UP  
THE FUN

**Surfboard Carrier** Can't decide between your long board or short? Take both. Secure one or two boards with Mazda's Surfboard Carrier.

**Kayak Carrier** Designed for easy loading and unloading, the Kayak Carrier comes with adjustable mesh straps to accommodate most kayaks.

**Bike Carrier, Roof Rack** Access granted. Lets you transport your bike without compromising hatch access. Fits most bikes. Most Mazdas can accommodate multiple Bike Carriers.

**Cargo Box** Create more cargo area. Frees up the rear cargo space for pets or quick-access items. Keeps stored items safe with protective latch. The 13-cubic feet Cargo Box features a black finish.

**Roof Luggage Basket** Expand your possibilities. The Roof Luggage Basket is a great alternative to the Cargo Box. Expandable netting keeps oversized or bulky items secure for maximum storage capacity.

**Ski/Snowboard Carrier** Whether you ski on water or powder, you need the Mazda Ski/Snowboard Carrier. Locks in up to four pairs of skis or two snowboards. Accommodates some water skis.

**Roof Rack** Versatility. The heavy-duty, removable Roof Rack is there when you need it – and gone when you don't. Use solo or with any of our available attachments.

**Bike Carrier, Trailer Hitch Mount** Roof Rack full? You can still bring your bikes along with this easy-to-secure rear hitch carrier. Transport up to two bicycles with minimal lifting. Trailer hitch sold separately.

Please remember to properly secure all cargo.

# WORK, PLAY YOUR WAY

**Side Steps** A step up in style and function. The side step makes getting in or out of the Tribute easier for all passengers. The custom-fit design bolts to the frame for long-lasting style and convenience.

**Hood Bug Deflector** A little help, please? If a Front Mask isn't your style, the Hood Bug Deflector is the perfect alternative. Helps keep the hood area free of nicks and scratches by deflecting insects and road debris.

**Remote Engine Start** Way cool... or not. Start your engine from a distance of up to 800 feet, while also pre-heating or pre-cooling the interior for a comfortable ride from the start.

**Cargo Mat** Pets, produce, plants? If it spills or drools, it's definitely riding in the cargo area. Keep your original carpet in mint condition with a custom-fitted, easy-to-remove carpet Cargo Mat.

**Front Mask** One hard-working accessory. The fully-tailored Front Mask deflects insects and road debris. Keeps your front end in pristine condition.

**Rear Spoiler** A sporty touch with a functional twist. The Rear Spoiler not only looks good, it improves visibility by keeping the rear window free of dust and snow. Primed and ready for paint.
