

2010 **Accord** COUPE

Less paper today means more blue skies for tomorrow.

At Honda, we have always considered it our responsibility to do our part to help preserve the global environment, for today and for generations to come. This is an environmental vision we call *Blue Skies for our Children* and with this vision in mind, we felt it was time to make a change for the greater good of the planet.

That's why Honda Automotive has decided to stop printing paper brochures and start encouraging people to visit honda.ca to experience an interactive approach to our cars and company. Yes, it will take some time getting used to, but we think the end result will be worth it for everyone and for the future we all share.

It's a track-proven take on exhilaration.

It excels at turning heads as well. As bold as it is beautiful and as powerful as it is efficient, the Accord Coupe is also an exhilarating showcase of 50 years of innovative track-tested Honda engineering. You can see it in the aggressive sculpted exterior lines and raked front-to-rear aerodynamic body style. You will feel it with each revolution per minute of the most powerful, yet fuel efficient, Accord engine ever. You will command it with ultra-sharp precision handling and agility. And you will do all of this with a newfound confidence and enthusiasm for every kilometre of the road ahead.

More power. Less fuel. More contradiction. The proof is in the numbers. Take 190 and 162, for example. That's the amount of horsepower and lb.-ft. of torque produced by the 2.4-litre, 16-valve, DOHC, i-VTEC[®] 4-cylinder engine. Or for a more powerful example, take 271 and 254, the amount of horsepower and lb.-ft. of torque produced by the super-quick 3.5-litre, 24-valve, SOHC, i-VTEC V-6 engine. For the ultimate performance example, take the 3.5-litre, 24-valve, SOHC, VTEC[®] V-6 engine with its quick-shifting 6-speed manual transmission. And with an available Variable Cylinder Management[™] (VCM[™]) system, maximum fuel efficiency and exhilaration are assured.

ALL-IN ACCORD.
