Mercedes-Benz

Live life large

We all remember the trips... the entire family in the back of the station wagon singing songs and playing games to pass the time along the way. It's part of growing up in America.

But looking back through the prism of time may have colored that great memory a bit. In reality, space was tight, for both passengers and gear. And perhaps there was more quarreling than music and merriment.

The Mercedes-Benz GL-Class gives you the opportunity to give your family the experiences you cherish from your childhood... but with certain modern advantages to turn "Are we there yet?" into "Are we there already?" It offers power, luxury, and comfort that have their roots in the long history of Mercedes-Benz excellence and on a scale that your modern life demands.

The full line of Genuine Mercedes-Benz Accessories embody that excellence in their design, their engineering, and how they help you live your life... in the biggest of ways.

APPEARANCE

Indulge your alter ego

Undeniably, wheels make a statement. They can be aggressive, adventurous, luxurious... anything you want.

Even if you use your GL-Class as the ultimate family vehicle, the right wheels and appearance accessories can tailor yours to express a little of yourself.

Mercedes-Benz understands that you don't have to surrender everything in the name of utility and practicality.

Engineered to the highest standards, each accessory wheel and every appearance accessory makes a distinct statement... You decide which one.

Front Skid Plate/Rear Skid Plate¹

Help protect the underside of your GL-Class from road debris and rocks in style with our rugged, exceptionally attractive, polished stainless steel skid plates. Front plate is a striking complement to our Tubular Steel Grille Guard (sold separately). Front and rear skid plates sold individually. | Rear skid plate not shown |

Tubular Steel Grille Guard

Give your GL-Class an aggressive look with this rugged polished steel guard. Factory-designed to structurally integrate into the front end of the GL-Class.

Not for AMG models and vehicles with Parktronic (audio-visual parking assistance system). Consumers are advised to confirm in advance with the motor vehicle authority in the state where their GL-Class is registered if the grille guard bars comply with license plate mounting and visibility requirements.

Mercedes-Benz

Enhances your in-vehicle experience.

Who says you can't take it with you?

When you are safe in the confines of your GL-Class, there is a whole big world you want to bring with you. There's a world of music, a world of entertainment, and a world of important people you don't want to lose touch with just because you are behind the wheel.

With your choice of Genuine Mercedes-Benz entertainment and communication accessories, you can take your music, your connections, and your path in life with options that keep you engaged, keep you in touch, and keep you on course in pure Mercedes-Benz style.

Interfaces for Hands-Free Communication System¹

Keeping you in touch.

The Mercedes-Benz Hands-Free Communication System offers state-of-the-art communications technology with the engineering expertise of Mercedes-Benz.

Unlike conventional systems, the Hands-Free Communication System seamlessly integrates into your vehicle and is engineered by Mercedes-Benz to provide optimum reception and sound quality while helping you keep your eyes on the road and your hands on the wheel.

The Hands-Free Communication System is available for vehicles with selected factory option packages. And we offer two ways to take advantage of it based on your lifestyle and how you use your mobile phone...

MHI Interface Cradle²

With the Multi-Handset Interface (MHI) Cradle, your phone is stored securely out of the way, it is continually charged so you never have to worry about a depleted battery in the car, and it links to an external antenna to provide the best possible reception when placing or receiving a phone call.

There are MHI Cradles available to accommodate a selection of popular mobile phones for most major carriers.

Bluetooth Interface Module²

With Bluetooth technology your phone connects wirelessly with the Hands-Free Communication System. Bluetooth supports hands-free audio and limited call handling functions. Since the phone is not connected in a cradle, battery charging and use of an external antenna are not possible. However you can keep your phone on your belt, in your purse... wherever it's convenient.

Regardless of the option that you choose for the Hands-Free Communication System, the experts at Auto Wireless Solutions can help you choose the right phone for your lifestyle and for your GL-Class. For a current list of compatible phone models, visit www.Wireless4MB.com or call Auto Wireless Solutions at 1-800-910-1021 to speak to an advisor.

- ¹ Always plug an approved phone into the cradle for use inside the vehicle or use the Bluetooth interface. Otherwise operating a non approved phone or radio transmitter with its own attached or built-in antenna while the engine is running can interfere with the vehicle's electronic systems. For safety reasons, the driver should not use the cellular phone while the vehicle is in motion. We encourage the driver to stop the vehicle in a safe location before answering or placing a call. See your Mercedes-Benz dealer for current handset availability.
- ² MHI Interface Cradle and Bluetooth Interface Module are sold separately and offer one year/ unlimited mileage warranties.

Mercedes-Benz Navigation System³

More than a map.™

16/17

► The Mercedes-Benz Navigation System is a fully integrated system that combines Global Positioning System (GPS) technology with detailed electronic maps to allow you to plan trips, navigate detours and help avoid getting lost. Your vehicle's location is continuously tracked by Global Positioning System (GPS) satellites, and is displayed on the map.

The system can route you through more than 4.6 million miles of navigable roads in the United States and Canada. Just enter the address on the intelligent destination input screen, and the system takes over from there, guiding you audibly and with a clear and detailed 7" LCD map display.

Do you need an idea where to go? The Navigation System also offers 1.6 million Points of Interest in 40 categories including ATMs, restaurants, hotels, airports, museums and more.

Navigation Update Disk

Your Mercedes-Benz Navigation System relies upon a detailed electronic map to guide you to your destinations and help you find the services and attractions that you need and want in your daily life. But things are constantly changing out there. Roads are added or diverted, restaurants open and close, hotels and hospitals are built, ATMs move. In fact, as much as 20 percent of the navigation data is updated every year. That is why Mercedes-Benz offers updated navigation data, available for purchase from your authorized Mercedes-Benz dealer, to help ensure that you always have current navigation information.

³ Navigation system data represents the United States (excluding Alaska) and Canada. Directional assistance provided only when GPS coverage is available. Maps do not cover all areas nor all routes within an area. While the navigation system provides directional assistance, the driver must remain focused on safe driving behavior, including paying attention to traffic and street signs. The driver should utilize the system's audio cues while driving and should only consult the map or verbal displays once the vehicle has been stopped in a safe place. See your authorized Mercedes-Benz dealer availability and for details.

Tele Aid⁴

There at the touch of a button.

Mercedes-Benz doesn't think that you should have to face any of life's surprises – big or little – alone. That's why we've included Tele Aid as standard equipment in every GL-Class. Tele Aid can serve as your lifeline, your co-pilot, even your full-time personal assistant.

Tele Aid is a collection of services designed to keep you connected when you are in your vehicle. Tele Aid puts a variety of services at your fingertips with three simple buttons: SOS, the Wrench Button, and the i-Button. Touch one and you can contact a Tele Aid Response Specialist who is ready to assist in every way.

When you subscribe, you can choose between Tele Aid Security & Care, a package that brings an extra measure of security and peace of mind to your travels, or Tele Aid Luxury & Convenience, an additional cost premium package that offers you a genuine sense of ease and comfort that you've come to expect from Mercedes-Benz.

Wrench Button

If you need Mercedes-Benz Roadside Assistance, push the Wrench Button. Service personnel will help you identify the trouble and if necessary dispatch Roadside Assistance.

⁴ Tele Aid equipment is standard on many Mercedes-Benz vehicles. See your dealer for details. The first year's basic Tele Aid Security & Care package is provided at no additional cost. Subscription and acquaintance call required for system to be active. Service operates only where cellular and Global Positioning Satellite system coverage is available. See your dealer for details. Owner must authorize vehicle tracking by providing passcode and a valid stolen vehicle police report number. PIN code required to activate Remote Door Unlock.

Tele Aid

Choose the Tele Aid package that fits your lifestyle:

Tele Aid Security & Care⁴

Now, Tele Aid Security & Care enhances your sense of security by providing:

- Emergency notification services
- Roadside Assistance
- Remote Door Unlock
- Stolen Vehicle Recovery
- Anti-Theft Alarm Notification
- and more.

With an active Tele Aid subscription, you may be eligible for a discount from your insurance provider.⁵

i-Button

Push the i-Button to contact the Customer Assistance Center or to be connected to your preferred Mercedes-Benz dealer. You can also reach the Concierge Service, receive Route Assistance and Traffic Information.⁶

SOS Button

In case of an emergency, push the SOS Button for a Tele Aid Response Specialist who can notify police, paramedics, or other emergency personnel of your vehicle's location. SOS is automatically triggered in the event of an airbag or seat belt emergency tensioning device deployment.

Tele Aid Luxury & Convenience⁶

The Tele Aid Luxury & Convenience package builds on the services of Tele Aid Security & Care and adds access to premium services that enhance your in-vehicle experience.

- Personal Concierge acts as your personal assistant on the road. Fulfilling your requests for nearly “anything, anytime, anywhere”... at the touch of a button. You can also use the Online Concierge, which allows you to access your Personal Concierge via your computer or even your PDA or anywhere you have Internet access.

- Enhanced Traffic Information provides full metro traffic reports within 30 miles of your location, metro street traffic, programmable radius traffic, details on traffic conditions along your route and more.⁷

- Route Assistance connects you to a trained specialist who has the resources to locate and help you to get to your destination.

Tele Aid⁴ puts a variety of services at system subscriber's fingertips with three simple buttons: SOS, the Wrench Button, and the i-Button.

⁵ Many insurance carriers offer comprehensive premium reduction for Mercedes-Benz vehicles with an active Tele Aid subscription. Check with your insurance carrier to see if you qualify for an insurance premium discount. Rates and eligibility may vary.

⁶ Concierge service available only in Tele Aid Luxury & Convenience package. Traffic Information and Route Assistance use is included as part of Tele Aid Luxury & Convenience package at no additional cost, and are available at an additional per use charge when used with Tele Aid Security & Care package.

⁷ Traffic information is available in over 100 cities and is based on available broadcast data and is not available in all areas. Reports provided based on your vehicle's current location (within a pre-defined radius) or along any of up to five regular commutes that you program at the Tele Aid website. Route Assistance is limited to available digitized map data which does not include all areas or routes within area.

Rear-Seat Entertainment System⁸

Being a passenger has never been so entertaining.

Who's riding in your back seat? Your kids' favorite superhero, a dashing leading man, or maybe it's your favorite comedienne? With the Mercedes-Benz Rear-Seat Entertainment System, you can bring along your favorite DVDs and your back seat becomes your own personal movie theater.

Your passengers are entertained and because DVD audio plays over wireless headsets, the driver can concentrate on driving with fewer distractions.

The Mercedes-Benz Entertainment System includes:

- ▶ A state-of-the-art DVD player mounted under the second seat row to protect it from everyday wear and tear
- ▶ A high-resolution 7" LCD color display that conveniently folds away when not in use for additional security
- ▶ A specially designed, child-friendly remote control featuring a sliding cover that exposes key buttons such as Play, Pause, Rewind and Fast Forward. Picture quality controls and other advanced user options remain covered
- ▶ Two high-quality wireless headsets for tangle-free operation and easy storage
- ▶ Auxiliary jack enables the use of gaming devices (gaming hardware not included)

The Entertainment System supports movies in DVD format and music in CD, DVD and MP3 formats.

⁸ Mercedes-Benz recommends that children be supervised while using the system.

iPod® Integration⁹

Your music. Your Mercedes-Benz.

⁹ iPod is a registered product of Apple Computer.
All iPod devices are sold separately.

Taking your personal music collection with you wherever you go has never been easier. Mercedes-Benz offers seamless integration of your iPod into the audio system of your GL-Class. With an interface that is compatible with any dock-connector equipped iPod device, your iPod charges while connected.

Steering wheel controls and a visual display of the track information make your iPod a perfect fit with your Mercedes-Benz.

Control your iPod via steering wheel buttons:

- ▶ Volume control, Select, Change menu
- ▶ Navigate within the current iPod music menu
- ▶ Display of current iPod selection

* The iPod Interface Kit and the iPod cradle are compatible with following models:

iPod 3rd Generation, iPod video, iPod photo, iPod U2 Special Edition, iPod mini, iPod nano

1 ▶ Roof Cargo Container, Large [P. 28] | **2** ▶ Basic Carriers [P. 26]

UTILITY & CARE

Take all the gear you need for the jungle... concrete or otherwise.

Whether you travel city streets or take the road less traveled, there always seems to be an abundance of gear that accompanies you.

Mercedes-Benz offers a full complement of utility accessories to help haul it, manage it, and organize it. Not aftermarket or afterthought, these accessories are specifically designed to fit your vehicle and maintain the Mercedes-Benz level of quality.

Whether your family is headed for civilization or running away from it, Genuine Mercedes-Benz Accessories help you do it in style. With your accessorized GL-Class, the road less traveled doesn't have to be the road less civilized.

Mercedes-Benz is offering two alternative basic roof carriers: Crossbar (shown on the right) and Roof Rack Basic Carrier (shown on page 26).

Please note that bikes can only be transported with the Roof Rack Basic Carrier.

Crossbar

Style on top of your Mercedes-Benz

Crossbar

for Ski & Snowboard Rack and Roof Cargo Containers

The elegant design of this Crossbar makes it a visually appealing alternative to the Roof Rack Basic Carrier. It is an essential component for attaching a wide assortment of items to the top of your vehicle. You can securely attach and lock Ski & Snowboard rack or a Cargo Container (sold separately). Available in black or chrome. | Comes in a set of two |

For bike transportation
use Roof Rack Basic Carrier.

24/25

Ski & Snowboard Rack – Deluxe

for Crossbar or Roof Rack Basic Carrier

This rack holds up to six pairs of skis or four snowboards and features a pull-out function that makes for easier loading and unloading without the need to reach across the roof of the car. Requires Roof Rack Basic Carrier or Crossbar (sold separately).

For vehicles with Crossbars the "Ski & Snowboard Rack – Deluxe" requires adapter.

Ski & Snowboard Rack – Standard

for Crossbar or Roof Rack Basic Carrier

This rack is made to tote up to four pairs of skis or two snowboards atop your GL-Class. Requires Roof Rack Basic Carrier (sold separately), which can accommodate two Ski & Snowboard Racks.

UTILITY & CARE

Roof Rack Basic Carrier

Universal functionality for your Mercedes-Benz

Roof Rack Basic Carrier

for all Mercedes-Benz roof carrier systems

Our basic carrier is an essential component for attaching a wide assortment of items to the top of your GL-Class. After easy installation, you can securely attach and lock bicycles, ski & snowboard racks, or a cargo container. (Racks and containers are sold separately.)

Storage Bag

for Roof Rack Basic Carrier or Crossbar

Protect your Roof Rack Basic Carrier in this nylon bag when not attached to your GL-Class. Also suitable for Crossbar.

Storage bag cannot accommodate both Roof Rack Basic Carrier and Crossbar simultaneously.

Bicycles may be mounted to the bicycle rack before affixing to the carrier

Spiral Lock for Bicycle Rack

Secure your bicycles with this anti-theft mechanism which locks them to the roof rails. Available with a holder for one, two or four bicycles.

Bicycle Rack

for Roof Rack Basic Carrier

This rack securely holds a single bicycle and attaches to the Roof Rack Basic Carrier (sold separately). Up to three bicycle racks may be supported on the Roof Rack Basic Carrier.

UTILITY & CARE

Roof Cargo Containers

Create additional space for sports equipment and luggage with one of our aerodynamic, high-quality roof containers designed to complement your GL-Class. Constructed of lightweight, yet exceptionally durable, impact-tested thermoplastic material. Features pressurized struts for easy lid operation and a security lock. Comes in silver finish, which may be painted to match the body of your GL-Class.

Small model holds 11.5 cubic feet. Medium model holds 14 cubic feet. Large model holds 16 cubic feet. All models have a maximum load capacity of 110 lbs. Requires Roof Rack Basic Carrier (sold separately).

Always comply with vehicle maximum load requirements. See vehicle operation manual for details.

Ski Bag (not shown)

Protect your skis with this ski bag. For transportation in the small or large Roof Cargo Container. For up to two pair of skis.

Hitch-Mounted Bicycle Rack

This bicycle rack includes numerous updated design features to keep one or two bikes secure and your GL-Class protected against damage. One innovative feature allows secured bicycles to pivot for cargo area access (pictured). Requires Trailer Hitch (sold separately).

Not for vehicles with Parktronic (audio-visual parking assistance system).
Bicycle rack not intended for driving when horizontally pivoted.

Hitch-Mounted Bicycle Rack Extension Kit (not shown)

Allows a third bicycle to be mounted to a pre-existing Mercedes-Benz bicycle rack.

The laden bicycle rack can be pivoted downwards, allowing the rear hatch to be opened

When rack is unladen, simply fold down the vertical bar to gain access to the rear hatch

Trailer Hitch

Take advantage of your GL-Class' considerable hauling capacity with our Class III trailer hitch, capable of towing up to 7,500 lbs. Designed especially for Mercedes-Benz with a corrosion-resistant surface treatment.

UTILITY & CARE

Nets, Floor / Rear (not shown)

Versatile and convenient, strong and durable nylon nets help you to secure objects in the back of your GL-Class. Rear net may be attached to the loading sill. Each net is sold separately.

Reversible Cargo Mat

The non-slip mat performs two functions; to protect the interior carpet of your GL-Class with a smooth soft fabric side and to prevent cargo from sliding with the rubberized side. Fabric side available in black. Includes removable loading sill protector extension. Constructed of highly durable polyester.

Collapsible Shopping Crate

Make your next trip to the market more convenient with this collapsible shopping crate. To save space, it folds flat when not in use. Dimensions folded: 2 x 13 x 18".

Antislip Mat

Prevents slipping of the items placed in the trunk. Tailored to perfectly fit dimensions of the cargo area. Made of oil resistant polyester.

Cargo Divider Net

Separate the passenger and cargo areas of your GL-Class with this sturdy yet lightweight net. Easily installed or removed, and fits neatly behind the front or second-row seats.

Cargo Area Tray & Cargo Box

Protect the cargo area of your GL-Class with this large tray with 2" sides. Formed from durable, easy-to-clean plastic to fit your vehicle. Use optional cargo box to support and keep in place tall objects, such as grocery bags. Cargo box sold separately.

Battery Trickle Charger

For those extended periods when your GL-Class will not be used, this charging device will help ensure that your battery is fully energized when you need it.

All-Season Floor Mat Set

These custom-designed rubber floor mats are a great way to keep the carpet in your GL-Class in top condition. Deep channels trap water, mud and melting snow. Easy to clean. Available in black, grey or beige. Set of four for front and middle row seats and set of two for 3rd row seats. 3rd row seats sold separately.

Carpeted Floor Mats (not shown)

These carpeted floor mats replace the worn, damaged or lost mats that were included in your GL-Class when new. They are made of durable, tightly-woven fiber to protect your floors and provide a long-lasting attractive appearance. Designed to fit the GL-Class perfectly and with high-friction undersides and floor snaps to prevent movement. Four mats per set. Set of two for third row also available.

Coat Hanger

Robust coat hangers made from chromed metal and plastic. Easy to attach to front head rests. The ideal way to transport items of clothing without creasing them.

All-Weather Floor Liners

Designed specifically to match the precise contours of the floor of your GL-Class, these quality flexible plastic floor liners feature high sides to contain dirt and liquids for the best possible carpet protection. Set includes four tailored floor liners. Available in black, grey and beige. Set of four for front and middle row seats and set of two for 3rd row seats. 3rd row seats sold separately.

Vehicle Cover

This UV-resistant 3-layer cover helps protect the finish of your GL-Class from the elements. Made from breathable Noah® fabric, it combines an excellent fit with durable construction. Lock and cable available separately.

Mercedes-Benz Car Care

Maintain and protect your investment.

32/33

All illustrations and specifications contained in this brochure are based on the latest product information available at the time of publication. Actual product offerings may vary from those shown or may be subject to availability delays or discontinuance. Mercedes-Benz reserves the right to make changes at any time, without notice, in colors, materials, equipment, specifications and models. Any variations in colors shown are due to reproduction variations of the printing process. Illustrations may include test situations. Some vehicles may be shown with non-U.S. equipment. Vehicles are shown with optional equipment.

Unsecured cargo can become hazardous in a collision. Always secure cargo using the floor-mounted tie-down hooks. Cargo nets and organizers are not intended to prevent objects of excessive weight and bulk from sliding or rolling in the event of a collision or sudden stop. Always drive with caution when driving with cargo.

Certain accessories may require additional components to complete the installation in your vehicle. Please consult your authorized Mercedes-Benz dealer for specific information about automotive accessories.
