OVERVIEW

ACCELERATING THE FUTURE OF AUTOMOTIVE PERFECTION.

At Hyundai Auto Canada Corp., we are committed to continuous improvement in the quality of our vehicles. It's the reason why Hyundai has become an undeniable force in the global automotive industry, reaping the rewards of enormous investment in the most modern and technologically advanced factories in the world. Hyundai's commitment to delivering quality vehicles matched to North American needs is further underlined with the creation of the Hyundai America Technical Center and the Hyundai California Design Center.

This is how Hyundai has earned a reputation for designing well-built, well-equipped and well-priced vehicles that readily address Canadian lifestyles – consistently ranking among the industry's top-performing automakers.

Consider the 2008 Entourage. Hyundai has revitalized the minivan category by providing families with a full-sized, versatile driving solution. With its powerful, world-class 3.8L V6 engine, a host of family-friendly features plus more utility and comfort than ever thought possible,

Hyundai's commitment to research and design is clear. You'll soon see that Entourage delivers on the Hyundai promise to surpass consumer expectations while doing so in an attractive, yet affordable package. Entourage's advanced levels of sophistication and refinement reflect Hyundai's progress through its application of research, development and cutting-edge technology to its ever-evolving family of world-class products. We invite you to discover the no-compromise world of Hyundai and become part of our growing family.

08ENTOURAGE

EXTERIOR

ADVANCING YOUR EVERY EXPECTATION.

Minivans have evolved from large-scale family driving solutions into a preferred mode of transportation for anyone demanding the right blend of versatility, peak performance and total comfort. Safety has always been key but, until now, no minivan has offered it all while

still remaining an exceptional value. Until Entourage, which does deliver it all – from the 5-star crash test Safety Rating to highly responsive performance, generous seating for seven and maximum utility.⁹ One look quickly announces Entourage as a smart,

stylish solution to any family's functional needs. One drive is all it takes to appreciate its comfortable seating, car-like ride and highway stability.

CARGO-READY. From standard dual sliding doors to handy tailgate, Entourage is easily loaded but not easily filled. Power sliding doors are standard on GL, GLS and Limited while a power tailgate is added on GLS and Limited – perfect when your arms are full and you need the added convenience.

ALLOY WHEELS. Move up to 17-inch, 7-spoke alloy wheels with GLS and Limited, combining the benefits of improved performance with stunningly tasteful good looks.

08 ENTOURAGE

PERFORMANCE

FAMILY ADVENTURE TAKES THE HIGH ROAD.

Entourage is the dream design of a minivan for any parent who still loves to drive. Its robust engine is far from subtle – a performance-rich 3.8L, DOHC, V6 engine with 250 horsepower and the benefits of Continuously Variable Valve Timing. Its 253 lb-ft @ 3,500 RPM of torque underlines its ability to work as hard as it plays. Its seamless, 5-speed SHIFTRONIC™ automatic

transmission adds control while its sturdy, car-like feel – thanks to MacPherson strut (front) and multi-link (rear) suspension – breeds confidence. The added security of Entourage's 4-wheel Anti-lock Braking System (ABS) with Electronic Brake Force Distribution (EBD) reassures you to the realization that you're in full control.

Not exactly as shown

POWERFUL PEOPLE-MOVER. You're looking at Entourage's powerful 3.8L, 250 hp, 24-valve DOHC, V6 engine with Continuously Variable Valve Timing (CVVT) which, should you need a sudden burst of speed to get up and go, delivers the torque and horsepower you'll need.

STYLISH MEETS SOPHISTICATED. Entourage has been carefully designed to meet the real needs of active families who lead active lifestyles. From its sleek, aerodynamic exterior to its family-friendly interior design, it does so – in smart, fashionable style.

08ENTOURAGE

INTERIOR

PROGRESSIVE THINKING PERSONIFIED.

From the moment you slip into your plush, multi-adjustable, lumbar-supported Captain's chair, grip the available leather-wrapped steering wheel and take a look around, you realize that Entourage speaks your language. Equipped with a generous array of enviable features, it injects more pleasure into parenting while adding more fun to every excursion. From the convenience of power windows, locks and exterior mirrors to cabin ergonomics that take

the concept to new heights; storage and seating capacity design that borders on brilliance and an artfully crafted interior that satisfies on all levels of good taste and pure practicality. There's simply not a bad seat in the house.

As you turn up your AM/FM/CD audio system with six speakers, letting your heated seats take the chill out of winter (GLS, Limited), consider your many seating alternatives – and the convenience of removeable,

flip-and-fold second row seats and Hyundai Hideaway™ 60/40 split, fold-into-the-floor third row seating. With so much choice and flexibility, you'll wish you had discovered Entourage sooner.

THE GREAT INDOORS. Entourage is loaded with utility and multi-function potential, offering 4,007 litres of valuable cargo space, plus plenty of convenient loading access with dual sliding doors (powered on GL, GLS and Limited) and a rear tailgate (powered on GLS and Limited).

INTEGRATED MEMORY SYSTEM. Sitting down in comfort is always a pleasure, especially as GLS and Limited add the convenience of an 8-way power driver's seat while Limited includes a Driver's Integrated Memory System. The I.M.S. not only remembers your preferred seat settings but also memorizes your preferred settings for external mirrors and pedals as well – exactly as you like it.

08ENTOURAGE

SAFETY

PLAYING IT SAFE HAS NEVER BEEN MORE FUN.

At Hyundai, safety is always top-of-mind. Entourage is evidence of this dedication. Entourage earned a 5-star crash test Safety Rating from the NHTSA after scoring a top rating for front and side crash protection.⁹ This reinforces the Hyundai commitment to keeping you and your family safe, as does building advanced safety technologies into every Hyundai made. Entourage's

comprehensive suite of active and passive standard safety features contribute to your overall peace of mind: from a 6-airbag Supplemental Restraint System (SRS)¹, unibody construction and Anti-lock Braking (ABS) with Electronic Brake Force Distribution (EBD) and Brake Assist (BA) to front Active Head Restraints and a Power Tailgate with Pinch Protection (GLS, Limited). Features

including remote keyless entry with alarm, child-proof rear door locks and a LATCH child-seat system empower you with an added sense of confidence while such advancements as Electronic Stability Control with Traction Control System² and a Rear Parking Assist System (standard on the GL, GLS and Limited) demonstrate our desire to keep you a member of the Hyundai family.

ADDED SECURITY. Entourage offers child seat anchors – LATCH (Lower Anchors and Tethers for Children) – an attachment system for child seats available in both second and third row (outside) seats, providing safe and accurate seat installation with ease, every time.

ENHANCED TRACTION AND STABILITY – STANDARD. Electronic Stability Control (ESC) with Traction Control System (TCS)² works to help correct oversteer or understeer to keep your wheels where they're meant to be by applying braking power and reducing engine power as required.

08ENTOURAGE

QUALITY

DISCOVER THE ROAD TO UNCOMPROMISING QUALITY.

By definition, quality refers to the highest standards – which is exactly what Hyundai strives for in everything we do. Hyundai has invested heavily into the North American market, demonstrating an absolute and fine-tuned commitment to manufacturing automobiles to meet the highest standards demanded by our North American customer. Focusing in on the parameters of quality, value, styling and safety, Hyundai has

supplemented its worldwide research and testing facilities with new engineering initiatives including Ann Arbor’s Hyundai America Technical Center and the new Hyundai California Design Center.

From cutting-edge design to technologically advanced safety and styling, Hyundai is earning praise for its wide selection of people-pleasing vehicles that deliver on platforms of competitive quality and exceptional value

like never before. We’re turning heads and converting savvy consumers to the Hyundai brand in ways North Americans might not have thought possible.

Surpassing your expectations is no easy task. Yet it’s a challenge that Hyundai is committed to meet at every level of the ownership process. The road goes ever onward but we won’t stop until you discover Hyundai for yourself.

ZERO DEFECTS. Hyundai embarked on its quality mission in 1999, when it launched its “Zero Defects” program. This initiative involves everyone – from design engineers to the factory workers on the line – and every aspect of the company’s culture in a devout commitment to quality manufacturing across the board. The results are obvious.

PROOF POSITIVE. Premium quality comes about from a constant dedication to perfecting our product. The Hyundai Proving Ground in California City – a 10.3 kilometre oval track, a 4.4 kilometre winding track and a 5.3 kilometre hill road – subjects each Hyundai to rigorous testing, ensuring that only the best quality automobiles are produced.

08ENTOURAGE

ACCESSORIES

ACCESSORY SOLUTIONS THAT SPEAK TO YOUR NEEDS.

Thanks to Hyundai, there's a better way to buy a car these days. You can get the car you want with the high-end quality features you'd thought were out of reach. Hyundai is making its name on delivering unprecedented quality and value, reaping the rewards that come from offering Canadians a wide variety of lifestyle-friendly vehicles loaded with outstanding packages of standard features and premium extras.

At the same time, individual choices are the key to customizing the vehicle that's right for you. Hyundai offers you a long line of authorized parts and accessories to better adapt your Entourage to your way of life. From interior and exterior options to roof racks and trailer hitches, custom-fit your Entourage your way.

- 1 PLASTIC HOOD PROTECTOR.** Prevent dents and scratches caused by road and vehicle debris with an attractive plastic hood protector
- 2 TRAILER HITCH KIT.** Designed to meet all your towing needs, a Hyundai hitch can accommodate a wide variety of hitch-mounted accessories. Kit includes the trailer hitch, wiring harness, ball mount and end cap.

- 3 CARGO NET.** A custom-fit cargo net ensures everything you're transporting remains organized and in place by preventing items from sliding around.
- 4 DVD PLAYER.** Keep your passengers entertained on extended journeys with a ceiling-mounted DVD Player. Features a 10" screen and two wireless headphones. Additional headphones are also available.

- 5 CROSS RAILS.** This durable, quick-locking cross rail system lets you transport cargo easily, without sacrificing interior room.
- 6 RUNNING BOARDS.** Getting in and out of your vehicle is easy with a set of durable aluminum running boards.

SPECIFICATIONS

All information is accurate at the time of printing. Hyundai Auto Canada Corp. reserves the right to change or modify equipment or specifications at any time without prior notice. All Hyundai warranties have no deductible.

- † Hyundai's Comprehensive Limited Warranty coverage covers most vehicle components against defects in workmanship under normal use and maintenance conditions.
- †† Includes fuel delivery service, flat tire changing, lock-out service, towing service and more. Just one toll-free call away. 24 hours a day.
- 1. The Supplemental Restraint (Airbag) System (SRS) is designed to work with the 3-point seatbelt system. The SRS deploys in certain frontal and/or side-impact conditions where significant injury is likely. The SRS is not a substitute for seatbelts, which must still be worn at all times. Children under the age of 13 should be securely restrained in the rear seat. NEVER place a rear-facing child-seat in the front seat of a vehicle with an airbag.
- 2. Electronic Stability Control (ESC) and Traction Control System (TCS) are meant to enhance conscientious driving habits and are not a substitute for safe driving practices.
- ♦ (NHTSA) National Highway Traffic Safety Commission awarded the 2008 Entourage the 5-Star crash test Safety Rating for Frontal and Side Impacts, "Highest Possible Safety Rating." Government star ratings are part of the U.S. National Highway Traffic Safety Administration's (NHTSA's) New Car Assessment Program (www.safercar.gov).
- ** CAN/ULC S338-98 compliant immobilizer may reduce insurance costs in some instances.
