safety item designed and approved for your Airflyte by Nash engineers.

NASH MAGNALITE—the ideal portable trouble light for every car owner. Plug it in the cigar lighter socket and stretch its 12-foot extension cord to any part of the car. Heavily magnetized base holds light in position on metal.

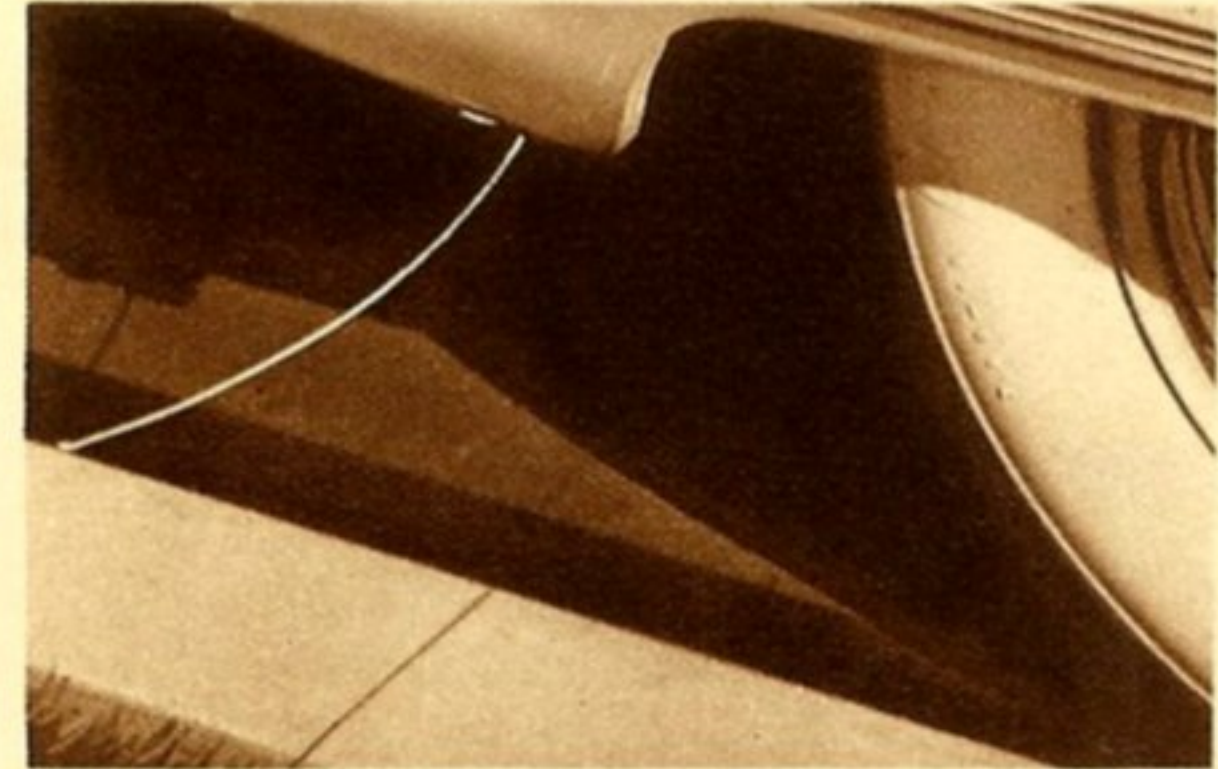

RAMBLER TRUNK GUARD protects the rear deck and rear body panels of your Nash Rambler from bumps and scratches. Sturdily built. Chrome plated for beauty and long life.

NASH OPTO-SHADE eliminates "squinting" and eye-strain from daytime road glare. Fits permanently against inside upper surface of windshield.

NASH BACK-UP LIGHTS reduce the annoyance and danger of backing up at night. They spread a wide, powerful beam for backing from a garage or parking in close quarters.

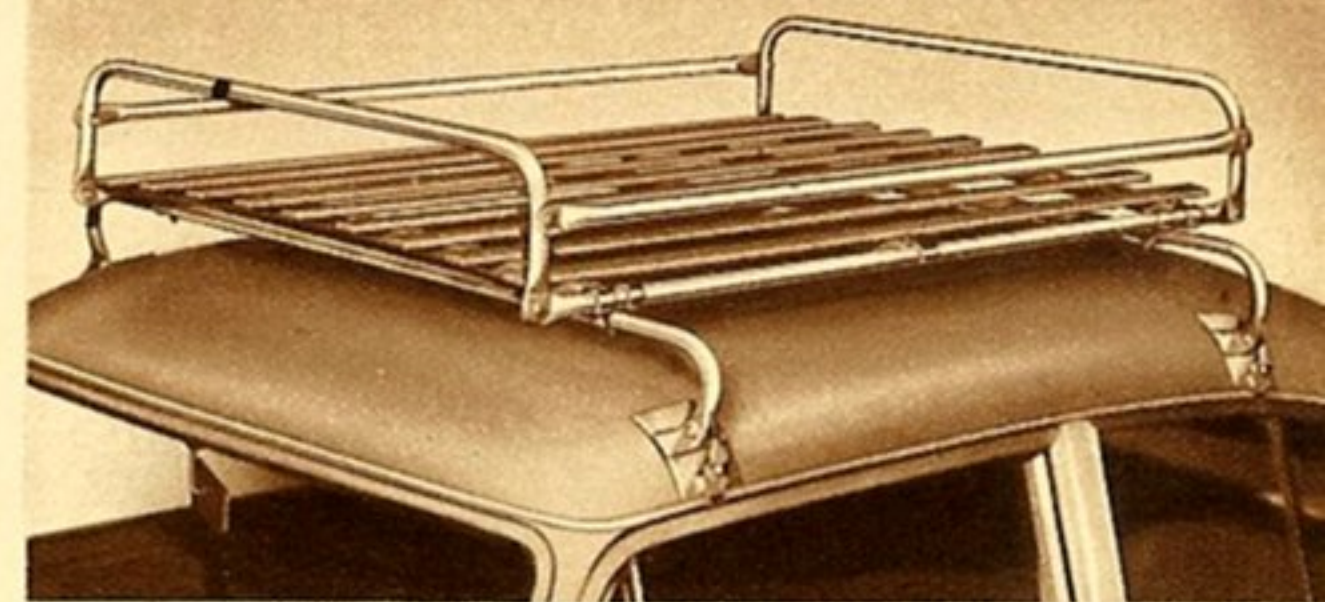

NASH CURB-L-ARM protects the side of your car when parking along the curb. Helps reduce wear and tear on white sidewall tires. When you near the curb, Curb-L-Arm automatically sounds a warning signal.

FOR GREATER

Convenience

NASH TRUNK LIGHT. Gives uniform illumination throughout trunk compartment—a real convenience when loading luggage or removing spare tire at night.

NASH KARDEK CARRIER. Attaches securely to the roof of your Nash Airflyte. Ideal for extra luggage or camping gear when traveling. Adapts itself to commercial use. Quickly and easily installed.

NASH MAGNALITE—the ideal portable trouble light for every car owner. Plug it in the cigar lighter socket and stretch its 12-foot extension cord to any part of the car. Heavily magnetized base holds light in position on metal.

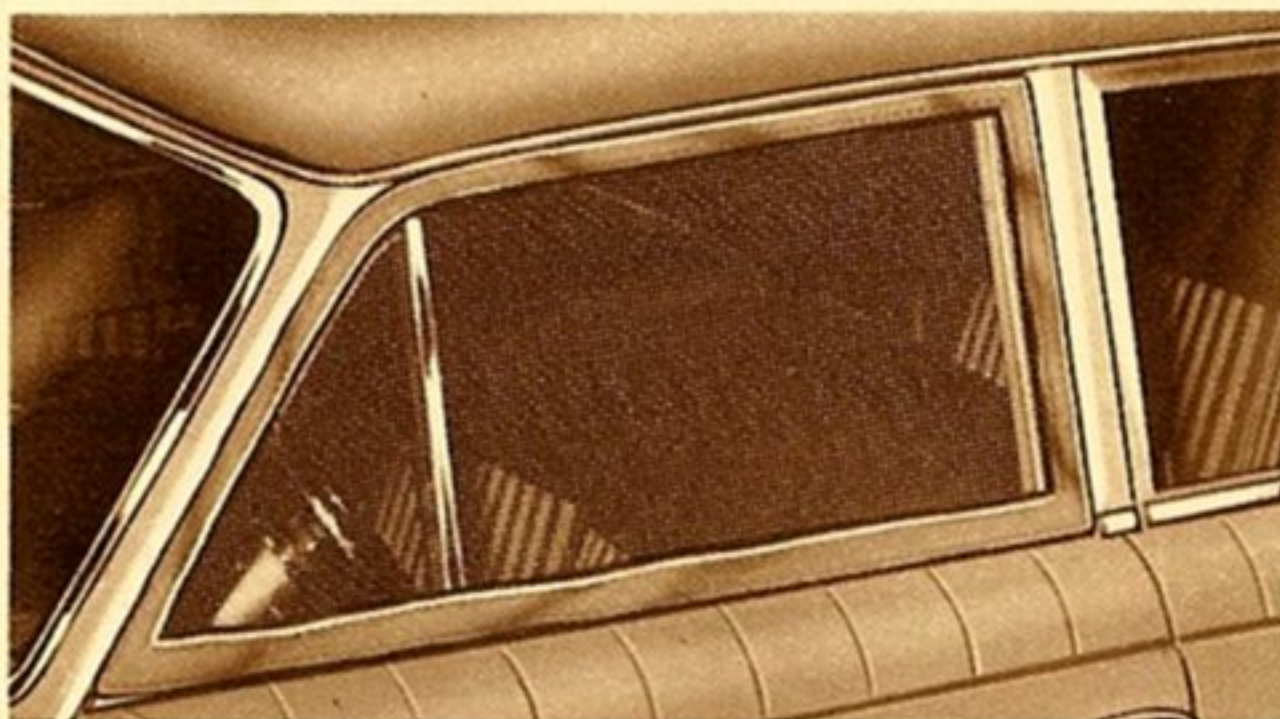

NASH OVERDRIVE INDICATOR—the tiny tell-tale red light located on the instrument panel tells you when your Overdrive is not engaged. Light glows red when car speed indicates that Overdrive should be in operation.

NASH PLASTIC VISOR POUCH. Attached to the sun visor on your car, this handy pouch is just the place to carry maps, cigarettes, matches, drivers license and other small essential items. Convenient and practical.

NASH CURB-L-ARM protects the side of your car when parking along the curb. Helps reduce wear and tear on white sidewall tires. When you near the curb, Curb-L-Arm automatically sounds a warning signal.

NASH PLASTIC SCREENS especially designed for Nash 2-Door and 4-Door Sedans. Offer complete protection against insects. Installed in a minute . . . removed just as easily. Perfect fit . . . long lasting. Ideal for campers.

NASH VENT SHADES AND COWL VENT RAIN SHIELDS fit snugly into door window frames to reduce annoying sun glare and to carry off rain water. Designed to complement Airflyte exterior styling.
