## Seduction only takes a moment.

Lay your eyes on the new-generation CLS-Class for the first time and you will be captivated. If for any reason, the now familiar L-shaped headlamps don't grab your attention, everything else between them will – thanks to the addition of two slats interspersed by a diamond-lattice grille in atlas grey. The seductively arched roof, broad shoulders, frameless door glass and concealed B-pillars offer the stylish and intimate experience you expect of a coupe – only with the accessibility of four doors. Pleasing to the eye at all angles, the redesigned side mirrors feature arrow-shaped direction indicators, while the trapezoidal exhaust tailpipes guarantee to turn heads as you drive away. And just when you thought it couldn't get any more attractive, the CLS550 is exclusively outfitted with 18" 5-twin spoke alloy wheels, while the CLS63 AMG comes with 19" 5-triple spoke wheels – both hinting at the physical prowess that lies within.

It all comes together in a definitive statement – a unique blend of seduction and sensibility that is distinctly Mercedes-Benz.

**Beauty. Perfected.**  
In the CLS-Class, every detail is alluring, all the way to its elegant taillights.

## An oasis of tranquility.

You feel a sense of overwhelming well-being as you settle into the driver's seat of the CLS-Class. It's only natural. Ergonomically formed for optimum comfort and support, the seats in the CLS-Class help you make the most of its sporty credentials. We know that no two people have exactly the same build. That's why the heated front seats are equipped with a 10-way power adjustment system which allows them to be configured to provide the ideal position, cushion height, inclination and longitudinal setting for each front occupant.

The Climate Comfort front seats<sup>1</sup> feature fans arranged in the seat and backrest padding – evenly distributing warm or cool air under the leather upholstery. Each seating area is also controlled separately with the THERMOTRONIC automatic climate control system. So you can experience every journey in perfect comfort, from temperature to airflow to roominess.

Speaking of spacious, the back seat has two individual rear bucket seats that are as accommodating as they are stylish. Premium leather upholstery begs you to linger, and a generous amount of elbowroom and legroom only adds to the experience. In short, the CLS takes a back seat to no other car.

<sup>1</sup>Optional on the CLS550. Optional on the CLS63 AMG as part of the Premium Package.

The new-look instrument cluster with white dials supplies you with a wealth of key information.

The latest-generation COMAND APS stores an enormous amount of information and features an intelligent redesigned interface that's easy to use.

## Amplified luxury.

Relax, we've thought of everything. The steering wheel and selector lever in the CLS550 are finished in exquisite leather with a heated rim as standard! The dashboard is embellished with elegant Black Bird's Eye Maple wood trim – the largest single piece in any Mercedes-Benz vehicle. The centre console features the latest-generation COMAND APS multimedia control and display system. Combining audio, telephone, GPS navigation and personal seat settings, it now features a hard-drive based storage system, so you'll never need to change navigation DVDs while using the system – all the information is stored internally. An intelligent redesigned interface supports more media devices than ever before but is as user-friendly as always.

A world of sonic options is also at your fingertips. The standard 420-watt harman/kardon<sup>®</sup> LOGIC7<sup>®</sup> surround sound system gives you unparalleled sound quality from every seat with 12 precisely-placed speakers. SIRIUS Satellite Radio<sup>2</sup> is also standard, featuring more than 100 premium channels of the best commercial-free music, sports, talk and entertainment.

Other features include full Bluetooth connectivity, plus PARKTRONIC – an audio-visual parking assistance system that uses ultrasonic sensors in the front and rear bumpers to detect obstacles.

**SIRIUS**  
SATELLITE RADIO

 The SIRIUS Satellite Radio logo, consisting of the word "SIRIUS" in a bold, sans-serif font above the words "SATELLITE RADIO" in a smaller font. To the right of the text is a stylized silhouette of a dog's head, facing right.

<sup>1</sup>Not available in conjunction with the AMG Sport Package. <sup>2</sup>Complimentary six months of service included. Monthly subscription required for service thereafter.

## We like to keep you in suspense.

What kind of ride would you like your CLS-Class to have – one that maximizes its athletic potential or one which puts the emphasis on comfort? With the AIRMATIC DC air suspension system, you can make your choice at the touch of a button. Instead of conventional coil springs, an electronic system adjusts the setting of the air springs by using compressed air to create a harder or softer set-up to suit the given situation. If the sensors register sporty driving, the comfortable basic suspension automatically becomes firmer.

The AIRMATIC DC air suspension system also includes the Adaptive Damping System (ADS). The fully automatic electronics operate with three different damping stages which adjust the damping force at each wheel as required at any given moment. The result: The ride is beautifully smooth and directional stability is not impaired by poor road surfaces.

Precise handling from rough terrain to smooth pavement, all day and night – yet another outstanding quality of a CLS-Class driving experience.

**At night, the Active Bi-Xenon headlamp technology is designed to help create the most ideal road conditions.**

**The active light function moves the headlamp beams in concert with the driver's steering movements, thereby improving the illumination of curves and bends up to 25%.**

## History has a way of repeating itself.

The CLS-Class redefines what a coupe can be, without losing sight of what a Mercedes-Benz must be: passionate, innovative and athletically gifted. The victorious Mercedes Silver Arrows were descended from the Daimler-powered car that won the world's first auto race. The CLS-Class shares this bloodline, along with the heritage of some of the world's most treasured coupes.

The powerful V-8 engine is smooth and supple, and comes with a mighty 391 lb-ft of torque. Its four valves per cylinder combined with the continuous camshaft adjustment on the inlet and exhaust sides produce the engine's staggering output of 382 hp. Simply put, the CLS will take you from 0-100 in a brisk 5.4 seconds. The 7G-TRONIC automatic transmission is a perfect match for this kind of power, and will shift at a higher rpm when spirited driving is sensed.

## A graceful performance that will move you.

The experience of a CLS-Class is unforgettable. There is no mistaking the smoothness of the ride. Imagine a car that lets you rule the road. In this four-door coupe, every trip becomes a real pleasure, whatever the distance. Best of all, wherever you go, we can guarantee it will be an easy drive.

Seven gear ratios provide a larger ratio spread and can react on the basis of smaller differences in engine speed. This produces faster shift operations which, in turn, make for smoother running and improved ride comfort. The 7G-TRONIC automatic transmission employs the multiple downshift principle. This means that a number of gears can be skipped when shifting down. Also, the added AMG SPEEDSHIFT PLUS features a function that blips the throttle automatically during downshifts, matching the engine revs flawlessly. Downshifting becomes virtually load-free, creating a seamless, graceful drive even when you're braking ahead of corners on a race track.

Lightening quick responses at your fingertips: aluminium steering wheel shift paddles<sup>1</sup>, combined with a manual program mode, allow for quick gear changes essential to sporty driving.

<sup>1</sup>Optional on the CLS550 as part of the AMG Sport Package. Standard on the CLS63 AMG.

## Safety should always be standard.

The integral safety concept from Mercedes-Benz implements a forward-thinking, integrated safety philosophy. It is based on providing protection prior to and during critical situations.

Part of this philosophy is based on the principle that the valuable seconds between an accident risk being detected and the accident actually taking place should not be wasted. In the event of danger, all safety features not only coordinate effectively, but quickly. For example, the ADAPTIVE BRAKE system helps to optimize other safety functions, such as our Electronic Stability Program (ESP<sup>®</sup>), traction control (ASR), anti-lock brakes and Brake Assist (BAS)<sup>1</sup>.

If an accident should occur, the crash-responsive NECK-PRO head restraints for the driver and front passenger, as well as the front, side and window curtain air bags, can be activated in accordance with the type and severity of the impact. In the event of a frontal collision, intelligent sensors determine whether the impact is a minor one or more severe and adjusts the inflation of the two-stage front air bags accordingly.<sup>2</sup> In a front or rear-end collision exceeding a specific threshold, belt tensioners on the front and back seats instantly pull the belts tight against the occupants.

**In case of rear-end impact, pre-tensioned springs immediately react and push the NECK-PRO head restraints up and forward, effectively bracing the head and guarding against whiplash.**

<sup>1</sup>No system, regardless of how advanced, can overcome the laws of physics or correct careless driving. Please always wear your seat belt. Best performance in snow is obtained with winter tires. <sup>2</sup>WARNING: The forces of a deploying air bag can cause serious or fatal injuries to a child under age 13. Children under 13 should be seated in the back seat if possible. See Operator's Manual for additional warnings and information on air bags, seat belts and child seats.

AMG

## Takes your breath and all inhibitions away.

Its redesigned, sports car-inspired body already renders one speechless – until the moment you step on the gas. The CLS63 AMG is out of sight in no time, but never out of mind when you get from 0 to 100 km/h in just 4.5 seconds. This breathtaking performance is propelled by the most powerful, naturally aspirated V-8 engine in its class. Its awe-inspiring credentials include 507 hp and 465 lb-ft of torque. The AMG sport suspension – based on the AIRMATIC DC air suspension system – is quick to anticipate your every move and the AMG high-performance braking system with composite brake discs has been tuned accordingly.

Wherever the CLS63 AMG appears, its redesigned AMG body styling – featuring dynamic front and rear aprons, AMG 19" 5-triple spoke alloy wheels, side skirts and the two chromed twin tailpipes of the AMG sport exhaust system – is a magnet for envious glances. AMG body styling, as well as AMG 18" 5 spoke alloy wheels, is available for the CLS550<sup>1</sup>.

<sup>1</sup>Optional on the CLS550 as part of the AMG Sport Package.

## Magnificence: The inside story.

The sleek, eye-catching exterior lines continue through the interior, where leather and wood are king. The AMG interior is covered in the finest AMG Nappa leather in Black, Cashmere Beige or Alpaca Grey. Looking through a newly-designed three-spoke steering wheel, three chronometer-type gauges and two LCD bar graphs in the instrument cluster are accented by chrome rings and sleek Black Bird's Eye Maple wood trim.

The AMG SPEEDSHIFT 7G-TRONIC PLUS transmission makes for 35% faster gear changes and load-free downshifting thanks to a feature that blips the throttle automatically. Three shift modes via aluminium shift paddles on the ergonomic AMG sport steering wheel ensure that this formidable power is delivered instantaneously from your fingertips to the road.

Exhilaration isn't restricted to the driver. All passengers will be treated to exclusive AMG sport seats with supple Alcantara inserts. The four-zone THERMOTRONIC climate control regulates temperature separately for each front and rear seat, with the rear passengers having their own digital control panel for setting temperature and adjusting airflow. So whether you're behind the wheel or in the back seat, the CLS63 AMG will make every drive unforgettable.

## It's the little things that matter.

You never get a second chance to make a first impression, so follow your instincts and give your CLS the external finish and interior appointments you've always dreamed of. For a particularly individual touch, you can choose from the wide range of *designo* metallic paint finishes and leather colours. Settle back into the comfortable seats upholstered in the finest *designo* leather with decorative double topstitching. Cast your eyes over the roof lining which integrates harmoniously with the overall design. The *designo* trim elements in fine wood or stylish Black Piano Lacquer complete a look that virtually transforms the car's interior. But there's no need to worry, it's still a CLS-Class – it's just that now it's more irresistible than ever. The *designo* appointments are available separately in any number of different combinations.

Please see your dealer for details.

Perfection comes in various shades.

Express yourself with an array of beautiful paint finishes. Whether solid or metallic, they benefit from a scratch-resistant clear coat which makes them less susceptible to the effects of weather and environmental conditions such as precipitation, sunlight, temperature variations, dust and soot.

TeleAid operates only where cellular and Global Positioning System coverage is available. <sup>7</sup>Intended for track use only. Please obey all speed laws.

## Make it more aggressive, just for the sport of it.

Interested in ramping up your CLS? Take the CLS550 with the AMG Sport Package as an option. You will receive the AMG body kit complete with front and rear bumpers, as well as fitted side skirts for an extremely athletic and commanding appearance. Aggressive AMG 18" 5-spoke wheels with staggered width performance tires give you even better handling. Inside, the CLS550 AMG Sport Package offers pulse-raising steering wheel shift paddles for commanding the 7G-TRONIC transmission effortlessly.

If you're on a real power trip, the AMG Performance Package for the CLS63 AMG will satisfy – AMG performance suspension, AMG 19" 5-twin spoke forged wheels, and staggered width performance tires for take off and landing. It also comes with a tire pressure loss monitoring system that indicates if any wheel has lost air pressure. The hard-hitting list continues with internally ventilated composite brake discs at the front and a limited slip differential at the rear, plus an electronic speed limiter deletion<sup>1</sup> for an exhilarating rush. The interior is just as exciting, starting with a ruggedly elegant steering wheel that's seemingly tailored to your grip, while genuine AMG Carbon Fibre trim elements guarantee true sports car presence.

The focal point of an interior already loaded with style: our distinctive AMG Performance Package steering wheel with a smaller rim diameter, designed with quick maneuvers in mind.

<sup>1</sup>Intended for track use only. Please obey all speed laws.

**18" 7-spoke  
"Menket" alloy wheels**

Design at its finest: The 7-spoke alloy wheels are available as an option exclusive to the CLS. Separately, you can pair these attractive rims with 245/40 R 18 tires on the front, and 275/35 R 18 tires on the rear.

**Ski holder and roof racks**

Driving to the slopes is now even more fun than skiing down them. Thanks to the new Alustyle ski and snowboard rack, you can take your hobbies with you safely. The standard version is designed to hold up to 4 pairs of skis or 2 snowboards while the luxury version can accommodate up to 6 pairs of skis or 4 snowboards.

**Trunk nets**

Safely stowed: numerous well thought-out details make the trunk of the CLS-Class an even more practical space, including two luggage nets on the side walls, designed to keep shopping bags upright when the car is on the move.

**iPod® Integration Kit**

You've spent time carefully filling your iPod® with the great music you love. Now you can enjoy every minute of every song as you cruise in your CLS-Class, courtesy of the iPod® Integration Kit.

A style unto your own.

Your CLS-Class should be tailor-made. Mercedes-Benz offers a wide range of elegant and practical accessories. From show-stopping wheels to the iPod® Integration Kit, we create what we know is important to you. A Mercedes-Benz is never complete until it fits your lifestyle.

<sup>1</sup>Stated rates of acceleration are based on manufacturer's track results and may vary depending upon model, environmental and road surface conditions, driving style, elevation and vehicle load. <sup>2</sup>Electronically limited. <sup>3</sup>These estimates are based on Transport Canada testing methods. The actual fuel consumption of this vehicle may vary. Refer to the *Fuel Consumption Guide*. <sup>4</sup>Dimensions shown are for models with standard equipment.

## To be continued. With a test drive.

Nowhere is a Mercedes-Benz so convincing as on the road. It is only there that you can fully experience the effortlessly superior handling that makes this car so special. You can feel how the powerful engine drives the vehicle onwards and how the precise steering movements have a direct effect on your own mood. The special atmosphere that arises during a drive in a Mercedes-Benz cannot be put down on paper. That's why we would like to invite you to reserve an appointment for a test drive at your local Mercedes-Benz dealer. Or visit [www.mercedes-benz.ca](http://www.mercedes-benz.ca). We look forward to seeing you.

## A passion for things done right.

It's what you expect from Mercedes-Benz. A passion for craftsmanship and attention to detail is what sets Mercedes-Benz apart from all other manufacturers. This passion drives us to set new standards in design, performance, comfort and safety. To continually build on the legendary traditions of Mercedes-Benz. And to provide you with an ownership experience unlike any other, including the valuable benefits described below.

### 24-hour Roadside Assistance

During the basic warranty coverage of 48 months and the time duration of the optional Extended Limited Warranty, Mercedes-Benz Roadside Assistance will be at your service. We'll bring you some gas, replace a flat tire with your spare, or jumpstart your car. In the event of a mechanical breakdown, if attempts by our Roadside Assistance technician have not made your vehicle safely operable, towing service will be provided to the nearest Mercedes-Benz dealership. Assistance is available 24 hours a day, every day, to anyone driving a Mercedes-Benz anywhere in Canada or the continental U.S.<sup>1</sup>

### Wear and tear coverage

For 24 months or 40,000 km (whichever comes first) many items normally considered "wear and tear", such as light bulbs, brake pads and discs, are covered. If necessary, an authorized Mercedes-Benz dealer will replace these parts at no charge to you.

### Mercedes-Benz warranties

The Mercedes-Benz New Vehicle Limited Warranty covers defects in materials or workmanship for 48 months or 80,000 km, whichever occurs first. To widen your window of confidence, you can opt for a Mercedes-Benz Extended Limited Warranty as well.<sup>2</sup>

### Customer service

Owning a Mercedes-Benz means that when you have a question, we're here to help. Customer Service is open from 9 a.m. to 5 p.m. EST, Monday through Friday, and is staffed with knowledgeable Mercedes-Benz people who can talk you through the finer points of working your car's audio system – or even assist you in locating the nearest Mercedes-Benz dealership. Just call 1-800-387-0100. It's that simple.

### Trip interruption reimbursement

If a breakdown covered by your New Vehicle Limited Warranty occurs more than 80 km from your home, leaves your Mercedes-Benz vehicle inoperable or unsafe to drive, and requires overnight repairs, we've got you covered. You will be reimbursed up to \$500 for hotel accommodations and up to \$600 for alternate travel expenses per incident while your car is being repaired at an authorized Mercedes-Benz dealership.
