MAKE EVERY DAY
EXCEPTIONAL

B

By choosing the Ghibli, you're demanding more from your drive: more luxurious relaxation; more thrilling enjoyment behind the wheel.

Our range of accessories reflects that thirst for excellence, further enhancing the comfort, style and exhilarating driving experience of this truly extraordinary vehicle.

THE PLEASURE OF CUSTOMISING

Each wheel on the Ghibli is a small masterpiece, perfectly balanced, technologically advanced and eminently stylish. When you customise your wheels, you'll discover the peak of pin-sharp handling and refined power your car can offer - and you'll mark it with your own personal style.

PRECISION AT EVERY TURN

COMPLETE WHEELS

You'll have all you need to tailor your aesthetics and performance in the Maserati Complete Wheels. It matches your choice of wheel rims and Maserati Genuine Tires, already balanced and ready to fit. Wheel center caps and tire pressure sensors complete this total package.

BRANDED VALVE COVERS

A detail may be subtle, but it can still speak volumes. The branded Valve Covers are just such a feature. Embossed with the Maserati Trident on the valve cover cap, they are made of lightweight, rustproof material and whisper quality.

MASERATI GENUINE TIRES

Take advantage of our racing heritage by fitting Maserati Genuine Tires. The "MGT" (Maserati Genuine Tires) marking is your reassurance of optimal control and precision. Tailored to the conditions, the Summer and Winter tires for the Ghibli offer maximum performance on dry and wet roads.

WHEEL RIMS

Each pairing of Maserati and driver has an individual character - whether you enjoy the passion of the open road or the thrill of the city streets. The choice of Wheel Rims puts a very personal stamp on a car, giving it a sense of style that matches its owner. The Maserati range of bold, elegant wheel rims emphasise the vehicle's speed, power and style in different measures. Part of your journey as a Maserati owner is making that personal decision for your vehicle. All of the wheel rim options available when originally customising a Maserati are also available as part of the Accessories range.

**VULCANO
(CHARCOAL GREY)**

W

WHEEL CENTER CAPS

Strongly evocative of the Maserati performance soul and the assertive power of the Ghibli, our Wheel Center Caps instil your wheel rims with racetrack energy. Choose from powerful Matt Black, silken Glossy Black, or stylish Carbon Fibre, all with the iconic Maserati Trident logo as a centerpiece.

SECURITY STUD BOLT

An additional touch of style to your unique wheel rims with the black-finished or chrome-plated bolts. They are unexpectedly elegant and bold, paired to the wrench in the kit, they cannot be removed by any other tool. The full kit protects all your wheel rims and includes the wrench and four security bolts.

BRAKE CALIPERS

The subtle flash of Brake Callipers from behind the wheel spokes confirms your Ghibli as a true sports car. You can choose from color or metallic, to make your own personal statement.

THE PLEASURE OF PERFORMING

The spine-tingling resonance of a Maserati engine makes it impossible to forget that the Ghibli is a luxury vehicle with a racing heritage. If you choose, you can emphasise the sportiness of your vehicle still further, creating a driving experience that's rich in style and passion.

EXPERIENCE THE EXHILARATION OF THE TRACK

EXTERIOR CARBON PACKAGE*

With this package you can add carbon fibre detailing, transforming your Ghibli to bear the unmistakable marks of Maserati racing style.

The kit includes several carbon fibre sport customisations:

- Window Mirrors
- Door Handle
- Front Grille
- Rear Spoiler
- Front Splitter
- Central & Rear Pillar
- Wheel Caps
- Front Doorsills

*Please check whether your vehicle can be fitted with these components.

GEARSHIFT PADDLES*

The blissful ease of an automatic can make for a relaxing grand tour – but for a truly passionate driver, the option to elicit even more power from the engine is irresistible. Our frosted aluminium Gearshift Paddles give you control of the gears for sports-style driving in your Ghibli.

*Please check whether your vehicle can be fitted with these components.

SPORT PEDAL COVERS*

Form and function combine seamlessly in the striking brushed steel Sport Pedals. Adding a touch of sporting elegance they are carefully designed with engineered rubber inserts for maximum 'feel' when driving at speed. The Maserati oval logo on each pedal cover adds an extra touch of refinement.

*Please check whether your vehicle can be fitted with these components.

THE PLEASURE OF CARING

In a city full of sports sedans, the Ghibli stands out instantly. Its assertive grace, its air of racetrack excitement and the controlled power of its engine are all unmistakable characteristics that mark it out as a Maserati. With our range of care accessories you can keep your Ghibli in perfect condition, drawing all eyes wherever it goes.

I

MASERATI STYLE, FLAWLESSLY PRESERVED

OUTDOOR CAR COVER RESTYLING / PERSONALIZED

Protect your Ghibli beautifully with our Outdoor Car Cover. Breathable and stretchable, the figure-hugging fabric flexes with the wind and shrugs off the rain with no hint of flapping or rattling. The cover is a lustrous light grey color adorned with the Trident, and it can also be personalised with your initials on demand. Three side air vents add a finishing touch in true Maserati style.

INDOOR CAR COVER ZEGNA

Specifically tailor made, the Maserati Zegna Indoor Car Cover not only fully protects your Ghibli but ensures your vehicle looks as sensational in your garage as it does on the road. Thanks to the exclusive stretchy and breathable fabric, the Zegna Indoor Car Cover assures the best fit and avoids any condensation, making sure your Ghibli is completely protected and taken care of.

INDOOR CAR COVER RESTYLING / PERSONALIZED

Make sure your Ghibli is completely and beautifully protected with our Indoor Car Cover. Snug inside the cover, the car's smooth lines are pleasingly visible, while the specially chosen, anti-laddering fabric, which can also be personalized with your initials, ensures bodywork, rims and tires remain pristine. The cover folds neatly into a branded bag when you're ready to get behind the wheel.

M

MULTIFUNCTIONAL AIR FILTER

The Multifunctional Air Filter consists of three layers of different filtration materials to give you the safest air to breathe inside your Maserati. The filter can in fact efficiently provide in-car air filtering from harmful particles, and significantly improve and maintain the car interior air quality, for the most comfortable driving experience.

MICROFIBRE CLOTH

Wipe away fingerprints on your touchscreen simply and quickly with the Microfibre Cloth. Featuring a printed carbon fibre pattern, it is cleverly designed to clean and protect your Maserati's Touch Control display leaving it in perfect condition.

SUNSHADE

Precisely made-to-measure for the Ghibli, the Sunshade slots smoothly into place without any need for extra attachment. Sporting Ghibli lettering silk-screened on the outer side and the Maserati logo embroidered on the inside, you can fold the sunshade neatly into a branded bag when not in use.

B

BATTERY CHARGER & MAINTAINER

The Battery Charger and Maintainer keeps a watchful eye on your battery levels, maintaining them at between 95% and 100% so your Maserati is ready to go whenever you are. Simply connect the charger into a standard power socket and attach it to your battery and plugs - you can leave it connected for several months.

S

SIDE PROTECTIVE FILMS

On a high-performance vehicle, the sides of the bodywork are vulnerable to scratches and dulling from gravel. The Side Protective Film allows you to enjoy an exhilarating drive without hesitation, knowing that your paintwork is shielded from damage. Created from the same urethane layer as the Protective Film for the Loading Edge, it is virtually invisible and will remain so over time. The film is applied using a water-based adhesive solution, which can be removed without leaving any residue.

**PROTECTIVE FILM FOR THE LOADING EDGE**

Heavy suitcases can be loaded without worry thanks to the Protective Film applied to the rear bumper's loading edge. Made from a moulded urethane layer, it provides reassuring protection for your bodywork. It will remain perfectly transparent over your Maserati paintwork and, if necessary, can be peeled off without a trace.

B

ALL SEASONS FLOOR MATS

The All Seasons Floor Mats offer robust protection and the safest possible drive. Perfectly fitted, the mats anchor firmly to the floor with clips, making sure the carpet is completely covered and the pedals are unobstructed. The easy-to-clean black rubber offers excellent grip, wet or dry. It is completely waterproof and resists snow, sand, oil and mud. The kit consists of two front and two rear mats.

ALL SEASONS FLOOR MATS WITH EDGE

The All Seasons Floor Mats with Edge are the ideal solution to protect the vehicle's interior and preserve the quality and beauty of the passenger compartment over the time, even in the most extreme conditions. Made of black rubber material, the mats are shaped to precisely fit the interiors of your car, efficiently protecting from water, mud, sand and any other external agents.

BRANDED FLOOR MATS

Our Branded Floor Mats are designed to enhance the luxurious interior of the Ghibli. Each mat is trimmed with eco-leather, and the driver's mat is decorated with a finely embroidered version of the Ghibli logo on a special insert. The mats mould to the shape of the vehicle and anchor for stability and safety while driving. The color options - Black, Brown and Sabbia - perfectly complement the interior upholstery. The kit consists of two front and two rear mats.

THE PLEASURE OF TRAVELLING

Our practical accessories help you make the most of the ample luggage capacity in the Ghibli, whether you're carrying suitcases for your family or just your jacket and briefcase. With everything you need to secure your belongings and protect your car's finish, you can concentrate on enjoying your time behind the wheel.

L

EFFICIENT DESIGN FOR EFFORTLESS TRAVEL

REVERSIBLE LUGGAGE COMPARTMENT MAT

Whether you're loading up luxury luggage or snow-caked skiing gear, the Reversible Luggage Compartment Mat ensures your luggage compartment is prepared. One side of the mat is hard-wearing rubber, waterproof and easy to clean. The other is plush black carpet. A comfortable handle on either side makes it easy to lift, turn and position the mat. Both sides are embellished with an elegant metal plate, hand-enamelled in black, bearing the Maserati logo.

LOADING EDGE PROTECTIVE MAT

Extending almost to ground level, this mat protects the edge of the luggage compartment and the rear bumper against the unavoidable bumps from heavy luggage. Designed in robust, non-flammable and water-repellent material, it will keep your paintwork and bodywork in immaculate condition for longer.

LUGGAGE COMPARTMENT MAT

The Luggage Compartment Mat is a perfect fit for the Ghibli, covering and protecting every inch of the carpet. The washable, waterproof material protects against water, snow, sand, oil or mud. The mat is elegantly decorated, echoing the lines of the car's interior and recalling its sporty, stylish silhouette.

L

LUGGAGE COMPARTMENT NET

In order for you to focus on driving your Maserati, we've designed a Luggage Compartment Net that keeps belongings firmly in place. Crafted in black color, it attaches securely to the luggage compartment floor. With a double layer for extra security, it ensures smaller items are safely anchored while you enjoy your on-road experience to the full.

LUGGAGE COMPARTMENT FOLDABLE BOX

Providing the most efficient use of space in the luggage compartment, the Foldable Box is the ideal place to store your smaller items safely. Beautifully designed and impressively versatile, with attachments and pockets, it's both elegant and immensely versatile. Collapsing the two large compartments, it transforms into a Maserati branded leather-finish briefcase, to hold your important documents or a tablet.

SKI & SNOWBOARD BAG

Substantial enough for three pairs of skis, or a pair of skis and a snowboard, the Ski and Snowboard Bag is the perfect partner for your Ghibli on the slopes. With a rear seat folded down, the bag slots neatly into place, securely attached to a hook in the luggage compartment and to the rear seat with a sturdy strap. The bag can be extended by 30 cm to comfortably accommodate longer length skis.

THE PLEASURE OF RELAXING

Whether you're a driver or a passenger, a journey in a Ghibli is always time well spent. It's a luxurious rest, a chance for quiet focus, or a moment of pure exhilaration as the engine roars. The range of technological and functional accessories for the Ghibli is designed to make the most of your time, maximising the enjoyment, ease and convenience you get from your luxury sports sedan.

C

AN INVITATION TO UNWIND

UMBRELLA

Hardwearing and beautifully practical, the Maserati umbrella is double-folding to fit neatly in the front glove box or door panel compartments. With subtle black-on-black tonal designs and a chrome-plated Maserati Trident on the handle it complements your car's exterior beautifully.

UNIVERSAL TABLET HOLDER*

While you enjoy being behind the wheel of your Ghibli, your passengers in the back can relax with quality in-seat entertainment. The Universal Tablet Holder mounts securely on the front seat headrest and holds a tablet or large smartphone. It can be easily adjusted to the perfect position for watching films or reading documents.

Designed in black soft-touch material, the holder features a silk-screened Maserati logo in silver grey, attractive and unobtrusive enough that it can be left installed in place at all times.

*Please be aware, the Universal Tablet Holder cannot be installed if the vehicle is equipped with Sport Seats.

COURTESY LIGHTS WITH LOGO

Customize your Maserati with a touch of exclusivity with specifically designed Courtesy Lights with Logos. Feel free to choose between two different lenses ("Maserati" or "Trident" logos) to emphasize the elegant and sporty soul of your Maserati, leaving a distinctive sign when getting out of the car.

P

PERSONALIZED FRONT DOOR SILLS PLATES

Make your Maserati a unique masterpiece. In line with the Trident style, luxury and exclusivity, it is now possible to personalise the Front Door Sill Plates with the name initials or a combination of letters, graphically embellished with the iconic "Saetta" line logo that distinguishes all the Maserati vehicles.

FRONT AND REAR PARKING SENSORS*

For easy and safe manoeuvres, the Front and Rear Parking Sensors give you a better sense of the objects around you. Using the clear graphic representation on the multifunction display screen, you can precisely judge your parking and turning. There are six front and four rear sensors, giving excellent coverage and accuracy.

*Please check whether your vehicle can be fitted with these components.

HOT SPOT WI-FI CONNECTION MODULE*

Turn your sports sedan into an office – or a living room. The Hot Spot Wi-Fi Connection Module provides wireless internet access on the road, allowing you to connect up to three devices. While you enjoy the drive, your passengers can send emails, work in the Cloud, or just take a well-earned online break. The module supports HSDPA, UMTS, EDGE and GSM.

*Please check whether your vehicle can be fitted with these components.

R

REAR WINDOW ELECTRIC SUNSHADE*

The Rear Window Electric Sunshade filters the sunlight, reducing heat and cutting down glare in the passenger compartment. The driver can control the sunshade via the car display, and the rear passengers can control it via a small switch panel.

*Please check whether your vehicle can be fitted with these components.

KICK FUNCTION*

Thanks to a sensor positioned under the rear vehicle bumper, the Kick Function controls the automatic opening and closing of the luggage compartment door by detecting a simple foot movement.

*Please check whether your vehicle can be fitted with these components.

PRIVACY REAR WINDOW*

The Privacy Rear Window Kit is designed to keep the passenger compartment private while still allowing your passengers to enjoy the scenery. From outside the car, the privacy glass obscures the view of the rear seats and gives the windows a stylish dark sheen. Inside it's cool and peaceful. The windows don't just block out prying eyes – they are highly UV reflective, filtering out the harmful wavelengths from the sunlight.

*Please check whether your vehicle can be fitted with these components.

REMOTE START*

Start your ideal journey before boarding. The Remote Start Function allows the Customer to create the desired temperature when entering the car by activating the cooling/heating system remotely. By simply pressing a button on the car key, the Remote Start will activate the air conditioning or heating system.

*Please check whether your vehicle can be fitted with these components.

THE PLEASURE OF FEELING SAFE

The Maserati Ghibli is inherently self-assured. With its natural elegance and dynamic power, you can be prepared for any situation. And we've designed a range of safety accessories so you can feel equally confident on your journey.

FOR WHATEVER'S ROUND THE CORNER

JUMPER CABLES

These reliable and easy-to-use Jumper Cables are reassuring for you to keep in your Ghibli and can prove invaluable in helping other road users. Their practical leather-finish case, with Maserati branding, can be easily stored in the luggage compartment.
