

Sedan
Sportwagon

Series II Commodore and Calais

It's the Commodore, but not as you know it. Sure, it still has all the space. It still surrounds you with 5-star rated safety. And, of course, it still performs like a Holden should. But in the very clever Series II Commodore, that performance now comes with fuel economy better than some 4-cylinder cars. Plus, it has the ability to run on your choice of either LPG, petrol, or Bio-ethanol. With the futuristic touch-screen Holden-iQ System onboard, it seamlessly integrates your digital life with your time behind the wheel. Seven Sedan models. Seven Sportwagon models. All powered by intelligent technology, and all complete with distinctive style enhancements, inside and out. Holden Series II Commodore – the future has never looked better.

very
clever

the sense of touch

Featuring the latest in touch-screen and Bluetooth® technology, the Commodore's Holden-iQ System lets you play music from your choice of iPod®, MP3 player, USB device, CD and the vehicle's own internal flash drive*. Access your mobile phone address book to make and take calls without touching your phone. Operate the rear camera and Satellite Navigation system (including real time traffic updates), where fitted. And adjust your dual-zone climate control. It's a level of control and flexibility that turns cabin space, into personal space. And in the Series II Commodore, it's all at your fingertips.

* Not available on Omega

Holden-iQ

Exhilarating rear-wheel driven performance has always been the hallmark of Commodore's sports lineup. Now it's also got serious smarts. All petrol models in the range can now run on Bio-ethanol, also known as E85, a blend of up to 85% ethanol and 15% petrol. The 3.6 litre SIDI Direct Injection V6 engine delivers its 210kW[#] to the SV6 with even more kilometres to the litre. And the Gen IV V8 with Active Fuel Management (AFM) means more power to the road with enhanced fuel efficiency. The new surprise package is the 3.6 litre LPG V6 engine – on the road it performs on par with its petrol counterparts, while at the pump delivers dramatic savings. All this, plus Holden's legendary sports-tuned ride and handling, in vehicles that command attention every bit as much as they command the road.

[#] Maximum figures as per ECE regulations

the
power
to please

always accommodating

It's one thing to be spacious. But it's another altogether to be space efficient. That's why the very clever Series II Commodore is both. No matter which model you choose, even the all-new dedicated LPG, you'll find it's large in capacity and super practical. It's packed with storage optimisation ideas that make it easy to load, access, re-organise and unload your belongings. Like the Sportwagon's innovative forward-hinged tailgate, elevated rear cargo floor and flush-folding split rear seats. Room for everything – including the elbows and legs of five full-grown adults – that's the Series II Commodore.

inspired luxury

It's a feeling we all get from time to time. The need to put some space between yourself and the rest of the world. It's a desire the flagship Calais V-Series interior fulfills every time you drive. More like a designer home than a cabin, its euro-inspired style combines premium finishes and sumptuous appointed leather luxury with state-of-the-art technology, to create a driving environment and experience that is simply second to none.

performance

Expect greater fuel efficiency, lower emissions and even healthy savings across the range, all without sacrificing any of the outstanding performance Holden is renowned for.

Take the 3.0 litre and 3.6 litre SIDI Direct Injection V6s. As well as state-of-the-art engine features that make them more efficient, they can run on either petrol or Bio-ethanol – a cleaner burning fuel source that shrinks emissions while enhancing engine performance.

Holden's famed 6.0 litre Generation IV V8 is also Bio-ethanol compatible and features Active Fuel Management (AFM). This clever advance switches automatically between eight and four cylinder operation as required. It gives

you full V8 performance when it's needed, and improved fuel economy when it's not.

The latest addition to the Holden Ecoline range is the all-new 3.6 litre LPG V6. This fully-integrated LPG package delivers performance and driveability on par with its petrol counterparts, with the advantage of dramatically lower fuel costs and CO₂ emissions.

SIDI Direct Injection V6

A breakthrough in V6 engine design, Holden's Spark Ignition Direct Injection (SIDI) technology produces greater power and smoother power delivery over a broader rev range, with increased fuel economy and lower CO₂ emissions.

Key SIDI engine features include:

- More precisely controlled fuel delivery
- Increased cylinder air intake
- Increased cylinder compression ratio
- Aluminium engine block and cylinder heads
- Quad cam phasing with variable timing on both inlet and outlet valves, and
- Optimised exhaust manifolds with close-coupled catalytic converters

3.0 litre SIDI V6

The 3.0 litre SIDI Direct Injection is far and away the most fuel efficient petrol V6 engine in its class, yet is still powerful enough to haul a 1.6 tonne tow load with ease*. Designed to run on unleaded petrol or Bio-ethanol, it delivers effortless V6 performance as standard on Omega and Berlina models.

- 190kW[#] of power @ 6700rpm
- 290Nm[#] of torque @ 2400rpm

3.6 litre SIDI V6

With smoothly delivered, seemingly endless reserves of free-flowing power, plus torque to spare across the range, the 3.6 litre SIDI Direct Injection variant is the engine of choice for the SV6, Calais and Calais V-Series.

- 210kW[#] of power @ 6700rpm
- 350Nm[#] of torque @ 2800rpm

Generation IV Alloy V8

Standard with SS and SS V-Series models, and optional with the Calais V-Series, this superb engine develops a phenomenal 270kW^{**} of power and 530Nm^{**} of torque when teamed with the 6-speed manual transmission, and 260kW/517Nm^{**} with the 6-speed automatic with Active Fuel Management (AFM).

Either way, the Gen IV will reward you with astonishing performance and exceptional towing capabilities. With automatic transmission you also benefit at the bowser, thanks to the engine's Active Fuel Management (AFM), which temporarily de-activates four of the eight engine cylinders in certain driving conditions when less engine power is required. Cylinder de-activation and re-activation take less than 20 milliseconds and are virtually imperceptible.

Bio-ethanol

Bio-ethanol, also known as E85, contains up to 85% ethanol and 15% petrol.

Ethanol is currently derived from sorghum as well as by-products linked to the agricultural production of wheat and sugar.

Bio-ethanol offers impressive CO₂ emission savings compared to petrol when you look at the entire fuel production process, including growing the crops, producing and using the fuel – called "well to wheel".

Next generation production technology promises even greater environmental benefit, as it will derive ethanol directly from everyday household rubbish, substantially reducing landfill at the same time.

Although there is less energy in a litre of Bio-ethanol, which means less range than petrol, the ethanol component has a higher octane rating which leads to better engine performance. You can now take advantage of this increasingly popular fuel across the entire petrol Commodore and Sportwagon range.

6-speed

Transmissions

6-speed automatic with Active Select

This silky smooth transmission maintains optimum engine economy across a wide range of driving conditions, and offers the added advantage of one touch switching between automatic or manual gear shifting via Active Select.

6-speed manual

Designed with a super smooth short throw for more spirited driving, it has the ideal first gear launch feel and lower cruising revs in sixth.

[#] Maximum figures as per ECE regulations

^{*} Figures quoted using 98 RON (PULP)

⁺ 1600kg towing capacity is optional on the 3.0 litre SIDI V6 engine with the installation of the accessory auxiliary cooling package

Introducing the latest innovation in our future friendly range, the all-new dedicated LPG Commodore. Purpose built, it gives you all the space, 5-star safety and exhilarating performance you expect from a Holden, with one unexpected difference – its fuel costs are lower than many small cars, and even some hybrids. Best of all, the LPG Commodore lets you have the large car lifestyle with lower running costs, without need for compromise.

Advances in Holden engine technology have lifted the performance of the new LPG Commodore, to ensure it excels in all Australian conditions. At its heart, a new purpose-engineered 3.6 litre LPG V6 engine, teamed with a new-generation 6-speed automatic transmission, generates 180kW[#] of power and produces 320Nm[#] of torque – that's enough pulling power and performance to rival its petrol counterparts.

Its performance is even more impressive at the service station with LPG typically costing a minimum of 30% less than petrol[^]. As well as making a difference for your budget the LPG Commodore also makes a difference for the environment, with LPG models emitting 5-15% less CO₂ when compared to equivalent petrol models.

Open the boot and you can't even tell it's an LPG. The LPG Commodore's re-design

includes for the first time a unique under-body fuel tank, so cargo space is no longer compromised by the tank. Range isn't a compromise either, the Omega LPG Sedan achieving an impressive 710km[†] range, rivalling many petrol competitors.

This purpose-built LPG package is such an important innovation we've made it available across an extended range of Sedans and Sportwagons. Whether you prefer the Omega, Berlina or SV6, you can enjoy the benefits of LPG in the model that's right for you.

The revolutionary LPG Commodore lets you have it all. Without compromising on space, safety or performance it gives you the freedom of a large family car, with the fuel costs of a small car.

Key benefits

- All the comforts of a large car
- Exceptionally low fuel costs
- Maximum 5-star ANCAP safety
- Reduced CO₂ emissions
- Meets Beyond Euro 6* requirements
- Great all-round driveability
- Available across a range of models and body styles

Key features

- Engine fully-optimised for LPG
- Hardened engine valves and seats
- Higher engine compression ratio
- LPG Vapour Injection technology
- New generation 6-speed transmission

safety

You may not notice Commodore's advanced safety technology when driving, but rest assured, it's watching over your every moment behind the wheel.

To help you avoid an accident, the vehicle's active safety systems feature everything from Electronic Stability Control (ESC) and 4-wheel disc brakes with Anti-Lock Braking System (ABS), to Traction Control System (TCS), Electronic Brake Assist (EBA) and Electronic Brakeforce Distribution (EBD).

Should a collision occur, its passive safety systems instantly determine the severity and direction of impact, then activate any required occupant protection measures, including seatbelt pretensioners and six airbags – dual-stage front airbags for the driver and front passenger, side impact airbags for the driver and front passenger, and side curtain airbags.

Front and rear crumple zones further maximise your safety, so too the multiple chassis load paths that help channel away impact energies, and the vehicle's safety cell which is reinforced with ultra high strength steel.

The result is a 5-star ANCAP rating – the maximum possible – and the peace of mind that comes with owning one of the safest vehicles available in Australia today.

How ESC helps you avoid accidents

Imagine you have to avoid an unexpected obstacle on the road. You end up with two wheels on the gravel verge and need to brake suddenly...

Holden-iQ.

To experience the very clever Commodore Series II is to appreciate just how far automotive technology has advanced, and why your every journey will be the richer and more rewarding because of it.

You'll notice it in small but important ways, through features that anticipate your needs, and free you to focus on the task of driving. Like rain sensing wipers on the Calais V-Series, or your priority key, which activates your personal preferences and settings when you unlock your vehicle.

But most of all, you'll see it in a big way, each time you use Commodore's revolutionary vehicle information and entertainment innovation – the touch-screen Holden-iQ System.

A multimedia centre and multifunction controller, its intuitive full colour touch-screen display integrates operation of everything from the dual-zone climate control system, Satellite Navigation[^], Rear Park Assist[#] and rear view camera[^], to your mobile phone, MP3 player, iPod[®], AM/FM radio, CD player and the vehicle's internal flash drive*.

Getting where you're going in life has never been easier, or more enjoyable.

Mobile phone, iPod[®], USB, Bluetooth[®] and auxiliary functionality of Holden-iQ will depend on the level of compatibility of your device. Visit holden.com.au for a list of compatible mobile phone and iPod[®] devices.

Enhanced Bluetooth[®] connectivity

Holden-iQ System gives you access to your compatible mobile phone's address book, missed and recent call lists and on-screen dialling, plus high quality audio reproduction on all your hands-free calls.

Internal flash drive – CD ripping*

Forget about forgetting your favourite driving music – upload up to 15 CDs of your best loved tracks onto the Holden-iQ System's internal flash drive and they'll always be ready to play.

Multimedia audio

Equipped with USB, Bluetooth[®] streaming and auxiliary inputs, the Holden-iQ System integrates fully with compatible MP3 players, iPods[®], USB devices, and mobile phones, including touch-screen viewing and control of playlists and folders.

Satellite Navigation, including live traffic updates[^]

Operated via steering wheel mounted or touch-screen controls, the Satellite Navigation system provides full colour mapping with integrated voice guidance, plus real time traffic information with automatic journey re-routing, visual/audible alerts when nearing locations such as school zones and railway crossings, and a points of interest finder that can take you to virtually any type of business, tourist attraction or public facility.

Rear view camera[^]

Select reverse gear and the view behind your vehicle automatically appears on the Holden-iQ System screen, complete with colour-coded proximity guides.

Front and Rear Park Assist[#]

Audible and visual warnings help simplify parking in tight spaces, with the visual warnings showing both the proximity and direction of potential obstacles.

Integrated DVD player[#]

Incorporated into the roof for use by rear passengers, the system comes complete with two headphones and a remote control. When the vehicle is stationary, DVDs can also be viewed on the Holden-iQ System screen.

Steering wheel mounted controls

Operate the Satellite Navigation[^], trip computer, multimedia audio system, a Bluetooth[®] connected mobile phone, personal preferences settings and other Holden-iQ System functions without taking your hands from the wheel.

Trip computer

Displays any combination of the following depending on your preferences: trip distance, average speed, average fuel usage, distance to go, time to go and range, plus overspeed warnings, underspeed warnings, navigation alerts[^] and rest reminders every two hours of driving time.

* Not available on Omega
[^] Standard on Calais V-Series and SS V-Series.
 Optional on all other models
[#] Where fitted

Sportwagon storage

It's not simply the amount of space in the Series II Sportwagon that will impress you, but the way intelligent ergonomic design makes it all so usable and so easy to access, both from inside and outside the vehicle.

Tilting cargo blind*

Traditionally, you access cargo by fully retracting the rear blind, then re-extending it. It's not just annoying, the reaching can be tough on your back.

With the Sportwagon's two-way tilt blind, you simply raise the extended blind, access your cargo, then lower it back into place. A flick of the wrist is all it takes.

Even better, the load area light in the Sportwagon is positioned below the height of the blind. Day or night, you need never grope around for cargo in the dark.

Four position cargo net†

Used with the flush mounted hooks on the load area floor and sides, the four position cargo net keeps everything in place, in any of four places:

- At the very front of the cargo area within easy reach of the rear passengers
- In the centre of the cargo floor
- Out of the way against the left or right cargo area walls

Forward hinged tailgate

Traditional wagons position the tailgate hinge toward the end of the roofline, but the Sportwagon moves it forward enabling the tailgate to swing up with as little as 268mm of clear space behind the vehicle.

Not only can you park closer to walls or other cars and still load or unload the vehicle without inconvenience, the forward hinge point creates more headroom for you when leaning into the cargo area. When open fully, the tailgate also has a high ground clearance, eliminating the risk of head knocks for all but the tallest of people.

Elevated cargo floor

Appreciably higher than in previous Holden wagons, the Sportwagon cargo floor reduces your need to bend when loading or unloading cargo items, resulting in less stress on your lower back.

Flush folding 60/40 split rear seating

If the vehicle's 895 litre cargo space can't accommodate your needs, you can instantly expand it to 2000 litres by folding the rear seats. Because they fold flush, you're presented with a single, flat cargo area, making it easy to slide items into place.

More space for smart ideas

Other smart storages ideas in the Sportwagon cargo area include:

- On each side wall, just inside the tailgate, flush fitting shopping bag hooks spring into view when touched
- An integrated storage compartment toward the driver's side rear holds smaller cargo items as well as a 12 volt power outlet. A second power outlet is located at the front of the cabin, on the centre console

268mm Forward hinged tailgate[^]

Elevated cargo floor[^]

60/40 split rear seating[^]

* Accessory on Omega and Berlina Sportwagon.

Standard on all other Sportwagon models

† Calais V-Series only

Omega

Dynamic lines and razor-sharp handling combine with SIDI Direct Injection V6 or optional LPG V6 performance to create a driving experience that feels every bit as good as it looks. Long the benchmark in value for money motoring for its 5-star rated safety, space, practicality and exceptional fuel economy, the Series II Omega lifts the bar higher again with its touch-screen Holden-iQ System, dual-zone climate control, Bluetooth® and Bio-ethanol compatibility.*

Standard features include:

- 3.0 litre SIDI Direct Injection V6 engine and 6-speed automatic transmission with Active Select
- Optional 3.6 litre LPG V6 engine and 6-speed automatic transmission with Active Select
- Bio-ethanol compatibility*
- Electronic Stability Control (ESC)
- Six airbags including:
 - Dual-stage front airbags for driver and front passenger
 - Side impact airbags for driver and front passenger
 - Side curtain airbags
- Touch-screen Holden-iQ System
- Dual-zone climate control
- Enhanced Bluetooth®
- USB/Auxiliary input for compatible iPod® and MP3 devices
- Front and rear power windows
- Cruise control
- Rear Park Assist (Sportwagon only)
- 16" alloy wheels (4)
- Shopping bag hooks (Sportwagon only)

* Bio-ethanol compatibility available on petrol models only

Berlina

With its elegant interior, sophisticated touch-screen control system, enhanced equipment levels and thoughtful extra touches, the Series II Berlina exudes refinement. Powered by Holden's Bio-ethanol compatible SIDI Direct Injection V6 or optional LPG V6, its poised and confident stance translates into spirited on road performance with responsive handling and a smooth, luxurious ride. A truly prestigious automotive experience, at a surprisingly affordable price.

Standard features include:

- 3.0 litre SIDI Direct Injection V6 engine and 6-speed automatic transmission with Active Select
- Optional 3.6 litre LPG V6 engine and 6-speed automatic transmission with Active Select
- Bio-ethanol compatibility*
- Electronic Stability Control (ESC)
- Six airbags including:
 - Dual-stage front airbags for driver and front passenger
 - Side impact airbags for driver and front passenger
 - Side curtain airbags
- Touch-screen Holden-iQ System
- Dual-zone climate control
- Enhanced Bluetooth®
- USB/Auxiliary input for compatible iPod® and MP3 devices
- CD ripping (15 CDs)
- Rear Park Assist
- Rear view camera
- 17" alloy wheels (4)
- Leather wrap steering wheel with illuminated controls
- Front fog lamps

* Bio-ethanol compatibility available on petrol models only

SV6

Motorsport inspired from front to rear, the Series II SV6 teams 210kW[#] of surging SIDI Direct Injection V6 power with head turning sports styling, sports-tuned suspension, sports seats, sports instrumentation and 18-inch machined alloy wheels. Take the wheel, grip the shifter and feel the adrenaline rush as it rockets you into the realm of Holden high performance motoring.

Standard features include:

- 210kW[#], 3.6 litre SIDI Direct Injection V6 engine
- 6-speed manual transmission (Sedan only) or optional 6-speed automatic transmission with Active Select
- Optional 3.6 litre LPG V6 engine and 6-speed automatic transmission with Active Select
- Bio-ethanol compatibility*
- Electronic Stability Control (ESC)
- Six airbags including:
 - Dual-stage front airbags for driver and front passenger
 - Side impact airbags for driver and front passenger
 - Side curtain airbags
- Touch-screen Holden-iQ System
- Dual-zone climate control
- Enhanced Bluetooth®
- USB/Auxiliary input for compatible iPod® and MP3 devices
- CD ripping (15 CDs)
- Rear Park Assist (Sportwagon only)
- 18" alloy wheels (4)
- Sports suspension
- Sports seats
- Leather wrap steering wheel with illuminated controls
- Rear spoiler (Sedan only)
- Sports styling with fog lamps
- Chrome dual exhaust outlets (petrol only)

SS

An absolute excitement machine, the Gen IV V8-powered Series II SS puts a thumping 270kW* of neck-snapping, corner-straightening motoring exhilaration at your command. From the aggressive sculpting of its muscular front end to the tips of its quad chrome exhausts, this legendary road and racetrack performer is a model of motorsport inspired perfection.

Standard features include:

- 6.0 litre Generation IV Alloy V8 engine and 6-speed manual transmission
- Optional 6.0 litre Generation IV Alloy V8 engine with Active Fuel Management (AFM) and 6-speed automatic transmission
- Bio-ethanol compatibility
- Electronic Stability Control (ESC)
- Six airbags including:
 - Dual-stage front airbags for driver and front passenger
 - Side impact airbags for driver and front passenger
 - Side curtain airbags
- Touch-screen Holden-iQ System
- Dual-zone climate control
- Enhanced Bluetooth®
- USB/Auxiliary input for compatible iPod® and MP3 devices
- CD ripping (15 CDs)
- Rear Park Assist (Sportwagon only)
- 18" alloy wheels (4)
- Sports suspension

SS V-Series

The new performance benchmark, the range-topping SS V-Series comes equipped with every race-bred enhancement, every luxury feature and every technological advance, inside and out. Unrivalled in sporting intent and unsurpassed for power with its 6.0 litre Gen IV V8, it is the purest, most breathtaking expression of motorsport on the road today.

Standard features include:

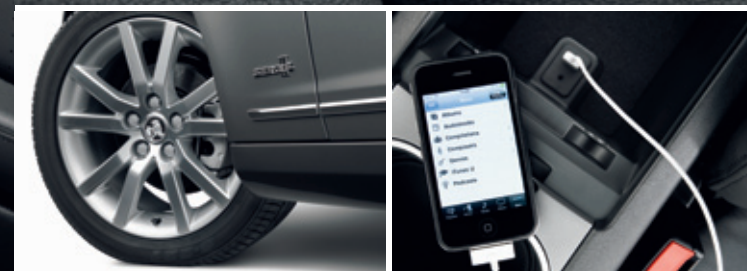

- 6.0 litre Generation IV Alloy V8 engine and 6-speed manual transmission
- Optional 6.0 litre Generation IV Alloy V8 engine with Active Fuel Management (AFM) and 6-speed automatic transmission
- Bio-ethanol compatibility
- Electronic Stability Control (ESC)
- Six airbags including:
 - Dual-stage front airbags for driver and front passenger
 - Side impact airbags for driver and front passenger
 - Side curtain airbags
- Touch-screen Holden-iQ System
- Dual-zone climate control
- Satellite Navigation with full colour mapping and live traffic updates
- Enhanced Bluetooth®
- USB/Auxiliary input for compatible iPod® and MP3 devices
- Rear view camera with Rear Park Assist
- 19" alloy wheels (4)
- Sports suspension
- Embroidered SS leather appointed sport seats
- Sports profile leather wrap steering wheel with illuminated controls
- Leather wrap gear selector
- Alloy faced pedals
- Rear spoiler (Sedan only)
- Projector headlamps
- Sports styling with fog lamps
- Chrome quad exhaust outlets

SSV available until July 2012 only. SSV Z-Series available from August 2012. Contact your Holden Dealer for details.

Calais

A name synonymous with sophisticated luxury, power and sports handling, the Series II Calais elevates modern automotive refinement to an all-new level. Delivering an irresistible mix of indulgent comfort, advanced technology and thoroughbred 3.6 litre SIDI Direct Injection V6 performance, it rewards discerning drivers with boundless onroad pleasure.

Standard features include:

- 3.6 litre SIDI Direct Injection V6 engine
- 6-speed automatic transmission with Active Select
- Bio-ethanol compatibility
- Electronic Stability Control (ESC)
- Six airbags including:
 - Dual-stage front airbags for driver and front passenger
 - Side impact airbags for driver and front passenger
 - Side curtain airbags
- Touch-screen Holden-iQ System
- Dual-zone climate control
- Enhanced Bluetooth®
- USB/Auxiliary input for compatible iPod® and MP3 devices
- Front and rear power windows
- Cruise control
- Rear Park Assist
- Rear view camera
- 18" alloy wheels (4)

- Leather wrap steering wheel with illuminated controls
- Leather wrap gear selector
- Projector headlamps
- Front fog lamps
- Chrome dual exhaust outlets

Calais V-Series

A compelling blend of pure power, and benchmark-setting motoring sophistication, the Calais V-Series comes equipped with almost every conceivable luxury and technological driving enhancement. Powered by your choice of 210kW* SIDI Direct Injection V6 or 260kW** Gen IV V8 engine with Active Fuel Management (AFM), it represents sports luxury motoring at its absolute pinnacle – refined, immensely powerful and endlessly entertaining to drive.

Standard features include:

- 3.6 litre SIDI Direct Injection V6 engine
- Optional 6.0 litre Generation IV Alloy V8 engine with Active Fuel Management (AFM)
- 6-speed automatic transmission with Active Select
- Bio-ethanol compatibility
- Electronic Stability Control (ESC)
- Six airbags including:
 - Dual-stage front airbags for driver and front passenger
 - Side impact airbags for driver and front passenger
 - Side curtain airbags
- Touch-screen Holden-iQ System
- Dual-zone climate control
- Satellite Navigation with live traffic updates
- Enhanced Bluetooth®
- USB/Auxiliary input for compatible iPod® and MP3 devices
- Front and Rear Park Assist
- Rear view camera
- 19" alloy wheels (4)
- Leather appointed seats (8-way power adjustment with memory function)
- Sports profile leather wrap steering wheel with illuminated controls
- Projector headlamps
- Front fog lamps
- Heated exterior mirrors with 'puddle' lamps and position memory
- Rain sensing windscreen wipers
- Chrome exhaust outlets
- Rear lip spoiler (Sedan only)

[†] Mobile phone, iPod[®], USB, Bluetooth[®] and auxiliary functionality of the Holden-iQ will depend on the level of compatibility of your device. Visit holden.com.au for a list of compatible mobile phone and iPod[®] devices.

More choices. More benefits. More reasons to drive a Holden.

For more than 60 years, Holden has been giving Australians the confidence of knowing they're behind the wheel of a quality vehicle, backed by a nationwide network of dealers. With HoldenWise, we're now giving you even more reasons to feel good about driving home in a Holden. You can pick and choose from the solutions you want, giving you complete peace of mind long after you've left the showroom.

For more information visit www.holden.com.au/holdenwise

 <p>Customer Care</p> <p>With more than 240 dealerships Australia-wide, a Holden Dealer is never far away. Our Holden Customer Assistance Centre is also available to answer any questions over the phone.</p> <p>Call 1800 033 349 (8am – 7pm Mon-Fri, 9am – 1pm on Sat (EST)).</p>	 <p>Capped Price Servicing</p> <p>With Capped Price Servicing, you'll know exactly what your standard service costs will be in advance. You'll pay no more than a low capped price for the first four standard scheduled log book services* for the first three years or 60,000 km, whichever comes first.</p>
 <p>New Vehicle Warranty</p> <p>Every new Holden comes with a New Vehicle Warranty, covering your Holden for 3 years (from date of first registration) or 100,000 kilometres, whichever comes first. Refer to the enclosed 'Holden Voluntary Warranty' flyer for full terms, conditions and exclusions.</p>	 <p>Holden Leasing</p> <p>Holden Leasing looks after fleet management and vehicle leasing for commercial, SME and public sector businesses. We source the right vehicles at a competitive price and arrange finance, delivery, maintenance and repairs.</p>
 <p>Genuine Service</p> <p>Holden has one of Australia's largest service networks. Servicing your Holden at an authorised Holden Service Centre gives you complete confidence, knowing that only Holden Dealership Technicians have access to regular Holden factory training and equipment.</p>	 <p>Holden Insurance</p> <p>Holden Insurance arranges a number of competitively priced insurance products, providing tailor-made protection. With a unique mix of standard features and policy options, you can customise your policy to find the right level of protection.</p> <p>For more information, call the Holden Insurance hotline on 1300 784 026.</p>
 <p>Genuine Parts</p> <p>Holden Genuine Parts are designed and built to our exacting standards, ensuring your Holden continues to perform to its full potential. Holden Genuine Parts are made to meet our rigorous specifications and every single one is covered by a manufacturer warranty.</p>	 <p>Holden Rental</p> <p>If you want an extra vehicle, Holden Rental can keep you on the road. There are no minimum or maximum rental periods. And with no limit on the kilometres you can drive. All Holden Rental vehicles we offer are less than six months old and have low kilometres.</p>
 <p>Genuine Accessories</p> <p>Add an individual touch to your Holden with our extensive range of Genuine Holden Accessories. Each one is tested by Holden or GM Engineers in accordance with Holden's own demanding standards and Australian Design Rules (ADRs)*. Refer to the enclosed 'Holden Voluntary Warranty' flyer for full terms, conditions and exclusions.</p>	 <p>Service Express</p> <p>Holden's Service Express is a fast, convenient way to have your car serviced. No more leaving your car at a dealership all day – you can get it done in around an hour.</p>
 <p>Roadside Assistance</p> <p>Every new Holden comes with Holden Roadside Assistance. It's one of Australia's most comprehensive assistance packages, with more than 3,000 Roadside Assistance patrols nationwide. Or, for even more benefits, membership can be upgraded to Holden Ultra Roadside Assistance.</p>	 <p>Pitstop Tyre Service</p> <p>Pitstop Tyre Service is a competitive, convenient way to maintain the safety of your vehicle. Trained Holden Technicians will inspect or replace your tyres using state-of-the-art precision equipment and check other components like brakes, giving you complete confidence.</p>
 <p>Extended Warranty</p> <p>The Holden Extended Factory Warranty covers all parts and workmanship originally covered by the New Vehicle Warranty, which is not already covered under the statutory Australian consumer laws. Holden Extended Factory Warranty is issued, fully supported & endorsed by Holden and its Dealer network. Refer to holden.com.au or contact your Holden Dealer for details.</p>	

* Where ADRs apply for the product
 * Subject to the Capped Price Servicing terms and conditions, this will be a maximum capped amount for each service, up to four standard scheduled services (as specified in the Service Warranty Booklet).

A word about this catalogue. We have tried to make this catalogue as comprehensive and factual as possible. However, since the time of printing some of the information you'll find here may have been updated. Also, some of the equipment shown or described through this catalogue may have been changed and/or is available at extra cost. Further, GM Holden Ltd ABN 84 006 893 232, reserves the right to make changes at any time without notice, in prices, colours, materials, equipment and models. Your Holden Dealer has details, and before ordering, you should ask them to bring you up to date. No Holden Dealer or other person is authorised or permitted to give or make any statement, assertion or undertaking in relation to the quality, performance characteristics, descriptions or fitness for any purpose of any Holden product which is at variance with any written statement, assertion or undertaking on any of these subjects given or made by GM Holden Ltd in its published sales literature, and GM Holden Ltd does not accept any liability for any such unauthorised action. GM Holden Ltd has authorised Dealers in many parts of Australia for the sale of service parts and the provision of service to owners of Holden's products. Every endeavour is made to ensure that such Dealers carry adequate stocks of service parts, but GM Holden Ltd doesn't make any promise other than that contained in the New Vehicle Warranty given by GM Holden Ltd that such parts or service facilities will be available at any specific location or at any particular time. Express warranties offered for Holden products are subject to the conditions set out in all vehicle handbooks. Details also available from GM Holden Ltd on request.
