Taking Qashqai to the next level

Back in 2007, Qashqai invented the crossover. People around the world fell in love with its blend of hatchback compactness and SUV practicality. It was quite a trend-setter, with crossovers fast becoming a favourite all over the world.

And now, meet the All-New Nissan Qashqai. Bolder and even better equipped, New Qashqai is also safer thanks to new technologies* and driving aids* aimed at supporting you on the road.

Because wherever life takes you, go there in style!

Images and descriptions shown are for guidance purposes. In some instances photos are of non-UK specification vehicles and do not represent a specific model, grade or offer.

** It is your responsibility to stay alert, drive safely and be in control of the vehicle at all times. Driver assist features have speed and other limitations and should not be solely relied on. For more information, please refer to the owner's manual or visit www.nissan.co.uk/techterms.*

A New Form of Expression

Qashqai brings a new vision to crossover design; with muscular proportions, a vibrant palette including a variety of two-tone colour options*, brilliant LED lighting*, low-profile aluminium roof rails* and imposing 20" alloy wheels*.

An Example of Refinement

Everything about the interior of New Qashqai feels advanced, modern and uplifted. The unique design and premium materials surround you in comfort and style. The ergonomically designed steering wheel, controls and display units mean total driving comfort, whilst enhanced screen visibility and seamless tech integration help you to remain poised, alert and ready to drive.

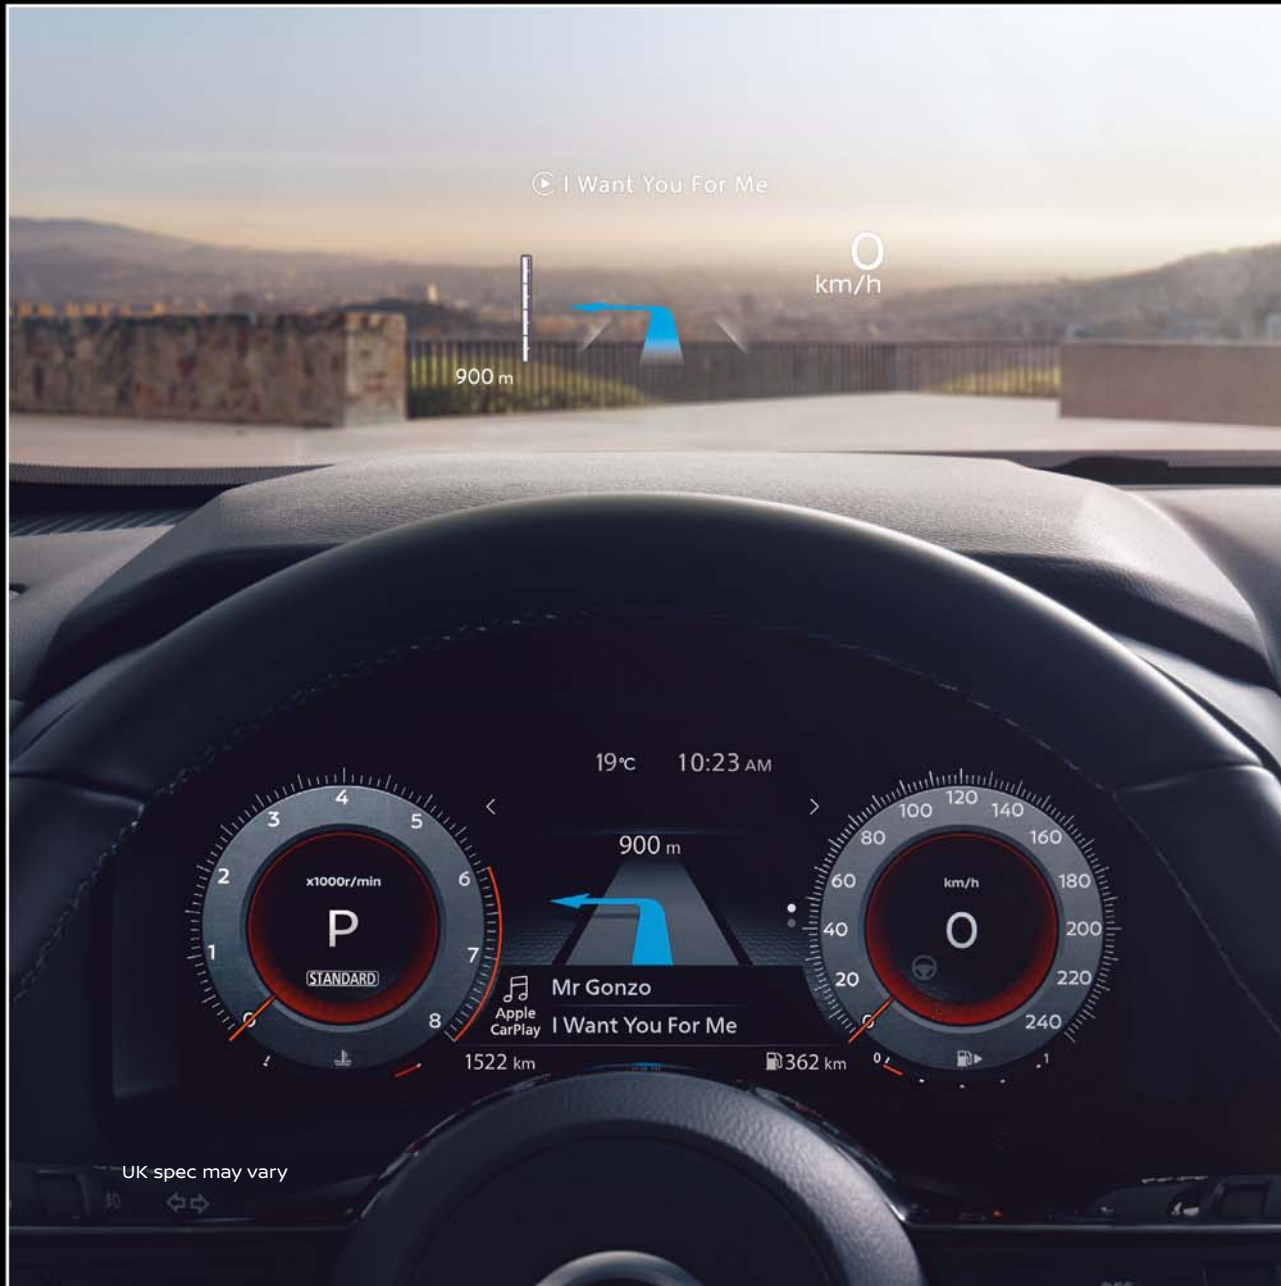

15W wireless charger*

Improved steering wheel ergonomics

**Wireless charging pad is standard from Tekna grade upward and is available as an option from Acenta Premium grade.*

Functionality for Ultimate Driving Comfort

Appreciate the clarity of the 10.8" Head-up display*, 12.3" TFT digital combimeter* and 9" NissanConnect display with Connected Services. The three large screens work together in perfect harmony for a safer, clearer, more optimised driving experience.

10.8" HEAD-UP DISPLAY*. Provides critical information without requiring you to take your eyes off the road, this large, distortion-free projected display helps to make driving safer and more comfortable.

12.3" TFT DIGITAL COMBIMETER*. A high resolution display with plenty of configuration options based on the driver's preference; this ensures that all necessary information is displayed in one place. Switch between the traditional round combimeter view or an enhanced view with a larger central display.

ENHANCED VIEW

Driving Aids

*The 12.3" Full Digital TFT Combimeter and 9" NissanConnect Display with Connected Services from N-Connecta grade upwards. The 10.8" Head-Up display is standard from Tekna Grade Upwards.

**To use NissanConnect Services you need a smartphone with compatible iOS or Android operating system, and a SIM card with a data option from a mobile service provider. Download the free NissanConnect Services app and create an account. Connect your smartphone with your vehicle equipped with NissanConnect Services by logging in using your username and password. All services are subject to mobile network coverage. NissanConnect Services available for an additional charge on subscription after the 3rd year. For further information, visit Nissan.co.uk or contact your local Nissan dealer.

Massage* mode selector

Your personal space has never felt more personal

Relax in the ergonomically designed seats with optimised lumbar support. Enjoy premium materials, quality finishings and massage seats* with 3 different massage modes for both driver and passenger. There's also a new central airbag to help keep you even safer. New Qashqai isn't just an improvement, it's a revelation.

CENTRAL AIRBAG

**Massage Seats are only available on Tekna+ grade.*

***side and back of seats are trimmed with a synthetic alternative to leather. This trim is only available on Tekna+ grade.*

Quilted premium leather seat fronts**

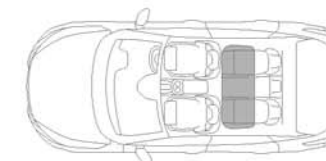

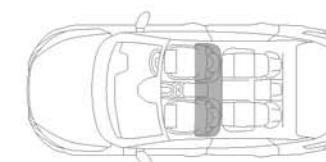

Room for everyone. And more

The New Qashqai combines a spacious interior with a compact, city-friendly exterior for easy manoeuvrability. Passengers sit in comfort with segment leading cabin space, improved rear leg room and thoughtful touches like 2 rear USB ports*. New Qashqai also offers easy access and simpler child seat fitment thanks to 85° rear door openings; add generous boot space and it's clear, you can bring the whole family along for the ride.

+20MM REAR KNEE ROOM
VS. PREVIOUS GENERATION
QASHQAI.

+28MM SHOULDER ROOM
VS. PREVIOUS GENERATION
QASHQAI.

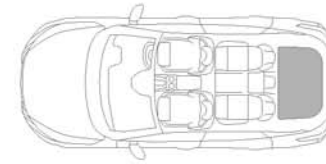

*2 Rear USB ports are standard from N-Connecta grade upwards.

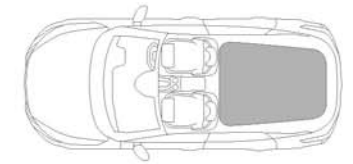

Handsfree power tailgate**

UP TO 504L BOOT SPACE

UP TO 1593L WITH FOLDED SEATS

Unexpected cargo capacity

Up to 1,593L of space means New Qashqai is ready to carry everything you need. Two luggage boards* offer 16 boot configurations for maximum flexibility, whatever your cargo. Smart features like the Nissan handsfree power tailgate** and wide opening rear doors take the hassle out of packing and unpacking, so you can make the most of your precious days out.

* Luggage boards are standard on N-Connecta grade upwards
 ** Handsfree power tailgate is standard on Tekna Grade upwards.

Safety at its heart

Every New Qashqai is equipped with advanced safety technologies designed to watch the road, help to keep you safe and give you maximum peace of mind.

INTELLIGENT CRUISE CONTROL helps you to keep your distance. It measures the distance from the vehicle ahead, controlling acceleration and deceleration to help to maintain a suitable following distance within your set speed.

INTELLIGENT FORWARD COLLISION WARNING keeps an eye up to two vehicles in front of you. When the system detects a sudden deceleration ahead, it gives you an audible and visual warning to slow down.

REAR AUTOMATIC BRAKING helps you back up with confidence. If an object is detected behind your vehicle, the system can automatically engage the brakes to help avoid a collision.

EMERGENCY LANE KEEPING A full suite of technologies to help you avoid unintentional lane departure. Keeps you centered in the lane using either a steering wheel action or braking in an emergency situation.

INTELLIGENT FORWARD BRAKE Monitors the surrounding area in front of the car for vehicles and pedestrians, helping avoid or reduce damage caused by collisions.

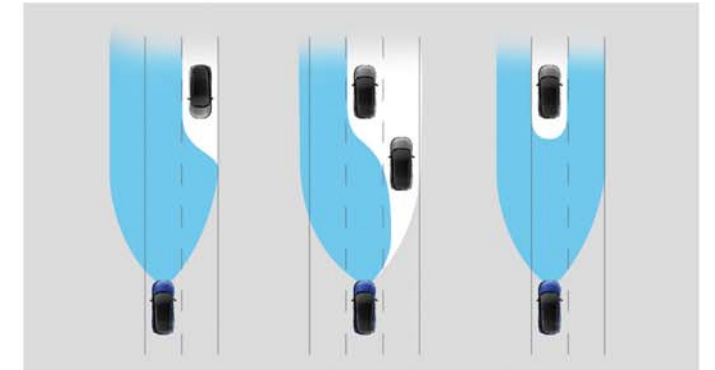

It is your responsibility to stay alert, drive safely and be in control of the vehicle at all times. Driver assist features have speed and other limitations and should not be solely relied on. For more information, please refer to the owner's manual or visit www.nissan.co.uk/techterms.

Shine a light on safety

New Qashqai is ahead of its segment in offering Adaptive Driving Beam* Technology. It splits the high beam into 12 individual segments, automatically turning off segments which could dazzle oncoming drivers. Maximum visibility for you and for those around you.

*Adaptive Driving Beam technology is standard from Tekna grade upwards.

Tight spot? No problem

If you hate parking, you'll love the All-New Qashqai. The digital high resolution Around View Monitor* gives you a 360° view of your car, with selectable focus on the front, rear and kerbside views to help you park with confidence and control. The 4 high resolution cameras ensure a clearer view of your surroundings at low speeds and in parking situations for a more secure feeling.

Rear camera
see what's right
behind you.

Right side camera
flick the switch
to see the kerb.

All-around view
get a virtual 360°
birds' eye view as you
manoeuvre.

Front camera
get a combined front
and overhead view
for perfect parking.

**Around View Monitor is available as standard from N-Connecta grade upwards and is an option on Acenta Premium..*

ProPILOT with Navi-Link

All-New Nissan Qashqai includes the latest version of ProPILOT*, ensuring comfortable, relaxed driving on major roads. New software to support in smoothing your drive and help to keep you safe in your lane, whilst assisting in maintaining an ideal distance from the vehicle in front, whatever the gradient. The Navi-Link feature connects to the Qashqai's TOMTOM navigation system to anticipate speed limit changes, bends, off ramps and more, adjusting your speed smoothly and gently to help keep you in control. It can even initiate an emergency stop in traffic, helping you and your passengers stay safe and comfortable even in demanding driving conditions.

**ProPILOT with Navi-link is available on Xtronic variants only, is standard from Tekna grade upwards and is an option on N-Connecta.*

ProPILOT is an Advanced Driver Assist technology but cannot prevent collisions. ProPILOT is intended for "Eyes on/ Hands On" for highways only (road separated by Barriers).

Navi-Link supports traffic sign recognition which may not detect and read all traffic signs in all conditions. Drivers should monitor all traffic signs and obey traffic laws.

It is the driver's responsibility to stay alert, drive safely and remain in control of the vehicle at all times.

For details, please check the Owner's Manual or visit or visit www.nissan.co.uk/techterms.

Smarter on the inside

Structure and engine optimization have been a key part of the development of the New Qashqai to deliver great driving performance as well as improved fuel efficiency. The new platform delivers advanced agility and comfort. The stiffer structure offers improved dynamic performance and security, while the extensive use of aluminum body panels reduces the weight for lower fuel consumption.

ALUMINIUM DOOR PANELS AND BONNET
Lighter aluminium panels in both the door and bonnet help to reduce vehicle weight leading to a reduction in CO₂ emissions whilst driving.

IMPROVED SUSPENSION

As well as improved standard suspension, New Qashqai is available with Multi-Link suspension* for even more comfort and sportier more agile driving.

*Multi-Link suspension is available on Tekna+ and 4WD variants only.

Efficiency without Compromise

The new Mild Hybrid 1.3L petrol engine offers improved fuel efficiency and reduced CO₂ emissions whilst driving without losing the fun of the drive. The system includes a Lithium-ion battery which stores energy recovered whilst braking. This stored power is used to power the vehicle's electrical systems instead of the engine at low speeds (below 11.2 mph).

	MT 2WD MILD HYBRID 140PS / 158PS	XTRONIC 2WD/4WD MILD HYBRID 158PS
Displacement	1.3L with 12V Mild Hybrid	1.3L with 12V Mild Hybrid
Power kW at rpm	103 at 5500 / 116 at 5500	116 at 5500
Torque Nm at rpm	240 between 1650-4000 / 260 between 1800-4000	270 between 1800-3750
Fuel system	DIG	DIG
Transmission	6 speed manual	Automatic
Emission regulation	Euro6dfull	Euro6dfull
CO ₂ emissions g/km*	143-146 / 143-147	142-147 / 155-160

e-POWER

Available in 2022 on selected models**, e-POWER technology uses an electric motor to drive the wheels, offering the instant acceleration and whisper-quiet ride of an EV – without the range limit or worries about finding a charge. Unlike traditional hybrid systems, the petrol engine acts as a generator to charge the Lithium-Ion battery, which in turn powers the electric motor.

*WLTP figures shown are for comparability purposes. Actual real-world driving results may vary depending on factors including weather conditions, driving styles, vehicle load or any accessories fitted after registration.

**Only on automatic versions.

Safety and car health

In trouble? Breakdown Assistance calls roadside assistance services when you need them, whilst a Vehicle Health Report informs advisors on the status of your car.

Navigation & driving

Get where you need to go with Door-to-Door Navigation by sending a navigation route straight from your smartphone to your Qashqai's navigation system. With Driving History & Analysis, check the distance you've driven, the number of trips you've made and more in the NissanConnect** Services app

Connectivity

Connect your Android or iOS device for seamless connectivity including voice control.** Access your favourite music, messaging and other apps to stay informed and entertained as you drive.

Convenience and comfort

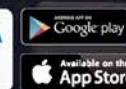

Access remote services including Remote Door Lock/Unlock, Remote Horn/Lights and My Car Finder from the NissanConnect*** Services app. And if you ever need help, Nissan Assistance is just a click away.

Seamless connectivity to your world

The new, 9" NissanConnect Display with Connected Services touchscreen* in Nissan Qashqai is your portal to NissanConnect: through intuitive navigation, advanced technology and more. Our smartphone app offers a growing range of services including sending journey plans to your new Nissan Qashqai.

Scan the code to download now the NissanConnect Services app and connect it to your New Nissan.

*9" NissanConnect Display is available as standard on N-Connecta grade and above and is an option from Acenta Premium Grade.

**Connecting a mobile phone to use NissanConnect should only be done when the car is parked safely. Use of the system should always be in accordance with the rules of The Highway Code. Drivers should only use the system when it is safe to do so. Users should be aware of the potential for hands-free technology to distract attention from the road, which could impact on having full control of the vehicle.

*** To use NissanConnect Services you need a smartphone with compatible iOS or Android operating system, and a SIM card with a data option from a mobile service provider. Download the free NissanConnect Services app and create an account. Connect your smartphone with your vehicle equipped with NissanConnect Services by logging in using your username and password. All services are subject to mobile network coverage. NissanConnect Services available for an additional charge on subscription after the 3rd year. For further information, visit Nissan.co.uk or contact your local Nissan dealer.

Intelligent. Intuitive. Informed

When inside your car, connect your phone to start using your preferred apps thanks to Apple CarPlay® and Android Auto. When away from your car, NissanConnect Services⁽⁵⁾ will keep you informed about the status of your car.

AT NISSAN

We focus
on quality

It comes first in everything we do, in the lab and the design studio, the factory and our dealerships and in our relationship with you. We try, retry and try again. Because everything we do is mastered through experience. We call it Nissan Quality.

360° process

We build in quality from the outset, meticulously conceiving each car to make them more comfortable and more durable through innovative design, intelligent technology and thoughtful details inspired by you.

Safety

We work with our intelligent driving systems to help look out for you and help you avoid any mishaps for a bolder, more confident driving experience day after day. Our Around View Monitor* uses 4 cameras to give you a virtual birds eye view of your car in its surroundings.

Extreme reliability

We push our cars to the limit to best sustain their daily performance and reliability. We travel millions of miles in pre-production tests, open and close doors and bonnets thousands of times a day and use real volcanic dust from Japan to test window resistance.

*Around View Monitor is available as standard from N-Connecta grade upwards and is an option on Acenta Premium.

YOU+NISSAN

OUR PROMISE. YOUR EXPERIENCE

WE WANT YOU TO BE COMPLETELY SATISFIED WITH THE ON-GOING QUALITY AND PERFORMANCE OF YOUR VEHICLE. YOU'RE THE FOCUS OF ALL WE DO, AND WE'RE COMMITTED TO STRIVING FOR THE HIGHEST LEVELS OF SERVICE AND AFTERCARE THAT YOU CAN FIND. **THAT IS OUR PROMISE.**

As a customer, we promise to offer you¹:

FREE MOBILITY SOLUTION

YOU want to stay mobile when your Nissan is in for a service or repair.
NISSAN PROMISE to keep you mobile, free of charge² whether you need a courtesy car, or just a lift.

FREE VEHICLE HEALTH CHECK

YOU want to understand what is going on with your car's service.
NISSAN PROMISE a free vehicle health check and we can even show you any work that might need doing with your own vehicle assessment video.

SERVICE PRICE MATCH

YOU want the best value for money when it comes to service and repair.
NISSAN PROMISE simple Fixed Price Servicing, and we'll price match like-for-like competitor written quotes within 10 miles of your local dealer.

CONTINUOUS NISSAN ASSISTANCE

YOU want the peace of mind you get from our quality service to go even further.
NISSAN PROMISE to give you continuous Roadside Assistance for free³.

YOUR DEDICATED OWNER SPACE

You+Nissan is designed exclusively for you to get the most out of owning a Nissan. Available for all our customers, this platform allows you to change your contact preferences, set up connected services subscriptions, get navigation system updates and more. For more information, please visit www.nissan.co.uk/ownership/you-plus⁴

¹ Visit www.nissan.co.uk/ownership/customer-promise.html for details or to find out more.

² Subject to an excess of £250 (£500 for young drivers). Further T&Cs apply, visit https://www.nissan.co.uk/content/dam/Nissan/gb/vehicles/Customer_Promise_TCs.pdf.

³ Roadside assistance is free for the first three years from date of first registration for a new car and free for one year following each service completed at a Nissan Authorised Repairer. Please visit www.nissan.co.uk/ownership/nissan-services/nissan-car-assistance.html to find out more.

ANYWHERE, ANYTIME, ANYTHING. JUST CALL 0800 246 820 AND WE'LL BE RIGHT THERE.

Service Plans

Nissan Service Plans are the best way to maintain your Nissan Qashqai. Your Nissan dealer can offer you a range of affordable plans, all at a fixed price giving you peace of mind. By purchasing a service plan, you will be protected against price inflation on parts and labour giving you total budget control.

Extended Warranty

A Nissan Extended Warranty gives you the opportunity to extend the standard 3-year or 60,000 miles warranty for a longer period of time or mileage. Select the option which best suits your needs.

AT NISSAN, YOU BRING OUT THE BEST IN US.

You spark our imagination. You provoke our ingenuity. You inspire us to change the rules and innovate. And at Nissan, innovation is not just about additions and extensions; it's about crossing the line to reinvent the status quo. It's about developing unexpected solutions to satisfy your wildest and most pragmatic desires. At Nissan, we design cars, accessories and services that break the mould - making the practical exciting and the exciting practical to offer you a more exhilarating driving experience everyday.

Warranty Terms and exclusions apply, speak to your local dealer for details.

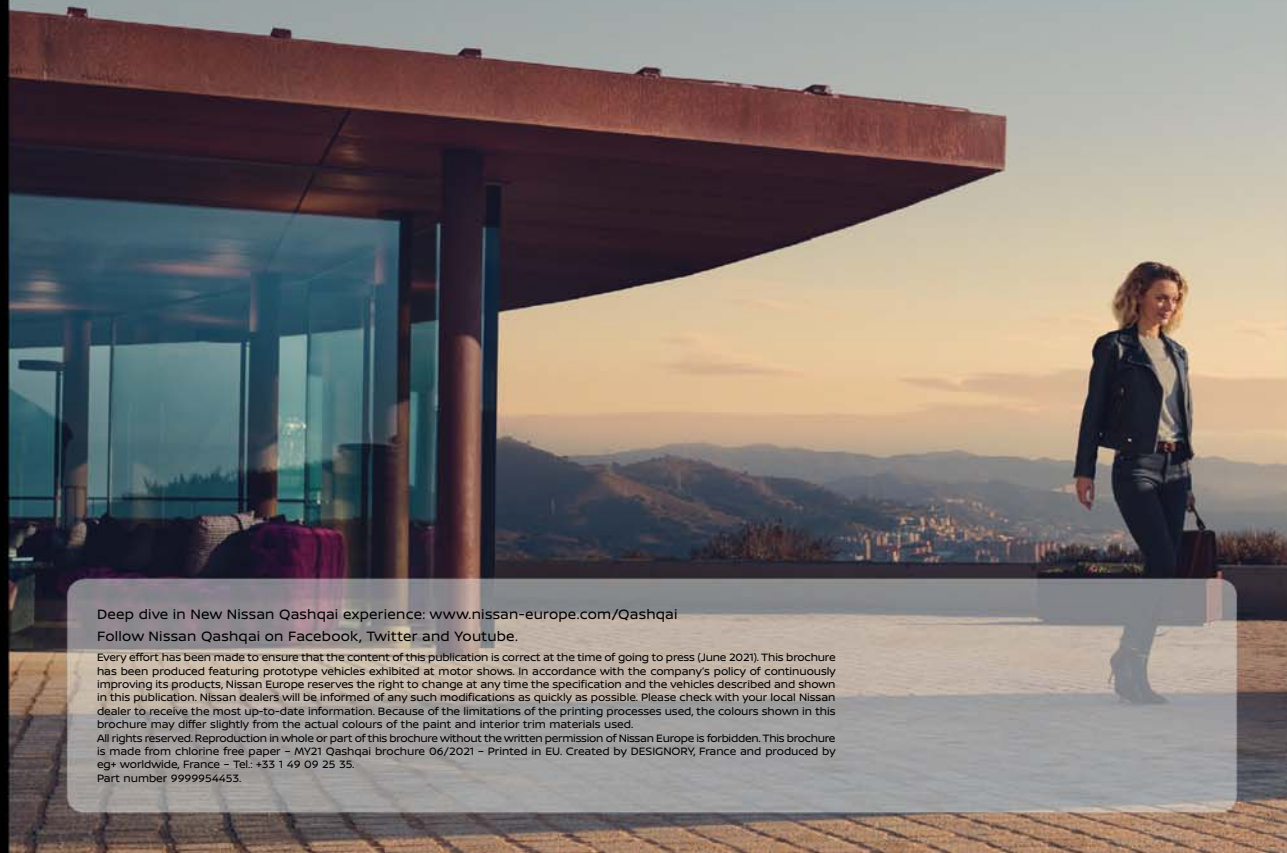

NISSAN QASHQAI COMES WITH:

**3-YEAR WARRANTY OR 60,000 MILES
New Vehicle Warranty
(whichever comes first)**

**12 MONTH, 18,000 MILES SERVICE
INTERVAL**

Nissan Intelligent Mobility moves you one step ahead in cars that feel like an extension of you, helping you see more and sense more and reacting with you. Nissan Intelligent Mobility is about a better future – moving us to a world that's safer, more sustainable, and exciting.
