

# The **Big Aussie Six**

It stands alone.

New Ford Falcon Van

# “For my money, nothing else comes close.”

“When you work hard, you need a partner that works as hard as you do. That’s why, for my money, it’s Ford Falcon Van or nothing.”

Falcon Van offers a combination of passenger car comfort, 6-cylinder performance and large cubic loadspace, making it a true multi-purpose van built in Australia to suit Australian conditions.

Ford’s 3.3 litre Alloy Head II 6-cylinder engine gives Falcon Van the performance and the torque you have come to expect from this classic Aussie work-horse.

You get excellent fuel economy in or out of town, from its lean burn technology and the Falcon Van’s 3-speed manual transmission comes with proven reliability.

There’s also a GL model with a 4.1 litre 6-cylinder Alloy Head II engine and a 4-on-the-floor manual transmission, for that extra bit of power and torque.

Falcon Van has the power to get the job done. But more than that, it will work right alongside you with its capacity to carry bulky loads with security.

Falcon Van is equipped with side opening

rear doors, designed to make loading and unloading quick and easy.

Falcon GL Van’s liftgate/tailgate offers an excellent solution to the differing needs of work and leisure.

Get behind the wheel and you can almost forget you’re driving a hard-working van.

The Falcon Van is spacious and comfortable and incorporates a vinyl-faced Centafold\* seat that turns two seats into three seats at the flip of an armrest.

In the GL model you’ll find the same cloth-faced bucket seats as in Falcon sedan, a matching console with multiple storage compartments, and an AM/FM radio cassette player.

## S-Pack – The well-groomed worker.

For more sporty style, select, at extra cost, the ‘S-pack’ option available on GL van, and enjoy the added appeal of special sports cloth seat facings, and for the driver there’s the comfort of adjustable lumbar support and cushion tilt.

Rake adjustment for the steering wheel lets you select the driving position that best suits you, and there’s comprehensive instrumentation, including digital clock and tachometer.

‘S-pack’ also includes powerful fog lamps, special striping, and sporty-style wheels with trim rings that give your van a distinctly different look.

It all adds up to a package that gives you real value for money, and puts Falcon GL Van right out in front of the rest.

## Optional Extras:

If preferred, the Falcon Van can be fitted with the 4.1 litre engine at extra cost.

Automatic transmission is available at extra cost on both Falcon Van and Falcon GL Van.

## Additional options. Both models: †

- Heavy duty suspension.
- Power steering.
- Airconditioning.
- Tow Pack.
- Heavy duty cooling (4.1 L automatic only).

## Additional GL options: †

- \*Centafold seat (with column shift only).
- Vinyl trim (fawn only).

† At extra cost.

About this brochure. This brochure is designed to provide you with a general introduction to the Ford Products (including available optional equipment) referred to, and should be read in conjunction with the latest specification sheets. Because of changes in conditions and circumstances, Ford\* reserves the right, subject to all applicable laws, at any time, at its discretion, and without notice to discontinue or change the features, designs, materials, colours and other specifications and the prices of its products, and to either permanently or temporarily withdraw any such products from the market without incurring any liability to any purchaser or prospective purchaser.

The latest specification sheet should be referred to for information on the availability, ordering and use of optional equipment. Always consult an Authorised Ford Dealer for the latest information with respect to features, specifications, prices, optional equipment and availability before deciding to place an order.
