Charger 770

Charger

Charger

Reclining bucket seats

Dial instruments, with big tachometer

Power boosted front disc brakes and a pressure sensitive proportioning valve on the rear drums make sure you stop when you want, where you want.

And so you can see what you're doing, high beam headlights are Q.I. and there's lamps in both luggage and engine compartments.

Charger's confidence shows with its twelve months warranty, regardless of distance. You'll find full specifications on the back page.

Chrysler's raunchy Charger. It's no ordinary car.

Taking the option.

When you buy a new car it takes only a little planning to make that car distinctively your own, and to ensure years of driving pleasure. Chrysler tailor these options for your car and they all bear the familiar Chrysler quality pentastar. Like the push-button radio, or the radio/stereo cassette player, to keep the long distance driver's blues away.

Airconditioning keeps you cool during those blistering long Australian summers, warm through the chills of winter.

With a flick of a switch you can evaporate the frosts that cloud your vision: a heated rear window. Outside a sports stripe clinches the Charger's racy body shape and 7" cast alloy wheels put even more of you on the road.

Because towing puts a strain on your basic automotive systems, Chrysler offer their two factory fitted towing packages. They simply make towing as easy as it should be.

Check out the list of options overleaf.

Chunky Boca Raton cloth upholstery, standard

Auto shift console and storage compartment, optional

6-inch styled road wheels, standard

Optional push-button radio or stereo cassette radio

Optional 7-inch cast alloy wheels

Multi-use stalk control

The in-built benefits of Chrysler advanced engineering.

First, Electronic Ignition.

Ignition points and condensars have always had the problem of eventually wearing out.

But now, all Chargers are fitted with an exclusive electronic ignition system. The condenser and points have been eliminated. So they'll never need to be replaced.

Spark plug life is extended. And the timing won't have to be touched for 24,000 kilometres.

But most importantly, the electronic ignition delivers 35% more starting voltage for sure starts in wet and cold.

And helps to ensure sufficient combustion.

Next, Torsion Bars suspension, and Unibody construction.

Torsion bar suspension has been a feature of Charger since it was first introduced. And so has Unibody construction.

The two systems complement each other.

Torsion bars capture the energy of road shock with a twisting action.

In the event of a bad pothole causing a violent shock, any vibration runs up against unitized construction.

There are no body bolts to shake loose or rattle.

Thousands of welds form an incredibly strong unit. Like an air-frame.

Hot Air Intake

This device simply pre-heats air before being mixed with fuel in the carburettor.

If you combine this Hot Air Intake with Charger's Hemispherical combustion chambers, and electronic ignition it results in more efficient combustion and a minimisation of exhaust emission.

Painting with Electricity

The Electrophoretic dip is the process used to prime all Charger bodies.

The body is placed in a tank-full of primer which has an electric current running through it.

It greatly improves rust resistance because the primer bonds with the body and penetrates into every little crevice.

Dimensions

Overall Length: 4613 mm (181.6")
Overall Width: 1901 mm (74.8")
Overall Height: 1374 mm (54.1")
Wheelbase: 2667 mm (105.0")

Track: Front—1494 mm (58.82")
Track: Rear—1770 1504 mm (59.22")
Turning Circle: 11.3 metres (37.0 ft.)
Trunk Capacity: 0.623 m³ (22.0 cu. ft.)
Fuel Tank Capacity: 68.2 litres (15.0 galls.)

Transmissions

Manual 3-speed floor shift standard.
Floor shift with console optional.
Manual 4-speed floor shift optional.

Clutch

Type: Single dry plate with Diaphragm.
Pressure plate.

Rear Axle

Type: Semi-floating Hypoid gear drive.

Suspension

Front: Independent with Torsion Bar and dual action hydraulic telescopic shock absorbers. Anti-sway bar. Rear: Leaf springs with dual acting hydraulic telescopic shock absorbers.

Steering

Manual Steering: Recirculating ball and nut. Turn lock to lock—4.5 Power Steering: Constant control (Co-axial). Turn lock to lock—3.5.

Brakes

Power booster with Pressure Sensitive Proportioning Valve. Front disc: Rear drums: Tandem Master Cylinder.

Wheels and Tyres

Wheels: 14" x 6.0" JJ styled road wheels.
Tyres: 185SR14 x 4 Ply BSW Radials.

Comfort/Convenience Items

Reclining bucket seats. 3-spoke steering wheel with centre horn pad. Reversible keys for doors and steering column/ignition locks. Matt black dash. Boca Raton cloth seating. Full carpeting. Prismatic mirror. Q.I. high beam lights. Ash trays front and rear. Fresh flow ventilation left and right hand sides with driver control tabs. Interior courtesy light. Coat hooks. Cigar lighter. Door courtesy light switches. Fender repeater lamps. Padded front armrests. Multi-operations stalk control switch. Extensive sound insulation. Heater/demister. Rear quarter "flip-out" windows. Lockable glove box. Bodyside moulding. Glove box vanity mirror. Carpet kick pads on door trims. Dual horns. Engine compartment and boot lamps. Floor level, glove box, ash receiver lighting.

Standard Safety Features

Anti-sway bar. Radial ply tyres. Dual headlamps. Retractable front seat belts.

ENGINE DETAILS	6 cylinder 4.0 litre	6 cylinder 4.3 litre (Optional)	8 cylinder 5.2 litre (Optional)
Type	6 cyl. OHV	6 cyl. OHV	8 cyl. "Vee" OHV
Capacity	4045 cc (245 cu. in.)	4345 cc (265 cu. in.)	5211 cc (318 cu. in.)
Compression Ratio	9.0:1	9.1:1	8.7:1
Carburettor	Two barrel with automatic choke	Two barrel with automatic choke	Two barrel with automatic choke
Ignition System	Electronic	Electronic	Electronic
Fuel	Premium	Premium	Premium

Integral head restraints. 360° energy absorbing steering column. Power boosted braking system. Front discs, Rear drums. Pressure sensitive proportioning valve and tandem master cylinder. Cable-operated hand brake, floor mounted with warning light. Brake failure warning light. Flush fitting door handles—side impact protected—non override. Padded steering wheel hub. Power-operated windshield washers. Anti-lift wipers. Safety padded sunvisors, armrest/door handles plus soft knob window regulators. Cushioned instrument panel. Break away interior rear-view mirror. Reversing lamps. Anti-glare instrument panel. Double engine hood latch with interior release. Safety-zone toughened windshield. Heated rear window. Double-sided safety wheel rims. Fusible link wiring. Variable instrument lighting. Solid unibody construction. Hazard warning system. Door reflectors.

Options

2.92:1 Sure Grip Rear Axle (N/A with 5.2 litre V8 engine with 4 speed manual transmission).	<input type="radio"/>
4.3 litre (265 cu. in.) 6 cylinder engine	<input type="radio"/>
5.2 litre (318 cu in.) V8 engine	<input type="radio"/>
Towing Package Medium Duty	<input type="radio"/>
Towing Package Heavy Duty	<input type="radio"/>
Bumper Bar Overriders	<input type="radio"/>

O = Optional

Our 12 month/unlimited kilometres warranty

Chrysler are always out to build better cars.

And now there's further proof.

All Chargers are now covered by a 12 months/unlimited kilometres warranty.

So you can drive as far as you want in the first year with full warranty protection.

We're the first Australian car manufacturer to show this kind of confidence in its products.

It just goes to show how deeply Charger is committed to your driving pleasure.

"Always consult your Chrysler Dealer for the latest details on specifications, options, prices and availability.
