

2011 **Crosstour**

Less paper today means more blue skies tomorrow.

At Honda, we have always considered it our responsibility to do our part to help preserve the global environment, for today and for generations to come. This is an environmental vision we call *Blue Skies for our Children*, and with this vision in mind, we felt it was time to make a change for the greater good of the planet.

That's why Honda Automotive has decided to print fewer paper brochures and start encouraging people to visit honda.ca to experience an interactive approach to our cars and company. Yes, it will take some time getting used to, but we think the end result will be worth it for everyone and for the future we all share.

There's two ways about it.

It's showing up in style in the middle of a snowstorm.

It's an exhilarating drive along country roads and stopping at every yard sale along the way. It's power when you need it and fuel efficiency when you don't. It's luxury that says you've arrived and the versatility to send you on your way again. It's a sporty sedan and a sport utility. It's the best of both. The all-new Accord Crosstour.

The journey and the destination. Go ahead. Take the road less travelled. The Crosstour's available Satellite-Linked Navigation System™ with bilingual Voice Recognition will keep you pointed in the right direction. With available steering wheel-mounted controls

and an available Bluetooth® wireless mobile phone interface, you'll enjoy the ride with your hands on the wheel and your eyes on the road.

Music to your ears comes in the form of a powerful 360-watt AM/FM/CD/MP3/WMA Premium audio system with 6-disc in-dash CD changer and 7 speakers. It's arresting audio performance with the added versatility of MP3/auxiliary and USB input jacks. And to make sure you're hearing only the notes you should be, the cabin is equipped with Active Noise Cancellation, which detects undesirable engine and road noise and emits opposing frequencies to cancel it out.

Absolute power delights absolutely.

Get up and go. Want power? How about a 3.5-litre, 24-valve, SOHC, i-VTEC® V-6 engine with 271 horsepower and 254 lb.-ft. of torque? That's the most powerful engine you'll find in any Honda, and more than enough pep to reignite your love of the open road. It's legendary Accord engine performance served up via an advanced 5-speed automatic transmission with Grade Logic Control.

To maximize fuel efficiency without compromising all that power, check out the Variable Cylinder Management™ (VCM™) system. When you want raw power, the system engages all six cylinders for a truly invigorating drive.

For more moderate highway or country road driving, the engine can operate on four. And when you're cruising in the city, the system can operate on three. It's the Crosstour at its versatile best: serious horsepower when you want it and greater fuel efficiency overall.

Size and agility. Open the rear tailgate and the Crosstour reveals its versatile nature – 728 litres of it to be exact. In its upright position, the rear cargo area has more than enough space for your golf gear and your groceries. Pull the discreet release levers and the 60/40 split rear seats fold flat to accommodate longer items. For even more handy storage, lift up the floor panel. That's where you'll find a removable water-resistant under-floor storage box. It's perfect for keeping your stuff on ice and out of sight – and then taking it with you when you're ready to go. To complete this picture of versatile utility, flip over the reversible floor panels. They're luxury carpet on one side and wipe-clean all-weather rubber on the other.

Your limo is here.

Comfort and style. If luxury is in the details, the Crosstour has considered every last one of them. The form-fitting heated leather-trimmed 8-way power adjustment driver's seat with power lumbar support, for example, is like a big hug for your back. Same goes for the heated front passenger's seat with 4-way power adjustment. For ample cabin storage, there's a handy centre console with storage compartment and roomy door pockets on each of the four doors. Ultimately, every carefully contoured inch of the Crosstour's cabin is designed to underscore the vehicle's confident drive. Want proof? Reach out and touch its leather-wrapped steering wheel. It's a very good thing.

Accord Crosstour

Accord Crosstour EX-L

271-hp, 3.5-litre, 24-valve, SOHC, i-VTEC® V-6 engine • 5-speed automatic transmission with Grade Logic Control • Available Honda Satellite-Linked Navigation System™ with bilingual Voice Recognition, rearview camera* and steering wheel-mounted controls • Available Real Time 4WD® • 4-wheel Anti-lock Braking System (ABS) with Electronic Brake Distribution (EBD) and Brake Assist • 18" aluminum-alloy wheels • 360-watt AM/FM/CD Premium audio system with 6-disc in-dash CD changer, MP3/Windows Media® Audio playback capability and 7 speakers including subwoofer • Body-coloured heated folding power side mirrors • Driver's seat with 8-way power adjustment including power-adjustable lumbar support • Dual exhaust with chrome finishers • Dual-zone automatic climate control with air-filtration system • HandsFreeLink™-bilingual Bluetooth® wireless mobile phone interface

• Illuminated driver's and passenger's power window, door lock and mirror switches • MP3/auxiliary input jack • Power-assisted, ventilated front disc/solid rear disc brakes • Power moonroof with tilt feature • Remote entry system with power window control • Remote-linked 2-position memory system for driver's seat • USB device connector • Vehicle Stability Assist (VSA®) with Traction Control • XM® Satellite Radio†

*Does not replace the driver's responsibility to exercise due care while reversing.
 †Includes a no-charge trial of 3 months, beyond which service fees apply. Available in 10 Canadian provinces and 48 contiguous U.S. states. See terms and conditions at www.xmradio.ca.
 ‡Holds up to 4 sets of skis, depending on ski manufacturer.
