

SOLUTIONS FOR THE WORLD YOU DRIVE IN.

At General Motors we are 100 percent committed to building vehicles that answer your specific needs. Because you demand more of your vehicle than ever before, we're committed to putting more of what you want into every vehicle we make.

VALUE

Value means much more than simply the price you pay for a vehicle. We are particularly proud of the value you receive for your money when you choose a General Motors vehicle – the unique combination of style, performance, safety, quality and functionality that sets GM's diverse model lineup apart from the rest.

QUALITY

If you're looking for a vehicle that's built to exceptionally high standards, look no further than GM's long list of quality and dependability awards, media accolades and consumer recommendations – as well as the fact that GM builds the most dependable, longest-lasting full-size pickups on the road.*

SAFETY

General Motors is the only automotive manufacturer committed to offering a full range of cars, trucks and SUVs that provide safety protection before, during and after a collision. In addition, GM builds 26 vehicles that have earned U.S. Government five-star frontal or side crash test ratings for 2006 models.**

FUEL ECONOMY

We know how important fuel efficiency is today. GM has it covered by offering more cars that get better than 7.0 L/100 km or 40 mpg in highway† driving than any other automaker in Canada. In addition, GM offers 15 models with Active Fuel Management™ fuel-saving technology – and 17 models that can run on E85 ethanol fuel.

INNOVATIVE DESIGNS

It required ingenuity to bring utility and dramatic style together in the Chevrolet HHR. And it required pure creativity to execute the flawless lines and purposeful design of the Pontiac Solstice open-air roadster. At GM, we break the mould to develop new designs that give you more range of selection than ever before.

FEATURES

GM keeps you ahead of the curve, by adding the features that really make a difference to your driving experience. Features like OnStar – the first comprehensive in-vehicle communications and assistance service. And XM Satellite Radio – the largest satellite radio provider in the world – that's now offered on more than 50 GM vehicles.

*Dependability based on longevity; 1988–July 2005 full-size Chevrolet and GMC light-duty pickup registrations, including chassis cabs. Sources: R.L. Polk Canada, Inc. National Vehicle Population Profile – Canadian Vehicles in Operation as of July 1, 2005. Based on % of vehicles remaining in operation, weighted on age of vehicle.
**U.S. Government ratings are part of the National Highway Traffic Safety Administration's (NHTSA's) New Car Assessment Program (safercar.gov).

2007 COLORADO

2007
COLORADO

2007 COLORADO

THE MID-SIZE PICKUP THAT DESERVES TO BE A CHEVY TRUCK.

Colorado is the mid-size pickup that delivers genuine Chevy Truck strength and durability. Now for 2007, Colorado issues an even more powerful statement with two revised engines that pump out more power than any Chevy mid-size pickup in history. The Vortec 2.9L I-4 generates 185 horsepower and the available Vortec 3.7L I-5 produces a substantial 242 horsepower. And Colorado doesn't only offer you two engine choices: there are Regular, Extended and Crew Cab configurations, as well as Z85 Standard, Z08 Sport and Z71 Off-Road suspensions. The rock-solid Chevy Colorado.

For more information about Colorado, visit our website at colorado.gmcanada.com

Above: Colorado LT Crew Cab 4x4, shown in Victory Red with available Z71 Off-Road Suspension; top right: Colorado LT Extended Cab, shown in Flame Yellow with available Body-Coloured Appearance Package; bottom right: Colorado LS Regular Cab 4x4, shown in Silver Birch Metallic with available equipment.

COLORADO CREW CAB

LOADS OF CAPACITY.

There's loads of room inside Colorado Crew Cab, with available seating for up to six. There's also an abundant capacity for cargo – either in the bed, in the cab with the rear seats folded down or with a trailer in tow. In fact the significant hauling capabilities top out with payloads up to 607 kg (1338 lb.).* Think of it as the super-sized mid-size pickup: Colorado Crew Cab.

*Base payload capacity includes weight of the driver, passenger, optional equipment and cargo.

Colorado LT Crew Cab 4x4, shown in Victory Red with available Z71 Off-Road Suspension.

COLORADO CREW CAB INTERIOR

The standard 60/40 split flat-folding rear seat provides the interior flexibility to handle both passengers and cargo.

Colorado LT Crew Cab 4x4 interior, shown in Cashmere with available leather-appointed seating.

SHARE SOME QUALITY TIME WITH YOUR CREW.

There are other cabs with six-passenger seating capacity. What distinguishes the Colorado Crew Cab is how it accommodates up to six in a truly comfortable, spacious environment. That distinction is clear the moment you enter the Colorado Crew Cab through one

of its four wide-opening doors. What you'll find is space. Lots of it. Enough for six real-sized people.* Spend some quality time together – inside Colorado Crew Cab.

*When equipped with the available front reclining split-bench seat.

KEY FEATURES:

- Front reclining bucket seats with Deluxe cloth, standard in Crew Cabs
- Centre floor console with storage compartment, cupholders and armrest
- Rear 60/40 flat-folding split-bench seats
- Seating for up to six with the front reclining 60/40 split-bench seat available
- Heated leather-appointed front bucket seats available.

COLORADO EXTENDED CAB AND REGULAR CAB

TWO DIFFERENT CABS – ONE SOLID CHEVY PEDIGREE.

You pick the cab based on how you use your pickup. No matter whether you choose a Regular or Extended Cab, both are rock-solid Chevy Trucks, with the strength and power you need for work or play. Payloads range all the way up to 702 kg (1547 lb.)* And the trailering capacities range up to 1814 kg (4000 lb.):** That's much more than people expect from a mid-size pickup. There's nothing ordinary about Colorado's capabilities.

*Base payload capacity includes weight of driver, passengers, optional equipment and cargo.

**When properly equipped. Maximum trailer ratings are calculated assuming a properly equipped base vehicle, plus driver.

Colorado LT Regular Cab, shown in Flame Yellow with available Body-Coloured Appearance Package.

COLORADO EXTENDED AND REGULAR CAB INTERIOR

You have two seating choices with Regular Cab: the standard cloth reclining 60/40 split-bench (shown here), or the available reclining bucket seats with Deluxe cloth.

The forward-facing fold-up rear seats add to the practicality of the Extended Cab interior. The seats include under-seat storage boxes that can be folded flat to extend the load floor.

COMFORT TOPS THE LIST OF STANDARD FEATURES.

Comfort is as fundamental to Colorado as its strength and durability – because Chevrolet engineers know how much time you spend inside your cab. Take the second-row passengers in Extended Cabs – they are

treated well, thanks to the forward-facing rear seats. And the seats provide added versatility, thanks to their under-seat storage areas. See how easy it is to make yourself comfortable in Colorado?

KEY FEATURES:

- Front 60/40 split-bench seat
- Forward-facing fold-up rear seats with flat-folding under-seat storage compartment in Extended Cabs

Colorado LT Extended Cab interior, shown with available front bucket seats in Cashmere Deluxe cloth and other available features.

- Standard Comfort Convenience Package includes tilt adjustable steering column and cruise control
- Reclining front bucket seats with centre floor console available.

COLORADO SAFETY & SECURITY

PUTTING YOU FIRST.

Of course, nothing takes priority over safety. But with Colorado, safety drives the engineering process. And the results speak for themselves: Colorado earned the highest U.S. government safety rating for the driver and front passenger in the frontal crash test.* Just more proof that safety isn't just a priority in Colorado – it's the first priority.

A. With Colorado's intelligent air bag system,** if an air bag is deployed, the courtesy lights are turned on, and if you have power door locks (standard on Crew Cab LT models), they are automatically unlocked after a brief delay, to facilitate an easier exit.

B. Further enhancing your peace of mind is the availability of driver, front-passenger and rear-seat outboard passenger head curtain air bags that enhance side-impact protection.

COLORADO POWER

NEED MORE POWER? YOU'VE GOT IT.

Power is essential if a pickup is to meet your demands. For 2007, Colorado has increased the displacement, horsepower and torque of both its Vortec engines. The Vortec 2.9L 4-cylinder engine delivers 185 horsepower and 190 pounds-feet of torque. The output of the Vortec 3.7L in-line 5-cylinder engine has increased by 22 horsepower to 242 and the torque is raised to 242 pounds-feet. In both engines, variable exhaust valve timing optimizes combustion efficiency, providing impressive torque development over a wide operating range. Power and efficiency on demand.

FEATURES OF COLORADO'S ENGINE LINEUP:

- 185 hp Vortec 2.9L in-line 4-cylinder engine standard on most models
- 242 hp Vortec 3.7L in-line 5-cylinder engine standard on all 4x4 Crew Cab models and 2WD Crew Cabs with Z71 or ZQ8 suspension, available on other models
- Airplane grade A356 aluminum used in the engine block and head helps these engines achieve tremendous strength, while reducing weight
- Dual balance shafts counteract engine vibration, ensuring smooth and quiet operation
- Dual overhead camshafts control two intake and two exhaust valves per cylinder, improving engine breathing and adding to the engines' exceptional power output
- Variable exhaust valve timing increases both power output and efficiency
- Long-life features extend service intervals, from the spark plugs that are designed to last 166,000 km (100,000 mi.) before they need to be replaced, to the DEX-COOL engine coolant that has a change interval of 240,000 km (150,000 mi.)*
- Pressed-in steel cylinder liners with lightweight pistons enhance the ability to generate greater power from a smaller displacement
- A broad torque curve translates into excellent responsiveness at nearly any speed
- Performance is continuously monitored and optimized by the powertrain control module (PCM)
- Electronic Throttle Control (drive-by-wire) replaces mechanical functions with the increased precision provided by electronic control, optimizing driveability.

Models equipped with the Vortec 3.7L in-line 5-cylinder engine have the horsepower of a typical V6 combined with excellent fuel economy.

*2006 Colorado 4-door tested. U.S. Government star ratings are part of the National Highway Traffic Safety Administration's (NHTSA's) New Car Assessment Program (NCAP) (www.safercar.com).

**A NOTE ON CHILD SAFETY: Always use safety belts and proper child restraints, even in vehicles equipped with air bags. Even with the Passenger Sensing System children are safer when properly secured in a rear seat. Never place a rear-facing infant restraint in the front seat of any vehicle equipped with an active frontal air bag. Refer to the vehicle Owner's Manual and child safety seat instructions for more information.

*When properly maintained in accordance with the Owner's Manual and Maintenance Schedules. Maintenance needs vary with use and driving conditions. Please refer to the Owner's Manual for more information.

COLORADO TECHNOLOGY

ENVIRONMENTAL MEASURES

Colorado isn't only easy on gas – there are many ways this truck is also easy on the environment. It is more than 95 percent recyclable. The lighting systems are also free of mercury and cadmium.

CORROSION PROTECTION

Canada's harsh climate necessitates the use of road salt. Fortunately, Colorado is engineered with extensive corrosion protection features. They include an aluminized stainless steel exhaust system, in addition to the use of 2-sided galvanized steel used in all exterior body panels except the roof.

1. BOX CHANNEL FRAME

Colorado's strength is largely the product of its box channel frame. The use of 7 cross members further enhances the frame's stiffness, contributing to Colorado's stable handling. Engine vibration is minimized due to the strategic placement of powertrain mounts.

2. INSTA-TRAC 4x4

The shift-on-the-fly, 2-speed, part-time Insta-Trac transfer case is standard on all 4x4 models. It allows you to shift from 2HI to 4HI and back at the touch of a button conveniently located on the instrument panel. It includes a Neutral position to permit flat towing. Standard on 4x4 models.

3. BRAKE SENSORS

Monitoring the condition of your brakes is easy. Colorado is equipped with standard audible wear sensors, and a brake fluid level sensor alerts you if the level falls below the required minimum.

4. AUTOMATIC LOCKING REAR DIFFERENTIAL

The automatic locking rear differential enhances low-speed traction on slippery surfaces. It is included with the available Z71 Off-Road Suspension on 4x4 models and 2WD Crew Cab models and is available on all other models.

5. TWO-POSITION LOCKING TAILGATE

Colorado's lockable tailgate can be secured at a 55° angle, making it level with the top of the rear wheelhouses. This enables the box to easily haul 4'x8' sheets of building material.

6. TRACTION ASSIST

Traction assist helps reduce wheel slippage on most slippery surfaces by modulating engine power to the locking differential, which is included. Available on 2WD vehicles when equipped with automatic transmission.

7. VARIABLE EXHAUST VALVE TIMING

Colorado's Vortec engines automatically adjust exhaust valve timing relative to the intake, optimizing power output and fuel efficiency while reducing emissions, when compared with conventional valve timing.

8. FIVE-SPEED MANUAL TRANSMISSION

Colorado's 5-speed manual transmission incorporates triple-cone synchronizers, which contribute to the transmission's precise shifting and impressive durability. The 5-speed manual gearbox is standard on all Regular and Extended Cab models, as well as on 2WD Crew Cab models with Z85 Standard suspension.

9. BROAD TORQUE CURVE

A broad, flat torque curve makes an engine responsive, whether it is operating at low or high rpms. The Vortec 3.7L I-5 engine delivers 90 percent of peak torque from 1600 to 5600 rpm, while the Vortec 2.9L I-4 delivers 90 percent of peak torque from 2000 to 5600 rpm.

10. TIRE PRESSURE MONITORING SYSTEM

The standard tire pressure monitoring system uses sensors located in each tire to detect when tire pressure is either too high or too low. The system then displays a warning via the Driver Information Centre.

THE TOTAL PACKAGE.

Each Colorado is purpose-built for the way you use it. There are three cabs in addition to three different suspensions: the Z85 Standard, the lowered ZQ8 Sport, and the raised Z71 Off-Road.

Each suspension features specific components and ground clearances. So you don't have to compromise: when you choose Colorado, you get the total package.

COLORADO ACCESSORIES

COLORADO HAS ITS OWN PERSONALITY. NOW ADD YOURS.

Colorado has a strong character all its own. Now it's your turn to personalize your vehicle with the added style and function provided by GM Accessories. They are the only accessories that are integrated into the process of designing your vehicle, ensuring excellent fit, finish and functionality. And only GM Accessories are backed by GM's 3-year/60,000 km New Vehicle Limited Warranty.* They can also be included in your new-vehicle lease or finance agreement through GMAC. Ask your dealer for a complete list of the GM Accessories available for Colorado, or visit gmcanada.com

*Whichever comes first, when permanently installed by the dealer at the time you purchase or lease your new vehicle.

GM Accessories available for Colorado include:

- Bedliner
- Under-seat storage
- Custom carpet floor mats
- Brush/grille guard
- Tonneau covers
- Side steps
- Chrome grille appearance
- Bed rail protectors.

Accessories

COLORADO STANDARD & OPTIONAL FEATURES

Note: Crew Cabs available only in LT trim.

	Z85 LS/LT	Z71 LT	ZQ8 LT
SAFETY AND SECURITY			
Air bags – driver and front passenger-side, frontal with Passenger Sensing System	S/S	S	S
Air bags – driver, front-passenger and rear-seat outboard passengers, roof-mounted head curtain side-impact	0/0	0	0

Fuel, L (imp. gal.)	72 (15.8)	72 (15.8)	72 (15.8)

¹ Add 25 mm (1.0 in.) in height to Z71 models. Subtract 51 mm (2.0 in.) in height for ZQ8 models.

* Payload includes passengers, equipment and cargo. Payloads are approximate and will change with the addition of optional or aftermarket equipment. Consult your dealer or equipment supplier for details.

** Trailer ratings are calculated using an automatic transmission, Vortec 3.7L I-5 engine and assuming only the driver is in the tow vehicle. Trailer Weight (also called Trailer Towing Capacity) is the weight of a trailer, its load or contents plus any other weight added to the tow vehicle. Ratings shown are for ball hitch applications. For details, ask your Sales Consultant for a copy of the Trailering with Chevrolet Trucks brochure. Many trailer towing applications require additional optional equipment.

- 15" x 6" Steel Wheel. Standard on LS Reg. and Ext. Cab models with Z85 Standard suspension. (PG1)
- 18" x 8" Hyper Silver Aluminum. Standard with XTREME Package. Available with ZQ8 Sport suspension. (P67)

THE GM WARRANTY:¹

The New Vehicle Limited Warranty is your promise of total warranty protection. It applies to the first owner and all future owners of the vehicle, and covers repairs to correct vehicle defects related to materials or workmanship during the warranty period.

The warranty includes:

- 3-year/60,000 km* Base warranty coverage
- 6-year/160,000 km* rust-through perforation coverage
- 8-year/130,000 km* coverage on catalytic converters and powertrain control modules (PCMs).

¹Conditions and limitations apply. *Whichever comes first.

OTHER OWNERSHIP PRIVILEGES AND PROGRAMS:¹

- **Roadside Assistance** – 24/7 service via toll-free number during the Base warranty period, anywhere in Canada or the United States
- **Courtesy Transportation** – may be offered during the Base warranty period
- **GM Protection Plan (GMPP)** – the only extended services contract backed by the resources and commitment of General Motors. GMPP may be purchased at the time of your sale or lease, or subsequently during the Base warranty period
- **GM Goodwrench Service** – with GM-certified technicians and GM-approved parts, nobody knows your GM vehicle better.

¹Conditions and limitations apply.

TO HELP YOU PURCHASE OR LEASE A NEW VEHICLE:

- **GMAC Financing** – on the spot financing at your GM dealership^{††}
- **GMAC SMARTLEASE** – a smart alternative to traditional financing^{††}
- **GM Student Bonus Program** – GM will cover the first two purchase finance or lease payments and the lease security deposit on eligible new GM vehicles for students and recent graduates of high school, college or university^{††}
- **The GM Card** – eligible cardholders may be able to redeem up to \$3500 on GM Card[®] Earnings toward the total purchase price or lease down payment on selected vehicles[†]. For more information on The GM Card please call 1-800-461-3279.

[†]Conditions and limitations apply. ^{††}Subject to eligibility.

INFORMATION RESOURCES:

You can find more information about these programs from your GM dealer, or at these information centres:

- The GM website at gmcanada.com
- The GM Customer Communication Marketing Centre at 1-800-GM-DRIVE (1-800-463-7483 or 1-800-263-3830 for TDD users)
- For information about GMAC visit gmcanada.com or call 1-800-616-4622.

1. 193 – Very Dark Pewter Leather.

ONSTAR

OnStar[®] uses advanced communications technology to enhance your safety, security and convenience. OnStar Advisors

can provide a wealth of information and perform a variety of diagnostic services. They can also provide assistance in an emergency. No wonder more than 4 million people have become OnStar subscribers and over 12 million calls are made each month on the built-in voice-activated, hands-free system. OnStar and one year of the Safe & Sound Plan are available on all Chevrolet Colorado LT models. The Directions & Connections Plan is available. See your dealer for more information on plans and services.

^{*}OnStar services require vehicle electrical system (including battery), wireless service, and GPS satellite signals to be available and operating for features to function properly. Not all OnStar features are available on all vehicles. OnStar acts as a link to existing emergency service providers. OnStar Hands-Free Calling requires a Hands-Free enabled vehicle, prepaid minutes and existing OnStar service contract. Subscription Service Agreement required.

XM SATELLITE RADIO

What's convinced more than six million people to subscribe to XM Satellite Radio? How about the largest playlist on

the planet, with musical genres that span everything from decades to dance, rock to rap and country to classical – broadcasting the most commercial-free music in digital quality sound? Or is it the news, talk, comedy and sports channels – including more than 1000 NHL games – and all available from coast to coast?^{*} XM has revolutionized radio as we know it. And now you can enjoy XM Satellite Radio in your next General Motors vehicle – GM is the first automaker to offer factory-installed satellite receivers. Ask your dealer for more information.

^{*}Includes three free trial months beyond which service fees apply. Available in 10 Canadian provinces and 48 contiguous United States.

A WORD ABOUT THIS BROCHURE

Some of the equipment shown or described throughout this brochure may be available at extra cost. We have tried to make this brochure comprehensive and factual. We reserve the right, however, to make changes at any time, without notice, in prices, colours, materials, equipment, specifications, models and availability. Specifications, dimensions, measurements, ratings and other numbers in this brochure and other printed materials provided at the dealership or affixed to vehicles are approximates based upon design and engineering drawings and prototypes and laboratory tests. Your vehicle may differ due to variations in manufacture and equipment. Since some information may have been adapted since the time of the printing, please check with your GM dealer for complete details. General Motors of Canada Limited reserves the right to lengthen or shorten the model year for any product, for any reason, or to start and end model years at different times.

A WORD ABOUT ASSEMBLY

GM vehicles are equipped with engines and components produced and assembled by different operating units of General Motors, its subsidiaries and suppliers and these engines and components may change or be obtained from different sources from time to time. All such engines and components are approved for use in GM vehicles. Certain equipment ordered may be unavailable at the time of assembly and we suggest that you verify that your vehicle includes the equipment you ordered, or if there are changes, that they are acceptable to you.

TRADEMARKS

The marks appearing in this brochure including, but not limited to: General Motors, GM, the GM Canada emblem, the GM Canada website address, the GM Accessories logo, Chevrolet, Chevy, the Chevrolet emblem, Buick, Cadillac, Colorado, GMC, HHR, HUMMER, Pontiac, Saab, Saturn, Solstice and their respective logos, emblems, slogans and vehicle model names and body designs; and other marks such as Z71, DEX-COOL, PASSLock, Insta-Trac, SMARTLEASE, Solar-Ray and Vortec are trademarks of General Motors Corporation and/or General Motors of Canada Limited, its subsidiaries, affiliates or licensors.

GMAC is a registered trademark of the General Motors Acceptance Corporation.

OnStar, the OnStar logo and the OnStar button are registered trademarks of the OnStar Corporation.

TheftLock is a registered trademark of Delphi Automotive Systems.

Radio Data System (RDS) is a registered trademark of the U.S. National Association of Broadcasters.

The XM name and related logos are registered trademarks of XM Satellite Radio Inc.
