

WE'LL TAKE YOU EXACTLY WHERE YOU WANT TO GO.

You demand more from a vehicle than ever before. Exactly the same can be said of Chevrolet. For starters, you're looking for greener driving choices – Chevrolet offers more models that get better than 7 L/100 km highway fuel efficiency than any other manufacturer. Chevrolet also offers a range of vehicles powered by hybrid technology or alternative fuels. And just around the corner comes the arrival of the revolutionary Chevrolet Volt plug-in Extended-Range Electric Vehicle that can travel up to 64 km purely on electric power. Down the road, there are Hydrogen Fuel Cell Vehicles that point the way to a future of zero-emissions driving.

At Chevrolet, we take pride in more than the quality of our vehicles. We are also proud to be the Official Vehicle Supplier of the Vancouver 2010 Olympic and Paralympic Winter Games and of Canada's Olympic and Paralympic Teams. Chevrolet also demonstrates its enthusiastic support for Canada's athletes and coaches through its Making Dreams Possible and Chevrolet Safe & Fun Hockey initiatives. Share the passion.

For more information about Chevrolet visit chevrolet.gm.ca

2010 COBALT

2010 COBALT

You don't believe in following the crowd.
You come to your own conclusions.
You hold the people in your life to a very high standard.
And you expect nothing less of the car you drive.
You count on it to be practical, dependable, fuel efficient.
And, let's not forget, fun.

DON'T SETTLE FOR LESS – GO WITH MORE.

The more you want to get out of your car, the more we need to put into it. More power. More fuel efficiency. More comfort. More sophisticated technology. It all adds up to one supremely enjoyable ride – in the 2010 Chevrolet Cobalt. Starting with the right combination of power and fuel efficiency with a 155 horsepower ECOTEC engine that is more powerful than both Honda Civic's and Toyota Corolla's standard engine.* The fuel efficiency is equally impressive – the eXtra Fuel Efficient Cobalt XFE delivers a remarkably frugal 5.4 L/100 km highway fuel consumption rating.** That's better than either the 2009 Toyota Corolla, Hyundai Elantra and Ford Focus or the 2010 Mazda3.† And there's a whole lot more to Cobalt, from the standard head curtain side-impact air bags and the OnStar®-equipped Team Canada Edition to the 260 horsepower Cobalt SS. Don't accept anything less than the 2010 Chevrolet Cobalt.

*Based on 2009 Model Year data and the latest competitive information available at time of printing.

**2010 Cobalt XFE equipped with 5-speed manual transmission, based on GM testing in accordance with approved Transport Canada test methods. Your actual fuel consumption may vary.

†2010 Cobalt data based on GM testing in accordance with approved Transport Canada test methods. Competitive information based on Natural Resources Canada's 2009 Fuel Consumption Guide and published information available at time of printing. Your actual fuel consumption may vary.

Cobalt XFE Coupe, shown in Victory Red with available equipment.

WANT IT? GOT IT.

Think about what you want in a car – then check out the dynamic features in Cobalt LT. You get enhanced styling touches like 16-inch machined-face aluminum wheels and an available rear spoiler. And, a four-wheel anti-lock braking system (ABS) is standard and electronic traction control is included with the available automatic transmission. Inside, you get a series of standard comfort and convenience features – from air conditioning and a CD player with MP3 playback to power exterior mirrors, windows and door locks as well as a remote keyless entry system. It all adds up to an amazingly well equipped vehicle. Cobalt LT – it's got it all.

Cobalt LT Coupe, shown in Crystal Red Tintcoat with available equipment; Cobalt LT Sedan, shown in Imperial Blue Metallic with Team Canada Edition Package and available equipment.

TO THE WINNER GOES THE SPOILS.

Don't just cheer on Canadian athletes – give yourself something to cheer about with the Cobalt Team Canada Edition. It takes on the competition with a winning combination of added style, entertainment, communication technology and safety. Exterior features include an available no additional charge power sunroof,* Chrome Exterior Package, a polished exhaust tip and rear spoiler. Inside, go high-tech with a USB port for your iPod® or other MP3 player, a 260-watt Pioneer® 7-speaker premium sound system, XM Satellite Radio™,** Bluetooth® mobile phone connectivity and OnStar†. The winner takes all with the Cobalt Team Canada Edition.

*When the Team Canada Edition Package is specified, optional power sunroof is available at no charge. See your dealer for details.

**Available in 10 Canadian provinces and the 48 contiguous United States. Subscription sold separately after trial period.

†OnStar services require vehicle electrical system (including battery), wireless service and GPS satellite signals to be available and operating for features to function properly. OnStar acts as a link to existing emergency service providers. Subscription Service Agreement required. Ability to locate stolen vehicles varies with conditions. Call 1-888-4ONSTAR (1-888-466-7827) or visit onstar.ca for OnStar's Terms and Conditions, Privacy Statement and details and system limitations.

The Official Vehicles of the Canadian Olympic Team: Chevrolet's Team Canada Editions.

All Cobalts are equipped with a CD player and an auxiliary audio input jack for your iPod or other MP3 player.

The Team Canada Edition also features steering-wheel-mounted controls that can be used to select the tunes to play on the sound system or from a USB port that is also included.

Cobalt LT Coupe, shown with Ebony leather-appointed seating surfaces and available equipment.

LIFE FEELS DIFFERENT IN A TURBO.

It's like the difference between black and white and colour. Suddenly, the driving takes on an even more vivid and exciting personality. That's what awaits you when you get behind the wheel of the most powerful car in its class:* Cobalt SS. Its 260 horsepower ECOTEC 2.0L Turbocharged engine propels the SS from zero to 96 km/h in just 5.7 seconds.** The engine not only boosts output with its turbocharger – Direct Injection enhances fuel efficiency and reduces emissions by delivering fuel directly into the combustion chamber. The high performance package is rounded out by Brembo® four-piston front brake calipers, a Performance Handling Suspension, StabiliTrak® electronic stability control, traction control and a limited slip differential. Experience Cobalt SS – for a whole different level of performance.

*Based on GM Regular Compact Car 3-Door/Coupe segment and latest competitive information available at time of printing.

**Based on GM testing.

Cobalt SS Coupe, shown in Crystal Red Tintcoat.

PUMP UP THE VOLUME.

You'll have 260 horsepower of adrenaline pumping through your veins. Adding to your enthusiasm will be the five-speed short-throw no-lift transmission that lets you upshift through the gears without lifting off the throttle. You can track your level of excitement by glancing at the turbo boost gauge or referencing the various readouts on the standard performance display. And since tunes are an integral part of the ride, Cobalt SS also invites you to pump up the volume with the Pioneer 260-watt seven-speaker premium sound system that includes a 10-inch rear subwoofer. Let the power go straight to your head.

Cobalt SS interior, shown with UltraLux™ sheer suede inserts and Premium cloth front bucket seats embroidered with "SS" logos. Titanium-faced analogue sport gauges are also included.

Engine power meets stopping power in Cobalt SS. The 4-piston front calipers are from Brembo – a company with a long and storied racing legacy on-board with many of the elite names in performance driving.

You can create your own driving benchmarks with the standard performance display that's mounted on the A-pillar. The display can track your acceleration split times, in addition to a series of engine functions.*

*English language display only. (U.S. instrumentation shown).

Cobalt SS Coupe, shown in Black.

MORE FUN. LESS FUEL.

Getting more from less is the challenge of the day. Chevrolet's engineers answer this need by finding ways to squeeze more power out of less fuel with Cobalt's ECOTEC four-cylinder engines. The 155 horsepower all-aluminum dual overhead cam 2.2L engine in LS and LT models uses Variable Valve Timing (VVT) to optimize combustion timing to boost both power output and fuel efficiency. You can take it a step further with the Cobalt XFE that uses features like a lower final drive ratio to achieve impressive 5.4 L/100 km highway and 8.0 L/100 km city ratings.* And then there's Cobalt SS – it proves you can build a highly fuel-efficient high-performance car. Even the high-performance Cobalt SS is engineered with fuel efficiency in mind. Its Direct Injection delivers fuel directly into the combustion chamber for a more complete burn, reducing both fuel consumption and emissions – while generating 260 horsepower. That's no mean feat, but it's exactly the kind of smart engineering you can expect from the 2010 Chevrolet Cobalt.

*2010 Cobalt XFE equipped with 5-speed manual transmission, based on GM testing in accordance with approved Transport Canada test methods. Your actual fuel consumption may vary.

The 155 hp ECOTEC 2.2L VVT engine is standard on LS and LT models. All Cobalt engines feature long-life spark plugs that are designed to last 166,000 km before replacement** and DEX-Cool™ engine coolant that lasts 5 years or 240,000 km (whichever comes first).**

Cobalt XFE stands for eXtra Fuel Efficiency. And that is precisely what you'll get from the combination of a shift indicator light and a lower 3.63 final drive ratio.

In GM testing, Cobalt SS accelerated from 0-96 km/h (60 mph) in 5.7 seconds and completed a quarter mile in 14.1 seconds. On the famed Nürburgring racing circuit, Cobalt SS broke the lap record for its class by more than 13 seconds.

**Maintenance needs vary with use and driving conditions. Please refer to the Cobalt Owner's Manual for more information.

Cobalt SS Coupe, shown in Victory Red.

COBALT MODEL OVERVIEW

COBALT LS COUPE/SEDAN

Cobalt LS includes these standard features:

- 155 hp ECOTEC 2.2L 4-cylinder engine with Variable Valve Timing (VVT)
- GM Oil Life Monitoring System
- Getrag 5-speed manual transmission
- eXtra Fuel Efficiency model (manual transmission only) – XFE – includes a shift indicator light and a lower 3.63 final drive ratio
- Speed-sensitive electric power steering
- 15-in. steel wheels with bolt-on wheel covers
- Dual-stage frontal air bags
- Front-to-rear head curtain side-impact air bags
- Cloth reclining front bucket seats
- Driver's seat manual height adjuster
- Driver Information Centre
- Tilt adjustable steering column
- Cabin air filtration system
- CD player with auxiliary audio input jack
- 60/40 split-folding rear seatback with trunk pass-through.

COBALT LT COUPE/SEDAN

Cobalt LT enhances the LS features with:

- 4-wheel anti-lock braking system (ABS)
- 16-in. machined-face aluminum wheels
- Remote keyless entry system with Panic feature and content theft alarm
- Body-coloured power exterior mirrors
- Sport cloth reclining front bucket seats
- Air conditioning
- Power windows and door locks
- CD player with MP3 playback
- Front and rear floor mats.

COBALT LT COUPE/SEDAN WITH TEAM CANADA EDITION PACKAGE:

The Team Canada Edition Package adds these appealing features to Cobalt LT:

- Team Canada Edition badging
- No additional charge power sunroof, see your dealer for details*
- Chrome Exterior Package
- Fog lights
- Polished exhaust tip
- Rear spoiler
- Leather-wrapped steering wheel and shifter
- Steering-wheel-mounted sound system controls
- Cruise control
- Pioneer 7-speaker premium sound system with 260-watt amplifier and 10-in. subwoofer
- USB port
- XM Satellite Radio
- Bluetooth phone connectivity
- OnStar and 1 year of the Safe & Sound Plan.

*When the Team Canada Edition Package is specified, optional power sunroof is available at no charge.

COBALT SS COUPE

Cobalt SS adds these exclusive standard features:

- 260 hp ECOTEC 2.0L Turbocharged 4-cylinder engine with Variable Valve Timing (VVT) and Direct Injection
- Short-throw 5-speed manual transmission
- Brembo 4-piston front calipers
- 4-wheel disc brakes with ABS
- Performance Handling Suspension
- 18-in. forged aluminum wheels
- SS-specific front and rear fascias, lower rocker mouldings and fog lights
- Rear spoiler
- 3.5-in. polished exhaust tip
- StabiliTrak electronic stability control system
- Tire pressure monitoring system
- Sport cloth front bucket seats with Ultralux sheer suede-appointed inserts and embroidered "SS" logos
- Titanium-faced sport gauges
- A-pillar mounted reconfigurable performance display.

ONSTAR

Does your car have a help button? With OnStar,** you can get the help you need at the push of a button. If you're in a collision, you don't even need to ask for help – sensors around your vehicle can automatically alert an OnStar Advisor. If your vehicle is stolen, we can use GPS technology to help police find it. OnStar with 1 year of the Safe & Sound Plan is included on Cobalt SS and Cobalt LT with the available Team Canada Edition Package – and is available on Cobalt LT models. The available Directions & Connections Plan includes Turn-by-Turn Navigation† – the simplest and smartest navigation system available. Just push the OnStar button and tell the Advisor where you want to go, then turn-by-turn directions are downloaded to your vehicle. No one offers more ways to help you on the road. Learn more at onstar.ca

XM SATELLITE RADIO

Your listening preferences are very personal. XM Satellite Radio gives you access to the largest playlist on the planet and the most commercial-free music in digital-quality sound. That's on top of news, talk, comedy and sports channels – including more than 1000 NHL games. It all adds up to 130 channels to choose from, coast to coast!† Why offer so much choice? XM Satellite Radio has to appeal to a wide range of tastes, with more than 9 million subscribers. And it's available on all Cobalt models. Ask your dealer for more information.

**OnStar services require vehicle electrical system (including battery), wireless service and GPS satellite signals to be available and operating for features to function properly. OnStar acts as a link to existing emergency service providers. Subscription Service Agreement required. Ability to locate stolen vehicles varies with conditions. Call 1-888-4ONSTAR (1-888-466-7827) or visit onstar.ca for OnStar's Terms and Conditions, Privacy Statement and details and system limitations.

† Turn-by-Turn Navigation not available in certain areas. Visit onstar.ca for coverage map.

†† Available in 10 Canadian provinces and the 48 contiguous United States. Subscription sold separately after trial period.

HOW TO TRANSFORM YOUR COBALT INTO A ONE-OF-A-KIND.

If you believe your vehicle represents an important expression of your individuality, take Cobalt's style and functionality to the next level with the addition of Chevrolet Accessories. They were part of Cobalt's development process to ensure they offer the same quality of fit, finish and function as the rest of the vehicle. They are backed by the 3-year/60,000 km New Vehicle Limited Warranty* and can be included in your finance agreement through GMAC. Ask your dealer for a complete list of the Chevrolet Accessories available for Cobalt, or visit gm.ca

*Whichever comes first, when permanently installed by the dealer at the time you purchased your new vehicle, or for the remainder of the New Vehicle Limited Warranty if installed after the time of your vehicle purchase, but no less than 12 months.

Some Chevrolet Accessories available for Cobalt include:

- Ground Effects Package
- Door sill plates
- 17-in. chrome wheels
- High-rise spoiler
- Rally Stripe Package
- Chrome fuel door
- Moulded hood protector
- Chrome Grille Package
- Personal Audio Link (PAL)
- Chrome door handles
- Floor mats.

A WORD ABOUT THIS BROCHURE

Some of the equipment shown or described throughout this brochure may be available at extra cost. We have tried to make this brochure comprehensive and factual. We reserve the right, however, to make changes at any time, without notice, in prices, colours, materials, equipment, specifications, models and availability. Specifications, dimensions, measurements, ratings and other numbers in this brochure and other printed materials provided at the dealership or affixed to vehicles are approximates based upon design and engineering drawings and prototypes and laboratory tests. Your vehicle may differ due to variations in manufacture and equipment. Since some information may have been adapted since the time of the printing, please check with your GM dealer for complete details. General Motors of Canada Limited reserves the right to lengthen or shorten the model year for any product, for any reason, or to start and end model years at different times.

A WORD ABOUT ASSEMBLY

GM vehicles are equipped with engines and components produced and assembled by different operating units of General Motors, its subsidiaries and suppliers and these engines and components may change or be obtained from different sources from time to time. All such engines and components are approved for use in GM vehicles. Certain equipment ordered may be unavailable at the time of assembly and we suggest that you verify that your vehicle includes the equipment you ordered, or if there are changes, that they are acceptable to you.

TRADEMARKS

The marks appearing in this brochure including, but not limited to: General Motors, GM, the GM emblem, Chevrolet, the Chevrolet emblem, Cobalt, SS and their respective logos, emblems, slogans and vehicle model names and body designs; and other marks such as DEX-COOL, ECOTECH, Solar-Ray, StabiliTrak and UltraLux are trademarks of General Motors and/or General Motors of Canada Limited, its subsidiaries, affiliates or licensors.
