TIME FOR NEW LEADERS.

MAKE AN INSTANT IMPRESSION.

Insignia Grand Sport. Benchmark fastback design, coupé-style contours and crisp, lean lines.

GREAT BY EVERY MEASURE.

Insignia Sports Tourer combines striking looks and premium-class innovations with the capacity and versatility of a large estate.

PERFECT IN EVERY WAY.

The Insignia interior is both elegant and ergonomic.

From the instruments that tilt subtly toward the driver to the quality materials and uncluttered dash, every detail is made to measure.

- First-class craftsmanship
- Wellness luxuries, including ergonomic active front seats¹, certified by the Campaign for Healthier Backs (AGR), an independent centre of excellence for ergonomics
- Ambient light², bright and spacious feel

Quality in every detail. Ergonomic active front seats trimmed in leather¹ adapt to your body shape so you can relax.

For more seating options turn to page 15.

¹ Ergonomic active front seats are standard on Insignia SRI and Elite, driver's only on SE and Country Tourer. Optional on SC. Leather trim standard on Elite models. ² In doors and fascia on SRI, SE, Country Tourer, Elite and GSi.

ADVANCED SAFETY SYSTEMS.

Opel's advanced safety systems combine innovative, proactive, camera and radar-based safety technologies. Together they boost driver vigilance and help prevent near misses, collisions, speeding tickets and more.

- Continuous support helps you relax
- The perfect assistance system for a hands-on driving style
- You have control of your Insignia at all times

1. Traffic Sign Recognition¹. See the speed limit in your display. This system continuously scans permanent and variable traffic signs in real time.

2. Forward Collision Alert with Collision Imminent Braking. Ideal in commuter traffic, Forward Collision Alert warns if you approach a slower vehicle too fast from behind and helps prevent collisions by braking with full deceleration².

3. Lane Keep Assist³. Warnings and steering-wheel pushback if you start drifting out of your lane without signalling. The real genius of this system? No false alarms. For example, if you really have to swerve hard.

4. Automatic Emergency Braking with Pedestrian Detection⁴. If this system detects a pedestrian, vehicle or other object ahead, it preboosts braking power and will even brake itself if the driver doesn't react.

¹On SC models, only in conjunction with optional Navi 900 IntelliLink. Opel driver assistance systems support the driver within the limitations of the system. The driver remains responsible for the driving task. ²Between 8 and 40 km/h. ³Lane Keep Assist active between 60 and 180 km/h. Part of the front camera system contained within the standard Driving Assistance Pack One. ⁴Between speeds of 8 and 40 km/h, the car brakes with full deceleration. Between speeds of 40 and 80 km/h, the car supports the driver in mitigating the collision by braking. If the car is fitted with Driving Assistance Pack Two (not available on SC models), the car supports the driver in mitigating the collision by braking, up to the maximum speed of the vehicle.

8-inch driver information display, illustrated above left 1. and 2. standard on Elite and GSi models only.

Opel driver assistance technologies use sophisticated radar, cameras and sensors to scan the road behind and beside as well as in front of your car:

Rear Cross Traffic Alert⁵. When you back out of a parking spot or your driveway, this system warns you about approaching vehicles. What used to be an invisible hazard is now easy to manage.

To see this and other safety systems in action, go to www.opel.ie/insignia

5. Lane Change Assist with Side Blind Spot Alert⁶. Get a warning if fast-moving vehicles enter your blind spots. If you've already signalled to change lanes, the warning icons flash and an alarm sounds, too.

6. Automatic Cruise Control^{7,8}. Helps prevent bumper-to-tail collisions – and helps you relax by braking and accelerating to maintain a set distance to the vehicle in front. It can even brake the car to a complete stop.

7. The Head-up Display (HUD)⁹. Take in key data on the windscreen with your eyes safely on the road. For example, your speed, sat nav directions or warnings from Adaptive Cruise Control³.

⁵Optional on all models as part of Driving Assistance Pack Three and Four. ⁶Optional as part of Driving Assistance Pack Three and Four. The maximum speed differential that can be recognised within a 3.5-second time frame prior to a potential collision is 72 km/h. ⁷Optional on certain models as part of Driving Assistance Pack Two. Please see Insignia Price and Spec guide for more details. ⁸Between speeds of 4 km/h and 40 km/h, the car brakes with full deceleration. At speeds above 40km/h, the car supports the driver in mitigating the collision by braking. ⁹Standard on GSi models, optional at extra cost on all models except SC in conjunction with 8-inch colour display.

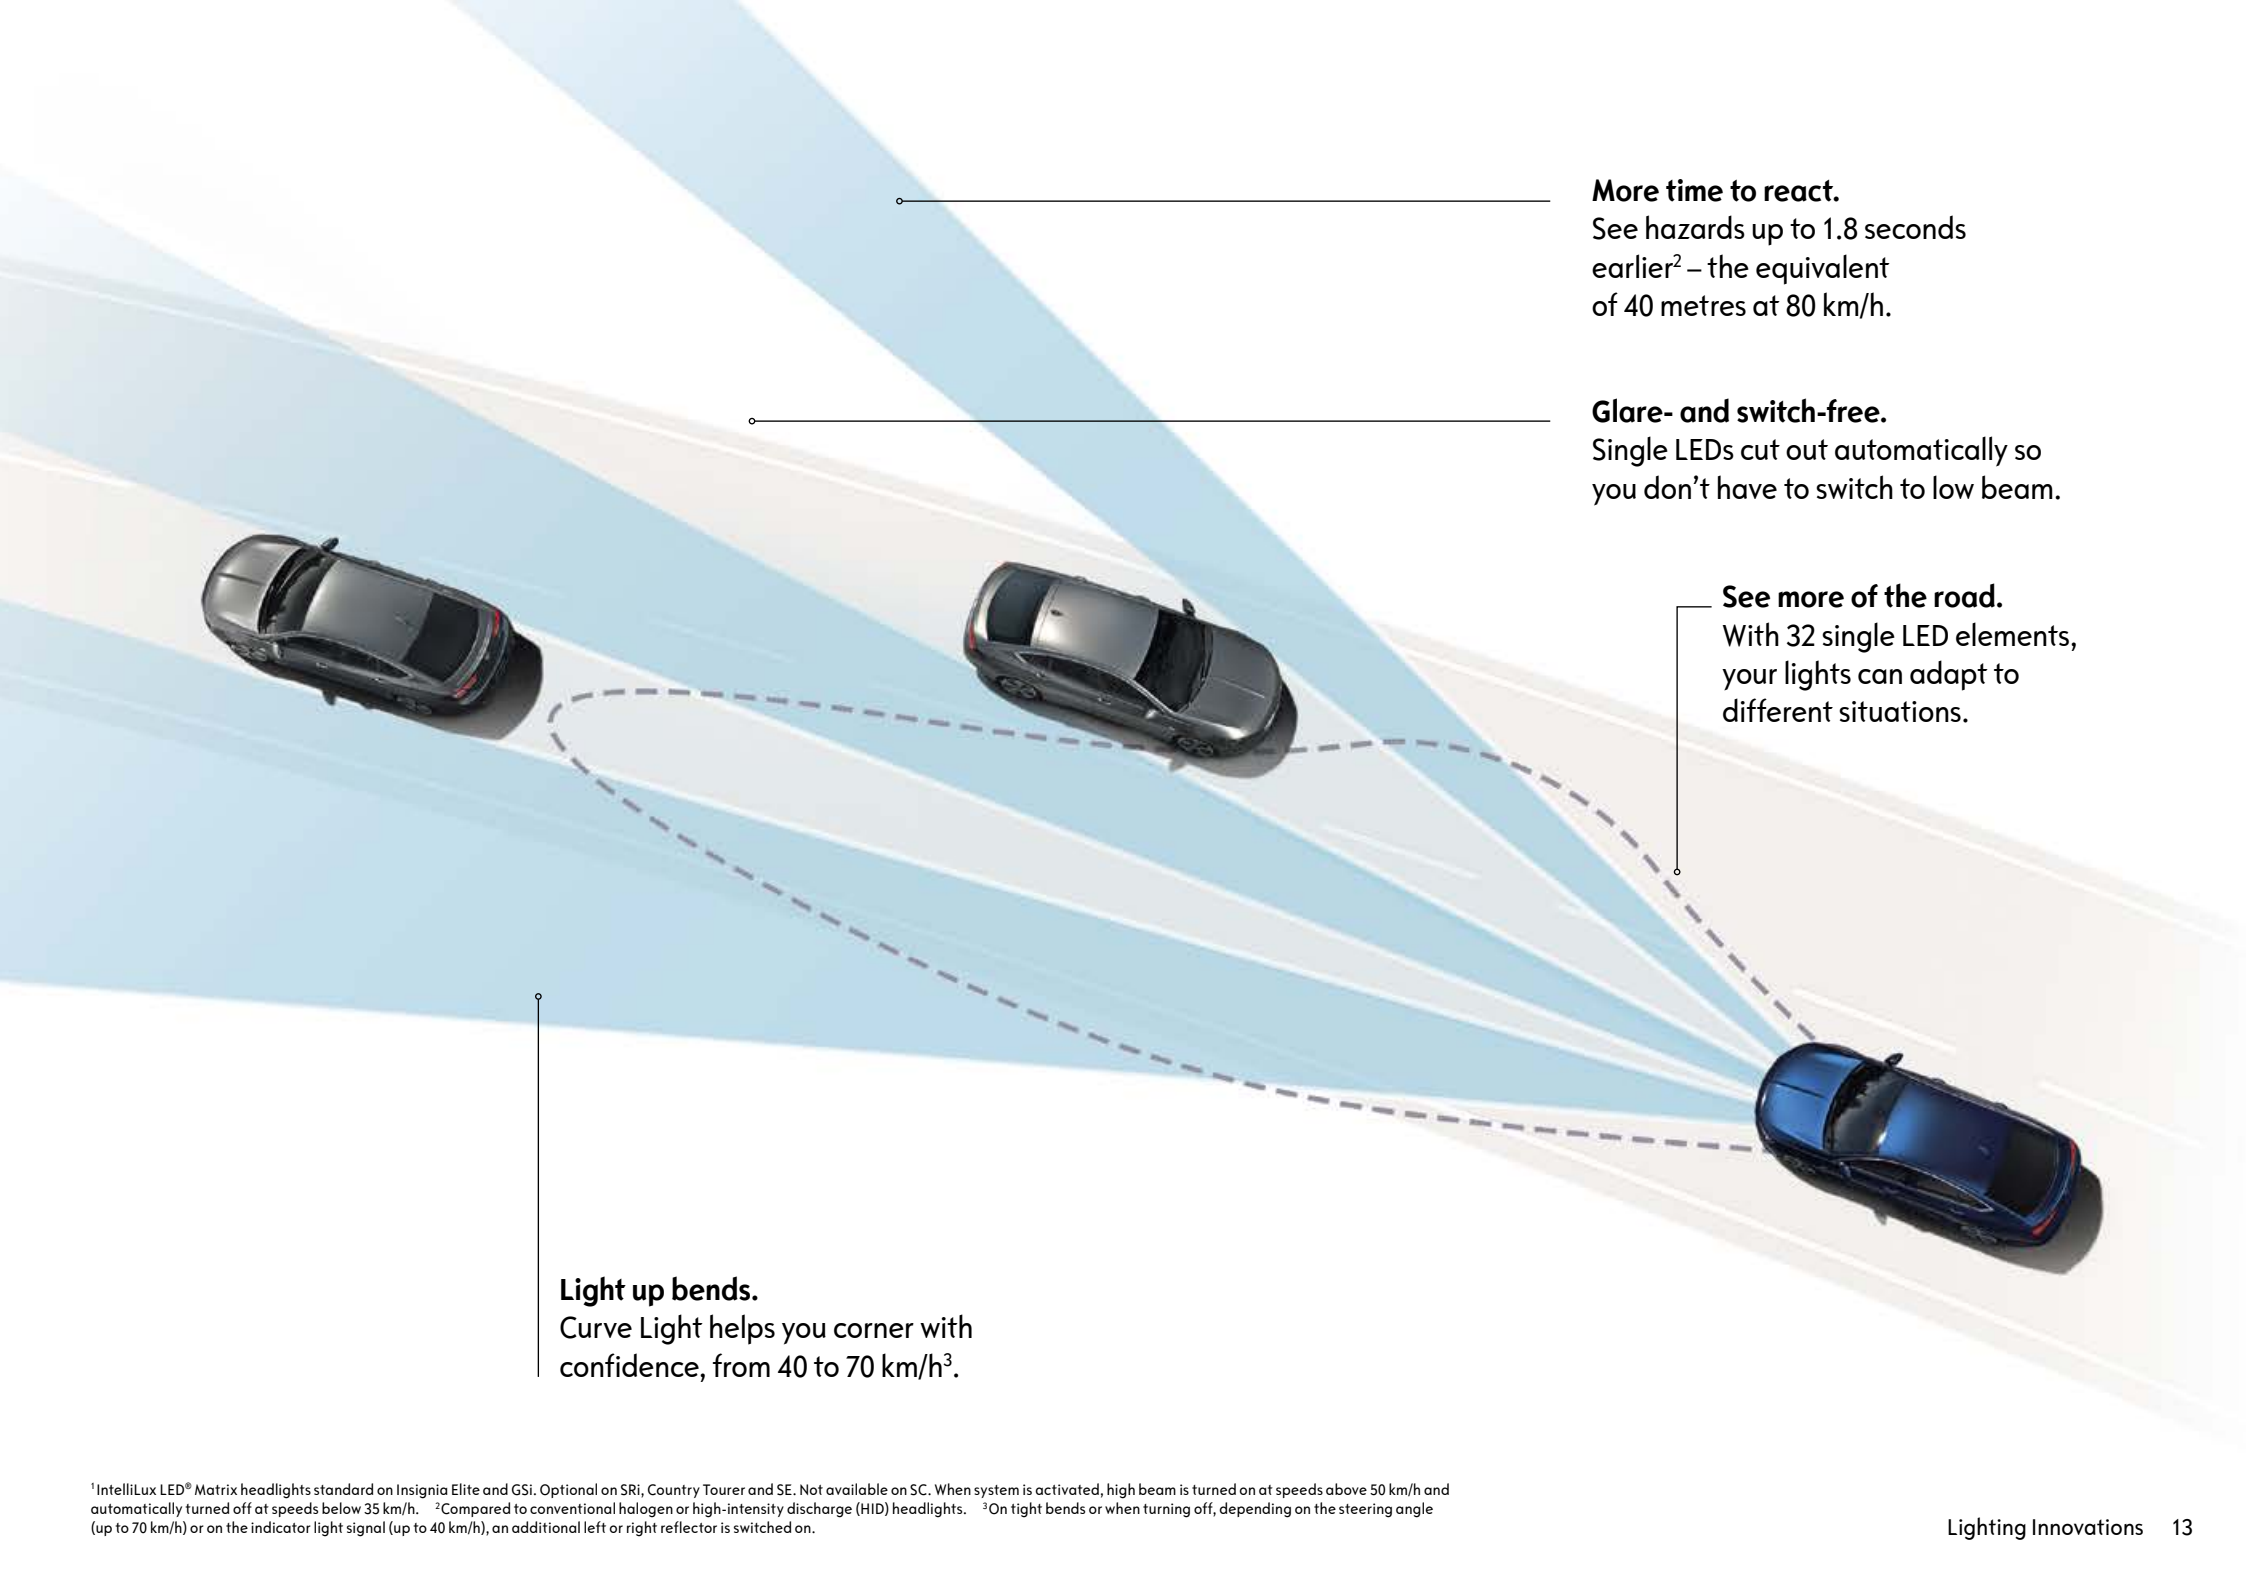

Opel driver assistance systems support the driver within the limitations of the system. The driver remains responsible for the driving task.

ADVANCED INTELLILUX LED® MATRIX HEADLIGHTS.

Drive glare-free on high beam. IntelliLux LED® Matrix headlights¹ are far superior to Xenon and a major step up from conventional LED lights – more powerful and more precise. They automatically dip the beam around other vehicles but keep the rest of the road brightly lit up to 400 metres ahead.

- No risk of glare for other drivers
- Night driving is safer and more relaxed
- Cornering Light counters 'black holes' on tight, slow bends (active up to 40 km/h)

More time to react.

See hazards up to 1.8 seconds earlier² – the equivalent of 40 metres at 80 km/h.

Glare- and switch-free.

Single LEDs cut out automatically so you don't have to switch to low beam.

See more of the road.

With 32 single LED elements, your lights can adapt to different situations.

Light up bends.

Curve Light helps you corner with confidence, from 40 to 70 km/h³.

¹IntelliLux LED® Matrix headlights standard on Insignia Elite and GSi. Optional on SRi, Country Tourer and SE. Not available on SC. When system is activated, high beam is turned on at speeds above 50 km/h and automatically turned off at speeds below 35 km/h. ²Compared to conventional halogen or high-intensity discharge (HID) headlights. ³On tight bends or when turning off, depending on the steering angle (up to 70 km/h) or on the indicator light signal (up to 40 km/h), an additional left or right reflector is switched on.

**ERGONOMIC SEATS.
THE HEALTHY CHOICE FOR YOUR BACK.**

We've designed a super-comfortable ergonomic active seat for Insignia. It's approved by the AGR*, an independent committee of back health experts and medical professionals. Which means it looks after you, by looking after your back.

Sitting comfortably? You will be.

- A. Head restraint is adjustable four ways to give you perfect head support.
- B. Tailored lumbar support is electronically adjustable for perfect back comfort.
- C. Extendable thigh support provides perfect comfort for your legs.
- D. 18 adjustable seating controls give you plenty of settings for the lumbar area and seat position.

Turn perfect comfort into pure luxury.

On GSi models, the premium ergonomic active front seats also include these luxury extras:

- E. Shoulder bolsters adjust to cradle your body shape.
- F. Active ventilation for driver and front passenger's back rest and seat cushion.
- G. Electro-pneumatic massage for the driver's seat, using a three-air cushion system.
- H. Driver's seat memory can remember six posture settings for two different people.

*Known as the Aktion Gesunder Rücken, which translates as the Campaign for Healthier Backs. Ergonomic active front seats standard on SRI, Elite and GSi models only, optional at extra cost on SC models. Please note that seats shown are for illustrative purposes only.

UP-SIZE YOUR EXPECTATIONS.

The Sports Tourer provides ample leg and headroom despite its low-swept silhouette. Slim LED tail lights and twin chrome-tipped bezels¹ enhance its broad and elegant stance.

Intelligent Hands-Free Power Tailgate². Open the tailgate by simply waving your foot under the rear bumper, where you see the white LED light projected on the ground. A second wave powers the tailgate shut again.

¹Optionally available with OPC Styling Pack. ²Optional. Not available for SC.

THE COUNTRY TOURER. **READY FOR YOUR NEXT ADVENTURE.**

Insignia Country Tourer, a front-wheel or four-wheel drive tourer showing off rugged looks, reliable performance and premium comfort all round. Equipped with four-wheel drive, torque vectoring and greater ground clearance, it's built for adventure, with an improved FlexRide chassis that adapts to changing road conditions and your driving style.

INTELLILINK INFOTAINMENT. CONNECTIVITY ON CALL.

A Multimedia system is standard on every Insignia.

This Multimedia system allows you to seamlessly project key apps and features from your smartphone¹ onto the large 7-inch colour display via Apple CarPlay™ and Android Auto™.

The sophisticated R4.0 IntelliLink at a glance:

- Clean, frame-free design
- Compatible with Apple CarPlay™ and Android Auto™¹
- Hands-free phoning via Bluetooth®
- Photo and video access via USB
- Audio streaming via Bluetooth® and USB
- 7-speaker, 4 x 20 W sound system

Wrong cable? Right car! With inductive charging², you can top up your smartphone battery cable-free.

Bose® Premium Sound System³. Uplifting performance with a Richbass™ woofer enclosure.

¹Compatibility and certain functionalities may differ depending on the type of device and version of operating system.

²Optional. May require an accessory for the smartphone. Inductive charging only with PMA or Qi compatible smartphones. Apple CarPlay is a trademark of Apple Inc., registered in the U.S. and other countries. Android is a trademark of Google Inc.

³Optional on SRI, SE, Elite and Country Tourer models. Standard on GSi models.

SATELLITE NAVIGATION.

Your 3D sat nav responds to one-shot voice commands.

The elegant, voice-controlled **Multimedia Navi Pro**¹ builds on the Multimedia system and lets you access all the intelligent features you expect of a fully connected, executive-class car.

- Built-in European sat nav with Traffic Message Channel Pay TMC[®]
- Compatible with Apple CarPlay[™] and Android Auto^{™2}
- 8-inch colour touchscreen, 4.2-inch colour display in cluster³
- Voice control, text message read-out/reply, USB video playback
- Bluetooth[®] audio streaming and much more

GERMAN-ENGINEERED PERFORMANCE, ADAPTIVE FOUR-WHEEL DRIVE AND FLEXRIDE.

Insignia is engineered to exceed expectations in every perceptible sense. Above all, your sense of accomplishment.

- Efficient petrol and diesel engines deliver the consummate driving experience
- Dynamic ride meets refined and efficient performance
- FlexRide¹ and Four-wheel Drive² for customisable handling and grip
- Refined new 6- or 8-speed³ transmissions
- Powerful new engines

FlexRide intelligent chassis control. Three cars in one.

FlexRide¹. Intelligent automatic chassis control that adapts 500 times per second to road conditions and your driving style:

- Sport mode enhances road holding for dynamic driving
- Tour mode softens the ride for relaxation
- Standard mode constantly adjusts to your driving style
- GSi model features a specific mechatronic FlexRide chassis with lowered suspension and specially developed shock absorbers plus a unique competition mode

'Twinstar' Adaptive Four-wheel Drive². State-of-the-art 'torque vectoring' redistributes torque between the front and rear as well as the left and right wheels.

- Smoother, more dynamic ride in tight bends
- Balanced handling prevents 'surprises' in corners
- Available on Country Tourer²
- Standard on the new GSi model

¹FlexRide optional on selected Grand Sport and Sports Tourer engines and standard on GSi and Country Tourer models. ²Adaptive Four-wheel Drive available on GSi and Country Tourer only. ³8-speed optional with many of our engines. ⁴Cars with BlueInjection technology will need regular AdBlue® top-ups between recommended services. An indicator integrated into the on-board computer will warn you when you need to top up. More information at www.opel.ie/adblueinfo

Emission control.

To reduce the impact of emissions, many of our diesel engines are fitted with the BlueInjection system that runs on the additive AdBlue®. Your Insignia reminds you when it's time to top up⁴.

THE RANGE.

Choices, choices. So nice to have, so good to make.
