Take a Ride to

## ***Your Dream***

There are many kinds of dream. And there are many ways to reach them.  
Now, there is a special car that will help you do just that.  
It's the new Carens from Kia.

Let's Take a Ride to Your Dream,  
***in Style***

Search for Your Dream,  
***at Your Own Pace***

The Closer You Look

*The Better It Looks*

From the chromed radiator grille to the integrated fog lamps and one-piece head lamp that houses a sophisticated triple array of mirrors, bulbs and lenses, the new Carens is clean, modern and elegant in every glistening detail. Function and form are perfectly melded by Kia engineers and craftsmen who devote painstaking attention to the smallest detail. The result is a high quality product that is worthy of wearing the Kia badge.

When in reverse gear, the Rear Warning System detects pedestrians and obstacles using an array of three ultra-sonic sensors mounted on the rear bumper. An audible alarm alerts the driver when the vehicle is too close. Offered as an option on EX trim only. Enjoy sun, sky and fresh air with the optional power sunroof. Also the optional roof racks which can prove to be quite handy especially for sports buffs.

Power adjustable side mirrors are standard and are collapsible.  
The EX trim brings body-colored housings and electric folding and demisting.

#### Center Facia

The metal grain surface finish on the upper panel of the center facia adds a distinctive high-tech look and feel to the cockpit. Standard on the EX trim. The metal grain surface finish on the upper panel of the center facia adds a distinctive high-tech look and feel to the cockpit. Standard on the EX trim. The metal grain surface finish on the upper panel of the center facia adds a distinctive high-tech look and feel to the cockpit. Standard on the EX trim.

Sometimes It's the Inner

*Beauty that Counts*

In a beautiful blend of art and science, the Carenz cabin provides a driving environment that's as warm and inviting as it is ergonomically correct. As you would expect of a car of this class, the dash features comprehensive instrumentation including a trip computer in a logically laid out package that provides an easy, intuitive interface. At a glance, the instrument panel tells you everything about your Carenz. So that you can focus on more important things in life. Like yourself, your family, and your dream.

The heater can turn winter into summer with impressive efficiency. Air conditioning and the fully automatic climate control system with "set and forget" digital temperature controls are optional. Manufactured with high quality materials, all switchgears are durable with ultimate precision. In the Carenz, changing the weather is as easy as one-two-three.

All Seats Are  
*Created Equal*

Engineered with meticulous attention to various human torso and sizes, front and rear seats occupants enjoy the same firm, supportive seat cushions and backrests for a high level of comfort. For an extra measure of luxury, opt for the soft and supple leather upholstery with front seat warmer features. Also, a tall cabin design provides a spacious feel and an elevated seating position. Wherever your destination is, the Carens is a wonderful companion in your journey.

Of course, seating flexibility is a big part of the new Carens story. It is easy to convert your car into a cargo van. Whatever you need to carry, Carens can accommodate. Always ready to lend a helping hand, it's split-and full-flat folding rear seats render expanding the cargo area as effortless as versatile. It may not big enough to carry your dream. But, it doesn't get any closer than this.

Precision for Your  
*Pleasure*

#### 2.0 Diesel

The 2.0 Common Rail Direct Injection (CRDi) engine is the new powerplant that competes very strongly with other engines of similar capacity. A maximum output of 112ps @ 4,000 rpm and a maximum torque of 25 kg.m @ 2,000 rpm provides the power that is characteristic of a diesel engine, while the optimized electronic fuel injection system allows for high fuel efficiency, reduced noise and low emissions. The CRDi engine contains a number of technological innovations.

Suspension

#### A Blend of Precision Engineering and Exquisite Craftsmanship

The 2.0 Common Rail Direct Injection (CRDi) engine is the new powerplant that competes very strongly with other engines of similar capacity.

The 1.8 gasoline engine has a maximum output of 126ps @ 6,000rpm and a maximum torque of 16.5kg.m @ 4,900rpm. A non-return valve maintains fuel in the cylinder head to improve ignition even in severely cold weather and after long-term parking.

For maximum traction, Carens features a front-engine / front-wheel-drive configuration that puts the weight of the engine over the front wheels - a highly advantageous design feature in wet and slippery driving conditions. And to ensure precise handling, Carens is fitted with gas-filled dampers and coil springs at all four wheels.

Safety in an Unpredictable  
*World*

Traction Control System (TCS)

Disc Brake

## Engineered Inside and Out to Bring You Home Safely

You can count on Carens' fore and aft "crush zones" and side impact beams that absorb impact energy and reduce the risks of serious injury. Front seatbelts are equipped with a pretensioning and load limiter mechanisms that minimize the risk of chest injuries during air bag deployment. Front airbags for the driver and passenger provide excellent protection which can be further augmented with the optional side airbags. Stopping power is provided by four disc anti-locking brakes which come with electronic brake force distribution that automatically apportions braking power among the wheels in accordance with the passenger and cargo load distribution for shorter, straight line stops under panic braking conditions. ABS can further be upgraded with the Traction Control System option that provides peace of mind when driving over slippery surfaces.

## Every Detail, *for Your Convenience*

Power and tilt steering ensures smooth steering with minimal effort while the tilt adjustment provides an optimal driving position. Overhead console comes as a standard, in addition to the twin map lights, and includes a digital clock and a handy sunglass holder. Driver door console is also ergonomically designed and placed, with power window switches just a fingertip away, along with a safety lockout and side mirror adjustment switches. Side protector embellished with an attractive chrome accent whose side strip protects the doors against nicks and dents. Door handles are lift-type and fitted for easy operation and match body color for a seamless and upscale look. The EX trim features a chrome setting. Electric folding heated side mirrors magically clear up ice and mist at the flick of a switch.

Center fascia console box is conveniently located at the foot of the center stack and this large storage bin is the perfect place for storing CDs and other bulky items.

Air filter keeps the cabin fresh and clean by eliminating airborne dust and smoke. Keyless entry and remote control door lock function provides both convenience and vehicle security. Rear wiper and washer are a standard feature for improved driving safety and convenience.

## Dimensions

### 1. Power and Tilt Steering

Power assistance reduces input effort while the tilt adjustment ensures a perfect driving position regardless of stature.

### 4. Driver's Seat Armrest

The driver's armrest, folds down for comfort and raises up for increased space.

### 2. Overhead Console

In addition to the twin map lights, this standard feature includes a digital clock and a handy sunglass holder.

### 5. Air Quality System

The air quality system keeps noxious gases and odours out of the cabin and maintains an optimal atmosphere.

### 3. Driver Door Console

The power window switches are just a fingertip's reach away. A safety lockout and side mirror adjustment switches are included.

### 6. 2nd Row Center Armrest

The retractable rear center armrest includes a flip-open cupholder.

### 7. Center Fascia Console Box

Conveniently accessible at the foot of the center stack, this large storage bin is the perfect place for storing CDs and other large items.

### 10. Door Handle

Lift-type handles are fitted for easy operation and are body-colored for an upscale exterior image. The EX trim features a chrome coating.

### 8. Heated and Electric Folding Side Mirrors

Magically clears up ice and mist at the flick of a switch. Standard on all models. (Electric folding function is available as an option / LHD countries only)

### 11. Rear Wiper and Washer

A rear wiper and washer fitted as standard afford improved driving safety and convenience.

### 9. Side Protector

Embellished with an attractive chrome accent, the side strip protects the doors against nicks and dents.

### 12. Air Filter

The air filter keeps the cabin environment fresh and clean by eliminating airborne dust and smoke.

**Engine** // Innovative 2.0-liter Common Rail Direct Injection (CRDI) diesel engine is the new powerplant that competes very strongly with other engines of similar capacity. Max. output of 112ps @ 4,000rpm and max. torque of 25kg.m @ 2,000rpm provides the superb driving ability while fuel efficiency, reduced noise and low emission. 126ps 1.8-liter and 105ps 1.6-liter gasoline engines are also available.

**Transmission** // Column type automatic transmission to better utilize the space around the driver's seat (floor mounted type automatic transmission in RHD countries). New manual transmission gearing uses a new ultra-hard material that improves durability and reduces noise. A rubber bush was applied to the gear shift rod so that crisp

gear changes can be made with less power.

**Suspension** // Optimally tuned to deliver outstanding performance and safety both for straight driving and for cornering. The stabilizer is directly connected to the damper to provide a high efficiency torque feature and ensure excellent steering.

**Brakes** // 4-wheel disc brakes are standard including front ventilated discs for fade-free stopping power. The new Carens has equipped the advanced ABS braking system. Stopping power is provided by 4 disc anti-locking brakes which come with electronic brake force distribution that automatically apportions braking power among the wheels in accordance with the passenger and cargo load distribution for shorter,

straight line stops under panic braking conditions.

**Tires and Wheels**  
Tire size 195/60 R15 (Gasoline), 205/60 R15 (Diesel)  
Wheel size 6.0JX15 (Steel and Alloy)

**Dimensions**

Overall length	4,493 mm
Overall width	1,748 mm
Overall height	1,609 mm
Interior length	2,414 mm
Interior width	1,378 mm
Interior height	1,287 mm
Wheel base	2,560 mm
Wheel tread	
Front	1,490 mm
Rear	1,483 mm
Min. ground clearance	155 mm
Fuel tank capacity	55 /
