ELEGANT STYLING

A stylish favourite of every contest. The motorist's sheer delight. You will be flattered by the admiration of your friends and enthusiastic about the performance, speed, acceleration, light control and easy handling of your car.

ENJOYMENT FROM PLEASANT MOTORING WITH THE **ŠKODA** *Octavia*

ENGINE

The lively, four-stroke, four-cylinder engine of 43 HP output will enable you to cope with the trickiest situations. The car has a substantial power reserve *for the steepest gradients. Speed up to 125 km or 77.63 m. p. h.*

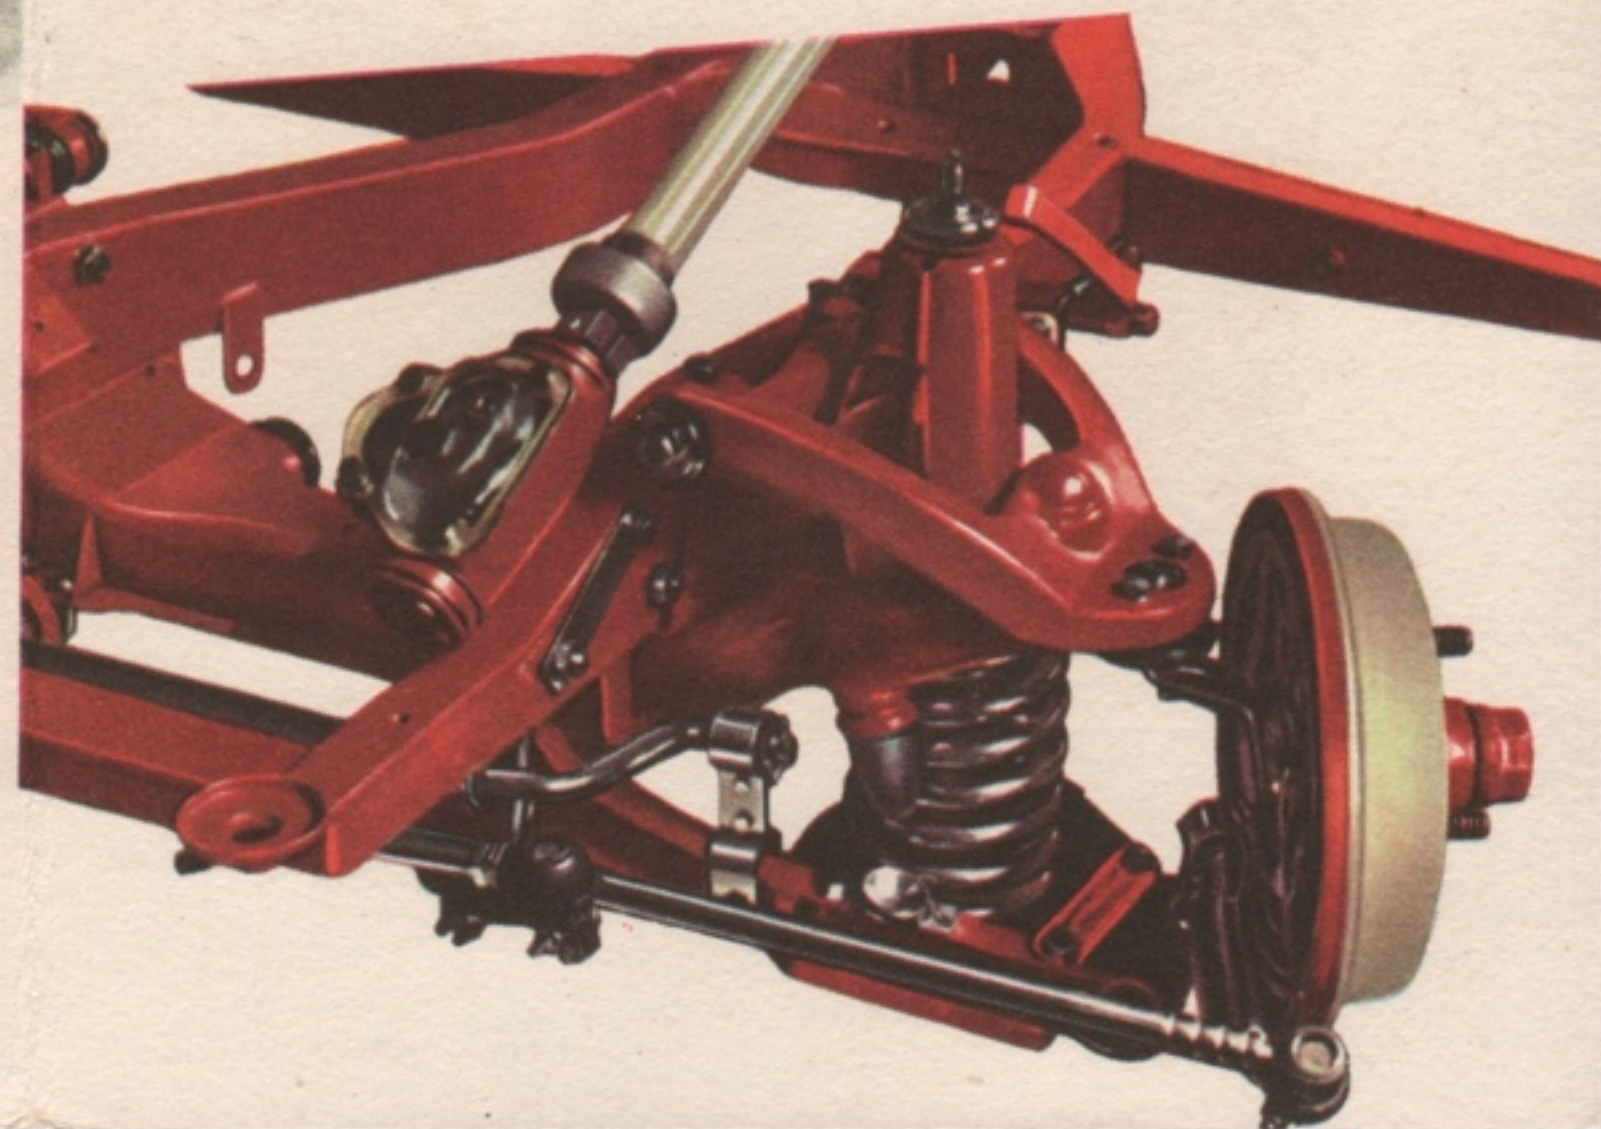

- **Precision**

The design is backed by ample technical and manufacturing experience of six decades.

A Car of High Economy and Driving Safety

Fuel consumption: 7 litres per 100 km or 40.86 miles per Imp. gall. Being easy to handle, the car will meet with the enthusiasm of lady drivers. The advantageous weight distribution ensures perfect road-holding on turns. Its all-metal shell design, safety steering wheel and high-efficiency brakes are a guarantee of safe and sure driving over hundreds of thousands of miles.

- **A Car built to last**
