

2010 **Accord** SEDAN

Less paper today means more blue skies for tomorrow.

At Honda, we have always considered it our responsibility to do our part to help preserve the global environment, for today and for generations to come. This is an environmental vision we call *Blue Skies for our Children* and with this vision in mind, we felt it was time to make a change for the greater good of the planet.

That's why Honda Automotive has decided to stop printing paper brochures and start encouraging people to visit honda.ca to experience an interactive approach to our cars and company. Yes, it will take some time getting used to, but we think the end result will be worth it for everyone and for the future we all share.

It's a higher level of sophistication.

The 2010 Accord has a confident stance and flawless aerodynamics. You might say it's a shining example of everything a concept car wants to be – real. Plus, it's big on luxury. In fact, the Accord Sedan features the most interior volume in its class. With available leather-trimmed seats and its impeccably refined interior style, the Accord is big on sophistication and driver amenities.

It's a new level of exhilaration. The 2010 Accord is quick, incredibly agile and yet fuel-efficient. And with one of the most powerful engines you'll find under the hood of a Honda and a surplus of standard safety features, it's everything a next-generation sedan should be. It's available in quick or ultra-quick. There's 177-horsepower-161-lb.-ft.-of-torque-quick produced by the 2.4-litre, 16-valve, DOHC i-VTEC[®] 4-cylinder engine. Or go for the ultra-quick 271 horsepower and 254 lb.-ft. of torque, produced by the 3.5-litre, 24-valve, SOHC, i-VTEC V-6. Plus, the added intelligence of an available Variable Cylinder Management[™] (VCM[™]) system makes the Accord one ultra-fuel efficient, ultra-low emissions sedan.

ALL-IN ACCORD.
