

THE NEW F-150

2009

BUILT  
*Ford*  
TOUGH

# A Major Leap Forward

Introducing the new 2009 F-150.

Year after year, you and thousands of other Ford drivers tell us how you use your trucks and what you need. The new F-150 is engineered and built to meet those needs — and then some. That's what Built Ford Tough® is all about.

From its best-in-class<sup>1</sup> capabilities to outstanding interior comfort, excellent ride and handling to the most advanced safety systems available on a full-size pickup, the new F-150 delivers at every turn. Beyond what you've come to expect from F-150, this new pickup offers an impressive array of technologies and features that work to make life easier. Towing the heaviest load feels more confident and secure. Loading, unloading and managing cargo is faster and more convenient. You can even call home or find your way with simple voice commands.

Read on and discover how F-150 continues to set the standards by which pickups are measured. More than ever, F-150 is the right truck for your work life and family life. The proof is in these pages — and behind the wheel.

The main image shows a red 2009 Ford F-150 pickup truck driving on a multi-lane highway. The truck is positioned in the center lane, moving towards the viewer. The background is slightly blurred, suggesting motion. The truck has a chrome grille with the Ford logo, large headlights, and a prominent front bumper. The side of the truck features the "FORD" logo on the door. The overall scene conveys a sense of power and performance.

## NEW STRENGTH & EFFICIENCY

310 HP AND 365 LB.-FT. ON 5.4L 3-VALVE V8 FFV<sup>3</sup>  
UP TO 9.6L/100 KM<sup>2</sup> (29 MPG) HWY AND 14.3L/100 KM  
(20 MPG) CITY WITH SFE PACKAGE

BEST-IN-CLASS<sup>1</sup> CAPABILITY: 3030 LBS./1374 KG  
BEST-IN-CLASS CARGO BOX VOLUME  
NEW CLASS-EXCLUSIVE BOX SIDE STEPS  
NEW CLASS-EXCLUSIVE TAILGATE STEP  
NEW STOWABLE BED EXTENDER

## Now up to 9.6L/100 km (29 mpg) hwy.

The SFE (Superior Fuel Economy) Package combines the new 4.6L 3-valve V8, new 6-speed automatic transmission, a 3.15 rear axle, and more to achieve outstanding fuel economy in a full-size pickup: up to 9.6L/100 km<sup>2</sup> (29 mpg) hwy. and 14.3L/100 km (20 mpg) city. Plus, F-150 SFE boasts a payload of up to 1620 lbs./735 kg and can tow up to 7500 lbs./3402 kg.

<sup>1</sup>Class is Full-Size Pickups under 3855 kg (8500 lbs.) GVWR.

<sup>2</sup>Fuel consumption ratings based on Transport Canada approved test methods. See Specifications section for complete fuel consumption information.

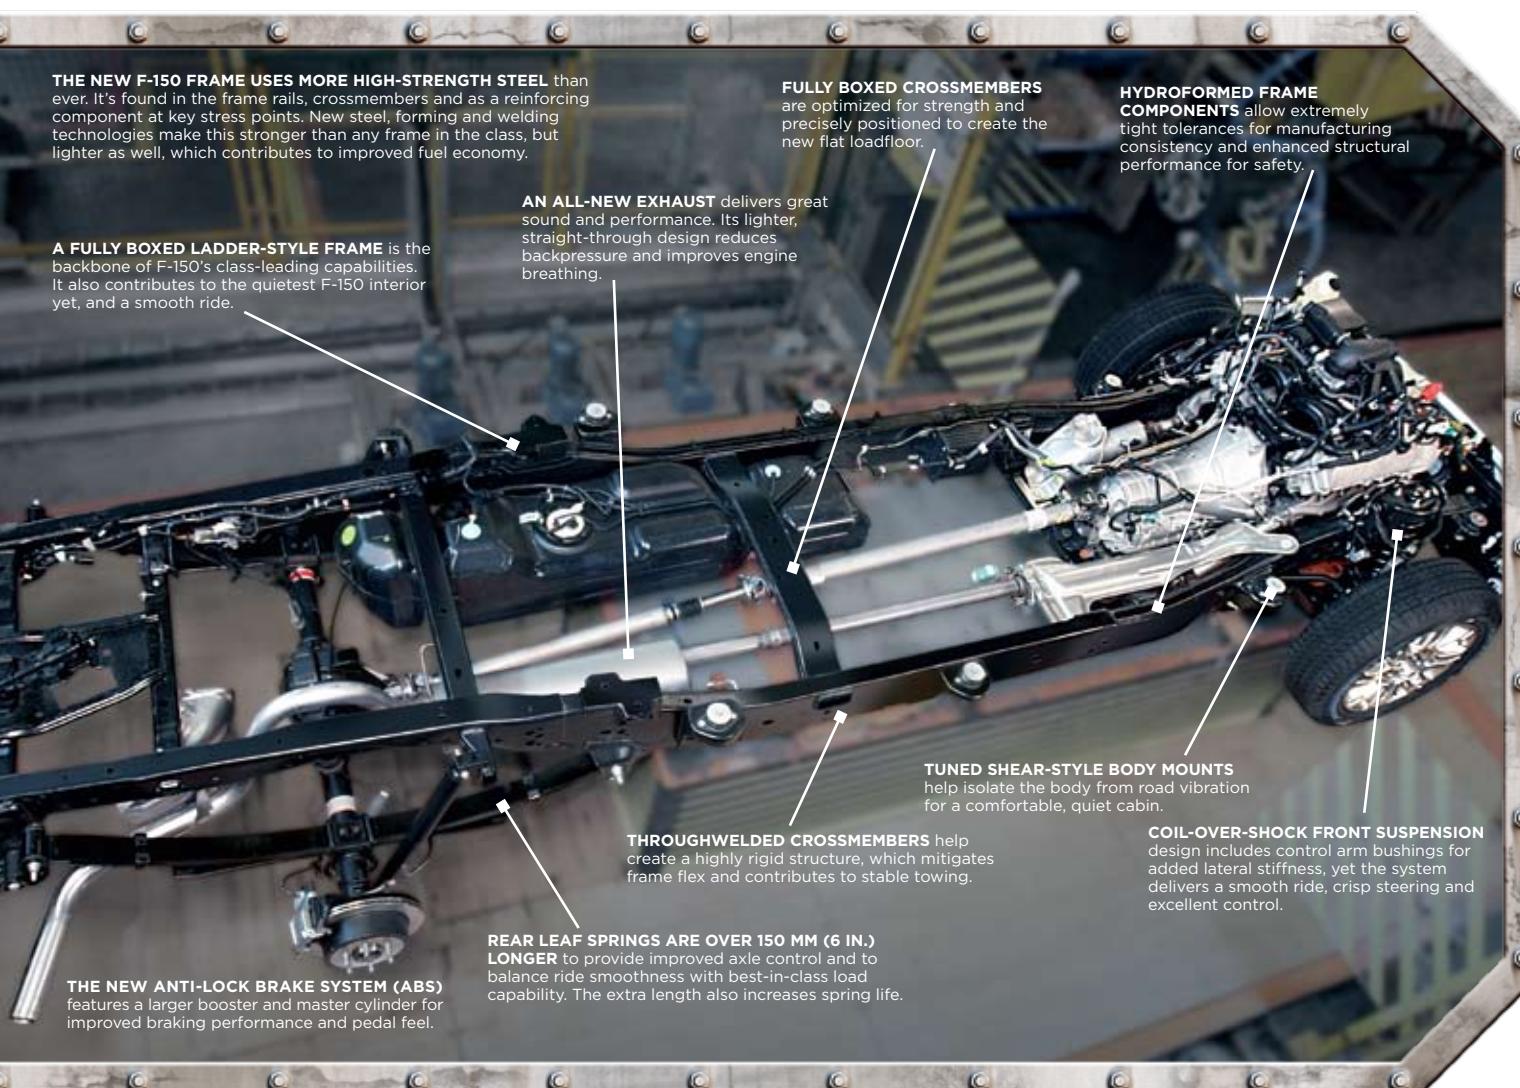

<sup>3</sup>320 hp and 390 lb.-ft. of torque with E85 fuel.

Vehicles throughout this catalogue may be shown with optional and aftermarket equipment.

Items listed may be optional and/or require additional equipment. See Specifications section for feature availability.

# Stronger, More Efficient

F-150 is more capable, yet lighter than before.

## New All-V8 Lineup

### THE 4.6L 2-VALVE V8 ENGINE

with 4-speed automatic kicks off the new engine lineup. It delivers a 22% boost in horsepower over last year's base powertrain, while maintaining nearly the same fuel economy. This 248-hp, 294-lb.-ft.-of-torque workhorse also increases base towing capability up to 2300 lbs. (1043 kg) over the base 2008 F-150.

### THE NEW 4.6L 3-VALVE V8

with the new 6-speed automatic puts out 292 hp and 320 lb.-ft. of torque, and delivers up to 9.6L/100 km<sup>1</sup> (29 mpg). This new setup increases maximum towing by as much as 3100 lbs. (1406 kg) versus last year's mid-range engine/transmission.

<sup>1</sup>Requires SFE Package. Highway fuel consumption ratings based on Transport Canada approved test methods. See Specifications section for complete fuel consumption information.

### A MORE POWERFUL 5.4L V8

with the new 6-speed automatic boasts 310 hp and can twist out 365 lb.-ft. of torque.<sup>2</sup> This increases maximum towing capability up to 1800 lbs. (816 kg) over last year. With Flex Fuel (FFV) capability, it runs on E85 (85% ethanol/15% gasoline), straight gas or any blend in between.

<sup>2</sup>320 hp and 390 lb.-ft. of torque with E85 fuel.

Fully boxed construction and high-strength steel create a solid foundation. Computer-aided engineering and frame-gauge optimization pare down the weight. The results are best-in-class towing and hauling capacities, plus remarkable improvements in ride, interior room, quietness and safety.

Engineered for ultimate practicality, every new F-150 powertrain has the right balance of usable power, capability and fuel efficiency. With these powerful choices, you're sure to find the combination that fits your needs.

## Fuel Economy Improvements

Improved aerodynamics and weight reductions help the new F-150 cut through the air with less drag. This contributes to increased fuel efficiency and reduced wind noise.

New open-valve injection on 3-valve engines produces better fuel swirl for faster and more complete combustion. The result: More power, better fuel economy and lower emissions.

Software upgrades to the Powertrain Control Module reduce fuel burned during deceleration.

Reduced engine idle speeds use less fuel at stop lights.

## New 6-Speed Automatic

is standard on the 4.6L and 5.4L 3-valve V8s. Six speeds improve fuel efficiency and deliver seamless shifting. Heavy-duty clutch packs, a beefy hydraulic pump, and a forged output shaft handle high torque and towing demands with ease. And the new Tow/Haul Mode uses electronic shift control and engine braking to help you manage the heaviest loads.

# Safest F-150 Yet

Setting a higher safety standard for pickups.

Every new F-150 features more advanced standard crash avoidance technology and passenger protection systems than any pickup in its class. Standard AdvanceTrac® with RSC® (Roll Stability Control™), the Safety Canopy® System with roll-fold side-curtain airbags, and high-strength materials work together in this remarkably safe truck.

## Personal Safety System®

Enhancing protection for the driver and right-front passenger, this network of smart sensors controls the deployment of the dual-stage front airbags! The system measures the driver-seat position, whether the right-front-passenger seat is occupied, the weight range of the passenger, front safety belt use, and the severity of the crash. These details help the system deploy the front airbags in just the right way, at just the right time.

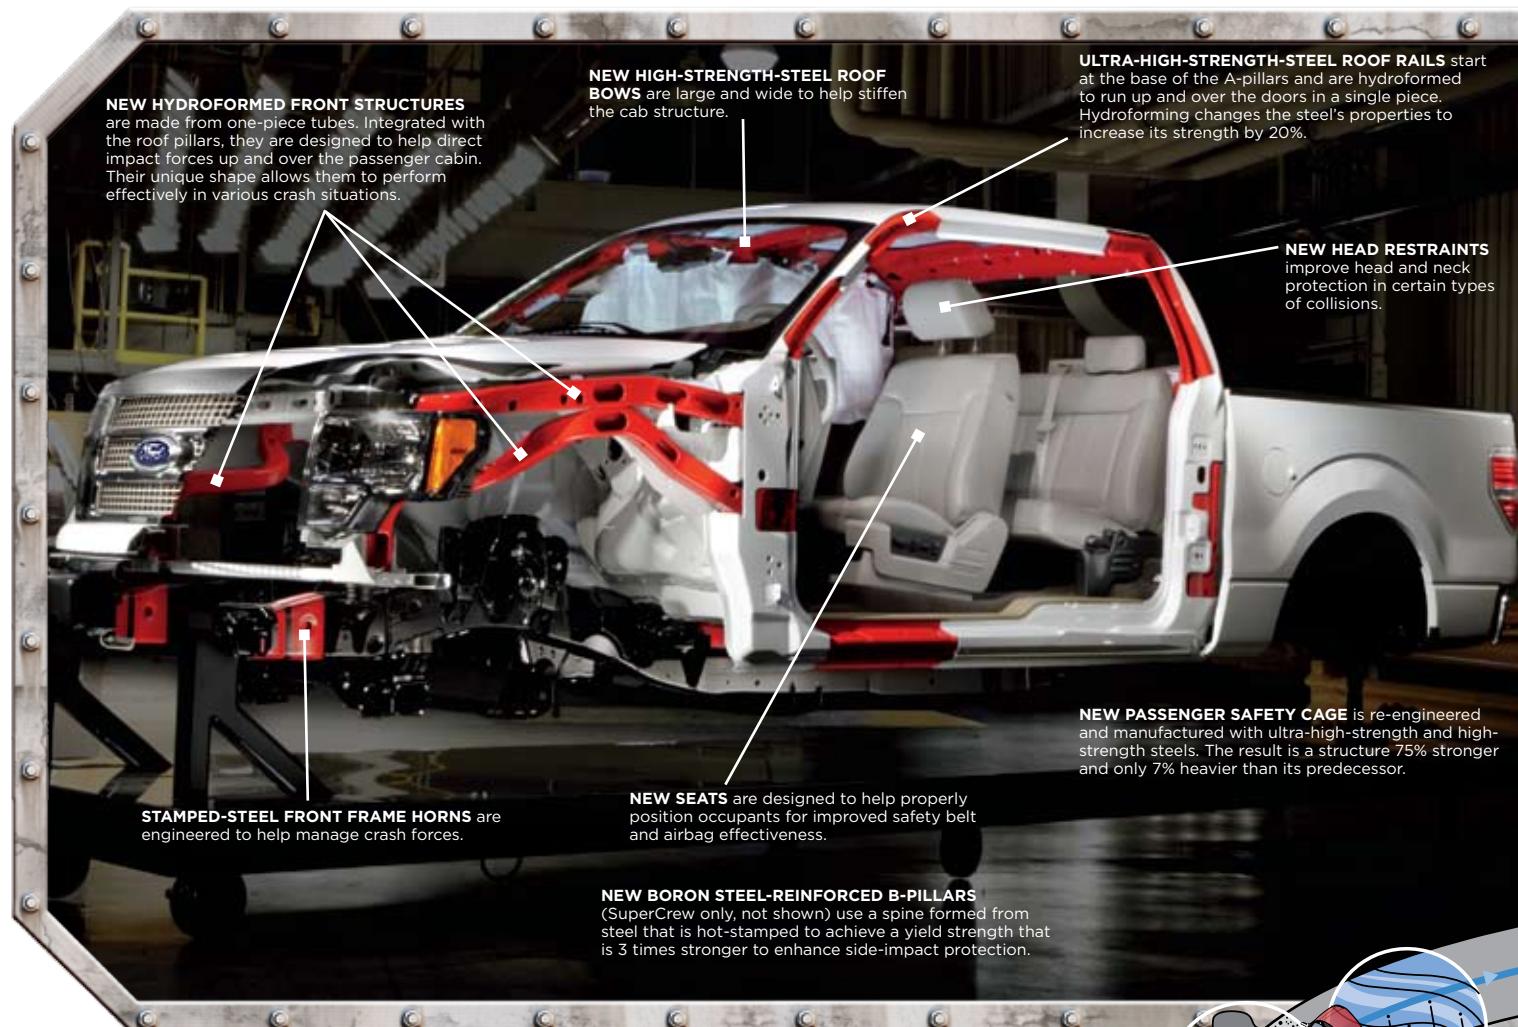

## New 6-Airbag Protection

The standard Safety Canopy System (above) offers protection in certain side-impact collisions and rollover events. Its advanced side-curtain airbags with roll-fold technology can slide the side curtain between the window glass and an occupant's head if they are leaning toward the glass. Newly designed front-seat side "K" bags (in yellow) help dissipate crash forces to help enhance protection of the chest and hip in certain side-impact events.<sup>1</sup>

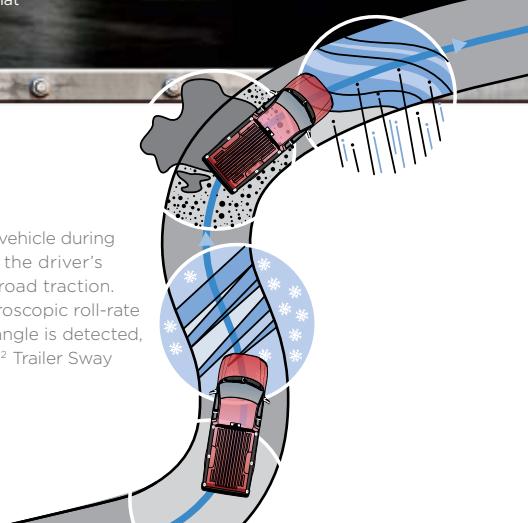

<sup>1</sup>Always wear your safety belt and secure children in the rear seat.

<sup>2</sup>Remember that even advanced technology cannot overcome the laws of physics. It's always possible to lose control of a vehicle due to inappropriate driver input for the conditions. For more information on Ford vehicle stability systems, visit [ford.ca](http://ford.ca).

## AdvanceTrac with RSC (Roll Stability Control)

Standard on every F-150, the system helps drivers maintain control of their vehicle during extreme steering manoeuvres by helping to keep the vehicle headed in the driver's intended direction, even when the vehicle nears or exceeds the limits of road traction. Unlike competitors' systems, this Ford-exclusive system uses a second gyroscopic roll-rate sensor to accurately measure the vehicle's roll motion. If a significant roll angle is detected, the system applies additional countermeasures to enhance roll resistance.<sup>2</sup> Trailer Sway Control builds on this system's capability when towing.

# Tow More, Tow Better

Confidence is standard on F-150.

**BEST-IN-CLASS TOWING  
11,300 LBS<sup>1</sup>  
(5126 KG) ACROSS ALL 3 CABS**

<sup>1</sup>Maximum capability when properly equipped.  
See your Ford of Canada Dealer for specific equipment and other limitations.

F-150 LARIAT SuperCrew 4x2 • Razor Red • LARIAT Chrome Package • Other available equipment

## New Trailer Sway Control

New Trailer Sway Control is advanced technology that's standard on every F-150. A yaw motion sensor in the AdvanceTrac® with RSC® (Roll Stability Control™) system detects trailer sway through the motions of the truck. AdvanceTrac then automatically corrects the motion by reducing engine torque and using selective wheel braking to help keep both truck and trailer under control.

## New Trailer Brake Controller

This new, factory-integrated option uses braking input, vehicle speed, and information from the vehicle's Anti-lock Brake System (ABS) to balance the performance of the truck brakes and electric trailer brakes. Its clean installation fits perfectly in the instrument panel.

Best-in-class towing involves more than brute strength. That's why we offer advanced, towing-specific technologies. F-150 is the first and only truck to combine class-leading towing capability in every cab style, Trailer Sway Control stabilization technology, and an optional integrated Trailer Brake Controller. A Rear View Camera and telescoping trailer tow mirrors are also available. They all add up to towing that feels effortless and more controlled than ever.

## Rear View Camera

This amazing option includes a camera mounted in the tailgate, and a video display in the auto-dimming rearview mirror or the available advanced Navigation Radio screen (above). Whenever the vehicle is in reverse, the camera provides a wide-angle view behind the truck. The built-in distance guide on the video display makes the system ideal for backing up to almost anything.

## New Tow/Haul Mode

This is a standard feature of the 6-speed automatic transmission. When activated, an electronic control unit reduces gear hunting, keeping the engine in its optimum power range during cruising and hill climbing. On downhill grades, it uses engine braking to slow the truck and its load.

## Telescoping Trailer Tow Mirrors

These available mirrors telescope for towing, giving you a wide rear view, and conveniently fold out of the way when manoeuvring in tight spaces. They feature heated power glass, a manual convex mirror, turn-signal indicators and security approach lamps.

# Leading the Way

The most cargo capability in the class.

Whether you've got loads of lumber or pallets of pavers, you want to move them efficiently and easily. Either way, the new F-150 has you covered. Its payload capability is best in class, and its deep box lets you pack in lots of cargo. Of course, hauling gets even easier when loading and unloading is more convenient. So Ford offers the best access available in the class, with new optional steps on all 3 sides of the cargo box.

## Class-Exclusive Box Side Steps

Mounted on either side of the box, these new, optional steps can hold up to 500 lbs. (227 kg) each. Deploy or stow them with your foot — no hands required. Now reaching cargo in the front of the box is easy.

A wide-angle photograph of a silver Ford F-150 SuperCrew 4x4 truck at a construction site. Two workers are loading the truck bed with various tools and supplies, including a red ladder, blue barrels, and a yellow power drill. The truck has '4X4' and 'FORD' badges on the rear quarter panel. The background shows a wooden building under construction.

**BEST-IN-CLASS PAYLOAD  
3030 LBS<sup>1</sup>  
(1374 KG)**

<sup>1</sup>Maximum capability when properly equipped. See your Ford of Canada Dealer for specific equipment and other limitations.

**THE NEW INTEGRATED TAILGATE STEP** (above) is another class exclusive. It makes cargo box entry and exit a breeze. Just raise the grab bar and flip down the skid-resistant step. This optional feature stows right in the tailgate.

F-150 XLT SuperCrew 4x4 • Brilliant Silver • Other available equipment

## New Stowable Bed Extender

This optional 53-cm- (21-in.-) tall barrier folds out, clamps together and secures to the tailgate with the bolt-action latch. Made of rugged fiberglass-filled polypropylene, it lets you haul with the tailgate down, or secure smaller loads with the tailgate up. It folds conveniently out of the way when not in use.

Shown at left with Ford Custom Accessories bed mat.

# Comfortably Connected

This versatile new interior can go very high-tech.

**SYNC**  
Powered by Microsoft

**SIRIUS**  
SATELLITE RADIO

F-150 interior design, quality and comfort have become benchmarks. For 2009, an all-new interior expands on that tradition. New "Active Comfort" seats are contoured for comfortable support, even on the longest trips. Rear seatbacks are reclined for a more natural seating position. The cabin has been engineered to minimize wind, road and mechanical noise so effectively, we've created the quietest F-150 yet.

The 2nd row in the new F-150 SuperCrew puts more passenger room behind the front seats than any truck in the class — that's room you can use and enjoy.

Plus, available features make work easier and life more convenient. An advanced, voice-activated Navigation Radio integrates driving directions with high-quality audio. It's all displayed on an easy-to-use, 8-in. touch screen with bold, colourful graphics.

F-150 FX4 SuperCrew • Black • FX4 Luxury Package • Other available equipment

**The Navigation Radio option** (above right) takes your voice instructions and replies with turn-by-turn directions to get you where you want to go. Includes an in-dash screen, single-CD/DVD player with MP3, DVD-audio and DVD-video capabilities, a nearly 10-GB music jukebox and SIRIUS Satellite Radio.

**Sirius Satellite Radio** is standard on most models. It delivers up to 120 channels of digital programming, including sports, news, personalities and 100% commercial-free music. It even includes 6 months of prepaid service. See your Ford of Canada Dealer or contact SIRIUS at 1-888-539-7474 for more information.

**Ford SYNC<sup>®</sup>**, powered by Microsoft,<sup>®</sup> lets you control most Bluetooth<sup>®</sup>-enabled mobile phones and portable digital media players with simple voice commands.<sup>1</sup> It's versatile, affordable and optional exclusively on select Ford vehicles.

<sup>1</sup>Driving while distracted can result in loss of vehicle control. Only use mobile phones and other devices, even with voice commands, when it is safe to do so. Microsoft is a registered trademark of Microsoft Corporation. The Bluetooth word mark is a registered trademark owned by the Bluetooth SIG, Inc.

**New Flat Loadfloor**  
F-150 SuperCrew (left) has over 150 mm (6 in.) of additional room behind the front seats. Flip up the one-touch rear seat for a fully flat loadfloor and 1631 litres (57.6 cu. ft.) of cargo space.

# Country, City & More

Welcome to the widest choice of pickups in Canada.

## XL

The advancements that make this new F-150 the best are all right here. The standard 4.6L 2-valve V8, strongest frame, and the enhanced braking and suspension systems are ready for serious work. Properly equipped, it can carry up to 3030 lbs. (1374 kg)<sup>1</sup> or tow up to 11,300 lbs. (5126 kg).<sup>1</sup> The all-new interior and a smooth, quiet ride also come standard. They're as much a part of F-150 as its legendary durability.

<sup>1</sup>Requires Heavy-Duty Payload Package and 5.4L 3-valve V8.

**New Easy Fuel™ Capless Fuel Filler** is standard on F-150. It eliminates the fuel cap, so you don't have to remove it or remember to replace it, and it creates a positive seal for the fuel port. Just open the fuel door, gas up, close the door and go. How easy is that?

**CLOTH 40/20/40 SPLIT FRONT SEATS** with handy under-seat storage are available on XL.

F-150 XL Regular Cab 4x4 • Dark Blue Pearl • Other available equipment

F-150 STX SuperCab 4x2 • Amber Gold • Other available equipment

## STX

has F-150 capability plus unique features inside and out. A monochromatic exterior and 17-in. machined-aluminum wheels define its look. Cloth seats provide cruising comfort, and the standard audio system with auxiliary input lets you listen to your own playlists from any compatible audio player. Other options include: fog lamps, step bars, and 18-in. machined-aluminum wheels.

# Whatever Life Brings

It's the right tool for the job.

F-150 XLT SuperCab 4x2 • Oxford White/Pueblo Gold Two-Tone • XTR Package, optional 20-in. chrome-clad aluminum wheels  
• Other available equipment

## Room, Comfort, Convenience

There's even more to like on the inside. Standard remote keyless entry, power mirrors, windows and locks, plus premium cloth seating make it very comfortable for work and play alike. Cruise control and driver manual lumbar help on long trips. And there are options like a 6-disc in-dash CD changer and Ford SYNC®. Yet for all its good looks and comforts, this is one durable interior — ready to handle whatever you (or your crew) can dish out.

**ALL-NEW TAILGATE** has a flared top rail and additional sculpting, both of which improve aerodynamics. Decreasing air turbulence behind the truck contributes to better fuel economy.

**XLT** is everyday versatility and hardworking value. It's available with every powertrain combination, cab style and box size. If hauling and towing are priorities, the available 310-hp 5.4L 3-valve V8, Heavy-Duty Payload Package and Max. Trailer Tow Package can equip XLT to handle best-in-class loads. Standard 17-in. painted machined-aluminum wheels, chrome grille and chrome bumpers ensure you'll arrive in style, no matter the task.

**XTR** Package. Choose this option to add a handsome group of features to your XLT. It kicks off with 18-in. chrome-clad aluminum wheels, then adds fog lamps, SecuriCode™ keyless-entry keypad, heated sideview mirrors, chrome front tow hooks (4x4 only), 5-in. chrome tubular running boards, and a chrome exhaust tip. A colour-coordinated leather-wrapped steering wheel is the finishing touch. 18-in. LT tires are available<sup>1</sup> to give you extra-strength hauling and off-highway capabilities. For even more visual punch, choose the available 20-in. chrome-clad aluminum wheels.

<sup>1</sup>Late availability on 4x2.

# Get Into It

And let this powerful new F-150 get you out there.

F-150 FX4 SuperCab • Blue Flame/Sterling Grey Two-Tone • FX4 Luxury Package • Other available equipment

## New Electronic Locking Rear Differential

Unlike a limited-slip unit, this rugged dog-clutch gearset locks the rear axles together to minimize rear-wheel spin and to ensure maximum power is delivered to the rear wheels.<sup>1</sup>

<sup>1</sup>See F-150 Owner's Guide for complete operating instructions before use.

## FX4 Luxury Package (right)

This optional group of features blends added refinement with FX4's off-road credentials. It includes Ford SYNC,® FX4 sport leather-trimmed front captain's chairs with flow-through console, heated front seats, 10-way power front captain's chairs, memory driver seat, and more.

## FX4

Get out into mud bogs, rocky terrain, and forest two-tracks with FX4 — the off-road athlete of the F-150 line. It's got the power, equipment and aggressive off-road style to take you way, way out of town.

Standard gear includes a 5.4L 3-valve V8; off-road-tuned shocks; skid plates that protect the front crossmember, transfer case and fuel tank; 18-in. all-terrain tires and more. You can even choose optional 17-in. machined-aluminum wheels wrapped in special all-terrain tires that feature a high profile and rugged tread for improved off-road capability.

Available in SuperCab and SuperCrew, FX4 also features a level of interior refinement that feels like home, wherever you roam.

# Capability, Luxury

And no compromises.

## LARIAT

Under the skin, Built Ford Tough® equips it to tow and haul as you'd expect. Inside, an impressive list of standard features makes it as comfortable for work as it is after hours. When you're ready for tough and luxury, climb into the truck that supplies plenty of both.

### SONY® Premium Audio

Optional on select models, its 700 watts of power deliver outstanding sound. A 6-disc in-dash CD changer with MP3 capability and the auxiliary audio input jack let you choose your music source. The 10-speaker system delivers pure digital clarity and features a subwoofer for deep, rich bass.

F-150 LARIAT SuperCrew 4x4 • Razor Red • LARIAT Chrome Package • Other available equipment

### More Than a Truck – an Experience

From the comfort of leather-trimmed seats to Ford SYNC®, the list of standard features goes on and on. Find your perfect driving position in the 10-way power driver seat, then lock it in with the memory function. Set your personal comfort zone with Dual-zone Electronic Automatic Temperature Control. For even more year-round comfort, the standard front captain's chairs, which are heated and cooled, feature a flow-through centre console with floor shifter. Now you're living — LARIAT style.

# The Ultimate F-150s

Sophistication and wide-open spaces.

## PLATINUM STANDARD FEATURE HIGHLIGHTS

20-in. polished forged-aluminum wheels • Satin-finish grille surround and mesh insert • Body-colour bumpers and wheel-lip mouldings • Power-deployable running boards • SONY® 700-watt Premium audio system with AM/FM stereo, 6-disc in-dash CD changer with MP3 capability, 10-speaker array and auxiliary audio input jack • Power moonroof • Flow-through console with unique leather-trimmed lid and shift lever • Unique leather-trimmed, 10-way power, heated and cooled front captain's chairs • Leather-wrapped steering wheel with real wood insert and power tilt column • Memory system for power front seats, sideview mirrors, tilt steering wheel and power-adjustable pedals • Rear View Camera • Power-sliding rear window • Universal Garage Door Opener • And much more

## Standard Equipment

### Mechanical

Daytime running lamps
Electronic Brakeforce Distribution (EBD)
Fail-safe engine cooling system
Gas-pressurized shock absorbers
Hood-open assist mechanisms
Lightweight aluminum hood
Maintenance-free 72-amp-hr battery with battery saver
Power 4-wheel vented-disc brakes with Anti-lock Brake System (ABS)
Power rack-and-pinion steering
Spare tire with underframe winch and lock
Stabilizer bar – Front
Stainless steel exhaust system (major components)
Suspension – Front: long-spindle, double-wishbone coil-over-shock; rear: leaf springs
Tire Pressure Monitoring System (excludes spare)
Trailer tow – 4-pin connector
Electronic Shift-On-the-Fly (ESOF) transfer case (4x4 only)

### Safety/Security

Personal Safety System® for driver and right-front passenger – Includes dual-stage front airbags, <sup>1</sup> safety belt pretensioners, safety belt energy-management retractors, safety belt usage sensors, driver-seat position sensor, crash severity sensor, restraint control module and Front-Passenger Sensing System <sup>2</sup>
AdvanceTrac® with RSC® (Roll Stability Control™)
Trailer Sway Control
Safety Canopy® System with side-curtain airbags <sup>1</sup> for all rows, and rollover sensor
Safety belts, front – 3-point, outboard-front-passenger (Regular Cab includes 3-point centre front passenger; SuperCab and SuperCrew include 2-point centre front passenger)
Safety belts, rear – 3-point, all rear seat positions
Front-seat side airbags <sup>1</sup>
Belt-Minder® safety belt reminder – Driver and right-front passenger
Alert chimes – Headamps-on, key-in-ignition and safety belt
Brake/shift interlock
Fuel pump inertia shutoff switch
LATCH – Lower anchors and tether anchors for child-safety seats
SecuriLock® passive anti-theft engine immobilizer system
Side-intrusion door beams

### Interior

Air conditioning – Manual
Assist/grab handles – Right-front passenger (rear outboard on SuperCrew)
Coat hooks – 2
Cupholders – Front; 2 on instrument panel and 1 in each front-door map pocket
Cupholders – Rear doors (SuperCab and SuperCrew)
Display centre
Front dome or map lights
Front-door map pockets
Gauges – Fuel, voltmeter, oil pressure, engine coolant temperature, speedometer and odometer
Glove compartment
Horn – Dual-note
Power points – Front (all models) and rear (in SuperCab and SuperCrew models)
Tilt steering wheel

### Exterior

Cargo box lamp – Integrated into centre high-mounted stop lamp
Cargo box tie-downs – 4
Easy Fuel™ capless fuel-filler system
Headlamps – Aerodynamic clear-lens dual-beam halogen
Stake-bed pockets (n/a with Flareside or 5.5-ft. box)
Tailgate – Removable with key lock and Tailgate Assist™
Tow hooks – 2 in front (4x4 only)
Windshield wipers – Intermittent

<sup>1</sup>Always wear your safety belt, and in SuperCab and SuperCrew models, always secure children in the rear seat. <sup>2</sup>Right-front-passenger seat only.

### Our commitment to you... Peace-of-Mind Protection

- Basic Coverage:  
3 years/60,000 km
- Powertrain Warranty:  
5 years/100,000 km
- Corrosion Warranty:  
5 years/unlimited distance
- Roadside Assistance:  
5 years/100,000 km

Certain conditions apply. For more information on  
these warranties and coverages, ask your local  
Ford of Canada Dealer or visit [ford.ca](http://ford.ca).

### For prompt, courteous answers to your questions:

Please note: The electronic version of the  
Ford of Canada vehicle brochure is a condensed  
version of the original printed version.

Competitive comparisons are based on 2008 competitive models, publicly available information and Ford data at the time of printing of the 2009 original printed version. Some features discussed may be optional. Vehicles shown may contain optional equipment. Features shown may be offered only in combination with other options or subject to additional ordering requirements or limitations. Dimensions shown may vary due to optional features and/or production variability. Following publication of the 2009 original printed brochure, certain changes in standard equipment, options and the like, or product delays may have occurred which would not be included in these pages. Your Ford of Canada Dealer is your best source for up-to-date information. Ford Motor Company of Canada, Limited, reserves the right to change product specifications at any time without incurring obligations. Colours may not be exactly as illustrated. Please see your sales consultant for specific colour and model availability. Please visit your local dealer or [ford.ca](http://ford.ca) for complete vehicle details.

#### FORD EXTENDED SERVICE PLAN

For a purchase or lease, the Ford Extended Service Plan (ESP) gives you "Peace-of-Mind" protection designed to cover key vehicle components and help protect you from the cost of unexpected repairs. To add to your peace of mind and help protect your investment beyond your New Vehicle Basic Warranty, complement your ESP with a prepaid maintenance plan that covers all required scheduled maintenance items for your vehicle and 8 wear items. Ask your Dealer for a Ford ESP, the only service contract backed exclusively by Ford Motor Company of Canada, Limited, and honoured at all Ford and Ford Lincoln Dealerships across North America. Certain limitations and exclusions apply, see your Dealer for details.

#### FORD CREDIT

Get the ride you want. Whether you plan to lease or finance, you'll find the choices that are right for you at Ford Credit. Ask your local Ford of Canada Dealer for details or check us out at [fordcredit.ca](http://fordcredit.ca).
