

Astra Sedan

Holden
Let's go there

The small car that packs a bigger punch.

Weekends away. Family get-togethers. Catching up with friends. Let's talk about a smaller car that's big enough to help you get more out of life.

Introducing the Astra Sedan. It's packed with many of the features of the award-winning Astra Hatch you know, but it's the extra boot size that makes the Astra Sedan so special. It's more than spacious for a car this size, with enough room to fit everything from your shopping to your golf clubs.

And just like its Hatch sibling, the Astra Sedan gets a big tick for technology. Tech you'll actually use, like Apple CarPlay^{®1} and Android[®] Auto¹ to keep you connected to your favourite music, wherever you are.

Then there's HoldenEye^{®2} active safety technology, which keeps an eye out for potential dangers so you're more protected than ever.

It's nippy too. With an advanced 1.4L turbocharged engine that's economical yet gutsy, the Astra Sedan is a smaller car that gets you further, smarter.

Tech that's tuned in to you.

What's your favourite music? Who do you text or call most? If you're going somewhere new, do you need directions? The good news is that technology in the Astra Sedan is focused on you and it's easy to use.

Apple CarPlay¹ and Android[®] Auto¹ phone projection technology puts your contacts and your music at your fingertips. The 8-inch colour touch-screen² is also where you'll find integrated Sat Nav³ to keep you on track and DAB+ Digital Radio³ so you can listen to the music you love from any decade you like.

And let's not forget the other little luxuries that come with the Astra Sedan, like leather-appointed seats⁴, a leather steering wheel² and electric sunroof⁴ to make you even more comfortable.

It keeps an eye on the road for you.

Unpredictable drivers. Unexpected hazards. Unavoidable distractions. You can't always see potential dangers when you're driving, so it's good to know the Astra Sedan has HoldenEye^{®2} active safety technology.

Now you have a forward facing camera² that looks out for you – tracking, monitoring and correcting your driving behaviour to give greater protection for everyone inside.

- Lane Keep Assist³ can alert you if you're unintentionally drifting out of your lane and help put you back on course.
- Forward Collision Alert² can let you know if you're getting too close to the car in front.

With additional safety features like Blind Spot Alert³, Rear Park Assist and rear view camera to help with parking, it's not surprising the Astra Sedan comes with the highest possible 5-Star ANCAP safety rating, across the range.
