

# SOLUTIONS FOR THE WORLD YOU DRIVE IN.

At General Motors we are 100 percent committed to building vehicles that answer your specific needs. Because you demand more of your vehicle than ever before, we're committed to putting more of what you want into every vehicle we make.

### VALUE

Value means much more than simply the price you pay for a vehicle. We are particularly proud of the value you receive for your money when you choose a General Motors vehicle – the unique combination of style, performance, safety, quality and functionality that sets GM's diverse model lineup apart from the rest.

### QUALITY

If you're looking for a vehicle that's built to exceptionally high standards, look no further than GM's long list of quality and dependability awards, media accolades and consumer recommendations – as well as the fact that GM builds the most dependable, longest-lasting full-size pickups on the road.\*

### SAFETY

General Motors is the only automotive manufacturer committed to offering a full range of cars, trucks and SUVs that provide safety protection before, during and after a collision. In addition, GM builds 26 vehicles that have earned U.S. Government five-star frontal or side crash test ratings for 2006 models.\*\*

### FUEL ECONOMY

We know how important fuel efficiency is today. GM has it covered by offering more cars that get better than 7.0 L/100 km or 40 mpg in highway† driving than any other automaker in Canada. In addition, GM offers 15 models with Active Fuel Management™ fuel-saving technology – and 17 models that can run on E85 ethanol fuel.

### INNOVATIVE DESIGNS

It required ingenuity to bring utility and dramatic style together in the Chevrolet HHR. And it required pure creativity to execute the flawless lines and purposeful design of the Pontiac Solstice open-air roadster. At GM, we break the mould to develop new designs that give you more range of selection than ever before.

### FEATURES

GM keeps you ahead of the curve, by adding the features that really make a difference to your driving experience. Features like OnStar – the first comprehensive in-vehicle communications and assistance service. And XM Satellite Radio – the largest satellite radio provider in the world – that's now offered on more than 50 GM vehicles.

# PONTIAC VIBE

FEEL SPONTANEOUS

2007

## FEEL SPONTANEOUS

**WHATEVER LIFE'S GOT IN STORE FOR YOU, VIBE IS UP FOR IT.** With its trim size and tight turning circle, Vibe fits into city traffic and tight urban parking spaces with ease. And when it's time to get out of town, you, your friends and your gear fit just as easily into Vibe, thanks to one of the most versatile interiors around.

Vibe handles the seasons with the confidence of front-wheel drive traction. And speaking of handling, Vibe is right there for you when you feel like pushing the envelope on your favourite country road. Every Vibe features the precision and responsiveness of rack-and-pinion steering and an agile, finely tuned suspension.

Life isn't one thing. It's everything. Get it all. Get the Vibe.

For more information about Vibe, visit our website at [vibe.gmcanada.com](http://vibe.gmcanada.com)

**PONTIAC**  **IGNITE THE FEELING**

# VIBE

**LIFE ISN'T ONE-DIMENSIONAL. NEITHER IS VIBE.** In an ever-changing world, Vibe has what it takes to rise to the occasion – and to help you get the very most out of it. There's room for five inside, so it's a snap to take friends and family along for the ride. The interior is also highly versatile, with a divided 60/40 rear seat that folds flat and a folding front-passenger seat, so it reconfigures in seconds when you have long or bulky cargo to carry. Of course, no matter who or what you have on board, Vibe always rewards you with an exhilarating driving experience. Because life's too short to drive boring cars.

Vibe provides the information you need, when you need it, via an analogue gauge cluster that includes a tachometer and an exterior temperature display. Chrome accents around the gauges contribute to Vibe's contemporary style.

Vibe offers an available anti-lock braking system (ABS). Any time the system senses wheel lockup under braking, it steps in and automatically begins pumping the brakes to help restore steering control. As a result, you can often avoid hazards you might otherwise have skidded into.

## VIBE INTERIOR

**THE VIBE EXPERIENCE STARTS HERE.** A great driving experience has two essential components. The first is a fine sense of control. The ergonomically designed Vibe interior helps to keep you firmly in charge, with an excellent view of the world around you, clear analogue gauges, and well-placed switches and controls. The other half of the equation is comfort, and Vibe has that covered, too. All seats offer the support you look for on long trips, and the front buckets are contoured to hold you in place through the curves. There's also standard air conditioning, complete with a special filter that helps keep the air in the cabin clean and fresh. You can even add a touch of luxury to your Vibe experience by selecting the available leather seating surfaces.

Every Vibe is a treat for the ears, including a standard AM/FM stereo system with a CD player and a built-in equalizer. XM Satellite Radio,\* a 6-disc CD changer and a CD player with MP3 playback capability are also available. \*Includes three free trial months beyond which service fees apply. Available in 10 Canadian provinces and 48 contiguous United States.

Hear every nuance in your road music with Vibe's available 7-speaker premium Monsoon 286-watt audio system, which comes complete with a subwoofer.

## IT ALL FITS.

**MORE FLEXIBLE THAN YOUR AVERAGE YOGA INSTRUCTOR.** When it comes to carrying gear, Vibe is about as flexible as they come. The rear seatbacks fold down individually. So does the front-passenger seatback. With the rear seats folded down,

Vibe has a long, wide cargo hold with a flat floor made of tough resilient composite material. There's also a standard accessory track system in the rear cargo area that makes it a breeze to keep your gear securely tied in place while you're underway.

**A.** With all seats in place, Vibe has room for 5 occupants and up to 547 L (19.3 cu. ft.) of cargo. **B.** Fold the right rear seatback down and Vibe can still accommodate 3 occupants and an even greater amount of cargo. **C.** With both the right rear seatback and the front-passenger seatback folded, you can carry cargo items up to 2.44 m (8 ft.) long inside your Vibe with the tailgate closed. **D.** With both rear seatbacks folded, Vibe's cargo capacity is a tremendous 1533 L (54.1 cu. ft.).

## TECHNOLOGY

**THE FUTURE IS HERE – AND IT'S FRIENDLY.** Take a close look at Vibe and you'll discover some of the most advanced technology in the small car class. Variable valve timing, available OnStar and StabiliTrak vehicle stability enhancement system: it's all here. And it all contributes to making Vibe an extraordinarily enjoyable drive.

### 1. CRUMPLE ZONES

With a safety cage, crumple zones, and frame and body panels constructed of high-strength steel, Vibe is designed to absorb energy and resist passenger-compartment intrusion.

### 2. LONG-LIFE COMPONENTS

Maintenance needs won't interrupt your driving pleasure very often. The spark plugs are engineered to last 166,000 km and the engine coolant is only scheduled for replacement every 5 years or 240,000 km.\*

### 3. BRAKES

Every Vibe features ventilated front disc brakes for strong, sure stops. The added control and peace of mind of a four-wheel anti-lock braking system (ABS) is also available.

### 4. OCCUPANT PROTECTION

Front and rear crush zones, a solid steel safety cage, standard frontal air bags and available front seat-mounted side-impact air bags and front and rear head curtain air bags are some of the features designed to protect Vibe's occupants in a crash.

\*Maintenance needs vary with different uses and driving conditions. Refer to the Owner's Manual for more information.

### STABILITRAK

With the available StabiliTrak vehicle stability enhancement system, Vibe helps you avoid one of the most disturbing situations in driving: the lateral skid. Any time StabiliTrak's sensors detect that a sideways skid is underway, the system takes immediate action, selectively applying the brakes to help return the car to your desired line.

## NOW FOR MORE CHOICES

**KICK IT UP A NOTCH.** Make your new Vibe even more of a pleasure to drive with carefully selected GM Accessories. GM Accessories are the only accessories that are integrated into the process of designing your vehicle, ensuring excellent fit, finish and functionality. And only GM Accessories are backed by GM's 3-year/60,000 km New Vehicle Limited Warranty.\* They can also be included in your new-vehicle lease or finance agreement through GMAC. Ask your dealer for a complete list of the GM Accessories available for your Vibe. Or visit [gmcanada.com](http://gmcanada.com)

Genuine GM Accessories for Vibe include:

- Ground Effects Package
- Upper and lower midgate spoilers
- Convenience net
- Ventvisors
- Exhaust tip
- Pet Restraint Package
- Visor CD/DVD holder.

\*Whichever comes first, when permanently installed by the dealer at the time you purchase or lease your new vehicle.

## ONSTAR

OnStar\* uses advanced communications technology to enhance your safety, security and convenience. OnStar Advisors can provide a wealth of information and perform a variety of diagnostic services. They can also provide assistance in an emergency. No wonder more than 4 million people have become OnStar subscribers and over 12 million calls are made each month on the built-in voice-activated, hands-free system. OnStar and one year of the Safe & Sound Plan are available on Vibe. See your dealer for more information on plans and services.

\*OnStar services require vehicle electrical system (including battery), wireless service, and GPS satellite signals to be available and operating for features to function properly. Not all OnStar features are available on all vehicles. OnStar acts as a link to existing emergency service providers. OnStar Hands-Free Calling requires a Hands-Free enabled vehicle, prepaid minutes and existing OnStar service contract. Subscription Service Agreement required.

## XM SATELLITE RADIO

What's convinced more than six million people to subscribe to XM Satellite Radio? How about the largest playlist on the planet, with musical genres that span everything from decades to dance, rock to rap and country to classical – broadcasting the most commercial-free music in digital quality sound? Or is it the news, talk, comedy and sports channels – including more than 1,000 NHL games – and all available from coast to coast?\* XM has revolutionized radio as we know it. And now you can enjoy XM Satellite Radio in your next General Motors vehicle – GM is the first automaker to offer factory-installed satellite receivers. Ask your dealer for more information.

\*Includes three free trial months beyond which service fees apply. Available in 10 Canadian provinces and 48 contiguous United States.

### THE GM WARRANTY:<sup>1</sup>

The New Vehicle Limited Warranty is your promise of total warranty protection. It applies to the first owner and all future owners of the vehicle, and covers repairs to correct vehicle defects related to materials or workmanship during the warranty period. The warranty includes:

- 3-year/60,000 km\* Base warranty coverage
- 6-year/160,000 km\* rust-through perforation coverage
- 8-year/130,000 km\* coverage on catalytic converters and powertrain control modules (PCMs).

<sup>1</sup>Conditions and limitations apply. \*Whichever comes first.

### EXTENDED POWERTRAIN LIMITED WARRANTY:<sup>2</sup>

Every Pontiac Vibe is also covered by a special Powertrain Component Warranty with no deductible for 5 years or 100,000 km.\* So you can count on your Pontiac Vibe for much more than its styling and engineering – today, and down the road. <sup>2</sup>Whichever comes first.

### OTHER OWNERSHIP PRIVILEGES AND PROGRAMS:<sup>3</sup>

- **Roadside Assistance** – 24/7 service via toll-free number during the Base warranty period, anywhere in Canada or the United States
- **Courtesy Transportation** – may be offered during the Base warranty period
- **GM Protection Plan (GMPP)** – the only extended services contract backed by the resources and commitment of General Motors. GMPP may be purchased at the time of your sale or lease, or subsequently during the Base warranty period<sup>4</sup>

- **GM Goodwrench Service** – with GM-certified technicians and GM-approved parts, nobody knows your GM vehicle better. <sup>5</sup>Conditions and limitations apply.

### TO HELP YOU PURCHASE OR LEASE A NEW VEHICLE:

- **GMAC Financing** – on the spot financing at your GM dealership<sup>6</sup>
- **GMAC SMARTLEASE** – a smart alternative to traditional financing<sup>7</sup>
- **GM Student Bonus Program** – GM will cover the first two purchase finance or lease payments and the lease security deposit on eligible new GM vehicles for students and recent graduates of high school, college or university<sup>8</sup>
- **The GM Card** – eligible cardholders may be able to redeem up to \$3500 on GM Card<sup>9</sup> Earnings toward the total purchase price or lease down payment on selected vehicles. For more information on The GM Card please call 1-800-461-3279<sup>9</sup>.

<sup>9</sup>Conditions and limitations apply. <sup>10</sup>Subject to eligibility.

### INFORMATION RESOURCES:

<sup>8</sup> Includes three free trial months beyond which service fees apply. Available in 10 Canadian provinces and 48 contiguous United States.

<sup>11</sup> Requires 7-speaker Monsoon 286-watt premium sound system.

S – Standard. O – Optional individually or in combination with other optional equipment.

## DIMENSIONS

### EXTERIOR, mm (in.)

Wheelbase	2600 (102.4)
Length	4365 (171.9)
Width	1775 (69.9)
Height	1580 (62.2)
Front tread	1515 (59.6)
Rear tread	1495 (58.9)

### INTERIOR, mm (in.) front/rear

Headroom	1030/1011 (40.6/39.8)
Legroom	1061/923 (41.8/36.3)
Shoulder room	1352/1336 (53.2/52.6)
Hip room	1312/1214 (51.7/47.8)

### CAPACITIES/WEIGHT

Cargo, L (cu. ft.)	– Rear seats up	547 (19.3)
	– Rear seats down	1533 (54.1)
Fuel tank, L (imp. gal.)		50 (11.0)
Curb weight (est.), kg (lb.)		1225 (2701)

### TOWING

1.8L DOHC (VVT-i) 5-speed manual transmission 3.94 final drive ratio	680 kg (1500 lb.) maximum gross trailer weight*
1.8L DOHC (VVT-i) 4-speed automatic transmission 2.96 final drive ratio	680 kg (1500 lb.) maximum gross trailer weight*

\*Includes weight of trailer, cargo, passengers and equipment. All towing recommendations are subject to change. Trailer tongue load should be 10% of the maximum trailer weight but should not exceed the load rating specified for that vehicle, engine or hitch combination. See your dealer or refer to the Vibe Owner's Manual for details.

## WHEELS

A – 16" steel, bolt-on wheel cover    B – 16" aluminum wheel    C – 17" aluminum wheel

### A WORD ABOUT THIS BROCHURE

Some of the equipment shown or described throughout this brochure may be available at extra cost. We have tried to make this brochure comprehensive and factual. We reserve the right, however, to make changes at any time, without notice, in prices, colours, materials, equipment, specifications, models and availability. Specifications, dimensions, measurements, ratings and other numbers in this brochure and other printed materials provided at the dealership or affixed to vehicles are approximates based upon design and engineering drawings and prototypes and laboratory tests. Your vehicle may differ due to variations in manufacture and equipment. Since some information may have been adapted since the time of the printing, please check with your GM dealer for complete details. General Motors of Canada Limited reserves the right to lengthen or shorten the model year for any product, for any reason, or to start and end model years at different times.

### A WORD ABOUT ASSEMBLY

GM vehicles are equipped with engines and components produced and assembled by different operating units of General Motors, its subsidiaries and suppliers and these engines and components may change or be obtained from different sources from time to time. All such engines and components are approved for use in GM vehicles. Certain equipment ordered may be unavailable at the time of assembly and we suggest that you verify that your vehicle includes the equipment you ordered, or if there are changes, that they are acceptable to you.

# EXTERIOR COLOURS

Colours may not be exactly as illustrated due to restrictions of the printing process. Please see your Sales Consultant for specific colour and model availability.
