Legends

Mercedes-Benz is a brand steeped in tradition. And everything the brand stands for is reflected in the SL. This is a model series that has been making pulses race ever since the legendary gullwing 300 SL first began to adorn roads around the world.

What can we do for your pulse? Our range of products is designed to ensure that your SL matches your own personal vision. Try adding **incenio** designer wheels, for example. There are plenty of exclusive designs to choose from – designs that ooze dynamism, elegance and harmony.

All you have to do is follow your heartbeat.

SLK INTERIOR

The view from the inside

In a roadster the boundaries between the interior and exterior are fluid, particularly when it features an intelligent, fully automatic roof.

For those who appreciate comfort, there are plenty of extras to choose from. Including a plexiglass draught-stop that protects the occupants of the SLK from the wind, without depriving them of that glorious sensation of being in direct contact with the outside world.

Wood/leather steering wheel

The exclusive wood/leather steering wheel, with its 3-spoke design, coordinates perfectly with the interior of your SLK. It not only underlines your car's dynamic elegance but also offers ergonomic comfort with its contoured thumbrests | wood: pale burr walnut | leather: black |

Mesh wind screen

The basis of the wind screen is a fine-mesh net which slows down the airflow and reduces the volume of air. Its sophisticated design makes it simple to fit. The fabric wind screen behind the seats protects the occupants from drafts.
