

TRAX

HOLDEN

DISCOVER TRAX

Trax LTZ in Summit White

Life should be fun, right? Spontaneous, unexpected and definitely never dull.

The Holden Trax was made for this life – and for you. It's about making the most of every second, whether that's exploring a favourite destination or taking an unexpected detour.

holden.co.nz/cars/trax

Getting there is half the fun, with the latest technology keeping you connected to your life while you drive in comfort and style. Not to mention all of the handy storage compartments that let you fit as much as you can into every day.

You'll experience even more excitement with the top-of-the-range LTZ with 1.4L iTi turbo engine, small enough for zipping around town, and packed with personality and features.

GO YOUR OWN WAY

Whether catching up with friends at your favourite local, or heading to the latest 'in place' that's just opened, life is never dull in the Holden Trax.

It looks the part, with its powerful sporty lines paired with alloy wheels making a statement everywhere you go.

Inside the real fun begins; the MyLink infotainment system has a 7" colour touch-screen, built-in app technology, Siri® integration*, Rear View Camera, Bluetooth® connectivity^ and even the ability to watch movies or view images while stationary.

You'll also find driving a breeze with its cutting-edge aerodynamic sporty design powered by a 1.4 litre iTi turbo petrol engine on LTZ or a 1.8 litre petrol engine on LS.

With all this and more, the Holden Trax is a car echoing your appetite for life and discovery.

FEEL THE VIBE

Trax LTZ

From the moment you slip into the sculpted driver's seat the vibe is pure sporty sophistication; where textured materials, soft-touch finishes, accent stitching and the signature dual cockpit create an undeniable sense of style, comfort and space.

Defining the interior are an abundance of storage compartments, placing everything you need within easy reach.

Front and centre is the flow-through integrated stack, with Holden MyLink's 7" colour touch-screen connecting you to built-in apps, Bluetooth®, media and more.

And with a rear view camera also included as standard across the range, getting in and out of tight spaces has never been easier.

Take your world on board:

- MyLink infotainment system[^]
- 7" colour touch screen
- Built-in app technology
- Bluetooth® audio streaming[^]
- iPod® and auxilliary connectivity
- Enhanced voice control
- Siri® Eyes Free™
- Hands-free calling
- BringGo™ satellite navigation^{#++}
- Pandora® Internet Radio^{^^}
- Stitcher™ SmartRadio^{^^}
- Access phone contacts, calendars, reminders, playlists and more

FITS INTO YOUR LIFESTYLE

You want to pack as much as you can into every day. Sport. Work. Play.

Your Holden Trax will make sure you leave nothing behind with its surprisingly roomy interior, aided by vast storage areas and flexible seating options.

Rear cargo volume

Whether it's packing gear for a gig or a barbecue with friends, you'll have plenty of room with 356 litres of rear cargo volume.

Under passenger seat storage*

Out of sight but definitely not out of mind, the storage tray under the front passenger seat offers a very handy place for storing smaller items.

Dual glovebox storage

You can never have enough storage. So that's why we've doubled the glovebox space; with an upper tier offering handy USB and AUX connectivity and below, an oversized compartment perfect for hiding away all those smaller items.

Flexible 60/40 split fold rear seating

Thanks to 60/40 split fold rear seating, Trax is designed to fit in with your busy lifestyle. Fold both seats down to fill it to capacity, or just use one side to accommodate passengers as well. In total there's up to eight different seating configurations.

PLAYING IT SAFE

Hill Start Assist (HSA)

HSA prevents the vehicle from unintentionally rolling backwards or forwards down a slope. The system engages automatically when a gradient is detected; acting to keep the vehicle stationary after the brake is released, giving you time to use the accelerator to pull away

Electronic Stability Control (ESC)

ESC assists the driver in emergency situations by applying brake pressure to individual wheels as appropriate if the vehicle is about to skid, and trims engine power if required

Rain Sensing Wipers*

Rain sensing wipers automatically detect moisture on the windscreen and activate automatically

Side Impact Airbags

Side impact airbags provide chest and thorax protection for the driver and front passenger

Side Curtain Airbags

Side curtain airbags provide head and upper body protection for front seat occupants and left and right rear passengers

Electronic Brakeforce Distribution (EBD)

EBD regulates the braking force applied to each wheel. This ensures optimal balance between front and rear brakes, which helps minimise stopping distances

Rear View Camera

When you shift into reverse, the Rear View Camera automatically comes to life, displaying what's directly behind you on the large touch-screen

Traction Control System (TCS)

Designed to maximise the vehicle's stability on wet and icy roads, TCS detects if either front wheel has insufficient grip, and adjusts drive force and brake force accordingly

Descent Control System (DCS)

With the press of a button on the centre console DCS will activate, utilising the active braking capability of ESC to maintain a controlled speed when travelling down a steep hill

Front Airbags

For maximum protection in certain frontal collisions, the vehicle will deploy front airbags for the driver and front passenger

Brake Assist (BA)

BA is designed to sense how fast you press the brake. If it detects an emergency stopping situation, it will maximise braking pressure to optimise braking performance

Anti-lock Braking System (ABS)

ABS prevents wheel 'lock up' during forceful braking. This helps keep your car steerable and directionally stable, and reduces stopping distances on most surfaces

Rear Park Assist

Rear parking sensors help you manoeuvre in and out of tight spaces, with audible warnings indicating the proximity of potential obstacles

With a host of active and passive safety systems as well as structural reinforcements, it's no surprise that the Holden Trax has earned the highest possible 5-star ANCAP safety rating.

Intelligent safety features such as Electronic Stability Control (ESC) and the Traction Control System (TCS) work together with leading brake technologies, including Electronic Brakeforce Distribution (EBD) and Brake Assist (BA), to help you avoid an accident.

Should a collision occur, safety systems immediately come into play. Six airbags – front, side impact and side curtain – protect passengers in the vehicle. Pyrotechnic seatbelt pretensioners and a collapsible pedal release system further maximise safety, as does the front and rear crumple zones engineered into the structure. And then there's the vehicle's high strength steel unibody construction: a passenger safety cell welded onto full-length frame rails to form a single protective unit.

All this adds up to a small SUV that delivers big on safety.

*Rain sensing wipers standard on LTZ only

Trax LTZ in Nitrate

LS

Trax LS in Summit White

LTZ

Trax LTZ in Blaze Red

Trax LS in Nitrate

Combining style with substance, the compact LS delivers big time on value with its streamlined looks, 16" alloy wheels, fuel efficient 1.8L petrol engine, and an interior brimming with technology, comfort and attitude.

LS features include:

- 1.8L 4-cylinder petrol engine
- 6-speed automatic transmission with Active Select
- MyLink infotainment system with 7" colour touch-screen, built-in apps, Siri® Eyes Free™ mode and Bluetooth®*
- Rear Park Assist
- Rear View Camera
- 16" alloy wheels (4)
- Leather wrap steering wheel with audio controls
- Cruise control
- Cloth trim
- Automatic headlights
- 6 airbags
- 5-star ANCAP safety rating

The top-of-the-range LTZ with 1.4L iTi turbo engine takes sporty driving to the next level. As you hit the accelerator, you'll feel immediate satisfaction from the spirited turbo-charged engine as the responsive handling hugs the road at every bend and curve.

LTZ features include all of the LS features plus:

- 1.4L iTi turbo petrol engine
- 6-speed automatic transmission with Active Select
- 18" alloy wheels (4)
- Sportec trim
- Heated front seats
- Driver's armrest
- Front fog lamps
- Rain sensing wipers
- Trip computer
- Storage tray under front passenger seat
