# Sundowner! You're at home on the road.

# Open up a Sundowner! The cruisin' van from Ford.

## The cruisin' van from Ford.

The road's been running like a ribbon all day. Hot, flat land for miles. Dust and insects are baked flat to your windshield. Then you smell the sea.

You clear the bush, and there she is. That long, blue wave working itself across the bay. You hit it, and the dust's a long time gone. Sundowner! You're home. And you're laughing!

Wherever you drop your tail, you're home. That's Sundowner for you. The cruisin' van from Ford. That's her in the stripes!

She's got the power you need to get you where you're going. There's the room inside to spread out, and bed-down.

She's just ready and waiting for decking out. So bring on the shag pile and speakers.

Out back, you've got a wide-open lift tail-gate for just sitting on the porch and watching it all go by.

## Come inside, and make yourself at home!

Settle yourself back. Drop into the buckets and let them recline a little. Easy does it. There's headlining up above you. You've got a prismatic rear-view mirror to keep your tail in check. Cutpile carpet up-front, rubber matting out back. Power-assisted ventilation to clear the air. Cigarette lighter, lock-up glove-box. Quartz Halogen headlamps and driving lights, and left and right hand mirrors outside.

But let's get down to the basics. Under the bonnet you've got a 4.1 litre (250 CID) six cylinder engine . . . the biggest Falcon Six you can name. Or if you don't mind paying the extra, you can have a 4.9 or 5.8 V8 with cross-flow heads, four barrel carbies and four-wheel power disc brakes optional at extra cost.

Right there in your hand you've got a 4-speed floor-shift, or for extra bread a T-Bar auto if you want it. And as for stopping-power, there's power-assisted front discs with self-adjusting rear drums.

Now, feel the soft rim wheel. Check the steering column's stalk-control for turn-indicators, lane-change, hi-lo beam, headlight flashers and horn button all close to hand.

Instrumentation's comprehensive all right! Includes tacho, oil and temperature gauges  
[REDACTED]  
What about the rubber? Big, wide ER70H radials to take the corners as they come. And when you do, you've got a ride that's more like a sedan than a van. Sundowner! You're cruisin'!

Illustrated. Left and Right Sundowner interior with optional push-button radio and cassette player available at extra cost.
