

The 2006 Honda Accord Coupe

HONDA

Crush the accelerator. Bite the corners. Experience familiar roads for the first time. Grab the keys. This is your car.

A dark blue 2006 Honda Accord Coupe is shown from a low-angle, rear-quarter perspective, driving through a tunnel. The tunnel's ceiling is composed of numerous parallel, curved metallic slats, and the floor is highly reflective, mirroring the car and the overhead lights. The lighting is a cool, vibrant blue, creating a sense of motion and depth. The car's wheels are blurred, suggesting speed. The overall atmosphere is sleek and modern.

Your Commute.

Style and Handling. The 2006 Accord Coupe rewards your senses wherever you're going. It makes long drives seem shorter, traffic jams less congested, and leisurely cruises through the country become mini vacations. Striking the perfect balance between fun, cutting-edge technology and everyday luxury, the Accord Coupe has it all. And for 2006, the Accord Coupe has more powerful engines and sportier styling inside and out.

Hop inside. Look around. Then grip the brushed aluminum shifter in an EX-V6 MT model equipped with a 6-speed manual transmission. You'll suddenly realize without even moving that there's serious power at the whim of your right hand and right foot. V6 models have exclusive 17-inch alloy wheels to visually mirror the Coupe's race-car-like performance. Of course, when you're moving fast and starting to eat up corners, it's nice to know the Accord

Coupe's double-wishbone front suspension and multi-link double-wishbone rear design are teamed up with precisely damped shock absorbers for a smooth, planted feeling in the curves. When you need to stop, most models feature 4-wheel disc brakes with ventilated front discs combined with Electronic Brake Distribution™ (EBD™).* With balanced braking forces at each wheel, you'll always feel sure-footed and in control.

*Available on EX-L, EX-V6 and EX-V6 MT models.

Power and Performance. There's amazing technology behind the Accord Coupe's dazzling abilities. With new intake and exhaust tuning for 2006, Accord engines now pump out extra horsepower, making them even more fun behind the wheel. The Drive-by-Wire Throttle System™ smooths out power delivery while Variable Valve Timing and Lift Electronic Control (VTEC®) adjusts valve timing and lift to increase low-end torque as well as high-rpm power. In the 2.4-litre engine, i-VTEC® adds intake Variable Timing Control™ (VTC™), boosting power and economy.

A close-up, black and white photograph of a car's engine cover. The focus is on a silver-colored metal plate with the text "3.0 VTEC" embossed on it. The background shows various mechanical parts of the engine, including what appears to be a timing belt cover, all in a dark, moody lighting.

Your Toy.

Any Accord Coupe driver will tell you getting there *is* the fun. You can do it with a quick-shifting 5-speed manual transmission or an available 5-speed automatic in 4-cylinder models. In V6 Accords, there's a standard 5-speed automatic or a more performance-minded 6-speed manual to choose from. While you're out having a blast, the new Maintenance

Minder system monitors how you drive and reminds you when it's time for service. And thanks to tough internal components, like forged-steel crankshafts, you don't have to worry about reliability. Both V6 and 4-cylinder models boast long intervals between maintenance.

Interior. The Accord Coupe is a dynamic performance car that's also a luxurious drive. As good as it looks, it feels even better when you ease inside. Deep-bolstered seats hug you. Sporty gauges grab your attention. Steering wheel-mounted controls* for the audio and cruise control systems are at the touch of your fingertips to enhance your driving pleasure.

*Available on EX-L models and above.

Your Retreat.

*EX-V6 model shown.

The Accord Coupe also boasts standard luxuries like air conditioning with an air filtration system, as well as a 120-watt, 6-speaker AM/FM/CD audio system. The EX models with leather add a 6-disc in-dash CD changer, heated front seats and dual-zone automatic climate control.

You'll also notice that every detail has been finely tuned to maximize your comfort and driving pleasure. Smooth surfaces, tactile switches and plush materials blend together to deliver a refined and luxurious cockpit.

Standard Safety Features:

- 4-Wheel Anti-Lock Braking System (ABS)
- Driver and Front Passenger Dual-Stage, Dual-Threshold Front Airbags (SRS)
- Driver and Front Passenger Side Airbags (SRS) with Passenger Seat Occupant Position Detection System (OPDS)
- Side Curtain Airbags

Safety For Everyone. Honda has a long commitment to safety. The idea that safety is for everyone is a company philosophy, not a slogan. Honda seeks to provide the highest level of occupant safety in all of their cars and trucks – regardless of size or price – as well as improving safety for pedestrians. This approach is making a difference as 9 of Honda’s 2005 models have earned the U.S. National Highway Traffic Safety Administration’s (NHTSA) 5-star frontal impact crash-test rating – the most of any brand.

Racing History. Developing safe cars that also accelerate the art of high performance is something Honda has learned through years of racing. What started in the 1950s with motorcycles quickly branched out to race cars. And while Honda has reached the podium many times, the greatest benefit of this competitive history and hard-won technology is how it prepares Honda engineers to think creatively under pressure. That way, they’re always ready for the biggest challenge of all – continuing to satisfy and protect every Honda customer.

Front and rear crumple zones are designed to help absorb impact energy before it can reach the passenger compartment. This rigid safety cell is reinforced to resist the intrusion of impact forces.

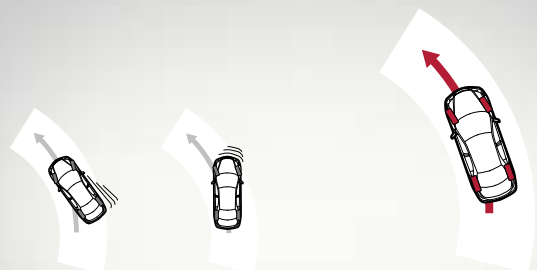

Your Safety Net.

Airbags. The dual-stage, dual-threshold front airbags deploy at one of two rates and thresholds depending on seatbelt use and the severity of impact. Front side and side curtain airbags deploy to help prevent injuries in the event of a side impact of sufficient force. And an Occupant Position Detection System™ (OPDS™) helps prevent deployment of the front passenger's side airbag if a child or small adult is in the airbag's deployment path.

VSA. Vehicle Stability Assist™ (VSA®) is now standard on Accord V6 models. VSA is a sophisticated system that can sense oversteer and understeer, and can brake individual wheels and/or reduce engine power to help keep the driver on the intended path. In Accord V6 models, the Traction Control System (TCS) – a function of VSA – helps prevent wheel slippage under acceleration. TCS enhances your ability to get underway safely, even on slippery or wet road surfaces.

Honda reminds you and your passengers to always buckle up. Children 12 and under are safest when properly secured in the rear seat.

WITHOUT VSA – LOSS OF CONTROL

WITH VSA – CONTROL MAINTAINED

Trim Levels & Models

Accord LX-G Coupe

- 166-hp, 2.4-litre i-VTEC® 4-Cylinder Engine with Drive-by-Wire Throttle System™ and Variable Timing Control™ (VTC™)
- 4-Wheel Double-Wishbone Suspension
- 5-Speed Manual Transmission
- AM/FM/CD Audio System with 6 Speakers
- Air Conditioning with Micron Air Filtration System
- Anti-Lock Braking System (ABS)
- Available 5-Speed Automatic Transmission
- Cruise Control
- Dual-Stage, Dual-Threshold Front Airbags (SRS)
- Front Side Airbags (SRS) with Passenger Seat Occupant Position Detection System™ (OPDS™)
- Heated Power Door Mirrors
- Keyless Remote Entry System with Power Window Control and Trunk Release
- Maintenance Minder
- Power Windows and Door Locks
- Side Curtain Airbags

Accord EX-L Coupe

Adds to or replaces LX-G features:

- 16-Inch Alloy Wheels
- AM/FM/CD Audio System with 6-Disc In-Dash Changer and Audio Anti-Theft
- Driver's Seat Adjustable Lumbar Support

- Driver's Seat 8-Way Power Adjustment
- Dual-Zone Automatic Climate Control System
- Electronic Brake Distribution™ (EBD™)
- Leather-Trimmed Interior with Heated Front Seats
- Outside Temperature Gauge
- Power Moonroof with Tilt Feature, Privacy Glass and Sunshade, with Key-Off Operation
- Steering Wheel-Mounted Audio System Controls

Accord EX-V6 Coupe

Adds to or replaces EX-L features:

- 244-hp, 3.0-litre VTEC® V6 Engine
- 5-Speed Automatic Transmission with Grade Logic Control
- 17-Inch Alloy Wheels
- HomeLink® Garage Door Opener
- Vehicle Stability Assist™ (VSA®) with Traction Control System (TCS)

Accord EX-V6 MT Coupe

Adds to or replaces EX-V6 features:

- 180-Watt AM/FM/CD Premium Audio System with 6-Disc In-Dash Changer
- Close-Ratio 6-Speed Manual Transmission
- Front Shock Tower Bar
- Perforated Leather-Trimmed Seats

At Honda, assistance and support are always available. The team of trained technicians at your Honda dealership will keep your vehicle in terrific shape. Honda accessories installed at the time your vehicle is purchased are covered under the 3-year/60,000-km limited warranty. If you need more information or assistance, call us at 1-888-9-HONDA-9. For all of the latest Honda information, including product specifications, pricing, photos and more, visit [Honda.ca](http://www.honda.ca). It has everything you need to “design” your Honda and personalize it with items from a list of quality accessories.

We're Here

Quality Honda Accessories give you the opportunity to fine-tune your new Accord Coupe just how you like it. Whether you want to turn up the style, the versatility or the exclusivity, every accessory is designed and built to adhere to the strictest Honda standards. See your dealer for full details.

Genuine Honda Replacement Parts are made to the same exacting standards as original Honda components and are guaranteed by the Genuine Honda Parts Warranty.

Make the grade with Honda. If you're a recent university or college graduate, you may be eligible for an allowance of up to \$750 on certain Honda models. To learn more about the Graduate Program, see your participating Honda dealer.

Honda Canada Finance Inc. Whether you buy or lease a Honda, Honda Canada Finance Inc. can assist you with the process. Ask your dealer which lease or purchase plan best suits your needs.

We're ready to help. When you purchase a 2006 Honda, you automatically receive Honda Plus Roadside Assistance. This service is available to you or anyone else driving your vehicle 24 hours a day, 7 days a week, anywhere in Canada or the U.S. Coverage is for 3 years, unlimited distance and includes towing, battery boost, lock-out assistance plus many other helpful services. Ask your dealer for more information.
