> ALL-IN ACCORD.

Let's make their world a brighter place today and every day.

At Honda, we have always considered it our responsibility to do our part to help preserve the global environment, for today and for generations to come. This is an environmental vision we call *Blue Skies for our Children*, and you can see it in almost every product we make. And in keeping with our tradition of turning innovative ideas into products that enrich people's lives, with minimal impact on our planet, we look forward to a brighter tomorrow – with *Blue Skies for our Children*.

tomorrow

I want blue skies for everyone

It's a higher level of sophistication.

The 2010 Accord Sedan. With its aggressive stance and flawless aerodynamics, it's a shining example of everything a next-generation sedan should be. It features one of the most powerful yet fuel-efficient engines you'll find in a Honda, and with a surplus of innovative standard safety features, it leaves nothing to chance. All in all, the Accord Sedan has it all and a little bit more.

ALL-IN ACCORD.

Accord
SEDAN

It makes a powerful
first impression.

Will owning an Accord help make you a better driver? It's possible. After all, the Accord was engineered to enhance your confidence, connection and comfort on the road in ways only an Accord Sedan can. From the sophisticated luxury of its lavish interior to the incredible balance of horsepower and fuel efficiency, the Accord delivers on its promises. So whether the Accord makes you a better driver or not, it certainly makes for a better experience for you and your four extremely privileged passengers.

ALL-IN ACCORD.

Accord
SEDAN

It comes in quick, quicker and ultra-quick.

Look under the hood of the Accord Sedan and you'll find one of three exhilarating i-VTEC® engines. There's a quick 2.4-litre, i-VTEC 4-cylinder engine that outputs 177 horsepower and 161 lb.-ft. of torque. There's a quicker 2.4-litre, i-VTEC 4-cylinder engine that outputs 190 horsepower and 162 lb.-ft. of torque. And there's an ultra-quick 3.5-litre, i-VTEC V-6 engine that outputs an exciting 271 horsepower and 254 lb.-ft. of torque.

TRIM LEVEL	ENGINE	HORSEPOWER	TORQUE
LX	2.4-litre, 16-valve, DOHC, i-VTEC® 4-cylinder	177	161
EX, EX-L	2.4-litre, 16-valve, DOHC, i-VTEC® 4-cylinder	190	162
EX V-6, EX-L V-6	3.5-litre, 24-valve, SOHC, i-VTEC® V-6	271	254

What's more, Accord Sedan V-6 models feature a next-generation Variable Cylinder Management™ (VCM™) system. Now whether you're accelerating, cruising or idling, this innovative system activates or deactivates the engine's operating cylinders from 6- to 4- to 3-cylinder mode to deliver maximum fuel efficiency.

ALL-IN ACCORD.

Accord
SEDAN

It takes corners very seriously.

Is there a secret to the Accord's amazing handling and agility? Actually, there's more than one. Yes, it has a wide stance and a balanced power-to-weight ratio. And it's true: no bend, twist, curve, turn or fork in the road was overlooked. However, the real secret is the variable gear ratio (VGR) steering system. This system provides you with a precise, on-centre feel at high speed and greater vehicle agility and increased low-speed manoeuvrability. And with the Accord's Vehicle Stability Assist (VSA®) helping to correct any over- or understeering scenarios, every turn, curve or corner you take will be a confident one.

> Available 17-inch aluminum-alloy wheels / Front-wheel drive / Variable gear ratio (VGR) rack-and-pinion steering / Vehicle Stability Assist (VSA) with Traction Control / Tilt and telescoping steering column

ALL-IN ACCORD.

Accord
SEDAN

The independent double-wishbone front suspension delivers added control and flat, stable cornering.

The multi-link double-wishbone rear suspension's compact in-wheel design helps improve your overall handling and reduces vehicle roll when cornering.

Both the front and rear suspension systems are attached to the Accord's subframe and unit body to help isolate road noise and absorb any vibration.

The Accord's power-assisted, ventilated front disc and solid rear disc brakes provide you with smooth, fade-resistant stopping power when you need it.

It's more than just a pretty face.

Why does driving an Accord feel so right? It's probably because the Accord's legendary, smooth signature ride has been enhanced by sport-tuned high-mount double-wishbone suspension, making it more stable and responsive. And finally, you'll experience an overwhelming feeling of oneness with the road and all of its imperfections, but don't worry – this is normal.

ALL-IN ACCORD.

Accord
SEDAN

It likes to entertain.

> Available ambient console lighting / Available XM® Satellite Radio* / MP3/Auxiliary input jack / Available HomeLink® remote system / Remote entry system with electronic trunk release and power window control / Illuminated steering wheel-mounted audio controls / Available leather-wrapped steering wheel

How many fun features can you expect in an Accord? How about all of them? The Accord Sedan plays host to a wide variety of available fun features and must-have amenities. For example, how does an available 7-speaker, 270-watt AM/FM/CD Premium audio system with 6-disc in-dash CD changer and MP3/Windows Media® Audio playback capability and XM® Satellite Radio,* or an available Honda Satellite-Linked Navigation System™ with bilingual Voice Recognition and HandsFreeLink™-bilingual Bluetooth® wireless mobile phone interface sound?

*Includes a no-charge trial of 3 months, beyond which service fees apply. Available in 10 Canadian provinces and 48 contiguous U.S. states. See terms and conditions at www.xmradio.ca.

ALL-IN ACCORD.

Accord
SEDAN

The image shows the interior of a car, likely an Accord, with a focus on the front and rear seats. The seats are upholstered in a light-colored leather with a ribbed pattern. The dashboard and center console feature wood trim. The steering wheel is visible in the foreground. The background shows a building with arched windows.

And it likes to spoil.

Is the Accord big on luxury? Sophistication? Comfort? Yes, yes and yes – and in a largest-interior-in-its-class sort of way. From the available leather-trimmed seats to the available heated front seats to the available dual-zone automatic climate control with air-filtration system, the Accord likes to pamper its passengers.

> Available driver's seat with 8-way power adjustment including power-adjustable lumbar support / Available front passenger's seat with 4-way power adjustment / Illuminated steering wheel-mounted audio controls / Steering wheel-mounted cruise control

ALL-IN ACCORD.

Accord
SEDAN

It's a coupe and a coup.

Introducing the 2010 Accord Coupe. As bold as it is beautiful and as powerful as it is efficient, it's a stylish two-door declaration of your driving independence come to life. From its low, wide, aggressive stance and smooth aerodynamic lines to a little something called the "most powerful Accord engine ever," the Accord Coupe is driving confidence and exhilaration in one futuristic package.

Why does it render so many drivers speechless? Simple. Inside every Accord Coupe you'll find more than 50 years of Honda's competitive racing and all the innovative engineering that resulted from it. You can see it in the sporty, aerodynamic exterior design and raked front-to-rear body style. You'll experience it accelerating off the line or through a sweeping corner. You'll feel it in every quick-shifting gear. And you'll delight in every kilometre the road has to offer.

ALL-IN ACCORD.

Accord
COUPE

It's a track-proven take on exhilaration.

Why are some coupes quicker than others? It's all in the numbers. Take 190 and 162, for example. That's the amount of horsepower and lb.-ft. of torque produced by the 2.4-litre, 16-valve, i-VTEC 4-cylinder engine. For a more powerful example, take 271 and 254. That's the amount of horsepower and lb.-ft. of torque produced by the available 3.5-litre, 24-valve, i-VTEC V-6 engine. And for the ultimate performance example take the available 3.5-litre, 24-valve, VTEC® V-6 engine with its quick-shifting 6-speed manual transmission and jaw-dropping power, response and acceleration.

TRIM LEVEL	ENGINE	HORSEPOWER	TORQUE
EX, EX-L	2.4-litre, 16-valve, DOHC, i-VTEC® 4-cylinder	190	162
EX-L V-6	3.5-litre, 24-valve, SOHC, i-VTEC® V-6	271	254
EX-L V-6 6MT	3.5-litre, 24-valve, SOHC, VTEC® V-6	271	251

Plus, like the Sedan, the Accord Coupe EX-L V-6 automatic transmission model features the Variable Cylinder Management (VCM) system. So depending on whether you're accelerating, cruising or idling, the system activates or deactivates the engine's operating cylinders from 6- to 4- to 3-cylinder mode, offering you optimized fuel efficiency without compromising performance.

ALL-IN ACCORD.

Accord
COUPE

It turns obstacles into opportunities.

Where does the Accord Coupe get its precision handling from? It comes from a wide stance. It comes from a balanced power-to-weight ratio. And it comes from sport-tuned high-mount double-wishbone suspensions. But it also comes from something called variable gear ratio (VGR) steering. This innovative system provides you with a precise, on-centre feel at high speeds and the kind of low-speed manoeuvrability and agility you might expect from a smaller vehicle. And just to be safe, Vehicle Stability Assist (VSA) helps to correct any over- or understeering in corners, so you'll be ready for whatever twist, turn or curve the road throws at you.

The independent double-wishbone front suspension helps ensure your tires are always in contact with the road for added control and flat, stable cornering.

The multi-link double-wishbone rear suspension's compact in-wheel design helps improve your overall handling and reduces vehicle roll to ensure that nice, flat-cornering feel.

Both the front and rear suspension systems are attached to the Accord's subframe and unit body to help isolate road noise, absorb any vibration and maximize vehicle control.

The Accord's power-assisted, ventilated front disc and solid rear disc brakes provide you with smooth, fade-resistant stopping power when you need it.

Available 18-inch aluminum-alloy wheels / Tire Pressure Monitoring System (TPMS) / Variable gear ratio (VGR) rack-and-pinion steering / Vehicle Stability Assist (VSA) with Traction Control

ALL-IN ACCORD.

Accord
COUPE

It's refined in every way.

In what way is the Accord Coupe's interior like a cockpit? In every way. From the sculpted, form-fitting comfort of the available leather-trimmed seats to the intuitively located switches and easy-to-read instrument panel, command and control abound. And there are fun features too, such as the 270-watt AM/FM/CD Premium audio system with 6-disc in-dash CD changer and MP3/Windows Media Audio playback capability and available XM Satellite Radio,* or the available Honda Satellite-Linked Navigation System with bilingual Voice Recognition and HandsFreeLink-bilingual Bluetooth wireless mobile phone interface.

> Available leather-wrapped shift knob / Available driver's seat with 8-way power adjustment including power-adjustable lumbar support / Illuminated steering wheel-mounted audio controls / Steering wheel-mounted cruise control

*Includes a no-charge trial of 3 months, beyond which service fees apply. Available in 10 Canadian provinces and 48 contiguous U.S. states. See terms and conditions at www.xmradio.ca.

> Ambient console lighting / MP3/Auxiliary input jack / Available HomeLink remote system / Remote entry system with electronic trunk release and power window control / Available leather-wrapped steering wheel / Available Honda Satellite-Linked Navigation System with bilingual Voice Recognition

ALL-IN ACCORD. | Accord
COUPE

Accord. It's solid on safety.

Safety for Everyone is Honda's commitment to providing one of the highest levels of standard safety features to help ensure occupant safety and protection.* And through real-world research, Honda is also focusing on developing unequalled measures of protection to enhance the safety of occupants in other vehicles and even pedestrians – an innovative idea that is quickly becoming a reality.

ACE™ Body Structure. The highly innovative Advanced Compatibility Engineering™ (ACE) body structure disperses frontal impact energy, increasing occupant protection. Additionally, the ACE frame design allows for collision compatibility between vehicles of different weights and sizes.

Anti-lock Brakes. For safe stopping, the 4-wheel Anti-lock Braking System (ABS) helps you maintain control under hard braking conditions, while Electronic Brake Distribution (EBD) with Brake Assist optimizes braking power based on weight distribution inside the vehicle.

Vehicle Stability Assist (VSA). Vehicle Stability Assist with Traction Control senses and corrects oversteer and understeer scenarios to enhance handling and cornering stability, while Traction Control helps ensure grip during acceleration on loose or slippery surfaces.

Six Standard Airbags. Six airbags line the Accord Sedan and Coupe interiors, including the revolutionary passenger-side Occupant Position Detection System (OPDS) airbag that will not deploy if the system detects a smaller-sized or out-of-position occupant. Plus, rear-seat Lower Anchors and Tethers for Children (LATCH) offer secure child-seat restraint.

Head Restraints. Active front seat head restraints provide the driver and passenger with excellent neck protection in the event of a rear collision.

Safety Research. Advanced safety research and development is conducted at Honda's crash-testing facility in Tochigi, Japan, one of the largest of its kind in the world.

Pedestrian Safety. Innovative pedestrian safety features include energy-absorbing hood and front fenders and breakaway wiper pivots.

Tire Pressure Monitoring System. For added safety and enhanced fuel efficiency, a Tire Pressure Monitoring System (TPMS) continually monitors the air pressure in each tire. If pressure drops in any tire, an alert appears on the driver's instrument panel.

*Based on tests conducted by the National Highway Traffic Safety Administration (NHTSA).

A future we share.

At Honda, our goal is to be a company that society wants to exist. And today we are proud to say our existence in Canada is healthier than ever. Whether you're in Nova Scotia, Quebec, Ontario, Alberta or British Columbia, Honda is there. In fact, more than 22,000 Canadians work for Honda, and to date more than 1.2 million Canadians have benefited from charitable programs funded by Honda Canada and the Honda Canada Foundation. All in all, we think these numbers represent a good start.

We are also considerate of what kind of world future Canadian generations will inherit from us. And with this in mind, we thought it was time for something different.

In Canada, we have significantly reduced the total number of brochures we print each year and we are encouraging people to visit honda.ca to experience an interactive approach to our cars and company. We also suggest that you consider the environment after you've finished reading this brochure and please pass it on to others, or recycle it.

Thank you, Canada.

Honda associates and families have helped plant more than 71,000 trees in Canada over the last 5 years.

As the world's largest engine manufacturer, Honda has a proud tradition of turning innovative ideas into products that help make Canada and the world around us brighter and a little more fun. These products are equipped with some of the cleanest, most fuel-efficient engines you'll find on the road, in the water or high above the clouds. And as technically ingenious as these products are, they are all brought to life by The Power of Dreams®.

1> ASIMO™, the advanced life-assisting humanoid robot 2> The high-speed, fuel-efficient HondaJet™ 3> Honda's advanced safety research and development facility in Tochigi, Japan 4> First manufacturer of a full line of cleaner 4-stroke outboard motors 5> The world's first motorcycle safety airbag 6> The Honda FC Sport, our advanced hydrogen fuel-cell concept vehicle

We're Here. At Honda, assistance and support are always available. The team of trained technicians at your Honda dealership will keep your vehicle in terrific shape. Honda accessories installed at the time your vehicle is purchased are covered under the 3-year/60,000-km limited warranty. If you need more information or assistance, call us at 1-888-9-HONDA-9. For all of the latest Honda information, including product specifications, pricing, photos and more, visit honda.ca. It has everything you need to “design” your Honda and personalize it with items from a list of quality accessories.

Quality Honda Accessories give you the opportunity to fine-tune your new Honda just how you like it. Whether you want to turn up the style, the versatility or the exclusivity, every accessory is designed and built to adhere to the strictest Honda standards. See your dealer for full details.

Genuine Honda Replacement Parts are made to the same exacting standards as original Honda components and are guaranteed by the Genuine Honda Parts Warranty.

Honda Financial Services. Whether you buy or lease a Honda, Honda Financial Services can assist you with the process. Ask your dealer which lease or purchase plan best suits your needs.

We're ready to help. When you purchase a new Honda, you automatically receive Honda Plus Roadside Assistance. This service is available to you or anyone else driving your vehicle 24 hours a day, 7 days a week, anywhere in Canada or the continental U.S. Coverage is for 3 years, unlimited distance and includes towing, battery boosting, lockout assistance plus many other helpful services. Ask your dealer for more information.
