"Mazda has produced a knife-edge handler with an efficient, screaming powerplant that's clearly a halo vehicle for a performance-car company."

– *AutoWeek* (02/10/03)

Voted "International Engine of the Year 2003"

– Sponsored by *Engine Technology International* magazine

MAZDA RX-8. SOME SPORTS CARS PUSH THE ENVELOPE. THIS ONE TEARS IT TO SHREDS.

Imagine a sports car like no other. Truly original design-born from a company that dares to break from, and re-invent, tradition. The revolutionary Mazda RX-8. Fast, yet affordable. Agile, yet accommodating. Perfectly balanced, yet perfectly equipped. Totally exhilarating – at speed or at rest. From its unique, high-revving 238-hp* RENESIS rotary engine and double-wishbone front suspension to its innovative freestyle door system and superbly appointed interior for four adults, the RX-8 gives Mazda's sports car heritage a radical new spin. Experience it for yourself. The way you feel about a sports car will never be the same.

A NEW SPIN ON PERFORMANCE. Lighter and more compact than a piston engine of equal output, the RX-8's smooth-revving rotary redlines at a stratospheric 9,000 rpm* – while also contributing to the car's approximate 50:50 weight distribution and inspired handling.

AJAC
AUTOMOBILE JOURNALISTS
ASSOCIATION OF CANADA

2004 BEST NEW SPORTS/PERFORMANCE CAR

*With 6-speed manual transmission. A 197-hp rotary (7,500-rpm redline) paired with a 4-speed *Sport* automatic is also available.

"Already a class favourite, this Protegé replacement should bolster Mazda's reputation for building affordable fun-to-drive cars."

- Edmunds.com

2004 BEST NEW SPORTS
COUPE/SEDAN UNDER \$35,000

MAZDA3. TWO INSPIRING WAYS TO IMAGINE EVEN MORE.

It is now possible to get virtually everything you'd like in a new car, without it taking everything you have. Because the all-new Mazda3 and Mazda3 Sport end all the compromises, once and for all. Choose the athletic 5-door Mazda3 Sport, with its legendary Mazda handling, and you'll have 160-hp at your disposal. A fully independent suspension system for sure-footed handling. Power-assisted four-wheel disc brakes for fade-resistant stops. Other standard features with the Mazda3 Sport are 16" aluminum alloys; an innovative cargo management system; remote keyless entry; power windows and door locks; plus the awe of your peers.

2004 BEST NEW ECONOMY CAR

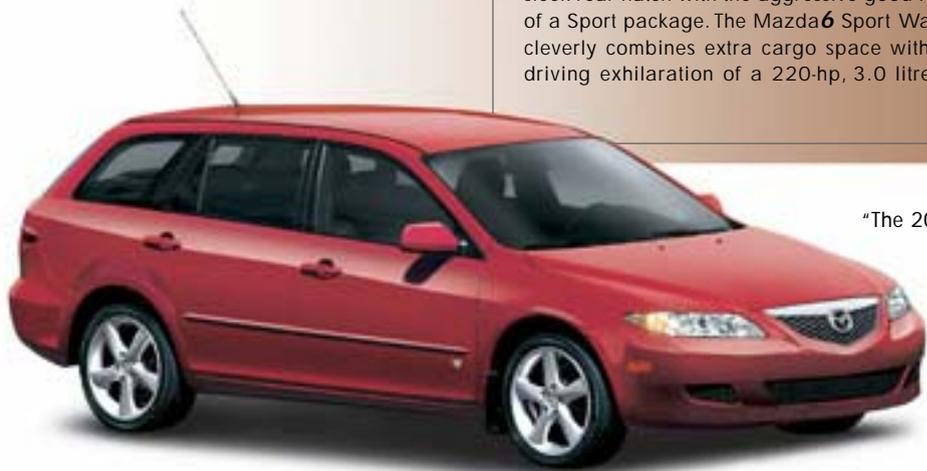

SUIT YOURSELF. The 4-door Mazda3 GX features a 148-hp engine, 4-wheel disc brakes, an AM/FM radio, even a tilt/telescoping steering wheel. The Mazda3 GT adds a 160-hp powertrain, Anti-lock Brake System (with EBF), 16" aluminum alloys and more.

 **MAZDA6. THE EVOLUTION OF THE SPORTS SEDAN NEVER LOOKED BETTER.**

This is Mazda6. A true, authentic sport sedan with performance credentials most European sedans can only envy. In fact, since its debut, Mazda6 has won over 50 prestigious international awards – including being named an Automobile Magazine “All-star” and “Best Midsize Sedan,” and “Car of the Year” in Motoring 2003. Take your pick of two advanced, all-aluminum engines: A potent 220-hp, 3.0 litre V6 or a spirited 160-hp, 2.3 litre, 4-cylinder. Both feature variable valve-timing engines to optimize low-end torque and high-rpm power. On top of that, Mazda6 has a remarkably spacious interior that’s filled with an abundance of thoughtfully-engineered standard features – from steering wheel-mounted cruise control to a one-touch fold-down 60/40 split rear seatback. Better still, early in 2004, a good thing gets better with the arrival of two striking new additions: A stylish Mazda6 Sport and a sophisticated Mazda6 Sport Wagon. Clearly, when it comes to thrill rides with something extra, Mazda6 is the hot ticket.

FLEXIBILITY TO GO. The 5-door Mazda6 Sport ingeniously integrates the added versatility of a sleek rear hatch with the aggressive good looks of a Sport package. The Mazda6 Sport Wagon cleverly combines extra cargo space with the driving exhilaration of a 220-hp, 3.0 litre V6.

“The 2003 Mazda6 mid-sized sedan/wagon/hatchback appears to be yet another grand slam in the company’s list of greatest hits.”
– *Ottawa Sun* (04/10/03)

2004 BEST NEW FAMILY VEHICLE

"Miata has made its mark in history by not deviating from its original intent – to remain an affordable, lightweight convertible sports car that delivers that exhilarating sports car performance."

– *Toronto Sun* (02/18/03)

WATCH FOR THE ALL-NEW 2004 MAZDASPEED MIATA EARLY IN 2004. See how its impressive 178-hp engine with factory installed and tuned turbocharger takes Miata to an entirely new level of high performance.

MAZDA MX-5 MIATA. SUBDUE THE ROAD. AND FREE YOUR SPIRIT.

Test-drive a Mazda MX-5 Miata and marvel at how expertly it turns every S-curve and sweeper into a masterful dissertation on exhilaration. Note, too, how eagerly its 142-hp engine with sequential valve timing responds. From the precision of its rack-and-pinion steering and short-throw 5-speed stick to the lightning-quick reflexes of its sophisticated 4-wheel double-wishbone suspension, it's 100% pure sports car. With its classic roadster design, rear-wheel drive and 50:50 weight distribution, the MX-5 Miata is ingeniously engineered. Eager and engaging. Amazingly agile. Not to mention, arguably the most popular two-seat roadster in history. Perhaps that's why it's the only car ever named an "All-Star" 12 times by Automobile Magazine.

MAZDA MPV. BODY OF A MINIVAN. SOUL OF A SPORTS CAR.

Consider the Mazda MPV as a bold breed. An incredibly nimble people and cargo mover that delivers undeniable agility, uncanny responsiveness, and outstanding reliability. Under the hood, a powerful 200-hp V6 is perfectly matched to an electronically controlled 5-speed automatic transmission, and an incredibly crisp sport-tuned suspension. Adding peace of mind to our performance story, Mazda MPV has power-assisted 4-wheel disc brakes, dual front airbags, and a 5-star safety rating.* For improved family comfort and flexibility, MPV sports a wide array of ingenious features, including a flat-folding Tumble-Under™ third-row seat and a removable Side-by-Slide™ second-row seat. And it even has “power-up and down” sliding-side-door windows (GX requires Convenience package). Which is why you’re going to love the Mazda MPV... body and soul.

WAITING ON YOU HAND AND FOOT.

The MPV's driver-centric interior puts everything at your fingertips – even steering wheel-mounted stereo and cruise control buttons (GX requires Convenience package). Step on the gas and its responsive 200-hp, 24-valve V6 and 5-speed automatic spring into action.

“...if you want a family vehicle that's smooth, quiet, comfortable, agile and quick, yet can carry up to six passengers, then the Mazda MPV is an excellent choice.”

– New Car Test Drive

*Awarded to the 2004 Mazda MPV for front driver, passenger, side and rear impact protection by the U.S. Government National Highway Traffic and Safety Administration (NHTSA).

Best selling import compact pick-up truck
in Canada for 17 years running.
(1987 - 2003) A.I.A.M.C.

MAZDA B-SERIES TRUCK. HERE'S ALL YOU NEED TO PULL A FAST ONE.

Mazda B-Series trucks pack enough power for any purpose. The Mazda B4000's 4.0 litre V6 pumps out a potent 207-hp. The B3000's 3.0 litre V6 serves up a spirited 154-hp. And the B2300 2.3 litre 4-cylinder generates 143-hp. Pick a 5-speed manual or optional 5-speed automatic. Choose a Regular Cab or Cab Plus. Or acquire some real haul-of-fame credentials, and tow up to 2,613 kg (5,760 lbs.) in a Mazda B4000 Dual Sport with available 5-speed automatic transmission.

A BUFFET FOR THE POWER-HUNGRY. In addition to offering a choice of three powerful, high-torque engines and a full range of 4x2 and 4x4 models, Mazda B-Series trucks are engineered to deliver agile handling and exhilarating performance – on the road or off.

2005 MAZDA TRIBUTE. A QUICK REMINDER OF WHAT THE "S" IN SUV STANDS FOR.

Born with the soul of a sports car, the all-new 2005 Mazda Tribute offers the unexpected. Tribute's two engines, the high performing and affordable new 4-cylinder 2.3L with 153-hp, and the powerful and spirited V6 with 200-hp, make it the ideal vehicle whatever your driving needs. Optional new 4-wheel drive system (standard on GT-V6) further enhances traction for athletic handling. But beyond its sporty heritage, the Mazda Tribute has been redesigned for even greater practicality. Additional cargo room and spacious interior make it the perfect traveling companion for any adventure. And a cabin full of standard features including a 100-watt AM/FM/CD stereo, air conditioning, and power windows, mirrors and door locks, will remind you that the 2005 Mazda Tribute is built to exceed your expectations.

"...all the versatility and utility demanded of an SUV,
but with the heart and soul of a sports car."

– *National Post*, Drivers Edge (02/14/03)

FUN EXPANDS TO FILL THE SPACE AVAILABLE.

In addition to ample seating for five, Tribute is also great for gear. Simply fold its rear seatback forward and Tribute rolls out a generous 1,892L of cargo space – plus a conveniently flat load door.

A MORE EXHILARATING ROUTE TO MAKING THE RIGHT CHOICE.

It starts with the Mazda Test-Drive Experience – a uniquely designed road trip engineered to take you miles beyond the ordinary test drive. It's all about putting a Mazda to the test under real-world conditions. Down local streets, highways, on-ramps and off-ramps. Through straightaways, S-curves and corners. It's also all about discovering the superb acceleration, braking, steering, handling and ride quality that every Mazda offers. And rediscovering that fun, connected-to-the-road feeling we call "Zoom-Zoom".

For more than 40 years, Mazda has dedicated itself to engineering vehicles for drivers who truly savour the "emotion of motion". It's that feeling that can turn a simple drive into an exhilarating experience. Which is why you'll find the "soul of a sports car" in every vehicle we make. From the RX-8 and Mazda**6** to the Tribute and MPV, Mazdas don't look like – or drive like – anything else on the road. There's a Zoom-Zoom factor in their DNA – part engineering, part spirit. And you will find all of this and more in the new 2004 Mazda**3**. We invite you to share the Mazda spirit with us. You'll definitely find yourself in good company.

2004 MAZDA RX-8 SPECIFICATIONS

STANDARD FEATURES

- 1.3L Rotary engine
- 6-speed manual overdrive transmission with short-throw shifter or 4-speed *Sport* mode automatic transmission with paddle shifters

* The Gross Combined Weight Rating (GCWR) is the maximum allowable combined weight of vehicle, trailer, passengers and cargo.

LS = Limited Slip Axle

† Trailer weights shown are maximums and must be reduced by the weight of any passengers, cargo, hitch, or optional equipment in the towing vehicle. The following equipment may also be required: load-carrying hitch for trailers over 907 kg (2,000 lbs). Towing a trailer will have an effect on the vehicle's handling, braking and durability, performance, and driving economy. For specific information on recommended or required equipment, see your Mazda Dealer.

MAZDA WARRANTY The basic warranty on Mazda vehicles covers all parts found to be factory defective for 3 years or 80,000 km (3 years or 60,000 km on B-Series Trucks), whichever comes first. Additional warranties cover powertrain components for a period of 5 years or 100,000 km (3 years or 80,000 km on B-Series Trucks and Tribute) whichever comes first, body sheet metal perforation for 5 years and unlimited mileage and specific emission control components for up to 8 years or 128,000 km. Exclusions from coverage are limited to maintenance items or adjustments (repairs not requiring parts replacement) on vehicles over 12 months old and repairs due to normal wear and tear. Ask your Mazda Dealer for additional information.

ROADSIDE ASSISTANCE PROGRAM As part of our commitment to your total satisfaction, all new Mazda vehicle owners are automatically enrolled in our Roadside Assistance Program. Roadside Assistance protects your vehicle for the duration of the 3-year basic limited warranty. Should you require assistance during this period, our service will help to get your vehicle back on the road and minimize any inconvenience. For complete details on this program, see your Mazda Dealer.

MAZDA MOBILITY ASSISTANCE PROGRAM Mazda Canada believes that vehicle access is vital for everyone. Under this Program, physically-challenged customers who purchase or lease a new, unused Mazda Vehicle may be eligible to receive assistance from Mazda Canada Inc. to aid with the cost of acquiring and installing adaptive driving aids on their vehicle. For complete details on this program, see your Mazda Dealer.

MAZDA TEST-DRIVE EXPERIENCE It starts with the Mazda Test-Drive Experience – a uniquely designed road trip engineered to take you miles beyond the ordinary test drive. It's all about putting a Mazda to the test under real-world conditions. It's about discovering the superb acceleration, braking, steering, handling and ride quality that every Mazda offers. And rediscovering that fun, connected-to-the-road feeling we call "Zoom-Zoom".

All new Mazda vehicles come with a full tank of fuel and carpeted floor mats.

For a complete list of vehicle specifications, features and available accessories, please see your Mazda Dealer.

Plan is fully backed and administered by Mazda Canada Inc. For more information, please contact your Mazda Dealer.

Ask your dealer about Mazda's competitive program for recent university and college graduates.

Product changes and options availability: Following publication of this brochure, certain changes in standard equipment, options, prices and the like, or product delays may have occurred which would not be included in these pages. Your Mazda Dealer is your best source for up-to-date information. Mazda reserves the right to change product specifications at any time without incurring obligations. Options and accessories shown or described in this brochure are available at extra cost and may be offered only in combination with other options or subject to additional ordering requirements or limitations. E. & O. E.

Mazda notes that all Genuine Mazda Accessories, if installed by your Mazda Dealer prior to or at an initial vehicle retail delivery, carry the same new-vehicle warranty as any Mazda vehicle.
