

# THE 3 TOURING

\*European model shown.

Greater presence. Drive with confidence with new 19" wheel design and M Sport brake in red high-gloss. Which not only helps deliver greater agility, but also a neck-breaker.

Clever luggage control. The standard Anti-slip rail system automatically creates friction with luggage, bags and suitcases, making them unlikely slide during driving or parking on slopes.

Not to be missed. From its flowing silhouette that interplays elegantly with expressive contours to the powerful rear, which is accentuated by prominent wheel arches, it is alluring from every angle.
